Section 5. Execution and Delivery of the Bonds. The Mayor and City Clerk are hereby authorized and directed to prepare and execute the Bonds as hereinbefore provided, and to deliver the Bonds to Paine, Webber, Jackson & Curtis Incorporated, Kansas City, Missouri, and Associates, the original purchaser of the Bonds, upon payment of the purchase price.

Section 6. Disposition of Bond Proceeds, Construction Fund. Concurrently with the receipt of the purchase price of the Bonds, the City will deposit with The Merchants Bank, in Kansas City, Missouri, \$20,000 of the principal amount received from the sale of the Bonds, together with amounts sufficient to pay all accrued interest and premium on and paying agency fees for the 1963 Bonds. Said \$20,000 will be used to pay \$5,000 principal amount of the 1963 Bonds maturing on January 1, 1981, and to call and pay, on January 1, 1981, the remaining \$15,000 principal amount of the 1963 Bonds maturing on January 1 in the years 1982 to 1984, inclusive.

The remaining principal amount received from the sale of the Bonds, exclusive of any accrued interest thereon, shall be deposited in a separate fund hereby created in the treasury of the City to be known as the "Combined Waterworks and Sewerage System

Construction Fund of 1980" (herein called the "Construction Fund"), and shall be used by the City for the sole purpose of paying part of the cost of constructing a new sewerage treatment plant, installing interceptors and trunk lines and acquiring necessary land and rights-of-way, as hereinbefore provided, in accordance with the plans and specifications therefor prepared by the City's consulting engineers heretofore approved by the Board of Aldermen and on file in the office of the City Clerk, including any alterations in or amendments to said plans and specifications deemed advisable by the City's consulting engineers and approved by the Board of Aldermen.

Withdrawals from the Construction Fund shall be made only on duly authorized and executed warrant therefor accompanied by a certificate executed by the City's consulting engineers that such payment is being made for a purpose within the scope of this Ordinance and that the amount of such payment represents only the contract price of the property, equipment, labor, materials or service being paid for or, if such payment is not being made pursuant to an express contract, that such payment is not in excess of the reasonable value thereof. Nothing hereinbefore contained shall prevent the payment out of the Construction Fund of all costs and expenses incident to the issuance of the Bonds without a certificate from the City's consulting engineers.

Any amount received by the City on account of accrued interest on the Bonds shall be deposited in the Principal and Interest Account created by Section 8 of this Ordinance.

Upon completion of the extensions and improvements to the combined waterworks and sewerage system of the City as hereinbefore provided, any surplus remaining in the Construction Fund shall be deposited in said Principal and Interest Account created by Section 8 of this Ordinance.

Section 7. Combined Waterworks and Sewerage System Revenue Fund. The City covenants and agrees that from and after the delivery of the Bonds, and continuing so long as any of the Bonds remain outstanding and unpaid, all of the revenues derived and collected by the City from the operation of its combined waterworks and sewerage system, including the revenues of all extensions and improvements to said system hereafter constructed or acquired by the City, will be paid and deposited into a separate fund hereby created in the treasury of the City and to be known and hereinafter referred to as the "Combined Waterworks and Sewerage System Revenue Fund," and that said revenues shall be segregated and kept separate and apart from all other moneys, revenues, funds and accounts of the City and shall not be mingled with any other moneys, revenues, funds or accounts of the City. The Combined Waterworks and Sewerage System Revenue Fund shall be administered and applied solely for the purposes and in the manner hereinafter provided in this Ordinance.

Section 8. Creation of Funds and Accounts. There are hereby created and ordered to be established in the treasury of the City five separate accounts to be known respectively as follows:

- (a) "Combined Waterworks and Sewerage System Operation and Maintenance Account" (herein called the "Operation and Maintenance Account");

- (d) "Combined Waterworks and Sewerage System Depreciation and Replacement Account" (herein called the "Depreciation and Replacement Account"); and
- (e) "Combined Waterworks and Sewerage System Surplus Account" (herein called the "Surplus Account").

Said five accounts shall be maintained and administered by the City as hereinafter provided so long as any of the Bonds remain outstanding and unpaid.

