ITEM NO.	NAME&PICTURE	SPECIFICATION	UNIT PRICE (1 SET)	UNIT PRICE (≥ 2 SETS)	UNIT PRICE (≥ 10 SETS)
Espresso Coffee Machine Series					
YS-3008GM	Semi-automatic Espresso Coffee Machine 	Material: Aluminium alloy+PP Voltage: 220~240V 50HZ Power: 800W Tank Volume: 240ml built in(2~4 cups) Pressure: 5 bar Control Panel: knob switch control system Extraction Filter: 51mm Steam Nozzle Hole: 1 Boiler: instantaneous heater Machine Size: 235*165*300mm N/W: 1.6kg Color: black *Equipped with: glass jug*1, coffee spoon*1, water tray*1, extraction filter*1, coffee handle*1, filter basket*1, user manual*1	\$260.00	\$220.00	\$160.00
YS-3601GM	Semi-automatic Espresso Coffee Machine 	Material: plastic Voltage: 220~240V 50HZ Pump: Italian Ulka Power: 1450W Tank Volume: 1.7L detachable (40 cups 30ml espresso,max 120 cups/hour) Pressure: 15 bar Control Panel: LCD display with buttons*3,steam knob*1 Extraction Filter: 58mm Steam Nozzle Hole: 1 Boiler: instantaneous heater Machine Size: 286*230*315mm N/W: 4.2kg Color: red/black *Equipped: coffee spoon*1, water tray*1, extraction filter*1, coffee handle*1, single filter basket*1, user manual*1	\$795.00	\$650.00	\$400.00
YS-3605GM	Semi-automatic Espresso Coffee Machine 	Material: plastic Voltage: 220~240V 50HZ Pump: Italian Ulka Power: 1450W Tank Volume: 1.7L detachable (40 cups 30ml espresso,max 120 cups/hour) Pressure: 15 bar Control Panel: integrated PID temperature and electronic controlling system with LCD time display,buttons*3, steam knob*1 and pressure gauge*1 Extraction Filter: 58mm Steam Nozzle Hole: 1 Boiler: instantaneous heater Machine Size: 285*257*315mm N/W: 4.92kg Color: silver *Equipped: coffee spoon*1, water tray*1, extraction filter*1, coffee handle*1, single filter basket*1, user manual*1	\$1065.00	\$900.00	\$600.00
YS-GM3005E	Semi-automatic Espresso Coffee Machine 	Material: stainless steel Voltage: 220~240V 50HZ Pump: Italian Ulka Power: 1450W Tank Volume: 1.7L detachable (40 cups 30ml espresso,max 120 cups/hour) Pressure: 15 bar Control Panel: PID temperature and electronic control system with buttons*4, steam knob*1 Extraction Filter: 58mm Steam Nozzle Hole: 1 Boiler: instantaneous heater Machine Size: 230*285*325mm N/W: 6kg Color: silver *Equipped with: coffee spoon*1, water tray*1, extraction filter*1, coffee handle*1, single filter basket*1, user manual*1	\$1400.00	\$1300.00	\$900.00

ITEM NO.	NAME&PICTURE	SPECIFICATION	UNIT PRICE (1 SET)	UNIT PRICE (≥2 SETS)	UNIT PRICE (≥10 SETS)
YS-GM3007D	<p>Commercial Semi-automatic Espresso Coffee Machine</p> 	<p>Material: stainless steel Voltage: 220~240V 50HZ Pump: Italian Ulka Power: 1500W Tank Volume: 1.7L detachable (40 cups 30ml espresso,max 120 cups/hour) Pressure: 15 bar Control Panel: integrated PID temperature and electronic controlling system with LCD time display,buttons*4, steam knob*1 and pressure gauge*1 Extraction Filter: 58mm Steam Nozzle Hole: 3 Boiler: stainless steel single boiler 500ml Machine Size: 310*220*370mm N/W: 8.8kg Color: silver *Equipped with: coffee spoon*1, water tray*1, extraction filter*1, coffee handle*1, single filter basket*1, user manual*1</p>	\$3000.00	\$2700.00	\$1800.00
YS-GM3200C	<p>Commercial Semi-automatic Espresso Coffee Machine</p> 	<p>Material: stainless steel Voltage: 220~240V 50HZ Pump: Italian Ulka(rotary pump) Power: 2950W Tank Volume: 1.7L detachable (40 cups 30ml espresso,max 120 cups/hour) Pressure: 15 bar Control Panel: PID temperature and electronic controlling system with button*5, steam knob*1 and pressure gauge*1 Extraction Filter: 58mm Steam Nozzle Hole: 4 Boiler: single boiler 1000ml Machine Size: 345*428*485mm N/W: 14.5kg Color: black/red *Equipped: coffee spoon*1, water tray*1, extraction filter*1, coffee handle*1, single filter basket*1, user manual*1</p>	\$3500.00	\$3400.00	\$2900.00
