SECTION 3. The City license shall be issued and the fee therefor on said business and occupation shall be on an annual basis, provided, that all City Licenses may be issued and fees collected therefor each six months, except that all City licenses issued for the sale of intoxicating liquor, beer and including 3.2% beer shall be issued for a term of one year from the date of issue and the full annual fee collected therefor at the time of the issuance of said City license, and except where this Ordinance provides for license to be issued on a daily basis, and that shall be collected daily.

On businesses and occupations where the license is issued for six months instead of annually, the license shall run from January first to and including June 30th and from July first to and including December 31st each year, providing that where a license is applied for by a party not already licensed, and not in arrears in the payment of any City license, between the aforesaid dates, then a City license shall be issued to the applicant expiring on June 30th or on December 31st of that year and the proportionate fee collected therefor.

All City Licenses shall be issued to the real party or parties in interest.

SECTION 4. The City Licenses provided for in this Ordinance shall not be assigned or transferred.

SECTION 5. The City Clerk, City Marshall, City Police, City Collector, the Mayor of said City, or any other person named and designated by the City of Dixon, Missouri, shall at all times have the right and privilege of making reasonable and proper investigation and inspection of business and occupations and the premises on which the same may be for the purpose of ascertaining if this Ordinance is being complied with by persons, firms or corporations in the City of Dixon, Missouri.

SECTION 6. Any person, firm, corporation, association or co-partnership or joint stock company, engaged or attempting to engage in any business in this Ordinance set forth for which business a license fee is fixed herein without first obtaining the license applicable to said business shall be deemed guilty of a misdemeanor, and upon conviction be punished by a fine of not less than \$10.00 nor more than \$100.00 or by imprisonment in the city jail for a period of time of not less than 5 days nor more than 30 days, or both such fine and imprisonment. The word misdemeanor where used in these Ordinances shall mean a violation of these Ordinances.

SECTION 7. The licenses heretofore provided for shall be applied for to the City Clerk, and upon payment of the fee to the City Collector for the particular business engaged in by applicant, the Clerk shall issue the merchant or other person applying the proper license; the Clerk shall keep a record of all licenses, properly classified, showing the name of person to whom issued, the period of time same was issued,

the amount of license fee, the date of issue, etc., and no license or part thereof shall be refunded for any reason. The licenses herein provided for and the fees fixed by same shall be in addition to any property tax or other tax of any kind assessed and levied against the licensee.

SECTION 8. This Ordinance shall be in force and effect from and after its passage and approval; provided, however, that on any business for which a license has heretofore been issued and the period for which said license was issued has not expired, the terms and provisions of this ordinance shall not apply under the expiration date of said license.

SECTION 9. That any business, pursuits, trades, callings or vocations that are lawful and it is proper that such be licensed and which are not herein specifically designated or named, shall be reckoned under miscellaneous businesses and the Clerk upon application for license shall classify the applicant's business under any of the foregoing designated business that touches the subject and fix the fee for such license as provided under the name under which he classifies said applicant's business.

SECTION 10. An Ordinance on the same subject matter as contained in this Ordinance, the former Ordinance being No. 23, as amended by Ordinance No. 79, and all other Ordinances or parts of ordinances in CONFLICT WITH THIS ORDINANCE are hereby repealed and this ordinance shall be in lieu of all other ordinances on the same subject matter, and this ordinance shall be numbered 112.

PASSED AND APPROVED, this 23rd day of June 1958.

AN ORDINANCE PROVIDING FOR RATES  
AND CHARGES FOR THE USE AND SERVICE  
OF THE SEWERAGE SYSTEM.

WHEREAS; The City of Dixon, Missouri, is not in possession of, and has not previously been provided with, funds for the express purpose of maintaining, repairing and extending the Sewerage System of said City as would be, necessary to maintain the general health and welfare of the citizens of said City; BE IT ORDAINED by the Board of Aldermen of the CITY OF DIXON, MISSOURI, as Follows:

SECTION-1. There shall be and there is hereby established rates or charges for the use and service of the sewerage system of the CITY OF DIXON, MISSOURI, as follows;

(A) The users of said sewerage system shall be classified as all owners and all tenants of ~~premises~~ premises located within or without the corporate limits of the CITY OF DIXON, MISSOURI, who are supplied with water by said City, where said premises are directly or indirectly connected into the present sewerage system.

(B) The rates charged said users of said sewerage system shall be based upon the total number of gallons of water supplied to said users during each calender month hereafter.

(C) There shall be charged to all said users of said sewerage system, for each month in which readings of water meters shall be and are taken, the rate of one cent per one hundred gallons of said water consumed, or a minimum charge of twenty-five (25) cents per month which ever is the greater sum, to be calculated in accordance with the provisions of Ordinance Number sixty (60) which said service fee as so calculated, shall be added to each users bill as the "SEWERAGE USE AND SERVICE CHARGE" for each such user for the calender month in which said water was furnished.

(D) Whenever, for any cause, a water meter fails to operate, Then the water Superintendent of said City shall make a reasonable estimate of the amount of water supplied during the period said water meter fails to operate, based on previous consumption, and the user shall pay for that period upon said estimate as herein before provided.

SECTION-2. Charges for sewerage use and service shall be made each calender month simultaneously with the charges for water furnished. All bills for such use and service shall be rendered together with, as part of, collected and paid in like manner and under the same terms and conditions as water bills in accordance with the provisions of Ordinance Sixty (60), as contained in all sections thereof.

SECTION-3. All sums collected as sewerage use and service charges shall be kept in a seperate fund entitled "SEWERAGE MAINTAINANCE, REPAIR AND EXTENSION FUND"; and, shall be used exclusively at the discretion of the Board of Aldermen, for Sewerage repair, maintenance and extention, it being understood that problems of street drainage, and storm sewers of nature which, for the purpose of this ordinance, are to be incorporated into, as a part of, the sewerage system of said City.

SECTION-4. All ordinances or parts of ordinances in conflict with this ordinance shall be and are hereby superceded and/or repealed by the provisions of this ordinance.

Section-5. This ordinance shall take effect and be in full force on the first day of the then next succeeding calender month from and after its passage and approval by the Mayor and Board of Aldermen.

ORDINANCE NO. 116

An ordinance providing for fire limits, the construction and equipment of buildings and fire prevention and protection in connection with hazardous materials and processes.

Be it ordained by the City Council

of the City of Dixon, Missouri as follows:

ARTICLE I  
FIRE LIMITS AND PLANS AND PERMITS

Section 101. FIRE LIMITS. The following shall be and are hereby declared to be the fire limits; beginning at

intersection of the center lines of Chestnut and Ellen street thence North to the intersection of the center lines of Ellen and Third street, thence West to the intersection of the center lines Third and Pine street, thence South along the center line of Pine street to the center line of Chestnut street, thence East to the center line of Ellen street.

to the point of beginning.

Section 102. PERMIT REQUIRED. Except as hereinafter exempted in this section, no wall, structure, building or part thereof shall hereafter be built, enlarged, or altered within the corporate limits until a plan of the proposed work, together with a statement of the materials to be used, shall have been submitted in writing in duplicate to City Clerk, who shall, in accordance with the provisions herein contained, issue a permit for the proposed construction. The permit herein required shall be made in duplicate and in such form as may be adopted by a resolution of the City Council and one copy thereof shall be kept on file in the office of the city clerk.

Ordinary repairs and minor alterations not involving any change in major structural parts such as walls, beams, girders, chimneys and flues, or involving a cost of not more than two hundred dollars, or erection of detached outbuildings outside the fire limits (such as sheds, chicken houses, and one-car private garages) costing not more than two hundred dollars; or minor changes or repairs in electrical wiring or equipment, shall not require the issuance of a permit.

No building shall be moved until a permit has been obtained from City Clerk and such official shall not issue such permit if in his judgement the proposed new location would seriously increase the fire hazards of the surrounding buildings.

When any wall, structure, building, or part thereof shall be constructed within the corporate limits without a permit or contrary to the provisions of this ordinance, it shall be taken or torn down or removed, and the expense incident thereto shall be recovered of the owner of said property by a suit in a court of competent jurisdiction.

Section 103. INSPECTION OF CONSTRUCTION. The City Engineer shall inspect all buildings or structures during construction to see that the provisions of this ordinance are complied with. Whenever in his opinion, by reason of defective or illegal work in violation of a provision of this ordinance, the continuance of a building operation is contrary to public welfare, he may order all further work to be stopped and may require suspension of work until condition in violation has been remedied.

ARTICLE II  
CONSTRUCTION AND EQUIPMENT OF BUILDINGS IN GENERAL

Section 201. MASONRY WALLS, AND FIRE RETARDANT ROOF COVERINGS REQUIRED WITHIN FIRE LIMITS.

Every building hereafter erected or enlarged within the fire limits as set out in Section 101, shall, except as provided for in Section 202, be enclosed on all sides with walls constructed wholly of brick, stone, hollow tile, hollow or solid concrete block, concrete, or other equivalent incombustible materials; and shall have the roof, also top, and sides of all roof structures, including dormer windows, covered with incombustible or fire retardant materials. All cornices shall be incombustible material.

Buildings with wooden frame-work clad with sheet metal or stucco or veneered with brick or its equivalent shall be classed as frame.

Section 202. PERMISSIBLE WOODEN AND METAL STRUCTURES WITHIN FIRE LIMITS. No frame, wooden or metal structure shall hereafter be built within the fire limits as given herein, or as they may be hereafter established, except the following:

(a) Temporary one-story buildings for use of builders, only in connection with a building operation for which a permit has been issued under Section 102.

(b) Fences not exceeding 10 feet in height.

(c) Porches, balconies and canopies not exceeding 10 feet in width, nor extending more than 3 feet above the second story floor beams. No such structure shall be joined to any similar structure of another building.

(d) Bay windows when covered with incombustible or fire retardant materials.

(e) Small detached outbuildings not exceeding 150 sq. ft. in area and 8 ft. in height, and not within 5 feet of any lot line.

(f) Dwellings not exceeding two stories in height and separated by at least 5 feet from lot line of adjoining property.

(g) A building occupied exclusively as a private garage or stable, not more than one story in height nor more than 750 sq. ft. in area, located on the same lot with a dwelling; provided that such building be placed at least three feet from the lot line.

(h) One story all metal buildings or other unprotected non-combustible construction, with no wood in wall or roof structure, having a horizontal separation of at least ten feet on all sides, with area not exceeding 2500 square feet when used for a business occupancy, or not exceeding 1000 square feet when used for other occupancy. Business occupancy means the use of a building or structure for transacting of business or rendering or receiving of professional services; including among others, banks, barber shops, beauty parlors, offices, radio and television stations, telephone exchanges.

(i) Coal Tipples, ice houses, material bins, trestles and water tanks when built of planking and timbers of the dimension usual for heavy timber construction.

(j) Cooling towers not in excess of 250 sq. ft. in base area and 15 ft. in height.

(k) Greenhouses not more than 15' in height, erected on the same lot, with and accessory to dwelling or store.

(l) Non-combustible display signs, or combustible display signs when not over 15' high and not attached to or forming part of any other structure.

No frame or metal building or other unprotected non-combustible construction not in conformity with this section shall be moved from without to within the fire limits, or from one lot to another lot within the fire limits.

Section 203. REPAIRING FRAME BUILDINGS WITHIN FIRE LIMITS. Any existing frame building within the fire limits not in conformity with this ordinance, which may hereafter be damaged by fire, decay or otherwise to an amount greater than one-half of its value, exclusive of foundation, shall not be repaired or rebuilt, but shall be removed.

Section 204. LIMITS OF AREA AND HEIGHTS. The floor area of buildings between fire walls shall not exceed the following:

Type of Construction.	One Story.	Exceeding one Story.
Ordinary construction	9000 sq. ft.	6000 sq. ft.
Unprotected non-combustible construction	9000 sq. ft.	6000 sq. ft.
Wood Frame Construction	6000 sq. ft.	4000 sq. ft.

If fronting on more than one street, above areas may be increased 25% for each additional street.

For the purpose of this section a street shall be deemed to include any avenue, boulevard, street, alley or lane, twenty feet or greater in width, or any court, parking space or yard with direct connection to a street, and not less than twenty feet wide. Such court, parking space or yard shall be the property of the owner of the building and shall not be enclosed or roofed over.

Non-fire-resistive buildings, fully equipped with approved automatic sprinklers, may be 200% greater in area than the above.

Fire-resistive buildings (reinforced concrete frame, floors and roofs or the equivalent) shall not be limited as to area or height.

No building shall exceed three stories or 45 feet in height unless of fire-resistive construction (reinforced concrete frame, floors and roof or the equivalent).

Section 205. MEANS OF EXIT. Every room of any building exceeding 1,000 sq. ft. in area or occupied by more than 100 persons shall have at least two exits. Every story of any building shall have at least one exit and every story that exceeds 2,500 sq. ft. in area shall have at least two separate and independent exits. All doors in required exits shall swing in the direction of exit travel. The term exit and the required number of exits, their location, unobstructed width, illumination and indicating signs shall be in accordance with a nationally recognized standard and satisfactory to City Engineer.

Section 206. MASONRY WALLS. Those walls which are required by this ordinance to be of masonry construction shall be continuous from foundation to the roof. The thickness of such walls shall be sufficient to carry safely all imposed loads and shall comply with minimum dimensions as specified in this section.

(a) BRICK BEARING WALLS, not common to more than one building; shall have a minimum thickness of 12" for one story buildings or for the upper two stories of buildings more than one story in height. This minimum thickness shall be increased 4" for each two stories or fraction thereof below the upper two stories. (For example, minimum thickness required for a seven-story wall would be 24, 20, 20, 16, 16, 12 and 12 inches.) Brick bearing walls, not common to more than one building, may be 8" in thickness under the following conditions:

- (1) walls of dwellings not over two stories in height, and
- (2) walls not over 15 feet in height, provided such walls are reinforced at intervals not exceeding 20 feet by cross walls, piers or buttresses.

(b) BRICK NON-BEARING WALLS, not wholly supported by girders at each story, and not common to more than one building, shall conform to minimum thickness of sub-section (a) above except that walls 4" less in thickness may be permitted where 16" or greater thickness is specified in sub-section (a). (For example, minimum thicknesses required for a seven-story wall would be 20, 16, 16, 12, 12, 12 and 12 inches).

(c) BRICK NON-BEARING WALLS, WHOLLY SUPPORTED BY GIRDERS AT EACH STORY, may be 12" in thickness where common to more than one building or 8" in thickness where not common to more than one building.

(d) BRICK WALLS WHICH ARE COMMON TO MORE THAN ONE BUILDING when not covered by sub-section (c) above shall conform to the minimum thicknesses of sub-section (a) except that no such wall shall be less than 16" in thickness.

(e) NATURAL STONE WALLS shall be 4" thicker than specified above for brick walls. HEWN OR SQUARED STONE WALLS shall conform to the thicknesses specified above for brick walls.

(f) HOLLOW MASONRY WALLS shall conform to the thickness specified above for brick walls except that no hollow block or hollow tile walls shall be used where common to more than one building unless faced on both sides with not less than 4" of brick properly bonded. Where structure members project into hollow masonry units, the hollow space shall be filled with non-combustible material the full thickness of the wall and 6" or more above, between and below such members.

(g) REINFORCED CONCRETE WALLS of monolithic construction shall be not less than 2/3 the thickness specified above for brick walls except that no such wall shall be less than 6" in thickness. CONCRETE WALLS NOT PROPERLY REINFORCED shall conform to the thickness specified above for brick walls.

(h) OTHER NON-COMBUSTIBLE WALLS - Where acceptable to the \_\_\_\_\_, other non-combustible materials of required structural stability may be used in walls, when conforming with the following minimum requirements:

Type of Wall	Horizontal Separation	Fire Resistance Rating Not Less than:	Total area of window openings not exceeding:
Fire Wall, bearing or non-bearing		4 hours	None permitted.
Bearing Wall	Less than 3'	3 hours	None permitted.
	At least 3'	2 hours	None permitted.
Non-Bearing Wall	Less than 3'	3 hours	40% of total wall area.
	At least 3'	2 hours	40% of total wall area.
	At least 20'	1 hour	60% of total wall area.

Section 207. PARAPETS. Parapets 8" or more in thickness shall be extended a minimum of 18" above the roof level on those walls which are required by this ordinance to be of masonry construction, except as specifically exempted below. All parapeted walls shall be suitably coped. Parapets shall not be required on:

- (a) Walls terminating at roofs of fireproof or semi-fire-proof construction.
- (b) A wall of a building the roof of which is at least three feet lower than the roof of, or any opening in, an adjacent building wall.
- (c) Walls facing on a street having a width of thirty feet or more.
- (d) Walls of a building which is thirty feet or more distant in all directions from other buildings.
- (e) Walls of a detached dwelling or of a building not exceeding one thousand sq. ft. in area.
- (f) Walls of a building where the roof has an angle of more than twenty degrees with the horizontal.

Section 208. PROTECTION OF WALL OPENINGS. For the purpose of preventing the spread of fire from building to building communicating openings in fire walls and certain openings in exterior walls required by this ordinance to be of masonry or equivalent construction shall be protected by approved fire doors, approved fire windows or other approved means satisfactory to \_\_\_\_\_

City Engineer

Protection shall be required for conditions as follows:

- (a) When communicating openings are located in fire walls separating buildings. In such cases, communicating openings shall be protected on each side of the wall by fire doors approved for the protection of openings in fire walls.
- (b) When openings are located above the first story in an exterior wall facing on a street less than 30 feet measured from building line to building line.
- (c) When openings in an exterior wall are less than 30 feet distant in a direct unobstructed line from an opening in another building. Protection shall not be required where openings in exterior walls face in the same direction.
- (d) When openings in an exterior wall are above and are less than 30 feet distant from any part of a neighboring roof of a building of other than fire resistive construction (reinforced concrete frame, floors and roof or their equivalent).

Section 209. FIRESTOPPING. Firestopping in all classes of buildings shall be arranged to cut off all concealed draft openings, such as at floors, ceilings, roofs and attic spaces, and shall form effectual fire barriers horizontally and vertically. In buildings of non-fire-resistive construction, wood two inches in thickness, nominal dimension, may be used; in other types of construction approved non-combustible material shall be used.

Section 210. WORKMANSHIP AND SAFETY OF DESIGN. All workmanship and building materials shall be of good quality and shall conform to specifications which the City Council prescribes. The more generally standard specifications for quality of materials are those of the American Society for Testing Materials. All parts of every building shall be designed to safely carry loads to be imposed thereon and shall in all other respects conform to good engineering practices.

ARTICLE 111  
CHIMNEYS, FLUES AND HEATING APPLIANCES

Section 301. APPLICABLE TO NEW OR REBUILT CHIMNEYS. All chimneys, flues or fireplaces hereafter built or rebuilt in any building, within the corporate limits, regardless of the type of fuel used, shall conform to the provisions of this ordinance.

Section 302. CHIMNEYS AND FLUES. Chimneys shall be built of brick, of solid block masonry or of reinforced concrete, not less than three and three-quarters inches thick. Chimneys shall be lined throughout with fire clay flue lining or with fire brick, provided that chimneys for gas appliances only may be lined with any approved corrosion resistant lining. Chimneys shall be built on concrete or masonry foundations. Chimneys shall not rest upon or be carried by wooden floors, beams or brackets, nor be hung from wooden rafters. Iron brackets or stirrups attached to wooden construction shall not be used to support chimneys. Footings for exterior chimneys shall start below the frost line.

All chimneys shall be built as nearly vertical as possible and shall extend at least three feet above the highest point at which they come in contact with the roof of the building and at least two feet higher than any ridge within ten feet of such chimney or flue.

Section 303. SPECIAL TYPE FLUES:

- (a). For Domestic Gas-Fired Appliances. Domestic gas consuming devices may be vented to special flues when such special flues are of a type listed and approved by the Underwriters' Laboratories, Inc., or a similarly recognized testing laboratory and satisfactory to \_\_\_\_\_  
City Engineer, provided, however, that such special vents shall not be permitted for incinerators, for devices or appliances which may be readily converted to the use of solid or liquid fuel, nor on boilers or furnaces except with specific approval of \_\_\_\_\_  
City Council.
- (b). For Domestic Appliances Fired With Coal, Oil, Wood or Gas. Heating appliances fired with coal, oil, wood or gas, may be vented to special flues in lieu of the above when such special flues are of a type listed and approved for such use by the Underwriters' Laboratories Inc., or a similar nationally recognized testing laboratory or installed in accordance with the conditions of the approval and the circumstances of such use are satisfactory to \_\_\_\_\_  
City Engineer.

Section 304. FIREPLACES. The back and sides of fireplaces shall be of solid masonry or reinforced concrete, not less than eight inches in thickness. A lining of fire brick at least two inches thick or other approved material shall be used unless the overall thickness is twelve inches.

Fireplaces shall have hearths of brick, stone or other approved incombustible material supporting on a fireproof slab or brick trimmer arches. Such hearths shall extend at least twenty inches outside of the chimney breast and not less than twelve inches beyond each side of the fireplace opening along the chimney breast. The combined thickness of hearth and supporting arch shall be not less than six inches at any point.

Wooden forms or centers used in the construction of that part of the supporting construction which is below the hearth of the fireplace shall be removed when the supporting construction of the hearth is completed and before plastering on the underside.

Section 305. CLEARANCES FROM CHIMNEYS, FLUES AND FIREPLACES. All wooden and other combustible construction shall be kept at least two inches from chimneys and flues and shall be kept at least four inches from the back of a fireplace. Such spaces shall be firestopped with non-combustible material.

Section 306. FLOOR PROTECTION UNDER HEATING APPLIANCES: Heating appliances shall not be mounted on floors of combustible construction unless they are either approved by the City Council as suitably designed for such mounting or are set on approved bases of insulating value sufficient to prevent overheating of the combustible construction.

Ranges, stoves, heating furnaces and similar heating appliances without legs or with legs less than 4" high, if on floors of combustible construction, shall have such floors protected by masonry at least 8" in thickness, topped with boiler iron and arranged in a manner that will provide air circulation throughout the masonry.

Similar heating appliances with legs which provide not less than 4" open space under the base of the appliance, if on floors of combustible construction, shall have such floors protected with incombustible material.

Protection shall be provided for at least that portion of the combustible floor which is under the heating appliance, and if the appliance uses solid fuel, suitable protection shall also be provided for a distance of not less than 18" at the front or side where ashes are removed.

Section 307. CLEARANCES FROM HEATING APPLIANCES AND THEIR SMOKEPIPES. Ranges, stoves, heating furnaces and all other heating appliances shall be installed to provide safe clearance to woodwork or other combustible material, whether plastered or not.

Ranges, stoves, heating furnaces, and similar heating appliances and smokepipes from such devices shall have a clearance of at least 18" to walls, ceilings or partitions of combustible construction or to any other combustible material. Appliances of special types which have been tested and found safe for installation with lesser clearances may be installed with such clearances as the City Engineer shall approve. Where a durable form of non-combustible heat-insulating protection is applied to the appliance or to the combustible material, installation may be made with lesser clearances as the City Engineer may approve.