Section 9. Application of Moneys in Funds and Accounts. The City covenants and agrees that from and after the delivery of the Bonds, and continuing so long as any of said Bonds shall remain outstanding and unpaid, the City will, on the first day of each month, administer and allocate all of the moneys then held in the Combined Waterworks and Sewerage System Revenue Fund as follows:

(a) There shall first be paid and credited on the first day of each month from the Combined Waterworks and Sewerage System Revenue Fund to the Operation and Maintenance Account an amount sufficient to pay the estimated cost of operating and maintaining the City's combined waterworks and sewerage system during the ensuing month.

All amounts paid and credited to the Operation and Maintenance Account shall be expended and used by the City solely

for the purpose of paying the reasonable and proper expenses of operating and maintaining the combined waterworks and sewerage system of the City and keeping said system in good repair and working order, including, without limiting the generality of the foregoing, salaries, wages, costs of materials and supplies, annual audits, periodic consulting engineers' reports, insurance, and the cost of purchased water, if any.

(b) There shall next be paid and credited on the first day of each month from the Combined Waterworks and Sewerage System Revenue Fund to the Principal and Interest Account, to the extent necessary to meet at maturity thereof the payment of all interest on and principal of the Bonds, the following sums:

(i) Beginning with the first of said monthly deposits and continuing on the first day of each month thereafter, to and including January 1, 1981, an equal pro rata portion of the amount of interest becoming due on the Bonds on February 1, 1981; and thereafter, beginning on February 1, 1981, and continuing on the first day of each month thereafter, so long as any of the Bonds shall remain outstanding and unpaid, an amount not less than 1/6 of the amount of interest that will become due on the Bonds on the next succeeding interest payment date;

(ii) Beginning with the first of said monthly deposits and continuing on the first day of each month thereafter, to and including July 1, 1981, an equal pro rata portion of the amount of principal becoming due on the Bonds on August 1, 1981; and thereafter, beginning on August 1, 1981, and continuing on the first day of each month thereafter, so long as any of the Bonds shall remain outstanding and unpaid, an amount not less than 1/12 of the amount of principal that will become due on said Bonds on the next succeeding principal payment date; and

(iii) On the first day of each month preceding a month in which fees of the Paying Agent are scheduled to become due, such amounts as may be required to pay such fees of the Paying Agent becoming due in the next month.

All amounts paid and credited to the Principal and Interest Account shall be expended and used by the City for the sole purpose of paying the interest on and principal of the Bonds as

and when the same become due and paying the fees of the Paying Agent for acting as fiscal agent in the payment of said principal and interest.

If at any time the moneys in the Combined Waterworks and Sewerage System Revenue Fund shall be insufficient to make in full the payments and credits at the time required to be made by the City to the principal and interest accounts established by the City to pay the principal of and interest on the outstanding combined waterworks and sewerage system revenue bonds of the City, including only the Bonds and any other combined waterworks and sewerage system revenue bonds of the City hereafter issued and standing on a parity with the Bonds, the available moneys in the Combined Waterworks and Sewerage System Revenue Fund shall be divided among such principal and interest accounts in proportion to the respective principal amounts of said series of combined waterworks and sewerage system revenue bonds of the City at the time outstanding which are payable from the moneys in said principal and interest accounts.

(c) After all payments and credits required at the time to be made by the City under the provisions of paragraphs (a) and (b) of this Section have been made, there shall next be paid and credited on the first day of each month from the Combined Waterworks and Sewerage System Revenue Fund to the Bond Reserve Account the sum of \$500 each month until said Account shall aggregate the sum of \$30,000. Except as hereinafter provided in this Section, all amounts paid and credited to the Bond Reserve Account shall be expended and used by the City solely to prevent any default in the payment of interest on or principal of the Bonds if the moneys in the Principal and Interest Account are insufficient to pay the interest on or principal of said Bonds as they become due. After the Bond Reserve Account aggregates the sum of \$30,000, no further payments into said Account shall be required, but if the City shall ever be required to expend and use a part of the moneys in said Account for the purpose herein authorized and such expenditure shall reduce the amount of said Account below the sum of \$30,000, the City shall resume and continue said monthly payments into said Account until said Account shall again aggregate the sum of \$30,000.