YS-GM3200D	<p>Commercial Semi-automatic Espresso Coffee Machine</p> 	<p>Material: stainless steel Voltage: 220~240V 50HZ Pump: Italian Ulka Power: 2650W Tank Volume: 1.7L detachable (40 cups 30ml espresso,max 120 cups/hour) Pressure: 15 bar Control Panel: PID temperature and electronic controlling system with button*5, steam knob*1 and pressure gauge*1 Extraction Filter: 58mm Steam Nozzle Hole: 4 Boiler: 1L water boiler&550ml steam boiler Machine Size: 345*428*485mm N/W: 15kg Color: black/red *Equipped: coffee spoon*1, water tray*1, extraction filter*1, coffee handle*1, single filter basket*1, user manual*1</p>	\$3950.00	\$3700.00	\$2400.00
YS-3121GM	<p>Commercial Semi-automatic Espresso Coffee Machine</p> 	<p>Material: stainless steel Voltage: 220~240V 50HZ Pump: Italian Ulka Power: 3050W Water connection: Direct water connection with rotary pump Pressure: 9 bar Control Panel: PID temperature and electronic controlling system with button*6, steam knob*1, pressure gauge*2 and independent hot water outlet Extraction Filter: 58mm Steam Nozzle Hole: 4 Boiler: 550ml water boiler& 5500ml steam boiler Machine Size: 405*445*490mm N/W: 29kg Color: black *Equipped: coffee spoon*1, water tray*1, extraction filter*1, coffee handle*1, single filter basket*1, user manual*1</p>	\$7500.00	\$7100.00	\$6000.00

ITEM NO.	NAME&PICTURE	SPECIFICATION	UNIT PRICE (1 SET)	UNIT PRICE (≥2 SETS)	UNIT PRICE (≥10 SETS)
YS-3120GM	<p>Commercial Semi-automatic Espresso Double-head Coffee Machine</p> 	<p>Material: stainless steel Voltage: 220~240V 50HZ Pump: American Procon Power: 4200W Water connection: Direct water connection with rotary pump Pressure: 9 bar Control Panel: PID temperature and electronic controlling system with button*16, steam knob*2, pressure gauge*3 and independent hot water outlet Extraction Filter: 58mm Steam Nozzle Hole: 4 Boiler: 550ml water boiler& 7000ml steam boiler Machine Size: 81.7*50.2*45.2cm N/W: 42kg Color: black&red *Equipped: coffee spoon*1, water tray*1, extraction filter*1, coffee handle*2(single&dual), single filter basket*1, user manual*1</p>	\$8,750.00	\$8,400.00	\$6,500.00
SD-102	<p>Commercial Semi-automatic Espresso Double-head Coffee Machine</p> 	<p>Material: stainless steel Voltage: 220~240V 50HZ Pump: Italian Ulka Power: 3600W Water connection: Direct water connection with rotary pump Pressure: 9 bar Control Panel: PID temperature and electronic controlling system with button*10, steam knob*2, pressure gauge*2 and independent hot water outlet Extraction Filter: 58mm Steam Nozzle Hole: 4 Boiler: 12L Machine Size: 70.5*50*52cm N/W: 52kg Color: black *Equipped: cleaning brush, water tray*1, coffee handle*2(single&dual), single filter basket*1, double filter basket*1, blind basket*1, user manual*1, blow-off pipe*1, inlet pipe*1</p>	\$8,750.00	\$8,400.00	\$6,500.00
YS-3201GM	<p>Commercial Semi-automatic Espresso Double-head Coffee Machine</p> 	<p>Material: stainless steel Voltage: 220~240V 50HZ Pump: American Procon Power: 3800W Water connection: Direct water connection with rotary pump Pressure: 9 bar Control Panel: PID temperature and electronic controlling system with button*16, steam knob*2, pressure gauge*2 and independent hot water outlet Extraction Filter: 58mm Steam Nozzle Hole: 4 Boiler: 550ml water boiler& 7000ml steam boiler Machine Size: 81.6*58*56.5cm N/W: 52.5kg Color: black&red *Equipped: coffee spoon*1, water tray*1, extraction filter*1, coffee handle*2(single&dual), single filter basket*1, user manual*1</p>	\$11,000.00	\$10,500.00	\$9,500.00