Section 308. SMOKEPIPES. Every smokepipe shall connect with a chimney or other approved flue. No smokepipe shall pass through any floor, ceiling, roof or wall of combustible construction except that metal smokestacks from industrial heating or process devices may be extended through roofs when metal ventilated jackets or collars conforming to recognized good practices and acceptable to City Engineer are provided.

Smokepipes shall not pass through partitions of combustible construction unless they are guarded at the point of passage by metal ventilated jackets or collars not less than 12" larger in diameter than the smokepipe or by equivalent protection satisfactory to City Engineer.

#### ARTICLE IV ELECTRICAL INSTALLATIONS

Section 401. ELECTRICAL INSTALLATIONS. All electrical wiring, apparatus or appliances shall be installed in accordance with the National Electrical Code as approved by the American Standards Association.

#### ARTICLE V GARAGES

Section 501. GARAGE DEFINED. For the purpose of this ordinance the term "garage" shall include any building or part thereof in which more than three automobiles, trucks, tractors or similar self-propelled vehicles are stored, serviced or repaired. Detached structures auxiliary to dwelling or apartment buildings are specifically exempted from the provisions of this article.

Section 502. PERMIT REQUIRED. No person shall use any building or part thereof as a garage without a permit.

Section 503. SPECIAL STRUCTURAL REQUIREMENTS. No garage as defined in Section 501 of this ordinance shall hereafter be located in any frame building exceeding one story in height or exceeding 1200 sq. feet in area. No such garage shall be located in building containing other occupancy unless separated therefrom by wall, partition, floor or ceiling assemblies or non-combustible materials having a fire resistance rating of not less than two hours, with all connecting openings protected with approved self-closing fire doors. No such garage shall be located in any building not having concrete or similar non-combustible floors. Floors which drain to sewers or storm drains shall be provided with an oil separator or trap.

Section 504. HANDLING OF GASOLINE. The fuel tanks of motor vehicles shall be filled directly through hose from pumps drawing from underground tanks installed as required in Article VII or from approved portable tanks. There shall be no facilities for gasoline handling or filling in any basement or sub-basement garage. No gasoline or other flammable liquid shall be allowed to run upon the floor or to pass into the drainage system of the premises.

Section 505. REPAIRS. No repairs of any kind shall be made in any basement or sub-basement garage.

ARTICLE VI  
GAS APPLIANCES AND PIPING

Section 601. PIPING. Piping for any and all types of gas used for fuel or lighting purposes in buildings and structural shall be installed to conform with nationally recognized good practices.

Section 602. OUTSIDE VALVE REQUIRED. An outside valve shall be installed on every gas service pipe regardless of size that supplies large stores or factories, or places of public assembly such as churches, theatres, motion picture theatres, schools and hospitals and on every service pipe 2-1/2" or larger in diameter.

Section 603. RIGID METAL GAS CONNECTIONS. Gas connections to stoves, heaters and other appliances shall be made by metal pipe, or by approved metal tubing securely fastened in place, except that for devices which require a moveable connection, approved flexible tubing may be used provided that there is but one shut-off valve and provided further that such valve is located in the rigid pipe back of the point where the flexible tubing connects to the rigid pipe and in no case at the device.

Section 604. VENTING OF APPLIANCES. Draft hoods, flues or vents, vent connectors, clearance to combustible materials, size and height above roofs shall be in accordance with nationally recognized good practices. Compliance with National Board of Fire Underwriters Pamphlet No. 54 shall be deemed compliance with nationally recognized good practices.

Section 605. AIR FOR COMBUSTION. Gas appliances shall be installed in a location in which the facilities for ventilation permit satisfactory combustion of gas and proper ventilation under normal conditions of use. Where appliances are installed in a confined space within a building of unusually tight construction, air for combustion and ventilation shall be obtained from outdoors or from spaces freely communicating with the outdoors.

ARTICLE VII  
FLAMMABLE LIQUIDS

Section 701. APPLICATION. This article shall apply to all persons, firms, corporations, copartnerships, governmental agencies other than Federal, and voluntary associations storing, handling or using flammable liquids, and to the owner or lessee of any building, premises, or equipment in which flammable liquids are stored, handled, or used.

Section 702. SCOPE. This article shall apply to flammable liquids as hereinafter defined; except that it shall not apply to the transportation of liquids in bulk or to transportation when in conformity with Interstate Commerce Commission regulations, or regulations lawfully on file with and approved by the Interstate Commerce Commission.

Section 703. RETROACTIVITY. This article shall not be so construed or applied as to prevent the continued operation and use of any plant, storage tank, building, or structure in existence at the time of the adoption of this ordinance which does not comply with the requirements thereof with respect to location, tank capacity, clearances, spacing between units, or between units and line of adjoining property; but all existing plants shall comply with all other requirements of this ordinance including those relating to foundations and supports for aboveground tanks, grounding and bonding, venting or breathing, emergency vents for relief, control valves, tank connections and openings, piping, control of sources of ignition, ventilation and first aid fire control appliances. Existing plants, storage tanks, buildings or structures may be replaced in kind but still not be enlarged.

Section 704. FLAMMABLE LIQUIDS DEFINED. The term "Flammable liquid" as used in this article shall mean and include all liquids other than liquefied petroleum gases that have flash points below 200 degrees Fahr. as determined by Tagliabue closed cup test in accordance with methods adopted by the American Society for Testing Materials and approved by the American Standards Association.

Section 705. CLASSIFICATION OF FLAMMABLE LIQUIDS. For the purpose of this article, flammable liquids are divided into three classes as follows: CLASS I shall include those having points at or below 20 degrees Fahr. CLASS II shall include those having flash points above 20 degrees Fahr. but at or below 70 degrees Fahr. CLASS III shall include those having flash points above 70 degrees Fahr. and below 200 degrees.

Representative examples of flammable liquids by classes are:

<u>Class I</u>	<u>Class II</u>	<u>Class III</u>
Ether      Benzol	Ethyl Alcohol    Ethyl Acetate	Kerosene      Turpentine
Gasoline    Acetone	Methyl Alcohol    Methyl Acetate	Amyl Alcohol    Fuel Oil
Naphtha	Toluol	

Section 706. PERMIT REQUIRED. No person, firm or corporation shall use, store or handle any flammable liquid in quantities in excess of that given in the following table unless a permit has been obtained from City Council.

	CLASS I and II	Class III
(1) Dwellings or other place of human habitation	1 gallon	25 gallons
(2) Inside of other buildings	6 gallons	25 gallons
(3) Outside of any building	10 gallons	60 gallons

The provisions of this section shall not be construed to require a permit for the storage or use of flammable liquids in the fuel tank of a motor vehicle, aircraft, motorboat, mobile power plant or mobile heating plant, nor for the storage or use of paints, oils, varnishes, or similar flammable mixtures when such liquids are stored for maintenance, painting, or similar purposes for a period of not more than 30 days.

No permit shall be issued for the use, storage or handling of flammable liquids unless such use, storage or handling complies with the provisions of this ordinance.

Section 707. RESTRICTED LOCATIONS FOR STORAGE AND HANDLING. Except as otherwise provided for in Section 703 (retroactivity) of this article the storage and handling of flammable liquids shall conform with the provisions of this article.

Aboveground tanks for the storage of Class I and Class II flammable liquids shall be prohibited inside of the fire limits.

No above ground tank for the storage of flammable liquids shall be located within 100 feet of a then existing school, theatre, church, hospital, athletic field or other places of public gathering.

No aboveground tank for the storage of Class I and Class II flammable liquids shall be located inside of a building, except as provided in Section 719 of this article.

No facilities where flammable liquids are received by tank vessels, pipe lines, tank car or tank vehicle, or are stored or blended for the purpose of distributing such flammable liquids by tank vessels, pipe lines, tank car, or tank vessel, shall be located within the fire limits.

Section 708. LOCATION OF PERMITTED ABOVEGROUND TANKS. The location of aboveground tanks for the storage of flammable liquids as permitted by this article shall not be less in separation by distance from the line of adjoining property which may be built upon nor from the nearest existing habitational, mercantile or industrial building than that set forth in the following table.

Capacity of Tank	Class of Flammable Liquid	Minimum Separation by Distance in Feet
0 to 275 gals.	III	0 feet
276 to 750 gals.	III	5 feet
0 to 750 gals.	I and II	10 feet
751 to 12,000 gals.	III	10 feet
751 to 12,000 gals.	I & II	15 feet
12,001 to 24,000 gals.	I, II and III	15 feet
24,001 to 30,000 gals.	I, II and III	20 feet
30,001 to 50,000 gals.	I, II and III	25 feet

Tanks in excess of 50,000 gallons individual capacity and all tanks for the storage of crude petroleum shall be located in accordance with suggested code for the storage, handling and use of flammable liquids published by the National Fire Protection Association (No. 30) or similarly nationally recognized good practices satisfactory to City Council

The location of a tank for the storage of any flammable liquid with respect to any other such tank shall be such that the distance between them shall be not less than three feet. For tanks above 50,000 gallons individual capacity storing any flammable liquid the distance between tanks shall not be less than one-half the diameter of the smaller tank.

Aboveground tanks for Class III flammable liquids inside of buildings shall conform with the following. Such liquids may be stored inside of buildings providing the individual capacity of the tank does not exceed 275 gallons and the aggregate total capacity of such tanks does not exceed 550 gallons, and provided further that the tanks are located in the lowest story, cellar or basement of the building. In industrial plants or processing plants, where necessary to operations, such tanks may be located at a higher level.

Individual tanks for Class III flammable liquids having a capacity in excess of 275 gallons may be located inside of a building not higher than the lowest story, cellar or basement providing such tanks are located inside of an enclosure conforming with not less than the following: Walls 6 inch reinforced concrete or 8 inch brick bonded to the floor; Floor, concrete; Top, reinforced concrete at least 5 inches thick. Floor construction equivalent in fire resistance located above the enclosure may be accepted provided the walls of the enclosure are carried up to and are bonded to such a floor. Any openings to enclosures for aboveground tanks inside of buildings shall be protected with approved fire doors suitable for protection of openings in fire wall; such door normally to be kept in a closed position. A sill of material equivalent to wall of enclosure and at least 6 inches high shall be provided at each such opening. Provision shall be made for the adequate ventilation of such enclosures prior to entering for inspection and repairs on tanks.

Aboveground tanks located inside of buildings for the storage of Class III flammable liquids shall have individual capacities and nominal gross capacities limited to the following: In buildings of ordinary construction, the nominal gross capacity of tanks shall not exceed 5,000 gallons. In fire resistive buildings the nominal gross capacity shall not exceed 15,000 gallons. In any building, if in a fire resistive or detached room, cut off vertically and horizontally in an approved manner satisfactory to City Council the nominal gross capacity shall not exceed 50,000 gallons, with an individual tank capacity of not to exceed 25,000 gallons.

Section 709. LOCATION OF BURIED TANKS OUTSIDE OF, OR UNDER BUILDINGS. Flammable liquid storage tank may be located underground, outside of or under a building, if its installation meets the requirements of this section. The tank shall be so located with respect to existing building foundations and supports that the loads carried by the latter cannot be transmitted to the tank. The distance from any part of a tank storing Class III liquids to the nearest wall of any basement, pit cellar or property line shall not be less than one foot. The distance from any part of a tank storing Class I or II liquids to the nearest wall of any basement, pit or cellar shall not be less than one foot, and from any property line that may be built upon, not less than three feet.

Excavation for underground storage tanks shall be made with due care to avoid undermining of foundations of existing structures. Underground tanks shall be set on firm foundation and surrounded with soft earth or sand well tamped in place. Tanks shall be covered with a minimum of 2 feet of earth, or shall be covered with not less than 1 foot of earth on top of which shall be placed a slab of reinforced concrete not less than 4 inches thick. When underground tanks are or are likely to be subjected to traffic, they shall be protected against damage from vehicles passing over them by at least 3 feet of earth cover, or 18 inches of well-tamped earth, plus 6 inches of reinforced concrete or 8 inches of asphaltic concrete. When asphaltic or reinforced concrete paving is used as part of the protection it shall extend at least 1 foot horizontally beyond the outline of the tank in all directions.

Where a tank is located in an area that may be subject to flooding applicable precautions in accordance with suggested code for the storage, handling and use of flammable liquids published by the National Fire Protection Association (No. 30) or similarly nationally recognized good practices, satisfactory to City Council shall be taken.

Buried tanks of capacities in excess of 15,000 gallons will require a special permit to be issued only after a review of conditions surrounding such proposed installation by City Council.

Buried tanks and tanks located inside of buildings shall be subjected to a test for tightness, which shall include the tank and piping system, before being covered or placed in use.

Section 710. DESIGN AND CONSTRUCTION OF TANKS. Tanks for the storage of flammable liquids shall be designed and constructed in accordance with suggested code for the storage, handling and use of flammable liquids published by the National Fire Protection Association (No. 30) or similarly nationally recognized good practices, satisfactory to City Council.

Section 711. INSTALLATION OF TANKS. Aboveground tanks shall rest directly on the ground or on foundations or supports of concrete, masonry, piling, or steel. Exposed piling or steel supports shall be protected by fire-resistive materials to provide a fire-resistance rating of not less than two hours. Tanks located inside of buildings shall be securely supported to prevent settling, sliding or shifting, and shall be so installed that the bottom pitches to a draw-off or drain opening at a slope of not less than one quarter inch per foot of length.

Section 712. DIKES. Storage tanks for flammable liquids shall not be located where, because of topography or nearness of streams, flammable liquids could drain or be carried to sites having structures of high values, places of habitation or public assembly unless such tanks are diked in a manner to prevent such drainage. Compliance with the provisions for diked areas set forth in the suggested code for the storage, handling and use of flammable liquids (No. 30) published by the National Fire Protection Association or other nationally recognized standard shall be deemed as complying with this requirement.

Where provision is made for draining rain water from diked areas, such drains shall normally be kept closed and shall be so designed that when in use, they will not permit flammable liquids to enter natural water courses, public sewers, or public drains, if their presence would constitute a hazard.

Section 713. PERTINENT EQUIPMENT FOR TANKS. Each tank for the storage of flammable liquids shall be provided with an unobstructed vent, not less than 1-1/4 inch nominal inside diameter, which shall terminate outside of any building at a point above the filling pipe.

Vents for above ground tanks outside of buildings storing Class I and Class II liquids shall be provided with either a pressure and vacuum relief device or an approved flame arrester. In addition each such tank shall have a form of construction or a device that will relieve internal pressure caused by exposure fires.

Vents for buried tanks storing Class I and Class II liquids shall have vent discharge openings not less than 12 feet above adjacent level ground and if the vent pipe is less than 10 feet in length or greater than 2 inches nominal inside diameter, shall be provided with a pressure and vacuum relief device or an approved flame arrester.

Vents for tanks storing Class III liquids, including tanks inside of buildings, shall have vents terminating above normal snow level, fitted to a return bend, coarse screen or other device to minimize ingress of foreign material.

Vent discharge openings shall be so located that flammable vapors will not enter building openings or be trapped under eaves or other obstructions and for Class I and Class II liquids shall discharge upward or horizontally.

Fill opening for tanks storing flammable liquids shall be not less than 5 feet from any building door or cellar or basement opening. Fill and discharge openings for buried tanks shall enter through the top of the tank.

Gauge openings or test wells shall not be located or installed inside of buildings. Gauging devices such as liquid level indicators or signals shall be so installed so that oil or vapor will not be discharged into any building. Glass gauges, the breaking of which would allow the escape of liquid or vapor into a building shall not be used.

Vents, relief devices, emergency reliefs, flame arresters, gauging devices and devices for the withdrawal of flammable liquids from storage tanks shall be in accordance with suggested code published by the National Fire Protection Association (30) or similarly nationally recognized good practices satisfactory to City Council.

Section 714. PIPING, VALVES, AND FITTINGS. Piping, valves, and fittings for use in connection with the storage and handling of flammable liquids shall be designed for the working pressures and structural stresses for which they may be subjected.

Piping systems shall be substantially supported and protected against physical damage and excessive stresses arising from settlement, vibration, expansion or contraction. Pipe systems shall contain a sufficient number of valves to operate the system properly and to protect the plant. Pipe systems in connection with pumps shall contain a sufficient number of valves to properly control the flow of liquid in normal operation and also in the event of physical damage. Check valves shall be provided for automatic protection against back-flow from aboveground tanks where such tanks are filled by centrifugal pumps.

Each connection to an aboveground tank storing flammable liquids, located below normal liquid level, shall be provided with an internal or external control valve located as close as practicable to the shell of the tank and in addition there shall be an extra valve in each such connection installed on the inside of the tank which is operable both manually and by an effective heat-releasing devices which will close to prevent the flow of liquid from the tank in case of fire, except that such valves shall not be required on a bulk-plant tank equipped with a swing line, and on tanks where transfer of products between tanks, in the event of fire, is practicable.

Heating and other devices using oil burners shall be installed, maintained and operated in accordance with nationally recognized safe practices. Storage tanks, burners and accessories such as piping, vents, filling connections and control devices complying with the National Fire Protection Association Standard for the "Installation of Oil Burning Equipments" or a similarly nationally recognized standard shall be deemed to comply with this section.

Fill and discharge openings for buried tanks storing flammable liquids where practicable, shall enter tanks only through the top and connections shall be graded toward the tank.

Storage tanks for Class III flammable liquids located inside of a building shall be provided with draw-off or drain connection to provide a sump from which water or sediment can be drained readily.

Section 715. WITHDRAWAL OF FLAMMABLE LIQUIDS FROM TANKS LOCATED INSIDE OF BUILDINGS AND BURIED TANKS. The withdrawal of flammable liquids from storage tanks located inside of buildings and from buried tanks shall, except as noted herein, be by an approved pump through continuous piping so as to avoid the exposure of the liquid or its vapors. Gravity feed of a flammable liquid inside of a building shall be limited to fuel oil from supply tanks not to exceed 75 gallons individual capacity nor 500 aggregate capacity. Flammable liquids shall not be withdrawn from a tank directly from through pressure within a storage tank unless the tank has been approved as a pressure vessel for the use to which it is subjected. In no case shall air or gas pressure be used for the withdrawal of a flammable liquid from a storage tank. Tanks operating at above atmospheric pressure shall be designed and constructed in accordance with the Unified Pressure Vessel Code of the American Society of Mechanical Engineers or a similarly national recognized code satisfactory to \_\_\_\_\_

City Engineer

Pumps shall be of the type tested and listed by the Underwriters' Laboratories, Inc., or a similarly nationally recognized testing laboratory satisfactory to City Engineer.

Section 716. DISCHARGE DEVICES FOR FLAMMABLE LIQUIDS. Discharge devices for the use or dispensing of flammable liquids shall be of the type tested and listed by the Underwriters' Laboratories, Inc., or a similarly nationally recognized testing laboratory satisfactory to \_\_\_\_\_

City Engineer

The installation and use of coin-operated dispensing devices for dispensing Class I flammable liquids is prohibited.

Section 717. STORAGE OF PORTABLE CONTAINERS OUTSIDE OF BUILDINGS. The storage of portable containers for flammable liquids adjacent to schools, churches, hospitals, theatres, and places of public assembly shall be prohibited. The storage, handling and use of portable containers for flammable liquids outside of other buildings shall be as follows: Containers shall be separated by a clear space at least 10 feet in width from a street, alley, roadway or line of adjacent property which may be built upon. Special attention shall be given to routes of egress for building occupants, window and door openings and combustible walls, platforms, cornices, roofs and combustible exterior walls.

Containers piled one upon the other shall be separated by dunnage sufficient to provide stability and to prevent excessive stress on container walls. The height of piles shall be limited to not over four drums. Drums and barrels stored on their sides shall have their heads facing aisles so that leakage of bungs may be detected. Containers storing flammable liquids shall have the caps, plugs or bungs replaced immediately after use and when the container is empty.

The total aggregate capacity of flammable liquids in portable containers stored outside of buildings inside of the fire limits shall be 550 gallons.

Where conditions warrant, such as in industrial plants, the limitation as to gross aggregate capacity of flammable liquids in portable containers may be increased.

Section 718. STORAGE OF PORTABLE CONTAINERS INSIDE OF BUILDINGS. The storage and handling of flammable liquids in portable containers inside of buildings may be permitted in service stations, paint stores, hardware stores, materials supply houses and occupancies of similar nature under the following conditions: No Class I flammable liquid shall be stored or handled except packaged items received and resold in unbroken metallic containers of not over one gallon capacity each, or in non-metallic containers of not over one quart capacity each; no Class II flammable liquids shall be stored or handled except in unbroken metallic containers of not over five gallons capacity each; no Class III flammable liquids may be stored or handled except in approved containers of not more than 120 gallons capacity each.

Except in drug stores, no Class I or Class II flammable liquids shall be dispensed or transferred for sale from one container to another in any mercantile building, except that anti-freeze may be dispensed in a building where there is no open flame heating device lower than eight feet above floor level. Class III flammable liquids may be dispensed inside of mercantile buildings from portable containers of not more than 120 gallons capacity each.

Section 719. EXCESS COMMERCIAL AND INDUSTRIAL STORAGE AND USE. In commercial and industrial establishments where essential operations require the use of larger quantities of flammable liquids than are otherwise permitted by this ordinance, application outlining the quantity required and the necessity therefor shall be filed with the City Clerk who may issue special permit therefor providing the conditions of such use and safeguards therefor are in conformity with requirements contained in the 1957 Suggested Code of the National Fire Protection Association for the Storage, Handling and Use of Flammable Liquids, or other nationally recognized standards.

Section 720. ELECTRICAL EQUIPMENT. All wiring and electrical equipment for handling Class I or Class II flammable liquids shall be designed and installed so as to not create an ignition hazard. Electrical equipment designed and installed in accordance with the Standard known as the National Electrical Code as published by the National Fire Protection Association shall be deemed to be in compliance with this section.

Section 721. SOURCES OF IGNITION. Class I and Class II flammable liquids shall not be handled, drawn or dispensed where flammable vapors may reach a source of ignition. Smoking where flammable liquids are handled, drawn or dispensed shall be prohibited and at such locations "No Smoking" signs shall be conspicuously posted.

Section 722. FIRE CONTROL APPLIANCES. Suitable fire control devices and equipment shall be available at locations where flammable liquids are stored, handled, dispensed or used in quantities requiring a permit under this ordinance and such device and equipment shall be of a type and design satisfactory to Fire Chief. Installation conforming with nationally recognized standards, such as the National Board of Fire Underwriters' Pamphlet No. 10 giving standards for installation of first aid appliances shall be deemed to be in compliance with this section.