Moneys in the Bond Reserve Account shall be used to pay and retire the last outstanding Bonds unless such Bonds and all interest thereon be otherwise paid.

If at any time the moneys in the Combined Waterworks and Sewerage System Revenue Fund shall be insufficient to make in full the payments and credits at the time required to be made by the City to the bond reserve accounts established by the City to protect the payment of the outstanding combined waterworks and sewerage system revenue bonds of the City, including only the Bonds and other combined waterworks and sewerage system revenue

bonds of the City hereafter issued and standing on a parity with the Bonds, the available moneys in the Combined Waterworks and Sewerage System Revenue Fund shall be divided among such bond reserve accounts in proportion to the respective principal amounts of said series of combined waterworks and sewerage system revenue bonds of the City at the time outstanding which are payable from the moneys in such bond reserve accounts.

(d) After all payments and credits required at the time to be made by the City under the provisions of paragraphs (a), (b) and (c) of this Section have been made, there shall next be paid and credited on the first day of each month from the Combined Waterworks and Sewerage System Revenue Fund to the Depreciation and Replacement Account the sum of \$250 each month until said Account shall aggregate the sum of \$15,000. Except as hereinafter provided in Section 10, moneys in the Depreciation and Replacement Account shall be expended and used by the City, if no other funds are available therefor, solely for the purpose of making emergency replacements and repairs in and to the City's combined waterworks and sewerage system as may be necessary to keep said system in good repair and working order and to assure the continued effective and efficient operation thereof. After the Depreciation and Replacement Account aggregates the sum of \$15,000, no further payments into said Account shall be required, but if the City shall ever be required to expend and use a part of the moneys in said Account for the purposes aforesaid or for the purpose authorized by Section 10 of this Ordinance and such expenditure shall reduce the amount of said Account below the sum of \$15,000, then the City shall resume and continue said monthly payments into said Account until said Account shall again aggregate the sum of \$15,000.

(e) After all payments and credits required at the time to be made by the City under the provisions of paragraphs (a), (b), (c) and (d) of this Section have been made, all moneys remaining in the Combined Waterworks and Sewerage System Revenue Fund shall be paid and credited on the first day of each month to the Surplus Account. Moneys in the Surplus Account may be expended and used for the following purposes as determined by the governing body of the City:

(i) Paying the cost of the operation, maintenance and repair of the City's combined waterworks and sewerage system to the extent that may be necessary after the application of the moneys held in the Operation and Maintenance Account under the provisions of paragraph (a) of this Section;

(ii) Paying the cost of extending, enlarging or improving the City's combined waterworks and sewerage system;

(iii) Preventing default in, anticipating payments into or increasing the amounts in the Principal and Interest Account, the Bond Reserve Account or the Depreciation and Replacement Account referred to in paragraphs (b), (c) and (d) of this Section, or any one of them, or establishing or increasing the amount of any principal and interest account or bond reserve account created by the City for the payment of any combined waterworks and sewerage system revenue bonds of the City hereafter issued under the conditions hereinafter specified and standing on a parity with the Bonds;

(iv) Calling, redeeming and paying prior to maturity, or, at the option of the City, purchasing in the open market at the best price obtainable not exceeding the call price (if any bonds are callable), the Bonds or any other combined waterworks and sewerage system revenue bonds of the City hereafter issued under the conditions hereinafter specified and standing of a parity with the Bonds, including principal, interest and premium, if any; or

(v) Any proper governmental or municipal purpose.

Section 10. Deficiency of Payments into Funds or Accounts. If at any time the revenues derived by the City from the operation of its combined waterworks and sewerage system shall be insufficient to make any payment on the date or dates hereinbefore specified, the City will make good the amount of such deficiency by making additional payments or credits out of the first available revenues thereafter received by the City from the operation of its combined waterworks and sewerage system, such payments and credits being made and applied in the order hereinbefore specified in Section 9 of this Ordinance.