YS-3207GM	<p>Commercial Semi-automatic Espresso Double-head Coffee Machine</p> 	<p>Material: stainless steel Voltage: 220~240V 50HZ Pump: American Procon(rotary pump) Power: 4200W Water connection: Direct water connection with rotary pump Pressure: 9 bar Control Panel: PLC touch screen controlling system with button*16, steam knob*2, pressure gauge*2 and independent hot water outlet Extraction Filter: 58mm Steam Nozzle Hole: 4 Boiler: 10.5L 1.5 Bar Machine Size: 97.4*59.4*67cm N/W: 65kg Color: black&white *Equipped: coffee spoon*1, water tray*1, extraction filter*1, coffee handle*2(single&dual), single filter basket*1, user manual*1</p>	\$32,899.00	\$32,000.00	\$25,999.00

ITEM NO.	NAME&PICTURE	SPECIFICATION	UNIT PRICE (1 SET)	UNIT PRICE (≥ 2 SETS)	UNIT PRICE (≥ 10 SETS)
Ruby	<p>Italian GAGGIA Home&Office Single Group Espresso Coffee Machine</p> 	<p>Material: stainless steel Voltage: 220~240V 50HZ Pump: Italian brand(rotary/vibration pump) Power: 1640W Pressure: 9 bar Control Panel: PID controlling system with button*3, steam knob*1, pressure gauge*1 and independent hot water outlet Extraction Filter: 58mm Steam Nozzle Hole: 4 Boiler capacity: 1.5L Filter holders: 1 Water connection: 3 litre inbuilt water tank with 1 vibration pump Machine Size: 37 x 31 x 51 cm N/W: 18kg Color: black *Equipped: coffee spoon*1, water tray*1, extraction filter*1, coffee handle*1(dual), single filter basket*1, user manual*1</p>	\$9,500.00	\$8,900.00	\$7,500.00
Ruby Pro	<p>Italian GAGGIA Commerical Single Group Espresso Coffee Machine</p> 	<p>Material: stainless steel Voltage: 220~240V 50HZ Pump: Italian brand(rotary/vibration pump) Power: 2640W Pressure: 9 bar Control Panel: PID controlling system with button*3, steam knob*1, pressure gauge*1 and independent hot water outlet Extraction Filter: 58mm Steam Nozzle Hole: 4 Boiler capacity: 5L Filter holders: 1 Water connection(option): - 3 litre inbuilt water tank with 2 vibration pumps - Direct water connection with rotary pump Machine Size: 37 x 43 x 51 cm N/W: 25kg Color: black&white&Red *Equipped: coffee spoon*1, water tray*1, extraction filter*1, coffee handle*1(dual), single filter basket*1, user manual*1</p>	\$11,000.00	\$10,449.00	\$7,389.00
Ruby Pro 2	<p>Italian GAGGIA Espresso Coffee Machine</p> 	<p>Material: stainless steel Voltage: 220~240V 50HZ Pump: Italian brand(rotary/vibration pump) Power: 2640W Pressure: 9 bar Control Panel: PID controlling system with button*6, steam knob*2, pressure gauge*1 and independent hot water outlet Extraction Filter: 58mm Steam Nozzle Hole: 4 Boiler capacity: 6.5L Filter holders: 2 Water connection(option): - 3 litre inbuilt water tank with 2 vibration pumps - Direct water connection with rotary pump Machine Size: 37 x 57 x 51 cm N/W: 33kg Color: black&white&Red *Equipped: coffee spoon*1, water tray*1, extraction filter*1, coffee handle*2(single&dual), single filter basket*1, user manual*1</p>	\$12,500.00	\$11,900.00	\$7,689.00
