List all household pets by name, species, gender, approximate age and describe their temperament:

Do you Rent or Own your House with a yard or without a yard? (If you rent then proof of approval of a dog being allowed to reside with you is needed from your landlord before adoption can be approved)

Do you have a SECURE fenced in area for a dog, where the dog can run freely for elimination, exercise and play?

What are the work schedules for the adults in the home?

How often and for how long will your dog be left home alone & if left alone do you have a crate or a structured environment to keep your dog safe?

What are some of your normal activities/hobbies on your time off?

What is your veterinarian office name & number please:

Will you be available to exercise your dog daily? _____

Please describe your "ideal" dog temperament, including energy level:

Have you ever owned dog before? If so what breed?

Please describe what you plan to feed your dog?

Are you willing to obtain and use a crate for at least the 6 months to provide structure & help with indoor potty training? (potty training is not guaranteed as each new environment is adjusted to)

Are you willing to use positive reinforcement training – not punishment?

Are you willing to allow us to view your home (if distance is an issue a video call is an option), will you commit to stay in contact with us the by sending updates & pictures?

We love updates & pictures – It helps our program to show other potential puppy owners grown pups & happy families

Thank you for taking the time and effort to fill out our Adoption Application