#### ARTICLE VIII DRY CLEANING AND DYEING ESTABLISHMENTS

Section 801. DRY CLEANING DEFINED. For the purpose of this ordinance, dry cleaning shall be considered the process of removing dirt, grease, paint or other staining from clothing apparel, textiles, fabrics, rugs, etc., by the use of non-aqueous liquid solvents. Dry dyeing shall be considered the process of dyeing clothes or other fabrics of textiles in a solution of dye colors and flammable liquids.

Section 802. PERMIT REQUIRED. No person, firm or corporation shall engage in the business of dry cleaning or dry dyeing unless he shall first obtain from the City Clerk a permit setting forth the location, class of plant, flash point of solvent and type of equipment to be used. All provisions of this ordinance must be complied with and no change shall be made in class of solvent nor in equipment unless permission for such change shall first have been obtained from the City Clerk. No solvent shall be used in any equipment other than class of solvent for which it was designed.

Section 803. CLASSIFICATION OF DRY CLEANING PLANTS. For the purpose of this ordinance, dry cleaning and dry dyeing plants shall be divided into the following four (4) classes.

CLASS I PLANTS shall be those employing a solvent having a flash point below 100 degrees Fahr. (closed cup test).

CLASS II PLANTS shall be those employing a solvent having a flash point above 100 degrees Fahr. (closed cup test) but not meeting requirements as further outlined herein for Class III or Class IV plants.

CLASS III PLANTS shall be those employing a solvent complying with the following specifications in dry cleaning systems and drying cabinets or tumblers which have been specifically approved by Underwriters' Laboratories, Inc., or a similarly recognized testing laboratory as being suitable for use with such solvents.

- (a) Flash point (closed cup test) not lower than 136.2 degrees Fahr.
- (b) Initial boiling point not lower than 357.8 degrees Fahr.
- (c) Ignition temperature not lower than 453.2 degrees Fahr.
- (d) Lower limit of explosive range not less than 0.8 percent, by volume in air at an initial temperature of 302 degrees Fahr.
- (e) Solvents shall not heat spontaneously.

CLASS IV PLANTS shall be those employing a solvent classified by Underwriters' Laboratories, Inc. or a similarly recognized testing laboratory as non-flammable or as non-flammable at ordinary temperatures and only moderately flammable at higher temperatures.

Section 804. CLASS I PLANTS.

- (a) New Class I dry cleaning plants or systems shall be prohibited.
- (b) Existing Class I dry cleaning plants or systems may be continued in use, provided the quantity of cleaning solvent having a flash point below 100° Fahr. (closed cup test) that is stored or handled is not increased.

Section 805. CONSTRUCTION AND LOCATION OF CLASS II PLANTS. Class II plants shall be located only in one-story, flat roof buildings having masonry walls and with concrete or equivalent floors, above grade, and without pits, wells, pockets, or basements. If located within the fire limits, roof shall be of fire resistive construction; if located outside of the fire limits, roof may be of combustible construction provided that it is protected on the under side with a ceiling of cement or gypsum plaster on metal lath, or equivalent construction. Dry cleaning or drying buildings shall not be closer than 10 feet to a property line, except that if the roof is of fire resistive construction, standard masonry walls without openings may be located on the property line.

Dry cleaning and drying operations shall not be carried on in the same building with other occupancies except that incidental operations such as laundering, pressing, ironing, etc. may be in the same building, or a communicating building, if separated from the dry cleaning room or drying room by partitions or walls having a fire resistance rating of not less than two hours, with any communicating openings protected by standard fire doors approved for the protection of openings in such walls. There shall be at least two means of exit provided from the dry cleaning or drying room.

A mechanical system of ventilation shall be installed in dry cleaning areas and drying rooms. Such system shall have sufficient capacity to insure complete and continuous change of air once every 6 minutes, shall be provided with means for remote control, and shall operate automatically when any dry cleaning equipment is in use.

Section 806. CONSTRUCTION AND LOCATION OF CLASS III PLANTS. Class III plants may be located in buildings of any class of construction. If in the same building with other tenants, the dry cleaning or drying section shall be cut off from the remainder of the building vertically and horizontally in an approved manner including approved automatic or self-closing fire doors. Vertical cut-offs shall be not less than floor assemblies of double 7/8" wood flooring protected underneath by cement or gypsum plaster ceiling on metal lath; horizontal cut offs shall be not less than cement or gypsum plaster on metal lath on both sides of wood studs. In no case shall Class III plants be located in a basement nor in a building also used as a place of public assembly.

Section 807. CONSTRUCTION AND LOCATION OF CLASS IV PLANTS. Class IV plants shall not be restricted as to type of building nor as to location, except that such plants shall not be located in basements nor in locations difficult to ventilate. Fumes and odors shall be diffused in a manner that will not constitute a nuisance or a menace to health.

Section 808. - HEATING - Heat for Class II plants shall be by steam or hot water only. For Class III plants, heating shall be by any approved means which does not involve any open flame or ignition source in the dry cleaning area. Steam and hot water pipes and radiators shall be at least one inch from all woodwork and shall be protected by substantial metal screens so as to prevent combustible goods or materials from coming in contact with pipes or radiators.

Section 809. LOCATION OF BOILERS. Boilers for Class I and Class II plants shall not be located in a dry cleaning or drying building. If located in a building adjoining a dry cleaning or drying building, the boiler room shall be separated from such room by a standard masonry fire wall without openings. Boilers may be located in the same building with Class III plants, but if adjoining dry cleaning areas they shall be cut off by a partition of non-combustible material, without openings, having a fire resistance rating of not less than two hours.

Section 810. SOLVENT STORAGE. Aboveground containers comprising purifiers, clarifiers, filter, etc. in Class I and Class II plants shall not exceed 350 gallons individual capacity. Solvent storage tanks for Class I plants shall be underground, covered with not less than 2 feet of earth. Solvent storage tanks for Class II plants may be aboveground if individual capacity of tanks does not exceed 275 gallons and the aggregate capacity of storage tanks does not exceed 550 gallons. Quantities of solvent for Class II and Class III plants in excess of the above shall be in buried tanks.

Section 811. FIRE EXTINGUISHERS AND EXTINGUISHING SYSTEMS. Adequate first aid fire appliances, suitable for fighting fires in flammable liquids, shall be provided in all Class I, Class II and Class III plants; at least one extinguishing unit shall be provided at each entrance of every room or area where flammable liquids are used. It is desirable that dry cleaning rooms and drying rooms of Class I plants be protected by an automatic sprinkler system or a steam smothering system or a carbon-dioxide flooding system; also, that washers and drying tumblers in Class I and Class II plants be protected by a steam smothering system or a carbon-dioxide flooding system; also, that drying cabinets in Class III plants be protected by a steam smothering system or a carbon-dioxide flooding system.

Section 812. HANDLING OF SOLVENTS. The handling of solvents from storage tanks through the various machines and back to the settling and clear solvent tanks shall be through a closed circuit of piping.

Section 813. GROUNDING OF EQUIPMENT. The cylinders and shells of all washing machines, drying tumblers, walls of drying cabinets, outside shell of extractors and all aboveground containers shall be permanently and effectively grounded.

Section 814. ELECTRICAL EQUIPMENT. Electrical equipment in Class I plants shall conform with Article 500 of the National Electrical Code for Class I, Division I, hazardous locations containing flammable vapors. For Class II plants all electrical equipment within eight feet of the floor in dry cleaning rooms or other sections subject to flammable vapors shall comply with Article 500 of the National Electrical Code for Class I, Division I, hazardous locations.

ARTICLE IX  
LIQUEFIED PETROLEUM GASES

Section 901. DEFINITION. The term "liquefied petroleum gases" as used in this ordinance shall mean and include any material which is composed predominantly of any of the following hydro-carbons, or mixtures of them; propane, propylene, butanes (normal butane and iso-butane), and butylenes.

Section 902. PERMIT REQUIRED. No system for the utilization of liquefied petroleum gases nor facilities for the charging of containers or the storage and handling of liquefied petroleum gases shall be installed unless a written permit has been first obtained from City Clerk.

No permit shall be required for the utilization of liquefied petroleum gases from cylinders constructed in accordance with Interstate Commerce Commission specifications but the installer shall in all cases file a written notification with City Clerk.

Section 903. ODORIZATION. All liquefied petroleum gases shall be effectively odorized by an agent of such character so to indicate positively, by a distinct odor, the presence of gas down to concentrations in air of not over one-fifth of the lower limit of combustibility.

Section 904. HANDLING AND BULK STORAGE. No facilities for transferring liquefied petroleum gases from tank cars to storage tanks or to tank trucks or facilities for transferring liquefied petroleum gases from storage tanks to tank trucks or to cylinders or other containers shall be located within the fire limits, nor in closely built up sections, nor within 50 feet of the line of other property which may be built upon, nor shall other property be built upon or located within 50 feet of such facilities.

Section 905. INSTALLATION AND OPERATION. The design, construction, location, installation and operation of equipment for the storing, handling, transportation and utilization of liquefied petroleum gases shall be in conformity with the standard requirements as set forth in, or otherwise adopted by, or pursuant to the Laws of Missouri relating to liquefied petroleum gases and such standards or laws are hereby declared to be the minimum requirements under this ordinance. The City Engineer is hereby authorized to determine whether or not these requirements have been satisfactorily complied with, and to enforce the same in like manner as other provisions of this ordinance.

Section 906. RETROACTIVITY. The City Clerk shall issue permits for the continued use of equipment for the storing, handling, transportation and utilization of liquefied petroleum gases which is not in strict conformity with the terms of this ordinance in all cases in which such continued use will not constitute a distinct hazard to life or adjoining property. In all cases where such permit is denied the City Clerk shall notify the applicant and specify the reason for denial in writing.

ARTICLE X  
NITROCELLULOSE MOTION PICTURE FILM

Section 1001. APPLICATION AND PERMIT. The word "film" in this article refers to motion picture film having a cellulose nitrate base. Cellulose acetate film, marked "safety film", is exempt from the provisions of this article. No person shall store, keep or have on hand more than 25 pounds (about 5000 feet of 35mm. film) without a permit.

Section 1002. BOOTH REQUIRED. Every motion picture projector using nitrocellulose film shall be enclosed in a fireproof booth not less than eight feet wide, four feet deep and seven feet high by the projection machine, and not less than fourteen feet wide, ten feet deep and seven feet high by two machines.

Section 1003. CONSTRUCTION OF BOOTH. The walls and ceiling of the booth shall be built of brick, tile or gypsum blocks plastered on both sides, or of concrete, or of a rigid metal frame, properly braced, and sheathed and roofed with sheet iron of not less than No. 20 U.S. gauge metal, or with 1/4 inch hard asbestos board securely riveted or bolted to the frame, or 2 inches of solid metal lath and cement or gypsum plaster. All joints shall be sufficiently tight to prevent the discharge of smoke. Non-combustible acoustical material may be used on ceiling and walls, when applied directly to the plaster. Floor of booth shall be at least equal in fire-resistance to that of the type of wall used.

Section 1004. SHUTTERED OPENINGS AND EXITS IN BOOTH. Two openings for each motion picture projector may be provided. One for the operator's view shall be not larger than 200 sq. inches, and the other through which the picture is projected shall be not larger than 120 sq. inches. Each opening shall be provided with a gravity shutter, of not less than No. 10 gauge iron or its equivalent, overlapping opening not less than one inch on all sides, when closed and arranged to slide in grooves. A release to be provided over each shutter and over each upper projector magazine. Manual release shall be provided for operation of all shutters simultaneously from a point near each exit door.

The booth shall have at least two exit doors, each not less than thirty inches wide and six feet high, protected by approved self-closing fire doors.

Section 1005. FIXTURES WITHIN BOOTH. All shelves, furniture and fixtures within the booth shall be constructed of incombustible material, and no combustible material of any sort whatever shall be allowed to be within each booth except the films used in operation of the projector.

Section 1006. BOOTH VENTILATION. Mechanical exhaust system, if provided, to draw air from each arc lamp housing and from one or more points near the ceiling and to have a capacity of not less than fifteen nor more than fifty cubic feet permitted for each arc lamp plus 200 cubic feet per minute for the enclosure itself. System to exhaust directly to outdoors through incombustible ducts, preferably without dampers, having an unrestricted cross sectional area equivalent to an opening ten inches in diameter. If it is necessary to include dampers, they shall be of a hinged and weighted type arranged to open upon operation of a suitable automatic releasing device. Ducts shall not be inter-connected with ventilating or air conditioning systems serving other portions of the building.

If natural draft ventilation only is provided, outlet to be not less than twelve inches in diameter leading from the center of ceiling and exhausting directly to outdoors.

Clearance between the exhaust duct and unprotected combustible material to be either not less than one inch or exhaust duct covered with one-half inch of non-combustible heat insulating material.

Fresh air intakes other than those direct to the open air shall have an area of not greater than seventy-two sq. inches and may be located in side or rear walls of enclosures and not more than three inches above the floor. Such intakes to be protected by approved gravity shutters as required for other openings.

Section 1007. **FILM CABINETS.** An approved film cabinet shall be provided inside booths where the amount of film exceeds forty pounds. Cabinets having a capacity of over 50 pounds of film shall be provided with a vent from each compartment to the outside of the building. All films not being used shall be kept in the cabinets or in I.C.C. shipping containers but not over forty pounds of film shall be permitted to remain in the shipping containers.

#### ARTICLE XI EXPLOSIVES

Section 1101. **APPLICATION AND PERMIT.** This article applies to all explosives except small arms ammunition and pyrotechnic devices. The manufacturing of explosives is prohibited. A permit shall be obtained to have, keep, use, store or transport any explosives and such permit shall be issued only in compliance with the terms of this article.

Section 1102. **TRANSPORTATION.** Explosives shall be transported on vehicles only if such vehicles are conspicuously marked "DANGER - EXPLOSIVES!" and shall never be transported in or on any conveyance carrying passengers for hire.

It shall be unlawful for any person to place or carry or cause to be carried in the bed or body of a vehicle containing explosives, any metal tool or other piece of metal or any matches or any exploders, detonators, blasting caps, or other similar explosive material.

Section 1103. **STORAGE.** Magazines containing explosives shall be located at distances from neighboring buildings, highways and railroads in conformity with the American Quantity and Distance Table; provided that one portable magazine kept securely locked and conspicuously marked "MAGAZINE-EXPLOSIVES!" containing not more than fifty pounds of explosives may be allowed in a building not occupied as a dwelling or place of public assembly if placed on wheels and located not more than ten feet from, on the same floor with, and directly opposite to the entrance on the floor nearest the street level, and one similar portable magazine containing not more than 5000 blasting caps may be allowed if placed on wheels and located on the floor nearest the street level. Blasting caps or detonators of any kind shall not be kept in the same magazine with other explosives.

#### ARTICLE XII PERIODIC INSPECTIONS AND MISCELLANEOUS PROVISIONS FOR FIRE PREVENTION

Section 1201. **PERIODIC INSPECTIONS.** It shall be the duty of the Chief of the Fire Department to inspect or cause to be inspected by the Fire Department officers or assistants as often as may be necessary but not less than twice a year, all buildings, premises and public thoroughfares, except private dwellings, for the purpose of ascertaining and causing to be corrected any conditions liable to cause fire. A written report of every such inspection shall be filed with the City Clerk by the inspector. Such inspector may at all reasonable hours enter any building or premises for the purpose of making any inspection which, under the provisions of this ordinance, he may deem necessary to be made.

Section 1202. **FIRE HAZARDS TO BE REMEDIED.** Whenever such inspector may find combustible or explosive matter or dangerous accumulation of rubbish or unnecessary accumulation of waste paper, boxes, shavings, or any other highly flammable materials especially liable to cause fire and which is so situated as to endanger property or shall find obstructions to or on fire escapes, stairs, passageways, doors or windows liable to interfere with the operations of the Fire Department or egress of occupants in case of fire, he shall order same to be removed or remedied. Such order shall be complied with within 48 hours by the owner or occupants of such premises or building.

Section 1203. **BONFIRES.** Burning of trash, lumber, leaves or other combustible material where deemed a hazard by the Chief of the Fire Department is prohibited except under such safeguards as he may specify.

Section 1204. **HOT ASHES & OTHER DANGEROUS MATERIALS.** Ashes, smouldering coals or embers, greasy or oily substances liable to spontaneous ignition shall not be deposited or allowed to remain within ten feet of any combustible materials except in metal or other non-combustible receptacles.

Section 1205. **ACCUMULATIONS OF COMBUSTIBLE MATERIALS.** No person shall permit to remain upon any roof or in any yard any accumulation of waste paper, hay, grass, straw, weeds, litter or combustible or flammable waste or rubbish of any kind. All such materials in stores, apartment buildings, factories or similar places shall be compactly baled and stacked, removed from the premises or stored in suitable vaults or receptacles to the satisfaction of the Chief of the Fire Department.

Section 1206. **FLAMMABLE DECORATIONS.** Cotton, batting, straw, dry vines, leaves, trees, celluloid or other highly flammable materials shall not be used for decorative purposes in stores or show windows except where deemed satisfactory by the Chief of the Fire Department. Paper and other readily flammable materials shall not be used for decorative purposes in any place of public assembly unless such materials have been flameproofed to the satisfaction of the Chief of the Fire Department.

Section 1207. SUPPLEMENTARY REQUIREMENTS. All matters not covered by this ordinance shall conform with generally accepted good practice. The Building Code as recommended by the National Board of Fire Underwriters and various standards published by the National Board of Fire Underwriters and the National Fire Protection Association shall be deemed the generally accepted good practices for the construction and equipment of buildings and the fire protection and life safety in connection with hazardous materials and processes. Fire resistance ratings of floor, ceiling, wall and partition assemblies as published by the National Board of Fire Underwriters and by Underwriters Laboratories, Inc. shall be deemed acceptable to establish fire resistance ratings required by this ordinance.

ARTICLE XIII  
APPEALS, PENALTIES, VALIDITY, CONFLICTING ORDINANCES  
AND DATE OF EFFECT

Section 1301. APPEALS. An owner, lessee, agent, operator, or occupant aggrieved by any order issued pursuant to this ordinance, may file an appeal to the City Council within ten days from the service of such an order, and the City Council shall fix a time and place not less than five days nor more than ten days thereafter when and where such appeal may be heard by it. Such appeal shall stay the execution of such order until it has been heard and reviewed, vacated or confirmed.

The City Council shall at such hearing, affirm, modify, revoke, or vacate such order. Unless revoked or vacated, such order shall then be complied with.

Nothing herein contained shall be deemed to deny the right of any person, firm, corporation, co-partnership, or voluntary association to appeal from an order or decision of the City Council to a court of competent jurisdiction. Such appeals shall stay the execution of such order until it has been heard and reviewed, vacated or confirmed.

Section 1302. PENALTIES. Any person who shall fail to comply with the provisions of this ordinance or with an order of the City Council issued pursuant thereto and from which no appeal has been taken, or with which such an order as affirmed or modified by the City Council or by a court of competent jurisdiction, within the time fixed therein, shall be fined not less than \$ 5.00 or more than \$ 500.00. The imposition of one penalty for the violation of such order shall not excuse the violation or permit it to continue.

Section 1303. SEVERABILITY. The City Council hereby declares that should any section, paragraph, sentence, or word of this ordinance be declared for any reason to be invalid, it is the intent of said City Council that it would have passed all other portions of this ordinance independent of the elimination herefrom of any such portion as may be declared invalid.

Section 1304. CONFLICTING ORDINANCES. All ordinances or parts of ordinances in conflict with the provisions of this ordinance are hereby repealed.

Section 1305. DATE OF EFFECT. This ordinance shall become effective and be in force after its passage and approval.

Passed and approved this 10th day of May 19 60

A quorum being present, and all the members of the Board of Aldermen having signed the acknowledgment of notice and consent to the holding of the meeting, the Mayor called the meeting to order and announced the Board of Aldermen to be in session for the transaction of business.

The Board of Aldermen then took up for consideration the matter of issuing bonds of the City.

Whereupon, Alderman Earl Veasman introduced a bill for an ordinance entitled:

"AN ORDINANCE CALLING A SPECIAL ELECTION TO BE HELD IN THE CITY OF DIXON, PULASKI COUNTY, MISSOURI FOR THE PURPOSE OF SUBMITTING TO THE QUALIFIED ELECTORS THEREOF PROPOSITION FOR THE ISSUANCE OF TAX SECURED BONDS OF SAID CITY."

Said Bill being so introduced was numbered by the City Clerk as Bill No. 120 and said Bill was thereupon read the first time.

Whereupon, it was moved by Alderman Adam Schenck seconded by Alderman Earl Prater, and unanimously carried, that said Bill be read a second time, and the City Clerk then read the Bill a second time.

Alderman Sooter then moved that said Bill be read a third time. The motion was seconded by Alderman Jake Veasman and unanimously carried. The City Clerk then read the Bill a third time.

It was thereupon moved by Alderman Earl Veasman, seconded by Alderman Earl Prater, and unanimously carried, that said Bill be placed upon its final passage. The Mayor then put the question: "Shall Bill No. 120 be passed and become an ordinance?" The City Clerk then called the roll on the passage of said Bill and the results was as follows:

Alderman Carl Keasman voted yes  
 Alderman John Keasman voted yes  
 Alderman William DeKoven voted yes  
 Alderman Alvin C. Th. Jick voted yes  
 Alderman Earl Prater voted yes  
 Alderman B. B. Vanzant voted yes

The Bill having received the affirmative vote of all the members of the Board present, the Mayor declared the Bill adopted. Said Bill was thereupon presented to the Mayor for his signature and approval and was by the Mayor then and there duly signed and approved and became Ordinance No. 1-10 of the City of Dixon, Missouri.

ORDINANCE NO. 123

AN ORDINANCE FOR THE EXTENSION OF THE CITY LIMITS OF THE CITY OF DIXON,  
MISSOURI

BE IT ORDAINED BY THE BOARD OF ALDERMEN OF THE CITY OF DIXON AS FOLLOWS:

WHEREAS, the City of Dixon, Missouri, as the governing body of said City has heretofore adopted a resolution to annex certain unincorporated area of land to bring it within the corporate limits of said city and thereafter on August 21, 1962, filed its petition and action in the Circuit Court of the County of Pulaski and State of Missouri, in which such unincorporated area is situated, all as provided by Section 71.015 Cumulative Supplement to Missouri Revised Statutes for the year 1955, praying for a declaratory judgment authorizing such annexation, which action was a class action against the inhabitants of such unincorporated area under the provisions of said law and in accordance with the provisions of such section as provided; and

WHEREAS, on the 18th day of February, 1963, plaintiff city of Dixon appeared by its duly authorized Attorney and filed its First Amended Petition; waiver of service, entry of appearance and consent to trial of defendants occupying the premises described and their representatives as provided by law having been filed, the above cause came on for hearing before the Court; and

WHEREUPON, the Court proceeded to hear the testimony introduced on the part of the plaintiff city, and after hearing the testimony presented, and being fully advised in the premises, adjudged and decreed that said plaintiff city of Dixon, Missouri, may proceed as otherwise authorized by law for annexation of the unincorporated area in Pulaski County, Missouri, immediately adjoining said City of Dixon and on the West side thereof and specifically described as:

Beginning at the corner of Sections 23, 24, 25 & 26, Township 38 North, Range 11 West of the 5th P.M., Pulaski County, Missouri; thence west 716 feet to the old Dixon & Vienna Public Road; thence North 179 feet; thence West 250 feet to the starting point of the new addition to the City of Dixon, Missouri; thence West 1502 feet to the Ball Park Public Road; thence North 100 feet; thence West 250 feet; thence South 100 feet; thence West 1015 feet to the West line of Section 23, Township 38 North, Range 11 West of the 5th P.M., Pulaski County, Missouri; thence South 172 feet to the North right of way line of Missouri State Highway "C"; thence South 332 feet to the north right of way line of the Frisco Railroad; thence in a southeasterly direction with the meanderings of the north right of way line of above mentioned railroad 1115 feet to the West line of the present City of Dixon, Pulaski County, Missouri.