If at any time the moneys in the Principal and Interest Account and in the Bond Reserve Account are not sufficient to pay the principal of and interest on the Bonds as and when the same become due, then moneys in the Surplus Account and the Depreciation and Replacement Account may and shall be used by the City, in that order, to prevent any default in the payment of the principal of and interest on the Bonds.

Section 11. Transfer of Funds to Paying Agent. The Treasurer of the City is hereby authorized and directed to withdraw from the Principal and Interest Account, and, to the extent necessary to prevent a default in the payment of either prin-

cipal of or interest on the Bonds, from the Bond Reserve Account, the Surplus Account and the Depreciation and Replacement Account as provided in Sections 9 and 10 hereof, sums sufficient to pay the principal of and interest on the Bonds and the fees of the Paying Agent as and when the same become due, and to forward such sums to the Paying Agent not less than 10 days prior to dates when such principal, interest and fees of the Paying Agent will become due. If, through lapse of time, or otherwise, the holders of Bonds or coupons shall no longer be entitled to enforce payment of their obligations, it shall be the duty of the Paying Agent forthwith to return said funds to the City. All moneys deposited with the Paying Agent shall be deemed to be deposited in accordance with and subject to all of the provisions contained in this Ordinance.

Section 12. Investments of Moneys in Funds and Accounts. Cash moneys in each of the funds and accounts created by and referred to in this Ordinance shall be deposited in a bank or banks located in the State of Missouri which are members of the Federal Deposit Insurance Corporation, and all such bank deposits shall be continuously and adequately secured by the banks holding such deposits as provided by the laws of the State of Missouri. Moneys held in said funds and accounts may be invested by the City in direct obligations of, or obligations the principal of and interest on which are unconditionally guaranteed by, the United States of America or in other obligations in which public funds are permitted to be invested under Missouri law; provided, however, that no such investment shall be made for a period extending longer than to the date when the moneys invested may be needed for the purpose for which such fund or account was created. All interest on any investments held in any fund or account shall accrue to and become a part of such fund or account. In determining the amount held in any fund or account under any of the provisions of this Ordinance, obligations of or guaranteed by the United States of America shall be valued at the principal amount or the market value thereof, whichever is lower. If and when the amount held in any fund or account shall be in excess of the amount required by the provisions of this Ordinance, the City shall direct that such excess be paid and credited to the Combined Waterworks and Sewerage System Revenue Fund.

Section 13. Arbitrage Covenant. The City covenants and agrees that it will use the proceeds of the Bonds as soon as practicable and with all reasonable dispatch for the purpose for which the Bonds are issued as hereinbefore set forth, and that no part of the proceeds of the Bonds shall be invested in any securities or obligations (except for the temporary period pending such use) nor used at any time, directly or indirectly, in a manner which, if such use had been reasonably anticipated on the date of issuance of the Bonds, would have caused any of the Bonds to be or become "Arbitrage Bonds" within the meaning of Section 103(c) of the Internal Revenue Code of 1954, as amended, and the

regulations of the Treasury Department thereunder proposed or in effect at the time of such use and applicable to obligations issued on the date of issuance of the Bonds.

Section 14. Particular Covenants of the City. The City covenants and agrees with each of the purchasers and owners of any of the Bonds, that so long as any of the Bonds remain outstanding and unpaid:

(a) The City will continuously own and will operate its combined waterworks and sewerage system in an efficient and economical manner and will keep and maintain the same in good repair and working order.

(b) The City will fix, establish, maintain and collect such rates, fees and charges for the use and services furnished by or through the combined waterworks and sewerage system of the City, including all extensions and improvements thereto hereafter constructed or acquired by the City, as will produce revenues sufficient to (i) pay the cost of the operation and maintenance of said system; (ii) pay the principal of and interest on the Bonds and any additional combined waterworks and sewerage system revenue bonds of the City hereafter issued and standing on a parity with the Bonds and as when the same become due; and (iii) provide reasonable and adequate reserves for the payment of the Bonds and the interest thereon and for the protection and benefit of the combined waterworks and sewerage system of the City as provided in this Ordinance. The City further covenants and agrees that it will at all times fix, maintain and collect rates, fees and charges for such use and services sufficient to provide in each fiscal year revenues in an amount not less than operation and maintenance costs plus 125% of the maximum amount required to be paid in any succeeding fiscal year an amount of principal of and interest on all obligations payable from the revenues of said system at the time outstanding. The City will require the prompt payment of accounts for water and sewer service and will promptly take whatever action is legally permissible to enforce and collect delinquent charges.