YS-BAE01	<p>Bean-to-cup Semi-automatic Espresso Coffee Machine</p> 	<p>Material: stainless steel Voltage: 220~240V 50HZ Pump: Italian Ulka Power: 1380~1450W Tank Volume: 2.8L detachable Pressure: 15 bar Control Panel: PID temperature and electronic touch screen controlling system with button*4, steam knob*1 Extraction Filter: 58mm Steam Nozzle Hole: 3 Bean Hopper: 250g Grinding Finness: 0~30 scale adjustable Grinding Burrs: conical Machine Size: 322*347*331mm N/W: 8.7kg Color: black/white *Accessoris: User manual*1, milkpitcher 350ml*1, tamper*1 single filter kit*1</p>	\$3,500.00	\$3,200.00	\$2,500.00

ITEM NO.	NAME&PICTURE	SPECIFICATION	UNIT PRICE (1 SET)	UNIT PRICE (≥ 2 SETS)	UNIT PRICE (≥ 10 SETS)
YS-BAE02	Bean-to-cup Semi-automatic Espresso Coffee Machine 	Material: stainless steel Voltage: 220~240V 50HZ Pump: Italian Ulka Power: 2200W Tank Volume: 2.8L detachable Pressure: 15 bar Control Panel: PID temperature and electronic touch screen controlling system with button*4, steam knob*1 Extraction Filter: 58mm Steam Nozzle Hole: 3 Boiler: double boilers Bean Hopper: 250g Grinding Finness: 0~30 scale adjustable Grinding Burrs: conical Machine Size: 347*322*410mm N/W: 10.8kg Color: black/white *Accessoris: User manual*1, milkpitcher 350ml*1, tamper*1 single filter basket*1, double filter basket*1, dual sprout portafilter*1, cleaning kit*1, cleaning towel*1, tamper mat*1	\$4,100.00	\$3,900.00	\$3,000.00
YS-EB2016	Bean-to-cup Fully Automatic Espresso Coffee Machine (home) 	Material: stainless steel Voltage: 220~240V 50HZ Pump: Italian Ulka Power: 1200W Tank Volume: 2L detachable Pressure: 19 bar Control Panel: intelligent touch screen controlling system Boiler: 2 independent boilers Bean Hopper: 250g Grinding Finness: 0~8 scale adjustable Grinding Burrs: conical Applicable: espresso, American coffee, cappiccino, latte, Machine Size: 460*270*350mm N/W: 11kg *Equipped: coffee spoon*1, water tray*1, extraction filter*1, coffee handle*1, single filter basket*1, user manual*1	\$4,000.00	\$3,700.00	\$2,900.00
YS-EB2016	Bean-to-cup Fully Automatic Espresso Coffee Machine 	Material: stainless steel Voltage: 220~240V 50HZ Pump: Italian Ulka Power: 1200W Tank Volume: 2L detachable Pressure: 19 bar Control Panel: intelligent touch screen controlling system Boiler: 2 independent boilers Bean Hopper: 750g Grinding Finness: 0~8 scale adjustable Grinding Burrs: conical Applicable: espresso, American coffee, cappiccino, latte, Machine Size: 460*270*350mm N/W: 14kg *Equipped: coffee spoon*1, water tray*1, extraction filter*1, coffee handle*1, single filter basket*1, user manual*1	\$4,500.00	\$4,300.00	\$3,500.00
SV832	Multiple Capsule Coffee Machine 	Voltage: 220~240V Power: 1100W Pressure: 19 bar high pressure pump Capsule ejection mode: manual Control panel: 3 buttons controlled by PCB, ON/OFF, small cup, big cup, 7-level temperature settings, 2 volume selection Single cup: 20~30ml Large cup: 40~50ml Water tank: 1L removable Compatible capsule: nespresso/caffitaly/Dolce Gusto/Lavazza Point/E.S.E POD(44mm) and ground coffee powder, more customized capsule/pod maybe also suitable *Height adjustable drip tray for small or big cup *Programmavle filling quantity&coffee temperature *1.5-2m cable with EU socket Machine size: 358*128*255mm Color: black/white/red/rosegold/grey-silver	\$1,000.00	\$900.00	\$800.00

ITEM NO.	NAME&PICTURE	SPECIFICATION	UNIT PRICE (1 SET)	UNIT PRICE (≥2 SETS)	UNIT PRICE (≥10 SETS)
Mini-S1103	Automatic Nespresso Capsule Coffee Machine 	Material: ABS Voltage: 220~240V 50HZ Pump: Italian Ulka Power: 1200W Tank Volume: 580ml detachable Pressure: 19 bar Control Panel: automatic ejection system Features: Power off after 15 min; ERP function for energy saving; Adjustable drip tray for small and big cup; 10pcs capsule container Machine Size: 340*100*260mm N/W: 2.9kg	\$360.00	\$350.00	\$300.00