SECTION 1. The limits of the City of Dixon in the County of Pulaski and State of Missouri are hereby extended so as to embrace and include all that part of said Pulaski County, Missouri, lying within the outboundary lines described as:

Beginning at the corner of Sections 23, 24, 25 & 26, Township 38 North, Range 11 West of the 5th P.M., Pulaski County, Missouri, thence west 716 feet to the old Dixon & Vienna Public Road; thence North 179 feet; thence West 250 feet to the starting point of the new addition to the City of Dixon, Missouri; thence West 1502 feet to the Ball Park Public Road; thence North 100 feet; thence West 250 feet; thence South 100 feet; thence West 1015 feet to the West line of Section 23, Township 38 North, Range 11 West of the 5th P.M., Pulaski County, Missouri; thence South 172 feet to the North right of way line of Missouri State Highway "C"; thence South 332 feet to the north right of way line of the Frisco Railroad; thence in a southeasterly direction with the meanderings of the north right of way line of the above mentioned railroad 1115 feet to the west line of the present City of Dixon, Pulaski County, Missouri.

SECTION 2. A proposition to extend the limits of said City of Dixon, Missouri, as in the next preceding section set forth and described, shall be submitted to the voters of the City of Dixon at an annual election to be held in said City on the 2nd day of April, 1963. The Mayor of this City shall give notice of such election by publication in the newspaper doing the city printing in this city. Such notice shall be published at least fifteen days before the day of holding such election, and shall state the time and places for holding the same, and shall clearly describe the outboundary lines of the proposed extension. Such election shall be held and conducted as other elections are held and conducted in this City.

SECTION 3. The City Clerk shall prepare and cause to be printed, ballots to be used at such election, which shall be in the following form:

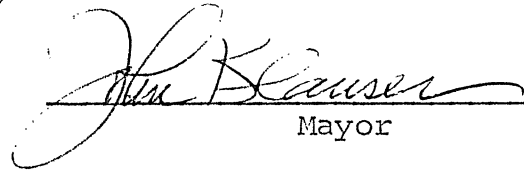

For Extension of Limits ----- Yes.  
For Extension of Limits ----- No.

The former of which shall be taken as a vote assenting to such extension and the latter dissenting therefrom.

SECTION 4. This ordinance shall take effect, and this city's limits shall be extended and established, as described and provided for in the first section of this Ordinance, when a majority of the legal voters of this city, voting at the election herein provided for, vote in favor of said extension of the city's limits.

Passed this 3rd day of April, 1963.

Approved this 3rd day of April, 1963.

AN ORDINANCE GRANTING A FRANCHISE TO GASCOSAGE ELECTRIC COOPERATIVE, A CORPORATION, ITS SUCCESSORS' AND ASSIGNS, TO CONSTRUCT, ACQUIRE, OPERATE AND MAINTAIN ELECTRIC FACILITIES IN THE CITY OF DIXON, MISSOURI, FOR A PERIOD OF TEN (10) YEARS AND TO FURNISH ELECTRICITY TO THE CITY AND THE INHABITANTS THEREOF, AND TO USE THE STREETS, ROADS, ALLEYS, AND OTHER PUBLIC PLACES WITHIN THE CITY.

BE IT ORDAINED BY THE BOARD OF ALDERMEN OF THE CITY OF DIXON, PULASKI COUNTY, MISSOURI, AS FOLLOWS:

Section 1. That the City of Dixon, Pulaski County, Missouri, hereinafter referred to as "Municipality", does hereby grant unto Gascosage Electric Cooperative, a corporation, its successors and assigns, hereinafter called the "Grantee", the right, authority, and franchise to locate, relocate, construct, reconstruct, erect, install, maintain, repair, own, operate, manage and control within the present and future corporate limits of the Municipality, for a period of ten (10) years from and after the date of the passage and approval of this ordinance, an electric transmission and distribution system and such facilities as may be necessary, convenient, or proper to provide the Municipality and its inhabitants with electric service, and to provide electric service within the corporate limits and as they may be extended for any and all purposes.

Section 2. That for the purposes aforesaid, the Municipality hereby grants and conveys to the Grantee the right and authority to enter upon and use all of the streets, lanes, avenues, alleys, sidewalks, bridges and public grounds of the Municipality during the aforesaid period. Municipality does hereby grant to Grantee the right, privilege, and authority to cut and trim all trees and shrubbery insofar as may be necessary or advisable to keep them clear of its poles, wires, and other fixtures.

Section 3. That the Grantee shall hold the Municipality free and harmless of and from any and all liability, claims, causes of action and actions caused by or resulting from the negligence of the Grantee in the erection, installation, construction, maintenance, repairing, operation, management, or control of said electric transmission system in the Municipality.

Section 4. That during the location, erection, installation, construction, maintenance, repairing, and operation of said electric transmission and distribution system, the Grantee shall not unnecessarily impede public travel on the streets, lanes, avenues, alleys, sidewalks, bridges, and public grounds of the Municipality.

Section 5. That, in consideration of the rights and privileges granted hereunder, on or before the 15th of January and the 15th day of July during the aforesaid ten (10) year period, the Grantee shall pay to the Municipality in cash a sum equal to *three* per cent (*3%*) of the aggregate amount received by the Grantee during the immediate preceding six calendar months, for electric energy furnished to all consumers within the corporate limits of the Municipality except for all electric energy furnished to Municipality and except for all electric energy furnished to ~~commercial and~~ industrial consumers within the corporate limits of the Municipality requiring 50 K.V.A. or larger transformer capacity to serve their loads.

Section 6. That the semi-annual payments to be made by the Grantee under Section 5 hereof shall be in lieu of all special taxes or assessments, license taxes or fees, occupation taxes, rental taxes or charges and charges for police supervision, inspection, or protection, or similar charges which the Municipality otherwise might now or hereafter, during the aforesaid period, be empowered to levy upon, assess against, or collect from the Grantee, its successors and assigns; but shall not eliminate the general taxes.

Section 7. That, if any section or part of a section of this ordinance shall be declared null and void by any competent authority the remaining portions hereof shall not be affected thereby.

Section 8. That all ordinances or resolutions, or parts thereof, heretofore adopted by the Municipality, which are or may be in conflict with the terms hereof, are hereby repealed and for naught held.

BILL NO. 126

ORDINANCE NO. 126

AN ORDINANCE AUTHORIZING AND DIRECTING THE ISSUANCE OF NEGOTIABLE INTEREST BEARING REVENUE BONDS OF THE CITY OF DIXON, PULASKI COUNTY, MISSOURI, IN THE PRINCIPAL AMOUNT OF SEVENTY THOUSAND DOLLARS (\$70,000) OF ONE HUNDRED TEN THOUSAND DOLLARS (\$110,000) FOR THE PURPOSE OF PAYING PART OF THE COST OF CONSTRUCTING EXTENSIONS AND IMPROVEMENTS TO THE SEWERAGE SYSTEM OF SAID CITY; PRESCRIBING THE FORM AND INCIDENTS OF SAID BONDS; AND PROVIDING FOR THE COLLECTION, SEGREGATION AND DISTRIBUTION OF THE REVENUES TO BE DERIVED FROM THE OPERATION OF SAID WORKS IN AMOUNTS SUFFICIENT TO PAY THE COST OF OPERATION AND MAINTENANCE THEREOF AND THE PRINCIPAL OF AND THE INTEREST ON SAID BONDS, AND ESTABLISHING A RESERVE ACCOUNT AND A DEPRECIATION ACCOUNT.

WHEREAS, the City of Dixon, Missouri now possesses a sewerage system and it is necessary to construct extensions and improvements to the system; and

WHEREAS, the City Council of said City now finds and determines that the estimated cost of improving the sewerage system will be at least Seventy Thousand Dollars (\$70,000); and

WHEREAS, the City Council of the City of Dixon, Missouri, by Ordinance Number 122, directed that there be submitted to the qualified voters of said City at a special election to be held therein on the 5th day of March, 1963, the following proposition:

PROPOSITION

Proposition to issue and sell negotiable sewerage system revenue bonds of the City of Dixon, Missouri, in the amount of One Hundred Ten Thousand Dollars (\$110,000) for the purpose of paying the cost of constructing extensions and improvements to the sewerage system of said City; the principal of and the interest on said revenue bonds to be payable solely from the revenues to be derived by said City from the operation of said sewerage system.

and

WHEREAS, said election was held on the 5th day of March, 1963, at the polling places and between the hours set forth in said Ordinance, by election officials duly designated therefor; the ballots used in said election were in the form provided by said ordinance; and due notice of said election was given by publication in Pulaski County Pilot-News, newspaper published in said City on February 7, 14th and 21st, 1963; and

WHEREAS, the judges and clerks of said election, immediately upon the closing of the polls, made out, certified and transmitted to the City Clerk the returns of said election, said returns were presented to this Council, who on March 26, 1963, canvassed the said returns and declared that the

Page 2

Proposition authorizing bonds payable from the revenues of the sewerage system carried by a vote of more than four-sevenths of the qualified voters of said City who voted in said election, there having been one hundred twenty-nine (129) votes in favor thereof and eighty-four (84) votes in opposition thereto; and

WHEREAS, the City of Dixon is authorized by Chapter 250, RSMo 1949, as amended to issue its negotiable interest bearing revenue bonds for the purpose of paying part of the cost of extending and improving the sewerage system of the City; and

WHEREAS, the City Council believes that it is advisable at this time to issue bonds in the amount of Seventy Thousand Dollars (\$70,000), payable solely from the revenues of the sewerage system of the City in order to construct extensions and improvements to the sewerage system of said City:

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF DIXON, PULASKI COUNTY, MISSOURI, AS FOLLOWS:

SECTION 1. That the negotiable interest bearing revenue bonds of the City of Dixon, Pulaski County, Missouri, be and the same are hereby authorized and directed to be issued in the principal sum of Seventy Thousand (\$70,000), of One Hundred Ten Thousand Dollars (\$110,000) voted for the purpose of paying part of the cost of extending and improving the sewerage system of said City, in accordance with the proposition submitted to the qualified electors of said City at the special election held therein, as set forth in the preamble hereto. The said Bonds shall bear date of December 1, 1963; shall be numbered from One (1) to Seventy (70), inclusive; shall be of the denomination of One Thousand Dollars (\$1,000) each; shall bear interest from the date thereof at the rates per annum hereinafter set out, payable semi-annually on January 1 and July 1 in each year, beginning January 1, 1965, until the principal thereof, respectively, shall have been paid. The said bonds shall be numbered, shall bear interest, and shall mature in the amounts and at the times following, to-wit:

self indebted, and, for value received, hereby promises to pay to bearer, solely from the revenues to be derived by said City from the operation of the sewerage system of said City, as hereinafter provided, the sum of

ONE THOUSAND DOLLARS

(\$1,000.00) on the first day of January 19\_\_\_\_, together with interest thereon from the date hereof at the rate of \_\_\_\_ per centum ( ) per annum, payable semi-annually on January 1 and July 1 in each year, beginning on July 1, 1964 and continuing until this bond shall have been paid. Interest accruing on this bond on and prior to the maturity date hereof shall be payable upon presentation and surrender of the interest coupons hereto attached as they severally become due.

Both principal of and interest on this bond are payable in lawful money of the United States of America at The Merchants- Produce Bank, City of Kansas City, State of Missouri.

Bonds numbered Twenty-five (25) to Seventy (70), inclusive, of the issue of which this bond is one, at the option of this City, may be called in, paid, and redeemed, in inverse numerical order, On January 1, 1975, or on any interest payment date thereafter prior to maturity, at par and accrued interest plus a premium of Fifty Dollars (\$50.00). Written notice of the exercise of such option shall be given to the paying agent named herein not less than thirty (30) days in advance of the date set for such redemption, after which date no further interest shall accrue on any bond so called for redemption, provided that funds for the payment thereof be available on the redemption date.

This bond is one of an authorized issue of Seventy (70) bonds, of One Hundred Ten (110) voted, numbered from One (1) to Seventy (70), both inclusive, of like date, tenor and effect, except as to rate of interest and maturity, aggregating the principal sum of Seventy Thousand Dollars (\$70,000) (of One Hundred Ten Thousand Dollars (\$110,000 authorized), issued for the purpose of paying part of the cost of constructing extensions and improvements to the sewerage system of said City, and is issued pursuant to the Constitution and Laws of the State of Missouri, including Chapter 250, as amended, and pursuant to an ordinance of the City of Dixon and with the approval of more than four-sevenths of the qualified electors of said City voting on the question at a special election held on the 5th day of March, 1963.

Page 5

This bond and the interest thereon are payable solely from the revenues of the sewerage system of said City, do not constitute an indebtedness of said City within the meaning of any constitutional or statutory limitation or provision, and the taxing power of said City is not pledged to the payment thereof, either as to principal or interest.

The City of Dixon covenants and agrees that it will perform all duties required by law and by the ordinance which authorized the issue of which this bond is one, and that long as this bond or any bond of the issue of which it is one, or the interest coupons thereto attached, are outstanding, it will continuously operate and maintain said sewerage system; that it will fix and maintain rates and make and collect charges for the services and facilities of said sewerage system, sufficient to provide for the payment of the principal of and the interest on said bonds as the same shall mature and accrue, for the operation and maintenance of said system in good repair and working order, and to provide a depreciation fund, a reserve fund and a contingent fund, all as set forth in the ordinance pursuant to which the

said bonds are issued; and that such an amount of the revenues of said sewerage system as will maintain an interest and sinking fund sufficient to pay the principal of and the interest on this bond and the issue of which it is one, as the same shall mature and accrue, is hereby pledged to such purpose.

It is hereby certified, recited and declared that all acts, conditions and things required to exist, to happen and to be performed precedent to and in the issuance of this bond and of the series of which it is one, in order to make the same legal and binding obligations of said City, according to the terms thereof, do exist, have happened and have been performed in due and regular time, form and manner, as required by law; that this bond and the issue of which it is one, together with all indebtedness of said City of Dixon, Missouri, does not exceed any limit of indebtedness prescribed by law; and that for the prompt payment of the principal of and the interest on this bond, and for the faithful performance in due time and manner of the interest on this bond, and for the faithful performance in due time and manner of each and every official act necessary therefor, the full faith of the City of Dixon is hereby irrevocably pledged.

SECTION 4. That the bonds herein authorized and directed to be issued shall be payable, both as to principal and interest, solely from the revenues derived by the City of Dixon from the operation of its sewerage system. No bond issued hereunder shall constitute an indebtedness of said City within the meaning of any constitutional or statutory restriction, limitation or provision, and the taxing power of said City is not pledged to the payment of any of the bonds, authorized hereby, either as to principal or interest.

SECTION 5. That the bonds authorized hereby, and the interest thereon, shall be payable equally and ratably, solely from the revenues derived from the operation of the sewerage system of said City, including any improvements and extensions thereto, and shall not constitute an indebtedness of the City of Dixon within the meaning of any constitutional or statutory limitation and the taxing power of the City is not pledged to the payment thereof.

SECTION 6. That from and after the delivery of any bonds issued under the provisions of this ordinance, all revenues derived from the operation of the sewerage system shall be deposited in a separate fund and in a bank account separate and distinct from all other bank accounts of the City, to be designated as the "SEWERAGE FUND" and a sufficient amount thereof shall be used only (1) to pay the cost of operation and maintenance of the system, (2) to provide an adequate depreciation fund and (3) to pay the principal of and the interest on all revenue bonds of said City chargeable to the revenues of the sewerage system; an amount of such net revenues sufficient for the purpose is pledged to the payment of the bonds authorized hereby operation of Chapter 250 RSMo, 1949, as amended and by this ordinance.

SECTION 7. That sums in the Sewerage Fund shall be set aside for, allocated to, and deposited in the following separate accounts, which are hereby created in said fund, by the financial officer of the City of Dixon, without further direction of or action by the City Council or other authority of said City. Such allocations and deposits shall be made monthly on the first business day of each month as long as any of the bonds authorized

Page 8

hereby, or the coupons attached thereto, shall remain outstanding and unpaid.

(a) Into an account designated as the "SEWERAGE OPERATION AND MAINTENANCE ACCOUNT" there shall be deposited in each month a sum sufficient to pay the estimated cost of operating and maintaining the system in good repair and working order during the next ensuing month in an efficient and economical manner.

(b) Into an account designated the "SEWERAGE INTEREST AND PRINCIPAL ACCOUNT" there shall be deposited in each month sums at least equal to one-sixth of the amount of interest that will come due on all bonds then outstanding on the next interest payment date occurring after the date of such deposit, plus one-twelfth of the amount of principal that will come due on said bonds on the next maturity date occurring after the date of such deposit. Sums in this account shall be used only for the payment of the principal of and the interest on the bonds authorized hereby as the same shall come due. Deposits made prior to the first interest payment date and the first maturity date shall be adjusted to provide sufficient funds for the purpose.

(c) Into an account designated the "SEWERAGE DEPRECIATION ACCOUNT" there shall be deposited for each month the sum of Seventy-five Dollars (\$75.00) until the sum of Four Thousand Five Hundred Dollars (\$4,500.00) has been accumulated in said account. When and as long as said amount shall be on deposit in said account, no further deposits need be made therein. If said account should be depleted for any cause, including payments therefrom made in accordance with this ordinance, then such monthly deposits shall be resumed until said account shall be restored.

Sums in this account shall be expended for such replacements to the system as may be necessary from time to time for the continued effective and efficient operation of the system, and shall be used to pay bonds and the interest thereon if necessary to prevent or cure a default.

(d) Into an account designated the "SEWERAGE BOND RESERVE ACCOUNT" there shall be deposited for each month the sum of One Hundred Dollars (\$100.00). Such monthly deposits shall be continued until the sum of Seven Thousand Two Hundred Dollars (\$7,200.00) has accumulated in said account. If said account should thereafter be depleted for any cause, including payments therefrom made in accordance with this ordinance, then such monthly deposits shall be resumed until said account shall be restored. Sums in said Reserve Account should be disbursed only for the payment of the bonds authorized hereby or the interest thereon, and then only when and to the extent that other funds are not available for the purpose; sums in this account shall not be used to pay bonds called for payment prior to their maturity unless all bonds then outstanding are then retired.

(e) Any surplus remaining in the Sewer Fund shall be used only for sewerage purposes and shall not be transferred from the Sewer Fund. Funds from this account may be used to call bonds.

SECTION 8. That the amounts to be set aside for the payment of the bonds authorized hereby and deposited in the Sewerage Interest and Redemption Account are declared to be as follows:

SECTION 9. That if the revenues derived from the operation of the sewerage system should be insufficient at any time to make the payments or deposits required by Section 7 of this ordinance, the deficiency shall be made good by additional payments to be made out of the first available revenues of said system received during any succeeding month or months. Whenever and as sums actually on deposit in the Sewerage Interest and Principal Account and in the Sewerage Bond Reserve Account together shall equal the principal amount of all outstanding bonds, plus the amount of all interest due thereon until the respective maturity dates of all such bonds, then no further deposits need be made into said accounts.

SECTION 10. All such revenues of the sewerage system shall be deposited as received with a bank to be designated by the City Council. Such bank shall be a member of the Federal Deposit Insurance Corporation.

SECTION 11. Sums held in the Sewerage Contingent Operation Account, the Sewerage Depreciation Account and in the Sewerage Bond Reserve Account, may be held by the City as a cash deposit or, subject to the provisions of the law applicable at the time may be invested in bonds or other obligations of the United States Government or unconditionally guaranteed by the United States Government (having a fixed redemption value, if such bonds or obligations are then reasonably available) or in direct obligations of the State of Missouri, which shall, however, mature within five years of the time such bonds or other obligations are purchased.

SECTION 12. That the City of Dixon covenants and agrees with the holder or holders of the bonds herein authorized to be issued that it will perform all duties with respect to the operation and maintenance of said sewerage

system, including all improvements and extensions thereto, and with respect to the fixing, maintaining and collecting of the rates, fees and charges for the services and facilities thereof, and the establishment of the accounts herein authorized and created, and all other matters and things required by law and by this ordinance. and that it will do or cause to be done, in apt time and season, each and every official act necessary for the payment of the principal of and the interest on the bonds herein authorized to be issued, as the same shall mature and accrue.

Said City further covenants with the holders of said bonds as follows:

- (a) That it will construct the improvements and extensions to its sewerage system contemplated by this ordinance, and that as long as any of the bonds or interest coupons authorized by this ordinance are outstanding and unpaid, it will operate and maintain said sewerage system in an efficient and economical manner.
- (b) That said City recognizes its obligation under Chapter 250 RSMo, 1949, as amended, and hereby covenants that as long as any of said bonds or the interest coupons pertaining thereto remain outstanding and unpaid, the City of Dixon will fix and maintain rates and make and collect charges for the use and service of the sewerage system, sufficient to pay the cost of maintenance and operation thereof, and to pay the principal of and the interest on all revenue bonds or other obligations issued by said City chargeable to the revenues of said system, to provide the sums required to maintain all accounts created by Section 7 hereof, and to provide ample funds to meet all requirements of this ordinance. Such rates shall from time to time be revised so as to fully meet the requirements of this ordinance. No free sewerage shall be rendered except to the City of Dixon and no discounts from the established rates shall be allowed.
- (c) The City of Dixon hereby covenants that the sewerage rates in force at the time of the delivery of the bonds authorized hereby, will not be reduced until such time as the amounts required by this ordinance to be deposited in the Sewerage Depreciation Account, and the Sewerage Bond Reserve Account established by paragraphs (c), and (d) Section 7 hereof shall in each case stand in the maximum amounts provided by said paragraphs, nor while there shall be any default in the payment of the principal of or the interest on any bond authorized hereby as the same matures and accrues.

(d) That as long as any of said bonds or interest coupons shall remain outstanding and unpaid, the said City shall carry and maintain adequate insurance upon all of the properties forming a part of said sewerage system which may be of an insurable nature; such insurance to be of the type and kind and for such amount or amounts as carried and maintained by other municipalities rendering services of a similar character in similar communities. The proceeds of all such insurance shall be used only for the maintenance and restoration of said sewerage system, or for the payment of the principal of and the interest on the bonds authorized to be issued by this ordinance. Premiums for such insurance shall be deemed an operation cost.