(c) None of the facilities or services afforded by the combined waterworks and sewerage system of the City will be furnished to any user (excepting the City itself) without a reasonable charge being made therefor. In the event that the revenues derived by the City from its combined waterworks and sewerage system shall at any time be insufficient to pay the reasonable expenses of operation and maintenance of said system and also to pay all interest on and principal of the Bonds as and when the same become due, then the City will thereafter pay into the Combined Waterworks and Sewerage System Revenue Fund a fair and reasonable payment for all service or other facilities furnished to the City or any of its departments by said system, including all extensions and improvements thereto, and such payments will

continue so long as the same may be necessary in order to prevent or reduce the amount of any default in the payment of the interest on or principal of the Bonds.

(d) The City will not mortgage, pledge or otherwise encumber its combined waterworks and sewerage system or any part thereof or any improvement or extension thereof, nor will it sell, lease or otherwise dispose of said system or any material part thereof; provided, however, the City may sell any portion of such property which shall have been replaced by other similar property of at least equal value, or which shall cease to be necessary for the efficient operation of said combined waterworks and sewerage system. The proceeds of any such sale or sales shall be paid and deposited into the Combined Waterworks and Sewerage System Revenue Fund. The City may cease to operate, abandon or otherwise dispose of any property which has become obsolete, nonproductive or otherwise unusable to the advantage of the City.

(e) The City will carry and maintain a reasonable amount of fire and extended coverage insurance upon all of the properties forming a part of its combined waterworks and sewerage system insofar as the same are of an insurable nature, such insurance to be of the character and coverage and in an amount as would normally be carried by a private corporation engaged in a similar type of business. In the event of loss or damage, the City will use the proceeds of such insurance in reconstructing and replacing the property damaged or destroyed, or, if such reconstruction or replacement be unnecessary, then the City will pay and deposit the proceeds of such insurance into the Combined Waterworks and Sewerage System Revenue Fund. The City in operating its combined waterworks and sewerage system will carry and maintain public liability and workmen's compensation insurance in such amounts as would normally be maintained by a private corporation engaged in a similar type of business, and the proceeds derived from such insurance shall be used in paying the claims on account of which such proceeds were received. The cost of all insurance obtained pursuant to the requirements of this subsection shall be paid as an operating cost out of the revenues of the City's combined waterworks and sewerage system.

(f) The City will install and maintain proper books, records and accounts (entirely separate from all other records and accounts of the City) in which complete and correct entries will be made of all dealings and transactions of or in relation to the combined waterworks and sewerage system of the City. Such accounts shall show the amount of revenues received from the combined waterworks and sewerage system, the application of such revenues and all financial transactions in connection therewith. Said books shall be kept by the City according to standard accounting practices as applicable to the operation of municipal utilities. Annually, promptly after the end of the fiscal year, the City will cause an audit to be made of the combined waterworks

and sewerage system of the City for the preceding fiscal year by a certified public accountant or firm of certified public accountants to be employed for that purpose and paid from the revenues of the combined waterworks and sewerage system. Said annual audit shall include:

(i) A classified statement of the gross revenues received, of the expenditures for operation and maintenance, of the net operating revenues, and of the amount of any capital expenditures made in connection with the system during the previous fiscal year;

(ii) A balance sheet as of the end of each fiscal year, with the amount on hand at the end of such year in each of the funds and accounts created by and referred to in Sections 8 and 9 of this Ordinance;

(iii) A statement showing the profit or loss for such fiscal year;

(iv) A statement of the number of customers served by the system at the beginning and also at the end of such fiscal year;

(v) A statement showing the amount and character of the insurance carried by the City on the property constituting the system and showing the names of the insurers, the expiration dates of the policies, and the premiums thereon; and

(vi) Such remarks and recommendations regarding the City's method of operating the system and its accounting practices as said accountant may deem appropriate.

