RE: \$70,000 WATERWORKS AND SEWERAGE BONDS OF THE
CITY OF DIXON, PULASKI COUNTY, MISSOURI

Dear Mr. Jones:

Mr. E. J. Meyer, of the Municipal Bond Corporation, has informed us that his firm has purchased the above bonds. At his request we have prepared and enclose herewith drafts of an ordinance to combine the existing waterworks of the City and the existing sewerage system into a combined waterworks and sewerage system; of an ordinance to call an election to authorize the bonds; and of minutes for a special meeting of the Board of Aldermen to be held for the adoption of the ordinances.

1. The first page of the minutes sets out an acknowledgment of notice of the special meeting, to be signed by the Mayor and each alderman. If the meeting is a regular meeting, then please discard this sheet and substitute your regular convening minute, showing the time, place of meeting and those present and absent.
2. If the meeting is a special meeting, please be sure that all aldermen sign the acknowledgment of notice. All should, of course, be given notice. It is most important that any absent member sign this acknowledgment.
3. The minutes provide for the adoption first of the ordinance combining the waterworks and sewerage system and thereafter of the ordinance to call the election.
4. You will find various blanks in the ordinance calling the election, such as dates, polling places and the names of the judges and clerks. We do not believe you will have any difficulty in completing this ordinance.
5. It is, of course, important that the notice of election be published accurately in the paper. Please see that both this notice and the ballot are proofread.
6. The first insertion of the notice should be at least 21 days before the date of the election.
7. We are wondering whether or not you have a copy of House Substitute for House Bill No. 45. We believe it would be well for the City to have a copy of this bill in its possession, either in the pamphlet form or in the session acts.

Honorable Claude Jones

8. We should like to call attention to the provisions of Section 14 of this Act, which imposes certain duties upon the officials of cities issuing revenue bonds thereunder.

9. The City is required to segregate the revenues from the operation of the waterworks and sewerage system from all other revenues of the City and to hold them in a bank account separate from all other bank accounts. If the bonds are ultimately issued, all revenues from the waterworks and sewerage system combined will be segregated from all other revenues and all expenses of the combined system paid from these revenues.

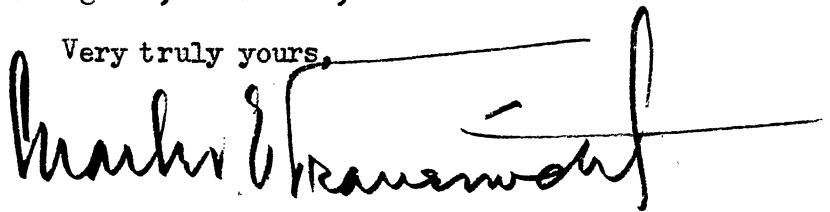

10. The section also provides in paragraph (b) for the establishment of a proper depreciation fund and requires the fulfillment of any covenants or agreements set out in the bond ordinance.

11. We do not know just what the terms of the bond ordinance will be with respect to transfers to other funds of the surplus in the waterworks and sewerage fund over and above all financial requirements of the ordinance. Section 14, however, prohibits any transfer except upon action of the Board of Aldermen, and permits such transfers only when all terms of the ordinance have been met.

12. Paragraph (c) of this section requires the installation and maintenance of proper books of records and an audit. Mr. Meyer tells us that it is quite useless to write the above paragraph to you because the City is already fulfilling all these requirements. However, we thought we would point out that the Act does contain such provision.

With best personal regards, we remain,

Very truly yours,

SECTION 7. That if the revenues derived from the operation of the waterworks should be insufficient at any time to make the payments or deposits required by Section 6 of this Ordinance, the deficiency shall be made good by additional payments to be made out of the first available revenues of said waterworks received during any succeeding month or months. Whenever and as long as sums actually on deposit in the Waterworks Interest and Sinking Account and in the Waterworks Revenue Bond Reserve Account together shall equal the principal amount of all outstanding bonds, plus the amount of all interest due thereon until the respective maturity dates of all such bonds, then no further deposits need be made into said accounts. All such insurance shall be taken for the benefit of the holders of the bonds herein authorized. The proceeds of all such insurance shall be used only for the maintenance and restoration of said waterworks, or for the payment of the principal of and the interest on the bonds authorized to be issued by this ordinance.

(d) That said City shall set up and maintain a proper system of accounts showing the amount of revenue received from the waterworks and the application of such revenues. Such accounts shall at least once a year be audited properly. The report of such audit shall be open to the public and to all bondholders.

(b) That all funds received from insurance or otherwise available shall be insufficient to pay the cost of the restoration of said waterworks to such a condition that it can again be operated. The cost of such restoration shall be determined by the estimate of a reputable and competent disinterested engineer or engineering firm or corporation selected by the City, with the approval of the holders of 75% of the outstanding bonds, who shall not be in any way interested in the reconstruction of said waterworks. This estimate shall be based upon plans and specifications for the restoration of the waterworks prepared for that purpose.

(c) That the holders of at least 75% of the principal amount of the bonds authorized by this ordinance then outstanding shall give written consent to the issuance of additional bonds on a parity with the bonds authorized hereby and shall file such written consents with the Clerk of the City of Dixon. Such consents shall be acknowledged before a notary public and shall state the precise amount of additional bonds which may be issued.

Upon the occurrence of all of the circumstances above set out, additional bonds may be issued solely for the purpose of paying the cost of restoring the waterworks to reasonable working order in an amount not greater than the amount stated in the consents filed by the holders of the outstanding bonds.

SECTION 10. That the provisions of this ordinance shall constitute a contract between the City of Dixon and the holders of the bonds herein authorized to be issued, and after the issuance of the bonds no changes, additions or alterations of any kind shall be made hereto in any manner except in accordance with the provisions of this ordinance.