(e) That said City shall set up and maintain a proper system of accounts and records, separate from all other accounts and records of said City, showing the amount of revenue received from its sewerage system, the application of such revenues, and all financial transactions in connection therewith. Such accounts at least once a year, shall be audited properly by an independent certified public accountant employed for the purpose. A report of such audit shall be furnished

Page 11

each year, within sixty (60) days after the close of the fiscal year, without further request, to the original purchasers of the bonds authorized hereby and, upon request, to any bondholder. The annual audit of the sewerage system shall include:

- (1) A statement of the gross revenues received, operating expenditures, net operating revenue, and the amount of any capital expenditures in connection with the sewerage system for the fiscal years;
- (2) A balance sheet as of the end of each fiscal year, including a statement of the amount on hand at the end of the fiscal year in each of the accounts created by Section 7 of this ordinance;
- (3) A statement of the profit or loss for such fiscal year;
- (4) A statement of the number of customers served by the sewerage system at the beginning and at the ending of the fiscal year.
- (5) A statement of the amount and character of insurance carried by the City on the property of the sewerage system, the names of the insurers, and the expiration dates of the several policies;
- (6) Such comments regarding the City's methods of operation and accounting practices as the auditor may deem desirable, and a statement whether in the opinion of the auditor the terms of this ordinance have been met.

(f) That the Original purchaser of any bonds or any holder or holders of or any purchaser of not less than twenty-five per centum (25%) in principal amount of said bonds then outstanding shall be permitted, at all reasonable times, to inspect said sewerage system and all records and data relating thereto and shall be furnished all data and information relating to said combined system which reasonably may be requested;

(h) That, as long as any of said bonds or the coupons pertaining thereto shall remain outstanding and unpaid, the said City shall not sell, lease, loan, mortgage, pledge, or otherwise encumber, permit any lien to attach to, or in any manner dispose of said sewerage system, or any part thereof, unless the bonds authorized hereby shall have been paid in full, both as to principal and interest, or unless adequate provision shall have been made which shall assure the full payment of said bonds and the interest thereon to maturity, in full, according to their terms;

(i) That said City shall employ a competent, experienced, and qualified person to supervise and manage the operation of said sewerage system and such further employees as may be required for its efficient and economical operation; and

(j) That the City Council shall require that accounts be rendered to it montly, ras of the first of each month, showing the revenues, disbursements, and other transactions in connection with the sewerage system of said City.

(k) That the City of Dixon and its proper officials and employees shall diligently collect and account for the rates and charge imposed for sewerage and service and shall diligently pursue all means provided by law for their collection.

(l) That the City of Dixon will so long as any bonds or coupons are outstanding require that proper connections to the sewerage system of the City shall be made wherever sewerage service is available.

SECTION 13. That, from and after the issuance of the bonds authorized hereby, no additional bonds shall be issued or obligations incurred by

Page 12

said City, which are in whole or in part payable from or chargeable to the revenues derived or to be derived from the operation of said sewerage system (except obligations incurred in the operation and maintenance thereof) except upon compliance with the provisions of one of the sub-paragraphs of this section hereinbelow set out and numbered I, II and III.

I

Unless the average yearly revenues derived from the operation thereof for the three fiscal years then next preceeding the delivery of the additional bonds shall be equal to the sum of the following:

(a) The average yearly expenses of operation and maintenance of said system incurred during said three years; plus

(b) One Hundred thirty-five per centum (135%) of the highest amount that will thereafter become due in any fiscal year as principal and interest on all bonds or other obligations then outstanding and the bonds or other obligations then to be issued (not, however, including any amounts required to be paid into or held in the Sewerage Bond Reserve Account, or the Sewerage Depreciation Account, provided by Section 7, paragraphs (c) and (d), hereof),

in which case additional bonds maybe issued on a parity with the bonds authorized hereby and entitled to equal benefit in the accounts established hereby.

or

II

Unless such additional bonds or other obligations are in all respects junior and subordinate to the bonds authorized hereby; the issuance of such junior and subordinate bonds shall not impair the obligation of any provision of this ordinance, provided that interest on such junior and subordinate bonds may be paid prior to the making of the deposits into the accounts created by Section 7, paragraphs (c) and (d).

or

III

The restrictions upon the issuance of additional bonds or other obligations set out in this section shall not apply in the following circumstances:

(a) That the sewerage system should hereafter be destroyed or damaged to such an extent that it cannot be operated.

(b) That all funds received from insurance or otherwise available shall be insufficient to pay the cost of the restoration of said sewerage system to such a condition that it can again be operated. The cost of such restoration shall be determined by the estimate of a reputable and competent engineer or engineering firm or corporation, selected by the City, with the approval of the holders of 75% of the outstanding bonds. This estimate shall be based upon plans and specifications for the restoration of the plant and system prepared for that purpose.

Page 13

(c) That the holders of at least 75% of the principal amount of the bonds authorized by this ordinance then outstanding shall give written consent to the issuance of additional bonds on a parity with the bonds authorized hereby and shall file such written consent with the Clerk of the City of Dixon. Such consents shall be acknowledged before a notary public and shall state the precise amount of additional bonds which may be issued.

Upon the occurrence of all of the circumstances above set out, in this sub-section III, additional bonds may be issued, regardless of the amount of revenue derived from the operation of the system for the then next preceding three fiscal years, solely for the purpose of paying the cost of restoring the sewerage system to reasonable working order in an amount not greater than the amount stated in the consents filed by the holders of the outstanding bonds and on a parity with the bonds authorized hereby.

SECTION 14. That the provisions of this ordinance shall constitute a contract between the City of Dixon and the holders of the bonds herein authorized to be issued, and after the issuance of the bonds no changes, additions or alterations of any kind shall be made hereto in any manner except in accordance with the provisions of this ordinance.

SECTION 15. That all bonds issued hereunder shall be payable as they mature equally and ratably, without regard to the date when said bonds shall actually be delivered, and shall enjoy parity of lien, one with the other, upon the revenues of said sewerage system.

SECTION 16. The holder of any bond authorized hereby or of any coupon representing interest accrued thereon may, by a civil action either at Law or in equity, by mandamus, injunction or otherwise, compel the City of Dixon or the officials thereof to perform all duties imposed upon said City by the provisions of this ordinance or otherwise imposed by law, including the continued operation of the sewerage system, the fixing and collecting of sufficient rates and charges for the services thereof, the segregation and allocation and disposition of the revenues derived from said system, the payment of any bonds chargeable to the revenues of such system or the interest thereon and the performance of any covenant set out in this ordinance.

SECTION 17. That, when the bonds authorized hereby shall have been prepared and executed, they shall be lodged with the City Treasurer who shall deliver the bonds to the purchasers thereof, upon payment of the purchase price in accordance with the contract for the sale of said bonds heretofore made by the City Council, which contract is hereby ratified and confirmed. The sum of Three Thousand, Five Hundred Dollars (\$3,500.) shall be remitted forth-

---

with to the bank herein designated as paying agent for said bonds, to be held by that bank for the payment of interest as it accrues. The remaining proceeds of said bonds shall be deposited in a banking institution which is a member of the Federal Deposit Insurance Corporation and shall be designated the "SEWER CONSTRUCTION ACCOUNT." The amount so deposited in said account shall be expended only for the purpose of paying a part of the cost of constructing extensions and improvements to the sewerage system of said City as contemplated by this ordinance. Such payments shall be made only upon presentation to the proper authorities of said City of a certificate executed by the person, firm, or corporation charged with the supervision of the construction of said improvements. Such certificate shall state:

(a) That the purpose for which the payment is to be made is within the scope of the work contemplated by this ordinance;

(b) That the work done or the materials furnished are in accordance with the contract therefor (if such work is done or materials furnished under a contract), or that such work or materials are suitable for their purpose (if such payments are not covered by an express contract); and

(c) That the amount of such payment is in accordance with the contract, or is a reasonable amount;

provided, however, that nothing herein shall be construed as prohibiting the payment, without such certificate, of expenses incident to the issuance of the bonds authorized hereby. The provisions of this Section are hereby declared to be a part of the contract evidenced by the bonds authorized hereby. Any surplus remaining after the payment of all costs of the construction of the said improvements shall be transferred to the BOND Account created in Section 7 (b) of this ordinance.

The amount received as accrued interest upon delivery of said bonds shall be deposited in the aforesaid Bond Account and shall be remitted to the paying agent at the time of the delivery of the bonds.

SECTION 18. That when the bonds authorized hereby have been prepared and executed they shall be lodged with the City Treasurer, who shall deliver them to the purchasers thereof upon payment of the purchase price in accordance with the contract for the sale of said bonds, which is hereby ratified and confirmed.

SECTION 19. That the principal proceeds derived from the sale of the bonds hereby authorized above mentioned, shall be deposited by the City Treasurer in a bank or banks to be designated by the City Council, and such fund shall be designated "Construction Fund". Any amount paid as accrued interest shall be deposited in the Sewerage Fund and credited to the Sewerage Interest and Principal Account.

Payments from the Construction Fund shall be made by the City Treasurer from time to time but only upon order of the City Council and on presentation of a certificate of the engineer charged with the construction of the improvements and extensions to the sewerage system. Such certificate shall state:

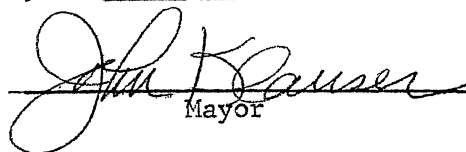

(a) That the work done or the materials obtained were within the contract or contracts for the construction of the improvements (if such work was done or materials and supplies obtained under a contract), or that the work which was done or the materials or supplies obtained were within the scope of the contemplated improvement;

(b) That the work done or the materials or supplies obtained meet all the requirements of the contract (if such work was done or material supplied under contract), or that such work was done in an efficient and workmanlike manner, or that such supplies or materials are of proper quality.

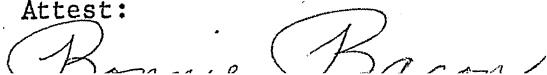

(c) That the amount to be paid is within the contract price (if such work was done or materials or supplies obtained under contract), or that it is a reasonable value of such work, material or supplies.

SECTION 20. That if any section, paragraph, clause or provision of this ordinance shall be held invalid, the invalidity of such section, paragraph, clause or provision shall be held invalid, the invalidity of such section, paragraph, clause or provision shall not affect any other provision of this ordinance.

BILL NO.

127

ORDINANCE NO.

127

AN ORDINANCE ESTABLISHING RATES AND CHARGES FOR THE SERVICES OF THE SEWERAGE SYSTEM OF THE CITY OF DIXON, PULASKI COUNTY, MISSOURI, AND REQUIRING THAT SEWERAGE CONNECTIONS BE MADE TO SAID SYSTEM.

WHEREAS, the City of Dixon has adopted Ordinance No. 122, directing the construction of improvements and extensions to its Sanitary Sewerage System, thereto and providing for the issuance of Seventy Thousand Dollars (\$70,000) Sewerage System Revenue Bonds of the City for the purpose of paying part of the cost of such improvements and extensions: and

WHEREAS, it is now necessary that rates and charges be established for the services to be rendered by said sewerage system:

NOW, THEREFORE, BE IT ORDAINED BY THE BOARD OF ALDERMEN OF THE CITY OF DIXON, MISSOURI, AS FOLLOWS:

SECTION 1. That the following rates and charges for the use and services of the sewerage system of the City of Dixon, based on the amount of water consumed are hereby established.

<u>Water Used Per Month</u>	<u>In City Limits Sewer Service Charge</u>	<u>Outside City Limits Sewer Service Charge</u>
Minimum 2,000 Gallons or less	\$1.00	\$2.25

The sewerage charges are being established at the minimum rate of \$1.00 for the first 2,000 gallons, or 50% of the Water Bill, which ever is the greater, for people residing within the City limits, and a minimum of \$2.25 or 75% of the Water Bill, or which ever is the greater for people residing outside the City limits that have sewer service. Whenever any charge for sewerage service is to be made to any lot, parcel of land or premises which is not supplied with water or where there is no water meter, then the monthly charge shall be \$2.50 per month.

Whenever for any cause a water meter fails to operate, a reasonable estimate shall be made by Water Superintendent of the amount of water supplied during the period such meter fails to operate and the user shall pay a sewer rate based in whole or in part on the estimated amount of water supplied.

SECTION 2. Charges for sewerage service shall be made and collected against each lot, parcel of land or premises to which water is supplied by the City Sewerage System

2

and for which sewerage service has been contracted, and charges for sewerage service shall be made and collected against each lot, parcel of land or premises which may have any active sewer connection with the sewerage system of the City of Dixon of which may actively discharge sewage or industrial waste directly into said system or any part thereof.

Charges for sewerage services only shall be made and collected against each such lot, parcel of land or premises, which shall not in addition receive water from the City.

SECTION 3. Bills for rates and charges herein established shall be made out by the Water and Sewer Superintendent and shall be sent out monthly. The bills shall be payable on the first day of the month following the reading of the water meters. All bills shall be payable at the office of Collector.

SECTION 4. If any charge for the services of the sewer system shall not be paid by the 20th day of the month in which it shall become due and payable a delayed payment charge of 10% of the amount of the bill shall be added thereto and collected therewith.

SECTION 5. Charges for water service and sewerage service shall be united in the same bill and payment of the one charge shall not be accepted without payment of the other charge.

SECTION 6. Whenever any lot, parcel of land or premises, after the effective day of this ordinance, shall become connected to the Sewer System for sewerage services, a deposit of \$10.00 shall be made. Such deposit shall be held by the City of Dixon and shall be applied to the payment of any bill not paid by the 30th day of the month in which it is due. When sewer service shall be disconnected the amount of such deposit, less the amount applied to the payment of charges shall be returned to the depositor without interest.

SECTION 7. If any bills for the sewer system shall remain unpaid after ~~ten~~<sup>twenty</sup> (20) days following the rendition of the bill therefor, the water supply for the lot, parcel of land or premises affected shall be cut off and shall not be again turned on except on payment in full of the delinquent charges therefor, in addition to the payment of a charge of \$1.00.

SECTION 8. The owner of any lot, parcel of land or premises receiving services of the sewerage system of the City, the occupant of such premises and the user of the services shall be jointly and severally liable for the payment of services to such lot, parcel of land or premises and all services are rendered to the premises by the City of Dixon only on the condition that such owner, occupant and user shall be jointly and severally liable therefor to the City of Dixon.

SECTION 9. Whenever any lot, parcel of land or premises, after the effective date of this ordinance, shall become connected to the sewerage system of the City, the following connection charges shall be imposed:

\$50.000 shall be charges as a connection charge to any lot, parcel of land or premise that shall apply for Sewerage Service of the Sewerage System. The connection

3

to the Sewer System must be made by the applicant for Sewerage Service, and must be approved by the Superintendent of the Water and Sewerage System.

SECTION 10. A charge of \$1.00 will be made for shutting off and turning on Sewer services, except at the time of the commencement of such service or at its termination.

SECTION 11. All revenues derived from the operation of the sewerage system shall be set aside as collected and deposited in the Sewerage Fund established by the ordinance mentioned in the preamble hereto, and shall be held and disbursed in accordance with ordinance 122, and such revenues shall be kept in a bank account separate and distinct from all other funds or bank accounts of the City, and proper records and accounts separate and apart from all other records and accounts, shall be maintained, as provided by the above mentioned Ordinance No. 122.

SECTION 12. That the use of any premises in the City of Dixon in such manner as to create sewerage thereon not discharged into the sewerage system of said City is hereby declared to be a nuisance; every water closet or privy connected and used in any building not connected with the sewerage system of said City is hereby declared to be a nuisance, provided that this Section shall be inapplicable to premises where connection with said sewerage system is not feasible. Such connection with the sewerage system is hereby declared to be feasible as to any premises abutting any street, alley or other public way or sewer right-of-way in which any line of the sewerage system of the City exists.

SECTION 13. The owner of any premises so used as to create sewage or on which there exists any water closet or privy, or any tenant or other person occupying any such premises is hereby required to cause proper connection to be made with the sewerage system of said City within one year from the date when such connection with the sewerage system shall become feasible or prior to July 1, 1964, whichever date shall be the first to occur.

SECTION 14. The sewer rates established by this Ordinance shall go into effect December 1, 1963.

WHEREAS, pursuant to said ordinance, notice of said election was duly prepared and executed and the same was duly published in the manner provided by law, and

WHEREAS, said special election was duly held in accordance with the provisions of said ordinance and notice and the statutes of the State of Missouri, and

WHEREAS, the votes cast at said special election were duly canvassed as provided by law, and it appeared that more than two thirds of the legal voters of said City voting at said election voted in favor of the creation of said indebtedness and that the proposition to authorize the issuance of said bonds was carried by a vote of 79 votes for said proposition and 26 votes against said proposition, and

WHEREAS, it is necessary that all of the bonds so authorized be issued and delivered at this time for the purpose aforesaid,

NOW, THEREFORE, BE IT ORDAINED BY THE BOARD OF ALDERMEN OF THE CITY OF DIXON, MISSOURI, AS FOLLOWS:

Section 1. That for the purpose of constructing a new fire station, there shall be issued and hereby are issued Fire Station Bonds of the City of Dixon, Missouri, in the total principal amount of \$25,000.

Section 2. Said issue shall consist of 5 bonds, numbered from 1 to 5, inclusive, bonds numbered 1 to 5, inclusive, being in the denomination of \$5,000 each. All of said bonds shall be dated February 1, 1970, and said bonds shall become due serially on March 1 in each year, without option of prior payment, and shall bear interest as follows:

<u>NUMBERS</u>	<u>TOTAL</u>	<u>MATURITY</u> <u>MARCH 1</u>	<u>INTEREST</u>
1 - 2	\$10,000	1979	6%
3 - 5	15,000	1980	6%

All of said bonds shall bear interest at the rate of six per cent (6%) per annum.

Interest on said bonds shall be payable September 1, 1970, and thereafter semiannually on March 1 and September 1 in each year.

Both principal of and interest on said bonds shall be payable in lawful money of the United States of America, at State Bank of Dixon, in the City of Dixon, Missouri.

Section 3. Said bonds shall be signed by the Mayor and attested by the City Clerk of said City, and shall have the corporate seal of the City affixed thereto, and interest coupons shall be attached to said bonds, which coupons shall bear the facsimile signatures of the City Clerk and Mayor of said City.

Section 4. Said bonds shall be executed in the form and shall contain recitals substantially as follows:

No. \_\_\_\_\_

\$5,000

UNITED STATES OF AMERICA  
STATE OF MISSOURI  
COUNTY OF PULASKI

CITY OF DIXON

FIRE STATION BOND

KNOW ALL MEN BY THESE PRESENTS: That the City of Dixon, in the County of Pulaski, State of Missouri, hereby acknowledges itself to be indebted and, for value received, hereby promises to pay to bearer the sum of

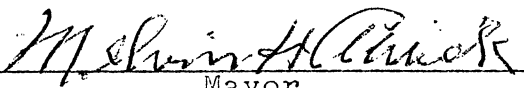

FIVE THOUSAND DOLLARS

on the First day of March, 19  , with interest thereon from the date hereof at the rate of six per cent (6%) per annum, payable September 1, 1970, and thereafter semiannually on March 1 and September 1 in each year, on presentation and surrender of the annexed interest coupons as they severally become due, both principal of and interest on this bond being payable in lawful money of the United States of America; and both principal of and interest on this bond are hereby made payable at State Bank of Dixon, in the City of Dixon, Missouri. And said City of Dixon, Missouri, is held and firmly bound by these presents, and the full faith, credit and resources of said City are hereby irrevocably pledged for the prompt payment of said principal and interest at maturity.

This bond is one of a series of 5 bonds of like date and tenor, excepting number and maturity, aggregating the principal amount of \$25,000 issued by said City for the purpose of constructing a new fire station, in full compliance with the Constitution and laws of the State of Missouri, and pursuant to an election duly held in said City on December 5, 1969, at which election more than two thirds of the legal voters of said City voting at said election voted in favor of the issuance of said bonds, and ordinances duly passed and proceedings duly held by the Board of Aldermen and approved by the Mayor of said City.

And it is hereby declared and certified that all acts, conditions and things required by law to be done and to exist precedent to and in the issuance of this bond have been properly done and performed and do exist in due and regular form and manner as required by the Constitution and laws of the State of Missouri; that a direct annual tax upon all of the taxable tangible property situated in said City has been levied for the payment of the principal and interest of this bond as they fall due, and that the total indebtedness of said City, including this bond and the series of which it is one, does not exceed any constitutional or statutory limitation.

IN WITNESS WHEREOF, the City of Dixon, Missouri, has executed this bond by causing it to be signed by its Mayor and attested by its City Clerk, and its corporate seal to be hereto affixed, and has caused the annexed interest coupons to be executed with the facsimile signatures of said officers, and this bond to be dated this First day of February, 1970.

1980	450	---	15,000	15,450

Section 6. That the taxes above levied shall be extended upon the tax rolls in each of the several years, respectively, and shall be levied and collected at the same time and in the same manner that other city taxes are levied and collected, and the proceeds derived from said taxes shall be used exclusively for the payment of the principal and interest of the bonds herein authorized.

Section 7. The City Treasurer is hereby authorized to forward to State Bank of Dixon, in Dixon, Missouri, sums sufficient to pay both principal and interest of said bonds and interest coupons as the same become due, and also to pay the usual and customary bank collection charges made by banks throughout the United States of America for the collection of principal and interest.

Section 8. When said bonds have been executed as aforesaid, they shall be submitted to the State Auditor for registration as provided by law, and when duly registered, they shall be delivered to Stern Brothers & Co., of Kansas City, Missouri, the purchaser thereof, upon payment of the purchase price.