Within 30 days after the completion of each such audit, a copy thereof shall be filed in the office of the City Clerk, and a duplicate copy of said audit shall be mailed to the original purchaser of the Bonds. Such audits shall, at all times during the usual business hours, be open to the examination and inspection by any taxpayer, any user of the services of the combined waterworks and sewerage system of the City, any holder of any of the Bonds or by anyone acting for or on behalf of such taxpayer, user or bondholder.

If any audit shall disclose that proper provision has not been made for all of the requirements of the law under which the Bonds are issued, and of this Ordinance, the City covenants and agrees that it will promptly cure such deficiency and that it

will promptly proceed to cause rates to be charged for the use and services furnished by the City's combined waterworks and sewerage system which will adequately provide for such requirements.

(g) The holder or holders of any of the Bonds shall have the right at all reasonable times to inspect the combined waterworks and sewerage system and all records, accounts and data relating thereto, and any such holder shall be furnished all such information concerning said system and the operation thereof which he may reasonably request.

(h) The City will faithfully and punctually perform all duties and obligations with respect to the operation of its combined waterworks and sewerage system, including all extensions and improvements thereto, now or hereafter imposed upon the City by the constitution and laws of the State of Missouri and by the provisions of this Ordinance.

Section 15. Additional Bonds. The City hereby covenants and agrees that so long as any of the Bonds remain outstanding and unpaid, the City will not issue any additional bonds or other obligations payable out of the revenues of its combined waterworks and sewerage system or any part thereof which are superior to the Bonds.

The City further covenants and agrees that so long as any of the Bonds remain outstanding and unpaid, the City will not issue any additional bonds or other obligations payable out of the revenues of its combined waterworks and sewerage system or any part thereof which stand on a parity or equality with the Bonds unless all of the following conditions are met:

(a) The City shall not be in default in the payment of principal or interest on the Bonds or in making any payment at the time required to be made into the respective funds and accounts created by and referred to in this Ordinance; and

(b) The net revenues derived by the City from the operation of its combined waterworks and sewerage system, such net revenues being defined as the gross revenues less only the reasonable expenses of operation, maintenance and repair of such system but before any other payments or charges, for the fiscal year immediately preceding the issuance of additional bonds shall have been not less than 125% of the total amount required to be paid out of said revenues in any succeeding fiscal year on account of both principal and interest becoming due with respect to all combined waterworks and sewerage system revenue obligations of the City, including the additional bonds proposed to be issued. In the event the City shall have made an increase in rates for water or sewer service and such increase shall not have been in effect during all of the fiscal year immediately preceding the issuance of additional bonds, the City may retain an independent consulting

engineer or firm of consulting engineers having a reputation for skill and experience in the construction and operation of public utilities to make an investigation and report as to the amount of net revenues (as hereinbefore defined) which the City would have received from the operation of its combined waterworks and sewerage system during said preceding fiscal year if such increased rates had been in effect during all of said period, and the amount so determined and reported by said consulting engineer or firm of consulting engineers shall govern in determining the right of the City to issue additional parity bonds under the provisions aforesaid.

Additional revenue bonds of the City issued under the conditions hereinbefore set forth in this Section shall stand on a parity with the Bonds and shall enjoy complete equality of lien on and claim against the revenues of the City's combined waterworks and sewerage system with the Bonds, and the City may make equal provision for paying said bonds and the interest thereon out of the Combined Waterworks and Sewerage System Revenue Fund and may likewise provide for the creation of reasonable principal and interest accounts and bond reserve accounts for the payment of such additional bonds and the interest thereon out of moneys in the Combined Waterworks and Sewerage System Revenue Fund.

