We do not sell books, audio, or music on our website but offer links to sales. The cover of the work will be placed on the website under a category with a direct link to sales. We take no commission from sales of books which are shown on www.bookmarketplace.net and do not manage the prices posted by those selling the books. All links will be confirmed prior to linking to the website--including book sales, personal websites, email addresses and download links for audio-book and music. Please insure links provided are valid. Integrity of the website is important. All links will be checked randomly. Invalid linked titles will be paused until a valid link is provided. Let us know if your link changes. The webmaster selects categories and placement of titles on the pages. Books may move as the website is active.

This website is specifically intended for the release of wholesome material. It is a family website and all books and music must be suitable for under 18 audience.

The individual marketing the title must be the copyright holder or have permission from the copyright holder to put it on the website. Minors may post a book with parental permission. [Request Marketing Permission Slip].

Books co-authored or artist/author combination may post a title without permission from the partner[s]. [No permission request form needed].

Bound Books: New paperbacks [any size] and hardbound books are acceptable. May be distributed directly from Amazon, personal website or direct mailing [from your address]. No used books.

Audio-books or music: All books must be on ACX. Books and music must be suitable for under 18 audience. Provide links for download from another site. Download site links will be confirmed prior to linking to the website.

E-Books: Links to reflowable e-pub and non-reflowable e-pub books will be validated prior to linking to the website. It is important e-books be of professional quality standards similar to bound books. Therefore we request a copy of the e-book [not a PDF] in the posting format [either reflowable or fixed layout] so we can insure it can be read across its intended device [either cell phone or Kindle Reader]. We will connect the link to the e-book after it is confirmed using e-book reader software.

Personal website links: All personal website links must be current URL addresses. We only link to valid current URL addresses. If the website changes, please notify us, so we can change the address.

Two web links: The webmaster will connect two button links [if desired]. It is recommended one be a personal website and the other a direct link to Amazon [for purchase of the book]. We can also link an email address.