ORDINANCE NO. 140

AN ORDINANCE FOR THE EXTENSION OF THE CORPORATE  
LIMITS OF THE CITY OF DIXON, MISSOURI; AND  
PROVIDING FOR THE SUBMISSION OF SAID PROPOSAL  
AT GENERAL ELECTION ON APRIL 6, 1971

WHEREAS, the Board of Aldermen of the City of Dixon, Missouri, by Resolution No. 139, duly enacted on the 19th day of May, 1970, and on that day approved by the Mayor of the said City of Dixon, did deem and declare that it is reasonable and necessary for the proper development of the City of Dixon, Missouri, that a certain described tract of land be annexed by said City, and by said Resolution did authorize and direct the City Attorney to institute such legal proceedings in the name of the City of Dixon, Missouri, under the provisions of Section 71.015, Revised Statutes of Missouri, as shall be necessary to extend the corporate limits of the City of Dixon, Missouri, so as to include the area of the proposed annexation; and,

WHEREAS, on petition of the City of Dixon, Missouri, filed in the Circuit Court of Pulaski County, Missouri, against the owners of property included within the area of the proposed annexation, said Court, on the 6th day of January, 1971, entered its Declaratory Judgment, wherein said Court found and declared that the inclusion of the land in the area of the proposed annexation within the corporate limits of the City of Dixon, Missouri, is reasonable and necessary to the proper development of the City of Dixon, Missouri; and

WHEREAS, said Court, in its Declaratory Judgment, did order that the City of Dixon, Missouri, be and it was thereby authorized to proceed according to law with election on question of such annexation;

NOW THEREFORE, BE IT ORDAINED BY THE BOARD OF ALDERMEN OF THE CITY OF DIXON, MISSOURI, as follows:

Section 1: That the limits of the City of Dixon, Missouri, be extended so as to embrace and include all of that part of the territory lying adjacent to the City of Dixon, Missouri, and being bounded by the present corporate limits of said City and the proposed corporate limits of said City described as follows:

All of the Northwest Quarter (NW $\frac{1}{4}$ ) of the Southwest Quarter (SW $\frac{1}{4}$ ) of the Southwest Quarter (SW $\frac{1}{4}$ ) of Section 25, Township 38 North, Range 11 West, and adjoining the present City Limits of Dixon, Missouri, on the North side.

Section 2: That the proposition for the extension of the corporate limits of the City of Dixon, Missouri, as above set forth shall be submitted to the voters of the City of Dixon, Missouri, at the General Election to be held in the City of Dixon, Missouri, on Tuesday, April 6, 1971. The City Clerk is hereby authorized and directed to give notice of said election by publication in some newspaper published in the City of Dixon, Missouri, as the law requires. Such notice shall be published at least fifteen (15) days before the day of each election and said notice shall state the time and place of holding said election and shall describe the land to be included within said area of the proposed annexation. Said election shall be conducted as all other elections in the City.

Section 3: The City Clerk shall prepare and cause to be printed ballots to be used at such election, which said ballots shall be substantially in the following form:

PROPOSITION FOR EXTENSION OF CITY LIMITS: SHALL THE CORPORATE LIMITS OF THE CITY OF DIXON, MISSOURI, BE EXTENDED SO AS TO EMBRACE AND INCLUDE ALL OF THAT PART OF THE TERRITORY LYING ADJACENT TO THE EXISTING CORPORATE LIMITS OF THE CITY OF DIXON, MISSOURI, AND LYING BETWEEN THE SAID EXISTING CORPORATE LIMITS OF THE CITY OF DIXON, MISSOURI, AND THE PROPOSED CORPORATE LIMITS OF THE CITY OF DIXON, MISSOURI, DESCRIBED AS FOLLOWS:

All of the Northwest Quarter (NW $\frac{1}{4}$ ) of the Southwest Quarter (SW $\frac{1}{4}$ ) of the Southwest Quarter (SW $\frac{1}{4}$ ) of Section 25, Township 38 North, Range 11 West, and adjoining the present City Limits of Dixon, Missouri, on the North side.

FOR EXTENSION OF CORPORATE LIMITS      YES     

FOR EXTENSION OF CORPORATE LIMITS      NO     

The former of which shall be deemed as a vote assenting to such extension of the corporate limits. The latter of which shall be deemed as a vote dissenting to such extension of the corporate limits.

Section 4: The corporate limits of the City of Dixon, Missouri, shall be extended and established as described and provided for in Section 1 of this Ordinance when a majority of the voters of the City of Dixon, Missouri, voting at the election herein provided for vote in favor of said extension of the corporate limits.

Section 5: This Ordinance shall be in full force and effect from and after the date of its passage and approval.

AN ORDINANCE REGULATING THE USE OF PUBLIC AND PRIVATE SEWERS AND DRAINS, PRIVATE SEWAGE DISPOSAL, THE INSTALLATION AND CONNECTION OF BUILDING SEWERS, AND THE DISCHARGE OF WATERS AND WASTES INTO THE PUBLIC SEWER SYSTEMS; AND PROVIDING PENALTIES FOR VIOLATIONS THEREOF; IN THE CITY OF DIXON, MISSOURI.

BE IT ORDAINED BY THE BOARD OF ALDERMAN OF THE CITY OF DIXON, MISSOURI AS FOLLOWS:

ARTICLE I

Unless the context specifically indicates otherwise, the meaning of terms used in this ordinance shall be as follows:

Section 1: "BOD" (denoting Biochemical Oxygen Demand) shall mean the quantity of oxygen utilized in the biochemical oxidation of organic matter under standard laboratory procedure in five (5) days at 20 degrees C, expressed in milligrams per liter.

Section 2: "Building Drain" shall mean that part of the lowest horizontal piping of a drainage system which receives the discharge from soil, waste, and other drainage pipes inside the walls of the building and conveys it to the building sewer, beginning five (5) feet (1.5 meters) outside the inner face of the building wall.

Section 3: "Building Sewer" shall mean the extension from the building drain to the public sewer or other place of disposal.

Section 4: "City" shall mean City of Dixon, Missouri.

Section 5: "Garbage" shall mean solid wastes from the domestic and commercial preparation, cooking, and dispensing of food, and from the handling, storage, and sale of produce.

Section 6: "Industrial Wastes" shall mean the liquid wastes from industrial manufacturing processes, trade, or business as distinct from sanitary sewage.

Section 7: "Natural Outlet" shall mean any outlet into a watercourse, pond, ditch, lake, or other body of surface or groundwater.

Section 8: "Person" shall mean any individual, firm, company, association, society, corporation, or group.

Section 9: "PH" shall mean the logarithm of the reciprocal of the weight of hydrogen ions in grams per liter of solution.

Section 10: "Properly Shredded Garbage" shall mean the wastes from the preparation, cooking, and dispensing of food that have been shredded to such a degree that all particles will be carried freely under the flow conditions normally prevailing in public sewers, with no particle greater than one-half ( $\frac{1}{2}$ ) inch (1.27 centimeters) in any dimension.

Section 11: "Public Sewer" shall mean a sewer in which all owners of abutting properties have equal rights, and is controlled by public authority.

Section 12: "Sanitary Sewer" shall mean a sewer which carries sewage and to which storm, surface, and groundwaters are not intentionally admitted.

Section 13: "Sewage" shall mean a combination of the water-carried wastes from residences, business buildings, institutions, and industrial establishments, together with such ground, surface, and stormwaters as may be present.

Section 14: "Sewage Treatment Plant" shall mean any arrangement of devices and structures used for treating sewage.

Section 15: "Sewage Works" shall mean all facilities for collecting, pumping, treating, and disposing of sewage.

Section 16: "Sewer" shall mean a pipe or conduit for carrying sewage.

Section 17: "Shall" is mandatory; "May" is permissive.

Section 18: "Slug" shall mean any discharge of water, sewage, or industrial waste which in concentration of any given constituent or in quantity of flow exceeds for any period of duration longer than fifteen (15) minutes more than five (5) times the average twenty-four (24) hour concentration or flows during normal operation.

Section 19: "Storm Drain" (sometimes termed "storm sewer") shall mean a sewer which carries storm and surface waters and drainage, but excludes sewage and industrial wastes, other than unpolluted cooling water.

Section 20: "Superintendent" shall mean the city employee in charge of the city water and sewer distribution system or his authorized deputy.

Section 21: "Suspended Solids" shall mean solids that either float on the surface of, or are in suspension in water, sewage, or other liquids, and which are removable by laboratory filtering.

Section 22: "Watercourse" shall mean a channel in which a flow of water occurs, either continuously or intermittently.

## ARTICLE II

### Use of Public Sewers Required

Section 1: It shall be unlawful for any person to place, deposit, or permit to be deposited in any unsanitary manner on public or private property within the City of Dixon, or in any area under the jurisdiction of said City, any human or animal excrement, garbage, or other objectionable waste.

Section 2: It shall be unlawful to discharge to any natural outlet within the City of Dixon, or in any area under the jurisdiction of said City, any sewage or other polluted waters, except where suitable treatment has been provided in accordance with subsequent provisions of this ordinance.

Section 3: Except as hereinafter provided, it shall be unlawful to construct or maintain any privy, privy vault, septic tank, cesspool, or other facility intended or used for the disposal of sewage.

Section 4: The owner of all houses, buildings, or properties used for human occupancy, employment, recreation, or other purposes, situated within the City and abutting on any street, alley or right of way in which there is now located or may in the future be located a public sanitary sewer of the City, is hereby required at his expense to install suitable toilet facilities therein, and to connect such facilities directly with the proper public sewer in accordance with the provisions of this ordinance with provisions of this ordinance, within ninety (90) days after date of official notice to do so, provided that said public sewer is within six hundred sixty (660) feet of the property line.

### ARTICLE III

#### Private Sewage Disposal

Section 1: Where a public sanitary sewer is not available under the provisions of Article II, Section 4, the building sewer shall be connected to a private sewage disposal system complying with the provisions of this article.

Section 2: Before commencement of construction of a private sewage disposal system the owner shall first obtain a written permit signed by the Superintendent. The application for such permit shall be made on a form furnished by the City, which the applicant shall supplement by any plans, specifications, and other information as are deemed necessary by the Superintendent. A permit and inspection fee of Twenty-five Dollars (\$25.00) shall be paid to the City at the time the application is filed.

Section 3: A permit for a private sewage disposal system shall not become effective until the installation is completed to the satisfaction of the Superintendent. He shall be allowed to inspect the work at any stage of construction and, in any event, the applicant for the permit shall notify the Superintendent when the work is ready for final inspection, and before any underground portions are covered. The inspection shall be made within eight (8) hours of the receipt of notice by the Superintendent.

Section 4: Type, capacities, location, and layout of a private sewage disposal system shall comply with all recommendations of the Missouri Water Pollution Board. No permit shall be issued for any private sewage disposal system employing subsurface soil absorption facilities where the area of the lot is less than one acre. No septic tank or cesspool shall be permitted to discharge to any natural outlet.

Section 5: At such time as a public sewer becomes available to a property served by a private sewage disposal system, as provided in Article III, Section 4, a direct connection shall be made to the public sewer in compliance with this ordinance and any septic tanks, cesspools, and similar private sewage disposal facilities shall be abandoned and filled with suitable material.

Section 6: The owner shall operate and maintain the private sewage disposal facilities in a sanitary manner at all times, at no expense to the City.

Section 7: No statement contained in this article shall be construed to interfere with any additional requirements that may be imposed by the Health Officer.

Section 8: When a public sewer becomes available, the building sewer shall be connected to said sewer within sixty (60) days and the private sewage disposal system shall be cleaned of sludge and filled with clean bank-run gravel or dirt.

#### ARTICLE IV

##### Building Sewers and Connections

Section 1: No unauthorized person shall uncover, make any connections with or opening into, use, alter, or disturb any public sewer or appurtenance thereof without first obtaining a written permit from the Superintendent.

Section 2: There shall be two (2) classes of building sewer permits: (a) for residential and commercial service, and (b) for service to establishments producing industrial wastes. In either case, the owner or his agent shall make application shall be supplemented by any plans, specifications, or other information considered pertinent in the judgment of the Superintendent. A permit and inspection fee of Fifteen (\$15.00) Dollars for a residential or commercial building sewer permit and Twenty-five (\$25.00) Dollars for an industrial or school building sewer permit shall be paid to the City at the time the application is filed.

Section 3: All costs and expense incident to the installation and connection of the building sewer shall be borne by the owner. The owner shall indemnify the City from any loss or damage that may directly or indirectly be occasioned by the installation of the building sewer.

Section 4: A separate and independent building sewer shall be provided for every building; except where one building stands at the rear of another on an interior lot and no private sewer is available or can be constructed to the rear building through an adjoining alley, court, yard, or driveway, the building sewer from the front building may be extended to the rear building and the whole considered as one building sewer.

Section 5: Old building sewers may be used in connection with new buildings only when they are found, on examination and test by the Superintendent, to meet all requirements of this ordinance.

Section 6: The size, slope, alignment, materials of construction of a building sewer, and the methods to be used in excavating, placing of the pipe, jointing, testing, and backfilling the trench, shall all conform to the requirements of the building and plumbing code or other applicable rules and regulations of the City. In absence of code provisions or in amplification thereof, the materials and procedures set forth in appropriate specifications of The A. S. T. M. shall apply.

Section 7: Whenever possible, the building sewer shall be brought to the building at an elevation below the basement floor. In all buildings in which any building drain is too low to permit gravity flow to the public sewer, sanitary sewage carried by such building drain shall be lifted by an approved means and discharged to the building sewer.

Section 8: No person shall make connection of roof downspouts, exterior foundation drains, areaway drains, or other sources of surface runoff or groundwater to a building sewer or building drain which in turn is connected directly or indirectly to a public sanitary sewer.

Section 9: The applicant for the building sewer permit shall notify the Superintendent when the building sewer is ready for inspection and connection to the public sewer. The connection shall be made under the supervision of the Superintendent or his representative.

Section 10: All excavations for building sewer installation shall be adequately guarded with barridades and lights so as to protect the public from hazard. Streets, sidewalks, parkways, and other public property disturbed in the course of the work shall be restored in a manner satisfactory to the City.

#### ARTICLE V

##### Use of the Public Sewers

Section 1: No person shall discharge or cause to be discharged any storm-water, surface water, groundwater, roof runoff, subsurface drainage, uncontaminated cooling water, or unpolluted industrial process waters to any sanitary sewer.

Section 2: Stormwater and all other unpolluted drainage shall be discharged to such sewers as are specifically designated as storm sewers, or to a natural outlet approved by the Superintendent. Industrial cooling water or unpolluted process waters may be discharged, on approval of the Superintendent, to a storm sewer, or natural outlet.

Section 3: No person shall discharge or cause to be discharged any of the following described waters or wastes to any public sewers:

(a) Any gasoline, benzen, naphtha, fuel oil, oil, grease, or other flammable or explosive liquid, solid, or gas.

(b) Any waters or wastes containing toxic or poisonous solids, liquids, or gases in sufficient quantity, either singly or by interaction with other wastes, to injure or interfere with any sewage treatment process, constitute a hazard to humans or animals, create a public nuisance, or create any hazard in the receiving waters of the sewage treatment plant, including but not limited to cyanides in excess of two (2) mg/l as CN in the wastes as discharged to the public sewer.

(c) Any waters or wastes having a PH lower than 5.5, or having any other corrosive property capable of causing damage or hazard to structures, equipment, and personnel of the sewage works.

(d) Solid or viscous substances in quantities or of such size capable of causing obstruction to the flow in sewers, or other interference with the proper operation of the sewage works such as, but not limited to, ashes, cinders, sand, mud, straw, shavings, metal, glass, rags, feathers, tar, plastics, wood, unground garbage, whole blood, paunch manure, hair and fleshings, entrails and paper dishes, cups, milk containers, etc. either whole or ground garbage grinders.

Section 4: No person shall discharge or cause to be discharged the following described substances, materials, waters, or wastes, if it appears likely in the opinion of the Superintendent that such wastes can harm either the sewers, sewage treatment process, or equipment, have an adverse effect on the receiving stream, or can otherwise endanger life, limb, public property, or constitute a nuisance. In forming his opinion as to the acceptability of these wastes, the Superintnednet will give consideration to such factors as the quantities of subject wastes in relation to flows and velocities in the sewers, materials of construction of the sewers, nature of the sewage treatment process, capacity of the sewage treatment plant, degree of treatability of wastes in the sewage treatment plant, and other pertinent factors. The substances prohibited are:

(a) Any liquid or vapor having a temperature higher than one hundred fifty (150) degrees F (65°C).

(b) Any water or waste containing fats, wax, grease, or oils, whether emulsified or not, in excess of one hundred (100) mg/l or containing substances which may solidify or become viscous at temperatures between thirty-two (32) and one hundred fifty (150) degrees F (0 and 65 degrees C).

(c) Any garbage that has not been properly shredded. The installation and operation of any garbage grinder equipped with a motor of three-fourths (3/4) horsepower (0.76 hp metric) or greater shall be subject to the review and approval of the Superintendent.

(d) Any waters or wastes containing strong acid iron pickling wastes, or concentrated plating solutions whether neutralized or not.

(e) Any waters or wastes containing iron, chromium, copper, zinc, and similar objectionable or toxic substances; or wastes exerting an excessive chlorine requirement, to such degree that any such material received in the composite sewage at the sewage treatment works exceeds the limits established by the Superintendent for such materials.

(f) Any waters or wastes containing phenols or other taste or odor producing substances, in such concentrations exceeding limits which may be established by the Superintendent as necessary, after treatment of the composite sewage, to meet the requirements of the State, Federal, or other public agencies of jurisdiction for such discharge to the receiving waters.

(g) Any radioactive wastes or isotopes of such half-life or concentration as may exceed limits established by the Superintendent in compliance with applicable State or Federal regulations.

(h) Any waters or wastes having a PH in excess of 9.5.

(i) Materials which exert or cause:

(1) Unusual concentrations of inert suspended solids (such as, but not limited to, Fullers earth, lime slurries, and lime residues) or of dissolved solids (such as, but not limited to, sodium chloride and sodium sulfate).

(2) Excessive discoloration (such as, but not limited to, dye wastes and vegetable tanning solutions).

(3) Unusual BOD, chemical oxygen demand, or chlorine requirements in such quantities as to constitute a significant load on the sewage treatment works.

(4) Unusual volume of flow or concentration of wastes constituting "slugs" as defined herein.

(j) Waters or wastes containing substances which are not amenable to treatment or reduction by the sewage treatment processes employed, or are amenable to treatment only to such degree that the sewage treatment plant effluent cannot meet the requirements of other agencies having jurisdiction over discharge to the receiving waters.

Section 5: If any waters or wastes are discharged, or are proposed to be discharged to the public sewers, which waters contain the substances or possess the characteristics enumerated in Section 4 of the Article, and which in the judgment of the Superintendent, may have a deleterious effect upon the sewage works, processes, equipment, or receiving waters, or which otherwise create a hazard to life or constitute a public nuisance, the Superintendent may:

(a) Reject the wastes,

(b) Require pretreatment to an acceptable condition for discharge to the public sewers,

(c) Require control over the quantities and rates of discharge, and/or

(d) Require payment to cover the added cost of handling and treating the wastes not covered by existing taxes or sewer charges under the provisions of Section 10 of this article.

If the Superintendent permits the pretreatment or equalization of waste flows, the design and installation of the plants and equipment shall be subject to the review and approval of the Superintendent, and subject to the requirements of all applicable codes, ordinances, and laws.

Section 6: Grease, oil, and sand interceptors shall be provided when, in the opinion of the Superintendent, they are necessary for the proper handling of liquid wastes containing grease in excessive amounts, or any flammable wastes, sand, or other harmful ingredients; except that such interceptors shall not be required for private living quarters or dwelling units. All interceptors shall be of a type and capacity approved by the Superintendent, and shall be located as to be readily and easily accessible for cleaning and inspection.

Section 7: Where preliminary treatment or flow-equalizing facilities are provided for any waters or wastes, they shall be maintained continuously in satisfactory and effective operation by the owner at his expense.

Section 8: When required by the Superintendent, the owner of any property serviced by a building sewer carrying industrial wastes shall install a suitable control manhole together with such necessary meters and other appurtenances in the building sewer to facilitate observation, sampling, and measurement of the wastes. Such manhole, when required, shall be accessibly and safely located, and shall be constructed in accordance with plans approved by the Superintendent. The manhole shall be installed by the owner at his expense, and shall be maintained by him so as to be safe and accessible at all times.

Section 9: All measurements, tests, and analyses of the characteristics of waters and wastes to which reference is made in this ordinance shall be determined in accordance with the latest edition of "Standard Methods for the Examination of Water and Wastewater", published by the American Public Health Association, and shall be determined at the control manhole provided, or upon suitable samples taken at said

control manhole. In the event that no special manhole has been required, the control manhole shall be considered to be the nearest downstream manhole in the public sewer to the point at which the building sewer is connected. Sampling shall be carried out by customarily accepted methods to reflect the effect of constituents upon the sewage works and to determine the existence of hazards to life, limb, and property. (The particular analyses involved will determine whether a twenty-four (24) hour composite of all outfalls of a premise is appropriate or whether a grab sample or samples should be taken. Normally, but not always, BOD and suspended solids analyses are obtained from 24 hour composites of all ourfalls whereas PH's are determined from periodic grab samples.)

Section 10: No statement contained in this article shall be construed as preventing any special agreement or arrangement between the City and any industrial concern whereby an industrial waste of unusual strength or character may be accepted by the City for treatment, subject to payment therefore, by the industrial concern.

#### ARTICLE VI

##### Protection from Damage

Section 1: No unauthorized person shall maliciously, willfully, or negligently break, damage, destroy, uncover, deface, or tamper with any structure, appurtenance, or equipment which is a part of the sewage works. Any person violating this provision shall be subject to immediate arrest under charge of disorderly conduct.

#### ARTICLE VII

##### Powers and Authority of Inspectors

Section 1: The Superintendent and other duly authorized employees of the City bearing proper credentials and identification shall be permitted to enter all properties for the purposes of inspection, observation, measurement, sampling, and testing in accordance with the provisions of this ordinance. The Superintendent or his representatives shall have no authority to inquire into any processes including

metallurgical, chemical, oil, refining, ceramic, paper, or other industries beyond that point having a direct bearing on the kind and source of discharge to the sewers or waterways or facilities for waste treatment.

Section 2: While performing the necessary work on private properties referred to in Article VII, Section 1 above, the Superintendent or duly authorized employees of the City employees and the City shall observe all safety rules applicable to the premises established by the company and the company shall be held harmless for injury or death to the City employees and the City shall indemnify the company against loss or damage to its property by City employees and against liability claims and demands for personal injury or property damage asserted against the company and growing out of the gauging and sampling operation, except as such may be caused by negligence or failure of the company to maintain safe conditions as required in Article V, Section 8.

Section 3: The Superintendent and other duly authorized employees of the City bearing the proper credentials and identification shall be permitted to enter all private properties through which the City holds a duly negotiated easement for the purpose of, but not limited to, inspection, observation, measurement, sampling, repair, and maintenance of any portion of the sewage works lying within said easement. All entry and subsequent work, if any, on said easement, shall be done in full accordance with the terms of the duly negotiated easement pertaining to the private property involved.

## ARTICLE VIII

### Penalties

Section 1: Any person found to be violating any provisions of this ordinance except Article VI shall be served by the City with written notice stating the nature of the violation and providing a reasonable time limit for the satisfactory correction thereof. The offender shall, within the period of time stated in such notice, permanently cease all violations.

Section 2: Any person who shall continue any violation beyond the time limit provided for in Article VIII, Section 1, shall be guilty of a misdemeanor and upon conviction shall be fined not less than One Hundred Dollars (\$100.00). Each day in which any such violation shall continue shall be deemed a separate offense.

Section 3: Any person violating any of the provisions of this ordinance shall become liable to the City for any expense, loss, or damage occasioned the City by reason of such violation.

## ARTICLE IX

### Validity

Section 1: All ordinance or parts of ordinances in conflict herewith are hereby repealed.