Nothing in this Section contained shall prohibit or restrict the right of the City to issue additional combined waterworks and sewerage system revenue bonds or other revenue obligations for the purpose of extending, improving, enlarging, repairing or altering the City's combined waterworks and sewerage system and to provide that the principal of and interest on said revenue bonds or obligations shall be payable out of the revenues of the City's combined waterworks and sewerage system, provided at the time of the issuance of such additional revenue bonds or obligations the City shall not be in default in the performance of any covenant or agreement contained in this Ordinance, and provided further that such additional revenue bonds or obligations shall be junior and subordinate to the Bonds so that if at any time the City shall be in default in paying either interest on or principal of the Bonds, or if the City shall be in default in making any payments required to be made by it under the provisions of paragraphs (a), (b) and (c) of Section 9 of this Ordinance, the City shall make no payments of either principal of or interest on said junior and subordinate revenue bonds or obligations until said default or defaults be cured. In the event of the issuance of any such junior and subordinate revenue bonds or obligations, the City, subject to the provisions aforesaid, may make provision for paying the principal of and interest on said revenue bonds or obligations out of moneys in the Combined Waterworks and Sewerage System Revenue Fund.

Section 16. Acceleration of Maturity in Event of Default. The City covenants and agrees that if it shall default in the payment of the principal of or interest on any of the Bonds as the same shall become due, and such default shall continue for a period of 30 days, or if the City or its governing body or any of the officers, agents or employees thereof shall fail or refuse to comply with any of the provisions of the constitution or statutes of the State of Missouri, or of this Ordinance, then, at any time thereafter and while such default shall continue, the holders of 25% in principal amount of the Bonds then outstanding may, by written notice to the City filed in the office of the City Clerk or delivered in person to said City Clerk, declare the principal of all Bonds then outstanding to be due and payable immediately, and upon any such declaration given as aforesaid, all of said Bonds shall become and be immediately due and payable, anything in this Ordinance or in the Bonds contained to the contrary notwithstanding. This provision, however, is subject to the condition that if at any time after the principal of said outstanding Bonds shall have been so declared to be due and payable, all arrears of interest upon all of said Bonds, except interest accrued but not yet due on such Bonds, and all arrears of principal upon all of said Bonds shall have been paid in full, and all other defaults, if any, by the City under the provisions of this Ordinance and under the provisions of the statutes of the State of Missouri shall have been cured, then and in every such case the holders of a majority in amount of the Bonds then outstanding, by written notice to the City given as hereinbefore specified, may rescind and annul such declaration and its consequences, but no such rescission or annulment shall extend to or affect any subsequent default or impair any rights consequent thereon.

Section 17. Amendments. The rights and duties of the City and the bondholders, and the terms and provisions of the Bonds or of this Ordinance, may be amended or modified at any time in any respect by ordinance of the City with the written consent of the holders of not less than 66 2/3% in principal amount of the Bonds then outstanding, such consent to be evidenced by an instrument or instruments executed by such holders and duly acknowledged or proved in the manner of a deed to be recorded, and such instrument or instruments shall be filed with the City Clerk, but no such modification or alteration shall:

- (a) extend the maturity of any payment of principal or interest due upon any Bond;
- (b) effect a reduction in the amount which the City is required to pay by way of principal of or interest on any Bond;
- (c) permit the creation of a lien on the revenues of the City's combined waterworks and sewerage system prior or

equal to the lien of the Bonds or additional bonds hereafter issued on a parity with the Bonds as hereinbefore provided;

- (d) permit preference or priority of any Bonds over any other Bonds; or
- (e) reduce the percentage in principal amount of Bonds required for the written consent to any modification or alteration of the provisions of this Ordinance.

Any provision of the Bonds or of this Ordinance may, however, be amended or modified at any time in any respect with the written consent of the holders of all of the Bonds at the time outstanding.

In order that the holders of Bonds payable to bearer may evidence their consent in the manner hereinabove provided, the City may make and, from time to time, vary such regulations as it shall deem proper for the deposit of Bonds with, or exhibit of Bonds to, any banks, bankers, trust companies or other depositories, wherever situated, and for the issuance by them to the persons depositing or exhibiting such Bonds of certificates in form approved by the City which shall constitute proof of ownership, entitling the holders thereof to consent in the manner hereinabove provided. Any and all modifications made in the manner hereinabove provided shall not become effective until there has been filed with the City Clerk a copy of the ordinance of the City hereinabove provided for, duly certified, as well as proof of consent to such modification by the holders of not less than 66 2/3% in principal amount of the Bonds then outstanding. It shall not be necessary to note on any of the outstanding Bonds any reference to such amendment or modification.