American Drip Coffee&Tea Making Machine Series					
RXG-2001	Caferina Commercial Drip Coffee Brewer 	Body Material: food grade stainless steel Filter Size: 250mm Tank Capacity: 1.8L Volume: 12 cups(120 cups per hour) Water Filling Way: manual Voltage&Frequency: AC220 50~60HZ Power: 1885-2243W Brewing Temp.: 92-96 °C Brewing Time: 5-6 minutes Machine size: 20*36*42cm(W*D*H) Net Weight: 5.0kg Packaging Size: 48.5*27.5*48.5cm(W*D*H) Gross weight: 6.7kg Accessories: manual instruction*1, stainless steel filter tray*1	\$480.00	\$460.00	\$399.00
RUA-2001A	Caferina Commercial Drip Coffee Brewer with two Pots 	Body Material: food grade stainless steel Filter Size: 250mm Tank Capacity: 1.8L Volume: 12 cups(120 cups per hour) Water Filling Way: automatic Voltage&Frequency: AC220 50~60HZ Power: 1854-2163W Brewing Temp.: 92-96 °C Brewing Time: 5-6 minutes Machine size: 20*36*42cm(W*D*H) Net Weight: 5.8kg Packaging Size: 48.6*26*48.5cm(W*D*H) Gross weight: 8.2kg Accessories: manual instruction*1, glass pots*2, stainless steel filter tray*1	\$1,600.00	\$1,500.00	\$1,100.00
AIS-0DAF	Caferina AI Intelligent LCD Display Coffee/Tea Brewer 	Body Material: food grade stainless steel Filter Size: 250mm Tank Capacity: 12L Volume: 12 cups(120 cups per hour) Water Filling Way: automatic Voltage&Frequency: AC220 50~60HZ Power: 3000W Brewing mode: 4 types adjustable Brewing Temp.: 50-98 °C Brewing Time: 5-6 minutes Machine size: 63.5x26x66cm(W*D*H) Net Weight: 15.8kg Packaging Size: 466*35*75cm(W*D*H) Gross weight: 18kg Accessories: manual instruction*1, 6L vacuum thermos*1, stainless steel filter tray*1	\$7,000.00	\$6,500.00	\$5,500.00

ITEM NO.	NAME&PICTURE	SPECIFICATION	UNIT PRICE (1 SET)	UNIT PRICE (≥ 2 SETS)	UNIT PRICE (≥ 10 SETS)
RBG-2201	Caferina Commercial Drip Coffee Brewer with two Pots and Filter Funnels 	Body Material: food grade stainless steel Filter Size: 250mm Tank Capacity: 1.8L Volume: 12 cups(120 cups per hour) Water Filling Way: manual Voltage&Frequency: AC220 50~60HZ Power: 1738-2068W Brewing Temp.: 92-96 °C Brewing Time: 5-6 minutes Machine size: 21*38*45cm(W*D*H) Net Weight: 6.42kg Packaging Size: 52*26*49.5cm(W*D*H) Gross weight: 7.8kg Accessories: manual instruction*1, stainless steel bottom glass pots*2, stainless steel filter tray*1, plastic filter tray*1	\$880.00	\$799.00	\$650.00
RUG-2201	Caferina Commercial Drip Coffee Brewer with two Pots 	Body Material: food grade stainless steel Filter Size: 250mm Tank Capacity: 1.8L Volume: 12 cups(120 cups per hour) Water Filling Way: manual Voltage&Frequency: AC220 50~60HZ Power: 1854-2163W Brewing Temp.: 92-96 °C Brewing Time: 5-6 minutes Machine size: 20*36*42cm(W*D*H) Net Weight: 5.2kg Packaging Size: 48.6*26*48.5cm(W*D*H) Gross weight: 7.7kg Accessories: manual instruction*1, glass pots 1.8L*2, stainless steel filter tray*1	\$1,080.00	\$1,050.00	\$900.00

Remarks:

1. Trade Term: **EXW**.
2. Payment Term: 50% deposit before production, 50% balance before shipment.
3. Payment Method: L/C, T/T, Paypal, credit card or other acceptable methods.
4. Leadtime: **7~15 working days for stock(depends on qty)**.
5. Shipping date: 5~7 working days after we collect the full payment.
6. Warranty: **One Year Limited Warranty include any failure of parts without human damage, replacement will be sent with air express on our cost.**
7. Service: 24/7 lifetime phone & online tech support.
8. Certificates: ISO9001, CE, ROHS.