Section 2: The invalidity of any section, clause, sentence, or provision of this ordinance shall not affect the validity of any other part of this ordinance which can be given effect without such invalid part or parts.

## ARTICLE X

### Ordinance in Force

Section 1: This ordinance shall be in full force and effect from and after its passage and approval.

ORDINANCE NO. 149

AN ORDINANCE PROVIDING FOR A SEWER AND WATER CONNECTION FEE

BE IT ORDAINED BY THE MAYOR AND BOARD OF ALDERMEN OF THE CITY OF DIXON,  
MISSOURI AS FOLLOWS:

SECTION I. Declaration of Purpose. In as much as there has been a large increase in the cost of labor and materials and due to the fact in many instances sewer and water connections are requested for a short period of time over which practice works a hardship on the City of Dixon, Missouri, and its financial condition, the Board of Aldermen of the City of Dixon, Missouri deem and declare it necessary that there be a service charged and collected on and from all persons, firms or corporations requesting and demanding water and sewer services.

SECTION II. Hereafter, in addition to all other fees and charges now provided for, every person, firm or corporation requesting and demanding water and sewer service of and from the City of Dixon, Missouri, shall be required to pay the following service connection fees:

A. Residential and commercial other than trailer or mobile homes  
sum of \$50.00.

B. For trailer and mobile homes the sum of \$100.00.

SECTION III. This ordinance shall take effect and be enforce from and after the date of its passage.

Passed by the Board of Aldermen of the City of Dixon, Missouri, and approved by the Mayor this 7th day of May, 1974.

Ordinance No. 150 2 May 24

AN ORDINANCE RELATING TO WATER AND SEWER SERVICES FURNISHED OUTSIDE CORPORATE LIMITS OF THE CITY OF DIXON.

Be it ordained by the Board of Aldermen of the City of Dixon, Missouri, as follows:

SECTION 1. All persons who are now receiving or who may hereafter receive water and sewer service from the City of Dixon, Missouri, at a point outside and beyond the corporate limits of the City of Dixon, Missouri, shall be subject to the provisions of this ordinance and all rules and regulations made pursuant thereto and this ordinance and such rules shall constitute an agreement between such persons and the City of Dixon.

SECTION 2. The City of Dixon is not, nor shall it be, obligated to construct or lay any extension to any existing water main, nor to serve any properties not now being served by the City; and it shall be unlawful for any person, firm or corporation to connect any pipe or line to the present water systems without the written approval of the City of Dixon, and under such terms and conditions as the city may at the time prescribe.

SECTION 3. The city shall install a water meter for each residence or building being served and the owner of such residence or building shall pay the cost of such installation in an amount not to exceed \$50.00 dollars; and not more than one house or building shall be on one meter; and the quantity of water used upon any premises furnished by the City of Dixon shall be measured by the water meter serving the premises.

SECTION 4. The city shall cause such meters to be read and bills for water service shall be rendered monthly as services accrue. Such bills shall be paid by the customer not more than ten (10) days after the date of the bill, and if such bill is not paid, the customer shall be delinquent and shall forfeit his right to continue water service.

SECTION 5. The city reserves the right to disconnect any water service if any bill for such service is not paid by the twentieth of the same month in which the bill for service is due.

SECTION 6. The occupant and user of the premises receiving water and water service and the owner of such premises shall be jointly and severally liable to pay for such services rendered on the premises.

SECTION 7. Whenever in the judgment of the mayor the public exigency shall require it, he shall have the right and authority by proclamation, to limit in respect to time, or wholly suspend and prohibit for such length of time as such exigency shall in his judgment require, the drawing or use of water for fountains, or for street or yard sprinkling or for any such purpose or any purpose which he may declare not to be of strict necessity.

SECTION 8. Whenever any of the rules and regulations set out in this ordinance or such other rules and regulations as the city may adopt are violated the city shall have the right to discontinue service by shutting off the water from the building or place of such violation.

SECTION 9. The rates to be paid by the user of the water shall be as follows: For the first 2,000 gallons, \$ 4.12  
For each 100 gallons over 2,000 gallons, the sum of 0.14  
cents per 100 gallons.

SECTION 10. It shall be unlawful for any person to connect any sanitary sewer to any sewer line which is connected to or carries sewage to and through any sewer line belonging to the City of Dixon, Missouri without the written approval of the duly authorized representative of the City of Dixon, Missouri.

SECTION 11. Any person owning property outside of the corporate limits of the City of Dixon, Missouri, which is connected to a sewer which is connected to any city sewer main shall pay to the City of Dixon, Missouri the monthly sewer service charge equal to one-half of the water bill due the City of Dixon each month from such person. If such property has a source of water supply other than from the City of Dixon, Missouri, then the owner of such property shall pay to the City of Dixon, Missouri, in advance, an annual service charge of \$ \_\_\_\_\_.

SECTION 12. If any person shall fail or refuse to pay the sewer service charge as herein set forth or as may hereafter be provided, the City of Dixon, Missouri shall have the right to discontinue water service to the person so failing or refusing to pay or if the annual service fee is not paid, the city shall have the right to disconnect the sewer serving the property owned by such person failing and refusing to pay.

SECTION 13. This ordinance shall take effect and be in force from and after the date of its passage by the Board of Aldermen and its approval by the Mayor of the City of Dixon, Missouri.

Passed by the Board of Aldermen and approved by the Mayor this 7th day of May, 1974.

ORDINANCE NO. 151.

7 May 74

AN ORDINANCE PERTAINING TO THE  
SEWER AND WATER SYSTEMS; FIXING RATES AND CHARGES FOR USE OF  
SAME; PRESCRIBING RULES AND REGULATIONS;  
REPEALING ORDINANCES IN CONFLICT HEREWITH.

BE IT ORDAINED BY THE BOARD OF ALDERMEN OF THE CITY OF DIXON,  
MISSOURI, AS FOLLOWS:

SECTION 1. COMBINING WATER AND SEWERAGE SYSTEMS.

For the purpose of more effective and convenient administration of both the water system and the sewerage system of the City of Dixon, Missouri, the two systems are hereby combined and shall hereafter be known as and referred to as the combined waterworks and sewerage system.

SECTION 2. RATES: BASIS FOR RATES AND SERVICES.

- a. The quantity of water used upon any premises furnished by the combined waterworks and sewerage system of the City shall be measured by the water meter serving the premises. Each residential or commercial unit on said premises shall receive water service through its separate meter unless otherwise permitted by consent of the Board of Aldermen under specific terms and conditions of written permit.
- b. For the quantity of water used as determined by the meter each month, the customer shall pay as follows:
  1. A minimum charge of \$3.09, and for each 100 gallons over 2,000 gallons, the sum of .07.
- c. For the use of the public sanitary sewer system, each water customer shall pay as a sewer charge or service fee a sum equal to one-half of the monthly water bill for the premises served by the sewer.

SECTION 3. METHOD OF BILLING.

The superintendent of the combined waterworks and sewerage system, or such other officers or representatives of the city as may be designated from time to time, shall cause all water meters to be read and bills for water and for sanitary sewerage services to be rendered monthly as services accrue. All bills shall be due and payable from and after the date such bills are rendered, at the City Collector's office during the regular hours of business. The superintendent, or other persons designated, may calculate the amount of each bill for sanitary sewerage services and may add the same to the amount of the bill of the customer for water and water services and render such customer a combined bill for such water and sewerage services.

SECTION 4. ✓ DUE DATES FOR WATER AND SEWERAGE BILLS.

Bills for water and sanitary sewerage services will be mailed on or about the first of each month. If any bill for water and sanitary sewerage service is not paid by the twentieth of the same month, the water service will be disconnected.

SECTION 5. ✓ DISCONTINUANCE OF SERVICE FOR NONPAYMENT OF BILLS; RECONNECTION CHARGE.

When water service is discontinued because of nonpayment or for any other causes, service will only be reconnected after satisfactory agreement with the superintendent of the waterworks and sewerage system of the city, plus the payment of a reconnection charge, not less than one dollar, to cover the cost of disconnecting and reconnecting the service.

SECTION 6. OWNER AND OCCUPANT JOINTLY AND SEVERALLY LIABLE FOR WATER AND SEWERAGE SERVICES.

The occupant and user of the premises receiving sanitary sewerage services or water and sewerage services combined and the owner of said premises shall be jointly and severally liable to pay for such services rendered on the premises. The city shall have power to sue the occupant or owner, or both of the real estate in a civil action to recover any sum due for services plus a reasonable attorney's fee to be fixed by the court.

SECTION 7. AUTHORITY OF MAYOR TO RESTRICT, ETC., USE OF WATER.

Whenever in the judgement of the mayor the public exigency shall require it, he shall have the right and authority, by proclamation to be published in one or more newspapers printed within the city, to limit in respect to time, or wholly suspend and prohibit for such length of time as such exigency shall in his judgement require, the drawing or use of water for public or private fountains and for street or yard sprinkling, or for either of such purposes.

SECTION 8. ✓ RIGHT OF CITY TO SHUT OFF WATER.

Whenever any of the rules and regulations set out in this article or such other rules and regulations as the city may adopt are violated, the water shall be shut off from the building or place of such violation, although two or more persons may receive the water through the same pipe the water shall not be again turned on except by the order of the superintendent of the water system.

SECTION 9. ✓ PERMIT--REQUIRED

No person shall be permitted to tap or make any connection with the distributing pipe of the water works of the city except upon written permit from the city.

SECTION 10. SAME--CONTENTS OF APPLICATION; ISSUANCE

All applications for permits to tap the water mains, to open the streets for the purpose of laying water pipes, or to extend the same upon any streets, lane, alley, sidewalk, or open public grounds, or open private premises, or to make connections with the water system for any purpose shall be made in writing at the office of the superintendent of the water system, on the form prescribed and furnished by the city for that purpose, and by the person engaged to do such plumbing. Such person shall be an authorized plumber and the application shall state the name of the person desiring to have the plumbing done, the location of the premises, what the premises are used for, the purposes for which it is desired to use the water, and such accessible information as may be required to enable the city to keep a proper record of each case. When more than one building or tenant is supplied through one service pipe, the application for the supply of such buildings or tenants with water shall be made by one person, who shall be held responsible for all supplies through such pipes. Upon compliance with these conditions, the superintendent of the water system shall issue a written permit granting the applicant the privilege of a service attachment and the use of water.

SECTION 11. AGREEMENT BETWEEN CITY AND USER OF WATER BASED ON REGULATIONS, RATES, ETC.

The rules, regulations and water rates named and fixed shall be considered and are a part of the contract with every person supplied with water through the water system of the city. Every person by taking water shall be considered and accepted as expressing his consent to be bound thereby.

SECTION 12. RESPONSIBILITY OF OWNER FOR ATTACHMENTS, ETC., BETWEEN DWELLING AND STREET MAIN.

All attachments and appurtenances used in supplying water from the street mains to the front of the dwelling must be supplied by the owner or occupant of the premises.

SECTION 13. RIGHT TO TURN ON WATER INTO SERVICE PIPES RESTRICTED TO CITY; EXCEPTION.

No person other than the superintendent or his authorized agent shall turn the water into any service pipe in the first instance, or after water has been turned off by the superintendent on account of the violations of this chapter. Water shall not be turned on until the applicant shall have paid the water rental due for the current quarter. Plumbers are strictly prohibited from turning water into any service pipe except upon authority of the superintendent or for the temporary purpose of testing their work.

SECTION 14. INSPECTION.

All private work done in which the city water shall be used, will be inspected as to strength and quality by the superintendent immediately before the water is turned on.

SECTION 15. LIABILITY OF CITY FOR DAMAGES RESULTING FROM FAILURE OF WATER SERVICE, ETC.

It is expressly stipulated by the city that no claim shall be made against it by reason of the breaking or freezing of any service pipe or fixtures, or if from any other cause the supply of water should fail; nor from damage arising from the shutting off of water to repair mains, making connections or extensions; nor any other purpose that may be deemed necessary. The right is reserved to cut off the supply of water at any time for the purpose of repairing or otherwise, any permit or regulation to the contrary notwithstanding. Except in case of emergency, notice shall be given.

SECTION 16. FREE SEWERAGE SERVICES PROHIBITED.

No sewerage services shall be furnished or rendered free of charge to any person, and any person owning property which is connected to or served by the city sewer system, shall pay to the city the regular established service fee or charge and if such property is not served with city water, the amount which such property owner shall pay for the use of the sewer shall be determined by the person in charge of the combined water works and sewerage system on an estimated basis, taking into consideration the number of persons using the sewer facilities or the nature of the use of the property.

SECTION 17. TAMPERING WITH, CONNECTING, ETC., TO SEWERAGE LINES WITHOUT PERMIT PROHIBITED.

It shall be unlawful for any person to tamper with any sewer line or to make any connection to the sewerage system of the city without written permission from the city, or to reconnect water services when such water services have been discontinued for nonpayment of a bill for sewerage services, unless bill for sewerage services has been paid in full.

SECTION 18. SEWER CONNECTIONS; PERMIT--REQUIRED.

No person shall be permitted to connect any sewer line to any part of the sewer system of the city, unless he has first obtained a permit from the city.

SECTION 19. SAME--SAME--PREREQUISITES TO ISSUANCE; FEES, RENTAL AGREEMENT, ETC.

Upon application being made as required by Section 18, a designated city representative shall be authorized to issue the applicant a permit for connecting a sewer line to any part of the sewer system of the city, upon compliance with the following requirements:

- a) Applicant shall pay to the city the sum of \$50.00 as sewer connection fee for each connection.

- b) If the property being served by the sewer connection is using a water supply other than the city municipal water facilities, the applicant shall sign an agreement for the payment of an annual rental in the sum of \$25.00 for each dwelling and for each commercial building being served by the sewer connection, an estimated sum of not less than \$25.00 to be determined by the superintendent of the water department.
- c) In addition to the foregoing provision, the agreement shall contain a provision that the applicant will not permit any other person to connect to, or use any sewer line connected to the sewer system of the city unless such person shall first agree with the city to pay the required sewer rental and that a violation of this agreement shall give the city the right to disconnect such sewer line from its system, and applicant shall agree to comply with all other ordinances and to pay all other fees.
- d) The cost of making the sewer connection shall be borne by the applicant.
- e) Applicant shall at time of making application for sewer or water connections deposit with the city the sum of \$250.00 as a performance bond that all streets or sidewalks shall be restored to as good condition as they were in, prior to applicants excavating in accordance with the requirements of the superintendent of the combined water and sewer system.

SECTION 20. PENALTY.

Any person violating any provision of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be fined a sum of not less than \$100.00.

SECTION 21. EFFECTIVE DATE.

This ordinance shall take effect and be in force from the date of its passage by the Board of Aldermen and its approval of the Mayor of the City of Dixon, Missouri.

PASSED and approved this 7th day of May, 1974.

YARD WASTES-grass clippings, leaves, tree trimmings.

## SECTION 2. SOLID WASTE STORAGE

SECTION 2.1: The occupant of every dwelling unit and of every institutional, commercial or business, industrial, or agricultural establishment producing solid waste within the corporate limits of the City, shall provide sufficient and adequate containers for the storage of all solid waste except bulky rubbish and demolition and construction wastes to serve each such dwelling unit and/or establishment; and to maintain such solid waste containers at all times in good repair.

SECTION 2.2: The occupant of every dwelling unit and of every institutional, commercial, industrial, agricultural, or business establishment shall place all solid waste to be collected in proper solid waste containers, except as otherwise provided herein, and shall maintain such solid waste containers and they are surrounding them in a clean, neat, and sanitary condition at all times.

SECTION 2.3: Residential solid waste shall be stored in containers of not more than 35 gallons nor less than 20 gallons in nominal capacity. Containers shall be leakproof, waterproof, and fitted with a fly-tight lid and shall be properly covered at all times except when depositing, therein or removing the contents thereof. The containers shall have handles, bails, or other suitable lifting devices or features. Containers shall be of a type originally manufactured for residential solid waste, with tapered sides for easy emptying. They shall be of light weight and sturdy construction. The weight of any individual container and contents shall not exceed sixty (60) pounds. Galvanized metal containers, or rubber, fiberglass, or plastic containers which do not become brittle in cold weather, may be used. Disposable solid waste containers with suitable frames or containers as approved by the Director may also be used for storage of residential solid waste.

SECTION 2.4: Commercial solid waste shall be stored in solid waste containers as approved by the Director. The containers shall be waterproof, leakproof, and shall be covered at all times except when depositing waste therein or removing the contents thereof.

SECTION 2.5: Tree limbs less than four (4) inch in diameter and brush shall be securely tied in bundles not larger than forty-eight (48) inches long and eighteen (18) inches in diameter when not placed in storage containers. The weight of any individual bundle shall not exceed sixty (60) pounds.

SECTION 2.6: Yard wastes shall be stored in containers so constructed and maintained as to prevent the dispersal of wastes placed therein upon the premises served, upon adjacent premises, or upon adjacent public rights of way. The weight of any individual container and contents shall not exceed sixty (60) pounds.

SECTION 2.7: Solid waste containers which are not approved will be collected together with their contents and disposed of.

### SECTION 3. COLLECTION OF SOLID WASTE

SECTION 3.1: The City shall provide for the collection of all solid waste in the City, by contract with a commercial hauler.

SECTION 3.2: All solid waste from premises to which collection services are provided by the City shall be collected, except bulky rubbish as defined herein, provided however, that bulky rubbish will be collected if tied securely in bundles not exceeding reasonable limitations of weight and bulk to be fixed by regulations to be made and promulgated by the Director as hereinafter provided. All solid waste collected shall, upon being loaded into transportation equipment, become the property of the collection agency.

SECTION 3.3: Tree limbs and yard wastes, as described in Sections 2.5 and 2.6 respectively, shall be placed at the curb or alley for collection. Solid waste containers as required by this ordinance for the storage of other residential solid waste shall be placed at the curb or alley for collection. Any solid waste containers, tree limbs, yard wastes, or other solid waste permitted by this ordinance to be placed at the curb or alley for collection shall not be so placed until the regularly scheduled collection day.

SECTION 3.4: Bulky rubbish shall be collected by request to the contractor and Director. The contractor and Director shall establish the procedure for collecting bulky rubbish.

SECTION 3.5: Solid waste collectors, employed by the City or a solid waste collection agency operating under contract with the City, are hereby authorized to enter upon private property for the purpose of collecting solid waste there from as required by this ordinance. Solid waste collectors shall not enter dwelling units or other residential buildings for the purpose of collecting residential solid waste. Commercial solid waste may be removed from within commercial establishments upon written request of the owner and approval by the Director.

SECTION 3.6: The following collection frequencies shall apply to collections of solid waste within the City:

All residential solid waste, other than bulky rubbish, shall be collected once weekly. At least one (1), twenty-four (24) hours shall intervene between collections. All commercial solid waste shall be collected once weekly and shall be collected at such lesser intervals as may be fixed by the Director or requested by the commercial establishment upon a determination that such lesser intervals are necessary for the preservation of the health and/or safety of the public.

SECTION 3.7: Residential solid waste containers shall be stored upon the residential premises. Commercial solid waste containers shall be stored upon private property, unless the owner shall have been granted written permission from the City to use public property for such purpose. The storage site shall be well drained; fully accessible to collection equipment, public health personnel and fire inspection personnel.

SECTION 3.8: Solid waste collectors, employed by the City or a solid waste collection agency operating under contract with the City, shall be responsible for the collection of solid waste from the point of collection to the transportation vehicle provided the solid waste was stored in compliance with Sections 2.3, 2.4, 2.5, and 2.6 of this ordinance. Any spillage or blowing litter caused as a result of the duties of the solid waste collector shall be collected and placed in the transportation vehicle by the solid waste collector.

SECTION 4. TRANSPORTATION OF SOLID WASTE

Section 4.1: All transportation vehicles shall be maintained in safe, clean, and sanitary condition, and shall be so constructed, maintained, and operated as to prevent spillage of solid waste therefrom. All vehicles to be used for transportation of solid waste shall be constructed with water-tight bodies and with covers which shall be an integral part of the vehicle or shall be a separate cover to the vehicle and shall be secured whenever the vehicle is transporting solid waste or, as an alternate, the entire bodies thereof shall be enclosed with only loading hoppers exposed. No solid waste shall be transported in the loading hoppers.

SECTION 4.2: Permits shall not be required for the removal, hauling, or disposal of earth and rock material from grading or excavation activities, however, all such material shall be conveyed in tight vehicles, trucks, or receptacles, so constructed and maintained that none of the material being transported shall spill upon the public rights of way.

SECTION 4.3: Transportation and disposal of demolition and construction wastes shall be in accordance with Sections 5 and 6.

SECTION 5. DISPOSAL OF SOLID WASTE

SECTION 5.1: Solid wastes shall be deposited at a processing facility or disposal area approved by the City and complying with all requirements of the Missouri Division of Health.

SECTION 5.2: The Director may classify certain wastes as hazardous wastes which will require special handling and shall be disposed of only on a manner acceptable to the Director and which will meet all local, State, and Federal regulations.

SECTION 6. PERMITS

SECTION 6.1: No person shall engage in the business of collecting, transporting, processing, or disposing of solid waste within the corporate limits of the City, without first obtaining an annual permit therefor from the City; provided, however, that this provision shall not be deemed to apply to employees of the holder of any such permit.

SECTION 6.2: No such permit shall be issued until and unless the applicant therefor, in addition to all other requirements set forth, shall file and maintain with the Director evidence of a satisfactory public liability insurance policy, covering all operations of such applicant pertaining to such business and all vehicles to be operated in the conduct thereof, in the amount of not less than One Hundred Thousand, (\$100,000.00) Dollars for each person injured or killed, and in the amount of not less than Three Hundred Thousand, (\$300,000.00) Dollars in the event of injury or death of two or more persons in any single accident, and in the amount of not less than Fifty Thousand, (\$50,000.00) Dollars for damage to property. Such policy may be written to allow the first One Hundred (\$100.00) Dollars of liability for damage to property to be deductible. Should any such policy be cancelled, the Director shall be notified of such cancellation by the insurance carrier in writing not less than ten (10) days prior to the effective date of such cancellation, and provisions to that effect shall be incorporated in such policy, which shall also place upon the company writing such policy the duty to give such notice.

SECTION 6.3: Each applicant for any such permit shall state in his application therefor;

- (a) the nature of the permit desired, as to collect, transport, process, or dispose of solid waste or any combination thereof;
- (b) the characteristics of solid waste to be collected, transported, processed, or disposed;
- (c) the number of solid waste transportation vehicles to be operated thereunder;
- (d) the precise location or locations of solid waste processing or disposal facilities to be used;
- (e) Boundaries of the collection area; and
- (f) such other information as required by the Director.