Section 18. Remedies. The provisions of this Ordinance, including the covenants and agreements herein contained, shall constitute a contract between the City and the holders of the Bonds, and the holder or holders of not less than 10% in principal amount of the Bonds at the time outstanding shall have the right, for the equal benefit and protection of all holders of Bonds similarly situated:

(a) By mandamus or other suit, action or proceedings at law or in equity to enforce his, her or their rights against the City and its officers, agents and employees, and to require and compel the City and its officers, agents and employees to perform all duties and obligations required by the provisions of this Ordinance or by the constitution and laws of the State of Missouri;

(b) By suit, action or other proceedings in equity or at law to require the City, its officers, agents and employees to account as if they were the trustees of an express trust; and

(c) By suit, action or other proceedings in equity or at law to enjoin any acts or things which may be unlawful or in violation of the rights of the holder of the Bonds.

Nothing contained in this Ordinance, however, shall be construed as imposing on the City any duty or obligation to levy any taxes either to meet any obligation incurred herein or to pay the principal of or interest on the Bonds.

No one or more bondholders secured hereby shall have any right in any manner whatever by his, her or their action to affect, disturb or prejudice the security granted and provided for herein, or to enforce any right hereunder, except in the manner herein provided, and all proceedings at law or in equity shall be instituted, had and maintained for the equal benefit of all holders of such outstanding Bonds and coupons. No remedy conferred herein upon the bondholders is intended to be exclusive of any other remedy, but each such remedy shall be cumulative and in addition to every other remedy and may be exercised without exhausting and without regard to any other remedy conferred herein. No waiver of any default or breach of duty or contract by the holder of any Bond shall extend to or affect any subsequent default or breach of duty or contract or shall impair any rights or remedies thereon. No delay or omission of any bondholder to exercise any right or power accruing upon any default shall impair any such right or power or shall be construed to be a waiver of any such default or acquiescence therein. Every substantive right and every remedy conferred upon the holders of the Bonds by this Ordinance may be enforced and exercised from time to time and as often as may be deemed expedient. In case any suit, action or proceedings taken by any bondholder on account of any default or to enforce any right or exercise any remedy shall have been discontinued or abandoned for any reason, or shall have been determined adversely to such bondholder, then, and in every such case, the City and the holders of the Bonds shall be restored to their former positions and rights hereunder, respectively, and all rights, remedies, powers and duties of the bondholders shall continue as if no such suit, action or other proceedings had been brought or taken.

Section 19. Defeasance. When all of the Bonds and all coupons representing interest thereon shall have been paid and discharged, then the requirements contained in this Ordinance and the pledge of revenues made hereunder and all other rights granted hereby shall terminate. Bonds and interest coupons shall be deemed to have been paid and discharged within the meaning of this Ordinance if there shall have been deposited with the Paying Agent, or other bank located in the State of Missouri and having

full trust powers, at or prior to the maturity of said Bonds and coupons, in trust for and irrevocably appropriated thereto, moneys and/or direct obligations of, or obligations the principal of and interest on which are guaranteed by, the United States of America which, together with the interest to be earned on any such obligations, will be sufficient for the payment of the principal of said Bonds, and interest accrued to the date of maturity or, if default in such payment shall have occurred on such date, then to the date of the tender of such payments. Any moneys and obligations which at any time shall be deposited with said Paying Agent or other bank by or on behalf of the City, for the purpose of paying and discharging any of the Bonds or coupons, shall be and are hereby assigned, transferred and set over to such Paying Agent or other bank in trust for the respective holders of the Bonds and coupons, and such moneys shall be and are hereby irrevocably appropriated to the payment and discharge thereof. All moneys deposited with said Paying Agent or other bank shall be deemed to be deposited in accordance with and subject to all of the provisions contained in this Ordinance.

Section 20. Severability. If any section or other part of this Ordinance, whether large or small, shall for any reason be held invalid, the invalidity thereof shall not affect the validity of the other provisions of this Ordinance.

Section 21. Effective Date. This Ordinance shall take effect and be in full force from and after its passage by the Board of Aldermen and approval by the Mayor of the City.
