we bring **INNOVATION** *to life*

"Volunteering became a passion. It's grown from simply being involved with different health organizations to becoming a passionate advocate for this cause."

Health Sciences Centre
FOUNDATION

Ted Fransen knew a growth on his tongue was wrongly diagnosed. He wanted a second opinion.

As a superintendent of education, Ted makes his living by speaking. He soon learned that he could have lost much more than his voice.

A Three-month Journey
Blaine Hadaller

Blaine Hadaller was one of the first people to benefit from the WZL Tumor Research Surgery Clinic and Endoscopy Clinic, which opened at HSC in the summer of 2016.

After a year of long waits, diagnosis, surgery, and confirmation of the cancer's extent, Blaine Hadaller's journey was only three months long.

The WZL Tumor Research Surgery Clinic and Endoscopy Clinic are the result of a partnership between the Health Sciences Centre Foundation and the University of Manitoba. The clinic is a testament to the power of community and the impact of foundation donors.

"Foundation donors make a real and significant difference."

Honoring Our Generous Donors Who Helped Build Jim Pattison Children's Hospital
"Alone we can do so little, together we can do so much." - Helen Keller

A series of vertical, colorful panels (purple, pink, orange, yellow, green, blue) displaying donor information. The panels are arranged in a curved line and feature various images and text. One prominent panel features a photo of a young girl and the text "Meet Danielle Osler, SK." Other panels include names and donation amounts, such as "£10,000 to £25,000" and "£10,000 to £25,000".