SECTION 6.4: If the application shows that the applicant will collect and will contract for transport, process, or dispose of solid wates without hazard to the public health or damage to the environment and in conformity with the laws of the State of Missouri and this ordinance. The permit shall be issued for a period of one (1) year, and contract for bid. If in the opinion of the Director, modifications can be made to the application regarding service, equipment, or mode of operation, so as to bring the application within the intent of this ordinance, the Director shall notify the applicant in writing setting forth the modification to be made and the time in which it shall be done.

SECTION 6.5: If the applicant does not make the modifications pursuant to the notice in 6.4 within the time limit specified therein, or if the application does not clearly show that the collection, transportation, processing, or disposal of solid wastes will create no public health hazard or be without harmful effects on the environment, the application shall be denied and the applicant notified by the Director in writing stating the reason for such denial. Nothing in this section shall prejudice the right of the applicant to reapply after the rejection of his application provided that all aspects of the reapplication comply with the provisions of this ordinance.

SECTION 6.6: The annual permit may be renewed by vote of City Council if the business has not been modified. If modifications have been made, the applicant shall reapply for a permit as set forth in Section 6.2 and 6.3. No permits authorized by this ordinance shall be transferrable from person to person.

SECTION 6.7: In order to insure compliance with the laws of this State, this ordinance and the rules and regulations authorized herein, the Director is authorized to inspect all phases of solid waste management within the City of Dixon. No inspection shall be made in any residential unit unless authorized by the occupant or by due process of law. In all instances where such inspections reveal violation of this ordinance, the rules and regulations authorized herein for the storage, collection, transportation, processing, or disposal of solid waste or the laws of the State of Missouri, the Director shall issue notice for each such violation stating therein the violation or violations found, the time and date and the corrective measure to be taken, together with the time in which such corrections shall be made.

SECTION 6.8: In all cases, when the corrective measures have not been taken within the time specified, the Director shall suspend or revoke the permit or permits involved in the violation, however, in those cases where an extension of time will permit correction and there is no public health hazard created by the delay, one extension of time not to exceed the original time period may be given.

SECTION 6.9: Any person who feels aggrieved by any notice of violation or order issued pursuant thereto of the Director may, within ten (10) days of the act for which redress is sought appeal directly to the city council in writing, setting forth in a concise statement the act being appealed and the grounds for its reversal.

SECTION 6.10: All motor vehicles operating under any permit required by this ordinance shall display the number or numbers on each side in colors which contrast with that of the vehicle, such numbers to be clearly legible and not less than four (4) inches high. Each permit for processing or disposal facilities shall be prominently displayed at the facility.

## SECTION 7. RULES AND REGULATIONS

The Director shall make, amend, revoke, and enforce reasonable and necessary rules and regulations, governing, but not limited to:

- (a) Preparation, drainage, and wrapping of garbage deposited in solid waste containers. Wet garbage to be placed in plastic bags.

- (b) Same as Section 2.3
- (c) Weight limitations on the combined weight of solid waste containers and the contents thereof, and weight and size limitations on bundles of solid waste too large for solid waste containers. Section 2.4.
- (d) Section 2.1
- (e) Section 2.2
- (f) Schedules of and routes for collection and transportation of solid waste every Monday between the hours of eight (8) to four (4) o'clock.
- (g) Collection points of solid waste containers, same as Section 3.3.
- (h) Collection, transportation, processing, and disposal of solid waste.
- (i) Handling of special wastes such as toxic wastes, sludges, ashes, agriculture, construction, bulky items, tires, automobiles, oils, greases, etc. To be handled by contractor and Director.

The City Clerk or such other City official who is responsible for preparing utility and other service charge billings for the City, is hereby authorized to make and promulgate reasonable and necessary rules and regulations for the billing and collection of solid waste collection and/or disposal service charges, as hereinafter provided for.

A copy of any and all rules and regulations made and promulgated under the provisions hereof shall be filed in the office of the City Clerk of the City.

#### SECTION 8. PROHIBITED PRACTICES

It shall be unlawful for any person to:

- (1) deposit solid waste in any solid waste container other than his own, without the written consent of the owner of such container and/or, with the intent of avoiding payment of the service charge hereinafter provided for solid waste collection and disposal;

- (2) interfere in any manner with solid waste collection and transportation equipment, or with solid waste collectors in the lawful performance of their duties as such, whether such equipment or collectors shall be those of the City, or those of a solid waste collection agency operating under contract with the City;
- (3) burn solid waste unless an approved incinerator is provided or unless a variance has been obtained from the appropriate air pollution control agency;
- (4) dispose of solid waste at any facility or location which is not approved by the City and the Missouri Division of Health;
- (5) engage in the business of collecting, transporting, processing, or disposing of solid waste within the corporate limits of the City without a permit from the City or operate under an expired permit, or operate after a permit has been suspended or revoked.

#### SECTION 9. SERVICE CHARGES

There is hereby imposed, for the collection and disposal of solid waste, and for the improvement of the general public health and environment, a service charge for each dwelling unit and each commercial establishment. The service charge for collection of residential solid waste shall be in the amount out of contract of Three Dollars and Fifty cents (\$3.50) per calendar month.

The service charge for commercial establishments generating only enough solid waste for three containers or less per week of a size authorized by Section 2.3 shall be in the amount of Four Dollars (\$4.00) per calendar month. The charge for the collection of each additional container within the prescribed size range shall be in amount of Sixty cents (\$.60) per week.

If a commercial establishment utilizes bulk storage containers, the rate per month shall be as shown in the following table:

Container Size (Cubic Yards)	NUMBER OF COLLECTIONS PER WEEK						Extra Collections Each
	1	2	3	4	5	6	
1	11.40	16.80	22.20	27.60	33.00	38.40	Based on \$25.00 per hour
2	17.80	28.60	39.40	50.20	61.00	71.80	

Services for commercial establishments not meeting any of the aforementioned descriptions will be considered individually by the Director.

The service and service charge shall be terminated upon presentation of satisfactory proof to the Director that any such dwelling unit or establishment is unoccupied, and shall be commenced upon renewed occupancy thereof.

The system of services established by the provisions of this ordinance hereof is designed as an integral part of the City's program of health and sanitation, to be operated as an adjunct to the City's system for providing portable water and the City's system for providing sewerage disposal. The City may enforce collection of such charges by bringing proper legal action against the occupant of any dwelling unit or owner of any commercial establishment to recover any sums due for such services plus a reasonable attorney's fee to be fixed by the Court, plus the cost of such action.

The service charge herein provided for is hereby imposed upon the occupant of each occupied dwelling unit and the billing therefor shall be made to the person contracting for city water and/or sewerage service or for other water service or otherwise providing water service to each such dwelling unit. In the event a dwelling unit is not serviced by city water and/or sewerage service, or in the absence of information that such person is neither the owner nor the tenant of such dwelling unit, in which event billing therefor shall be made to the owner. Service charges shall be payable to the department empowered to collect service charges imposed by the City.

Trash will be billed on the City water bill. Bills will be mailed out monthly on the water bill. Water service will be terminated for delinquent payment of trash and water service.

#### SECTION 10. PENALTIES

Any person violation~~any~~ of the provisions of this ordinance or any lawful rules or regulations promulgated pursuant thereto, upon conviction, shall be punished by a fine of not less than Five Dollars (\$5.00) nor more than Five Hundred Dollars (\$500.00); provided, that each day's violation thereof shall be a separate offense for the purpose hereof.

#### SECTION 11. BONDS

(Bonds are suggested for permits to collect and transport solid waste and to operate processing or disposal facilities. The amounts and types should be determined by the City. Types of bonds which should be considered are performance bonds, and payment bond.)

#### SECTION 12. REPEALS

The following ordinances are hereby repealed: (list specifically)

SECTION 13. SAVINGS CLAUSE

Nothing in this ordinance shall be deemed to affect, modify, amend, or repeal any provision of any ordinance administered by the State Health Department or other department, board, commission, or agency of the State unless that ordinance is specifically repealed in Section 12.

SECTION 14. SEVERABILITY CLAUSE

The provisions of this ordinance are severable and if any provisions or part thereof shall be held invalid or unconstitutional or inapplicable to any person or circumstance, such invalidity, unconstitutionality or inapplicability shall not affect or impair the remaining provisions or this ordinance.

SECTION 14. SEVERABILITY CLAUSE

The provisions of this ordinance are severable and if any provisions or part thereof shall be held invalid or unconstitutional or inapplicable to any person or circumstance, such invalidity, unconstitutionality or inapplicability shall not affect or impair the remaining provisions or this ordinance.

This ordinance shall become effective upon August 8, 1974.

Passed and Approved this \_\_\_\_\_ day of August, 1974.

Ordinance No. 153

An Ordinance Establishing City Park Board; Pertaining to  
Appointment of Members and Describing Duties:

Be It Ordained by the Board of Aldermen of the City of Dixon,  
Missouri, as follows:

Section 1.

There is hereby established a Park Board to be known as the Dixon City Park Board.

Section 2. Composition; qualifications and appointment of members.

The city park board shall consist of nine members, who shall be chosen from the citizens at large, with reference to their fitness for such office, and who shall not be a member of the government of the city. Such members shall be appointed by the mayor, with the approval of the city council.

Section 3. Term of office.

The members of the city park board shall hold office, one third for one year; one third for two years and one third for three years, from the first of June following appointment. Annually thereafter, the mayor shall, before the first of June of each year, appoint three members who shall hold office for three years and until their successors are appointed.

Section 4. Vacancies; compensation.

Vacancies in the board of directors, occasioned by removal, resignation or otherwise, shall be reported to the city council and be filled in like manner as original appointments. No director shall receive compensation.

Section 5. Organization; powers and duties generally.

The park board directors shall immediately after their appointment, meet and organize by the election of one of their number president and by the election of such other officers as they may deem necessary. They shall make and adopt such by laws, rules and regulations for their guidance and for the government of the parks as may be expedient, not inconsistent with sections 90.500 to 90.570 of the Revised Statutes of Missouri.

Section 6. Care of funds.

The park board shall have the exclusive control of the expenditures of all money collected to the credit of the park fund and of the supervision, improvement, care and custody of such park. All money received for such parks shall be deposited in the treasury of the city to the credit of the park fund and shall be kept separate and apart from the other money of the city and drawn upon by the proper officers of the city upon the properly authenticated vouchers of the park board.

Section 7. Acquisition of land; selection of caretaker; compliance with state law.

The park board shall have power to purchase or otherwise secure ground to be used for parks, shall have power to appoint a suitable person to take care of such parks and necessary assistants for such person and fix their compensation and shall have power to remove such appointees and shall in general carry out the intent of sections 90.500 to 90.570 of the Revised Statutes of Missouri in establishing and maintaining public parks.

Section 8 Annual report to city cour

The park board of directors shall make, on or before the second Monday in June, an annual report to the city council, stating the condition of their trust on the first day of May of that year, the various sums of money received from the park fund and other sources and how much money has been expended and for what purposes, with such other statistics, information and suggestions as they may deem of general interest. All portions of such report as relate to the receipt and expenditure of money shall be verified by affidavit.

Section 9. Private donations to park board.

Any person desiring to make donations of money, personal property or real estate for the benefit of such park shall have a right to vest the title to the money or real estate so donated in the board of directors created under sections 90.500 to 90.570 of the Revised Statutes of Missouri, to be held and controlled by such board when accepted according to the terms of the deed, gift, devise or bequest of such property and as to such property, the board shall be held and considered to be the special trustees.

Section 10.

This ordinance shall take force and be in effect from the date of its passage by the Board of Aldermen and its approval by the mayor.

Passed and approved this 3rd day of September 1974.

## AN ORDINANCE RELATING TO LOCAL DISASTER PREPAREDNESS.

BE IT RESOLVED BY THE BOARD OF ALDERMEN OF THE CITY OF DIXON, MISSOURI, AS FOLLOWS:

**SECTION 1. Establishment.** There is hereby created within and for the territory of Dixon, Missouri, a disaster planning and operations organization to be known as the Dixon Disaster Planning and Operations Office, which is responsible for the preparation and implementation of emergency functions required to prevent, minimize and repair injury and damage due to disasters, to include emergency management of resources and administration of such economic controls as may be needed to provide for the welfare of the people, and emergency activities (excluding functions for which military forces are primarily responsible) in accordance with The Missouri Civil Defense Act, Chapter 44, Revised Statutes of Missouri, 1969, and the Missouri Disaster Operations Plan adopted thereunder.

**SECTION 2. Organization.** This office shall consist of a coordinator and other members appointed by the Mayor with the approval of the Board of Aldermen to conform to the state organization and procedures for the conduct of emergency operations as outlined in The Missouri Disaster Operations Plan.

**SECTION 3. Functions.** The organization shall perform civil defense functions within the territorial limits of the City of Dixon, Missouri, and may conduct these functions outside the territorial limits as directed by the Governor during the time of emergency pursuant to the provisions of The Missouri Civil Defense Act, Chapter 44, Revised Statutes of Missouri, 1969.

**SECTION 4. Coordinator.**

1. The coordinator will be appointed by the Mayor with the approval of the Board of Aldermen and shall serve during the pleasure of the mayor.
2. The coordinator shall have direct responsibility for the organization, administration and operations of local disaster planning and operations.
3. The coordinator shall be responsible for maintaining records and accounting for the use and disposal of all items of equipment placed under the jurisdiction of The Disaster Planning and Operations Officer.

**SECTION 5. Executive Officer.** The Mayor of Dixon, Missouri, and the coordinator in accordance with The Missouri Civil Defense Act, Chapter 44, Revised Statutes of Missouri, 1969, may:

1. Expend funds, make contracts, obtain and distribute equipment, materials, and supplies for civil defense purposes, provide for the health and safety of persons including emergency assistance to victims of an enemy attack; the safety of property and direct and coordinate the development of disaster plans and programs in accordance with the policies and plans of the federal and state disaster emergency planning.

2. Appoint, provide, or remove rescue teams, auxiliary fire and police personnel and other emergency operations teams, units or personnel who may serve without compensation.
3. In the event of an enemy attack, waive the provisions of statutes requiring advertisements for bids for the performance of public work or entering into contracts.
4. With the approval of the Governor and consistent with the Missouri Disaster Operations Plan, enter into mutual-aid agreements with other public and private agencies within and without the State for reciprocal emergency aid.
5. Accept services, materials, equipment, supplies or funds granted or loaned by the Federal Government for disaster planning and operations purposes.

SECTION 6. Oath. No person shall be employed or associated in any capacity in any organization established under this act who advocates or has advocated a change by force or violence in the constitutional form of the government of the United States or in this State or the overthrow of any government in the United States by force or violence, or has been convicted of or is under indictment or information charging any subversive act against the United States. Each person who is appointed to serve in an organization for Civil Defense shall, before entering upon his duties, take an oath, in writing, before a person authorized to administer oaths in this State, which oath shall be substantially as follows:

"I, Farris Jones, do solemnly swear (or affirm) that I will support and defend the Constitution of the United States and the Constitution of the State of Missouri, against all enemies, foreign and domestic; that I will bear true faith and allegiance to the same; that I take this obligation freely, without any mental reservation or purpose of evasion; and that I will well and faithfully discharge the duties upon which I am about to enter. And I do further swear (or affirm) that I do not advocate, nor am I a member of any political party or organization that advocates the overthrow of the government of the United States or of this State by force or violence; and that during such a time as I am a member of the (name of the disaster or emergency organization), I will not advocate nor become a member of any political party or organization that advocates the overthrow of the government of the United States or of this State by force or violence."

SECTION 7. Office Space. The Mayor of the City of Dixon, Missouri, is authorized to designate space in any city owned or leased building for the Dixon Disaster Planning and Operations Office.

SECTION 8. Effective Date. This ordinance shall be enforced from and after its passage and approval, as provided by law.

AN ORDINANCE CALLING A SPECIAL ELECTION TO BE HELD IN THE CITY OF DIXON, PULASKI COUNTY, MISSOURI, ON THE 18TH DAY OF JUNE, 1975, FOR THE PURPOSE OF SUBMITTING ORDINANCE NO. 161 TO THE QUALIFIED VOTERS OF SAID CITY FOR THEIR APPROVAL AND CONSENT WHICH ORDINANCE IS ENTITLED, "AN ORDINANCE GRANTING A FRANCHISE TO GASCOSAGE ELECTRIC COOPERATIVE, A CORPORATION, ITS SUCCESSORS AND ASSIGNS, TO CONSTRUCT, ACQUIRE, OPERATE AND MAINTAIN ELECTRIC FACILITIES IN THE CITY OF DIXON, MISSOURI, FOR A PERIOD OF TEN (10) YEARS AND TO FURNISH ELECTRICITY TO THE CITY AND THE INHABITANTS THEREOF, AND TO USE THE STREETS, ROADS, ALLEYS, AND OTHER PUBLIC PLACES WITHIN THE CITY", AND PROVIDING FOR THE POLLING PLACES AND THE TIME SUCH POLLING PLACES SHALL OPEN AND CLOSE, THE FORM OF NOTICES OF SUCH AN ELECTION, THE PUBLICATION OF SUCH NOTICES OF SPECIAL ELECTION, AND THE ADOPTION AND APPROVAL OF THE FORM OF BALLOT, AND THE APPOINTMENT OF THE JUDGES OF SAID ELECTION.

BE IT ORDAINED BY THE BOARD OF ALDERMEN OF THE CITY OF DIXON, MISSOURI, AS FOLLOWS:

(a) A special election is hereby called and shall be held in the City of Dixon, County of Pulaski, State of Missouri, (hereinafter referred to as the "Municipality") on the 18th day of June, 1975, for the purpose of submitting Ordinance No. 161 passed and approved by the Board of Aldermen for the Municipality and signed by the Mayor thereof, to the qualified voters of said City for their approval and consent.

(b) This said special election shall be held in the ward of the Municipality and the voting place in said ward shall be the DIXON CITY HALL building. This said special election shall be held and conducted and the results thereof canvassed in all respects in conformity with the constitution and the laws of the State of Missouri governing elections in cities of the fourth class and in accordance with the ordinance duly adopted by the Board of Aldermen of this Municipality.

(c) The Mayor and City Clerk of the Municipality are hereby authorized and directed to give notice of said election by causing such notice to be published once a week for three weeks in the DIXON PILOT, a newspaper of general circulation which has been published regularly as such for a period of more than three years in the Municipality, which notice shall be in substantially the following form:

NOTICE OF SPECIAL ELECTION TO BE HELD IN  
THE CITY OF DIXON, MISSOURI ON THE 18th  
DAY OF JUNE, 1975

Notice is hereby given pursuant to Ordinance No. 162 heretofore duly passed and approved by the Board of Aldermen of the City of Dixon, Missouri, and approved and signed by the Mayor thereof, that a special election of the qualified voters of said City of Dixon, Missouri will be held in said City on the 18th day of June, 1975, between the hours of six o'clock in the morning and seven o'clock in the evening unless the sun shall set after seven o'clock, in which event voting places shall be kept open until sunset, for the purpose of voting upon and giving consent to Ordinance No. 161 heretofore duly passed and approved by the Board of Aldermen of Dixon, Missouri, and approved and signed by the Mayor of said City. The polling place shall be the DIXON CITY HALL building.

Ordinance No. 161 to be voted upon at this election is as follows:

ORDINANCE NO. 161

AN ORDINANCE GRANTING A FRANCHISE TO GASCOSAGE ELECTRIC COOPERATIVE, A CORPORATION, ITS SUCCESSORS AND ASSIGNS, TO CONSTRUCT, ACQUIRE, OPERATE AND MAINTAIN ELECTRIC FACILITIES IN THE CITY OF DIXON, MISSOURI, FOR A PERIOD OF TEN (10) YEARS AND TO FURNISH ELECTRICITY TO THE CITY AND THE INHABITANTS THEREOF, AND TO USE THE STREETS, ROADS, ALLEYS, AND OTHER PUBLIC PLACES WITHIN THE CITY.

BE IT ORDAINED BY THE BOARD OF ALDERMEN OF THE CITY OF DIXON,  
PULASKI COUNTY, MISSOURI, AS FOLLOWS:

SECTION 1. That the City of Dixon, Pulaski County, Missouri, hereinafter referred to as "Municipality", does hereby grant unto Gascoage Electric Cooperative, a corporation, its successors and assigns, hereinafter called the "Grantee", the right, authority, and franchise to locate, relocate, construct, reconstruct, erect, install, maintain, repair, own, operate, manage and control within the present and future corporate limits of the Municipality, for a period of ten (10) years from and after the date of the passage and approval of this ordinance, an electric transmission and distribution system and such facilities as may be necessary, convenient, or proper to provide the Municipality and its inhabitants with electric service, and to provide electric service within the corporate limits and as they may be extended for any and all purposes.

SECTION 2. That for the purposes aforesaid, the Municipality hereby grants and conveys to the Grantee the right and authority to enter upon and use all of the streets, lanes, avenues, alleys, sidewalks, bridges and public grounds of the Municipality during the aforesaid period. Municipality does hereby grant to Grantee the right, privilege, and authority to cut and trim all trees and shrubbery insofar as may be necessary or advisable to keep them clear of its poles, wires, and other fixtures.

SECTION 3. That the Grantee shall hold the Municipality free and harmless of and from any and all liability, claims, causes of action and actions caused by or resulting from the negligence of the Grantee in the erection, installation, construction, maintenance, repairing, operation, management, or control of said electric transmission system in the Municipality.

SECTION 4. That during the location, erection, installation, construction, maintenance, repairing and operation of said electric transmission and distribution system, the Grantee shall not unnecessarily impede public travel on the streets, lanes, avenues, alleys, sidewalks, bridges, and public grounds of the Municipality.

SECTION 5. That, in consideration of the rights and privileges granted hereunder, on or before the 15th day of January and the 15th day of July during the aforesaid ten (10) year period, the Grantee shall pay to the Municipality in cash a sum equal to three per cent (3%) of the aggregate amount received by the Grantee during the immediate preceeding six calendar months, for electric energy furnished to all consumers within the corporate limits of the Municipality except for all electric energy furnished to Municipality and except for all electric energy furnished to industrial consumers within the corporate limits of the Municipality requiring 50 K.V.A. or larger transformer capacity to serve their loads.

SECTION 6. That the semi-annual payments to be made by the Grantee under Section 5 hereof shall be in lieu of all special taxes or assessments, license taxes or fees, occupation taxes, rental taxes or charges and charges for police supervision, inspection, or protection, or similar charges which the Municipality otherwise might now or hereafter, during the aforesaid period, be empowered to levy upon, assess against, or collect from the Grantee, its successors and assigns, but shall not eliminate the general taxes.

SECTION 7. That, if any section or part of a section of this ordinance shall be declared null and void by any competent authority the remaining portions hereof shall not be affected thereby.

SECTION 8. That all ordinances or resolutions, or parts thereof, heretofore adopted by the Municipality, which are or may be in conflict with the terms hereof, are hereby repealed and for naught held.

SECTION 9. That this ordinance shall take effect from and after its passage and approval and the consent thereto by a majority of the qualified voters of the Municipality voting at an election to be held for such purpose, according to law.

Passed and approved this 12th day of May, 1975.
