

Minutes from meeting 05/13/2013
City Hall Dixon Mo.

Attending:

Jeff Clark (Mayor) team member
Jessie Fleming team member
Cindy Wise team member (secretary)

I presented list of property address and descriptions to Jeff to be presented to City Hall employees to research names and contact information. They should have it back to us within a week.

There is a special City council meeting that Jeff is going to present them with our progress to this point.

Committee blog was presented to and printed by Dixon Pilot.

After list is complete we will drive by properties again to make note of ordinance violations so we can start to prepare letters.

Jeff is checking with Dennis (City Super) to see if he will go and drive thru with us to determine violations.

Jeff is checking on right of way from city street center.

Next meeting will depend on when we get the list back from City Hall.
