ADDRESS (street): \_\_\_\_\_

PHONE#: \_\_\_\_\_ EMAIL: \_\_\_\_\_

**If painting same color-** Prior ARC approval for painting is **not** required so long as the color is **not** changed. Using this form, owners should still notify the ARC of the activity. The notification should describe the activity and include the statement that "the color is not changed from the original." Owners are reminded that if subsequent review determines that new colors used are not within a shade or two of the original, this will be deemed a violation resulting in fines as well as the Owner being required to repaint at their expense.

All other projects:

Two (2) complete sets of the application, colors, and any associated drawings or plans must be provided. Please attach drawings or documentation as applicable. For all additions or architectural changes, documentation from Lee County must be provided.

**Questions:** Contact information below.

**Color Palette** - Downloadable from <https://cppoai.com/>

Return the completed form and all necessary information to:
