

The Nikken Share Application Part Two

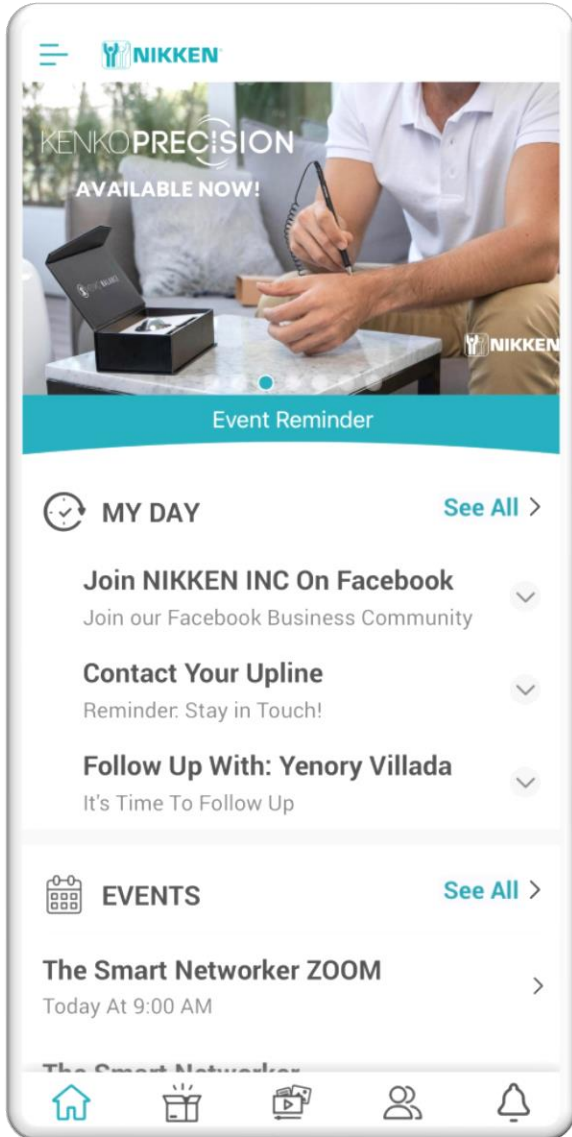

A Training Program

Getting Started The My Day Functions

Building a Successful
Distributorship

My Day Screens Opened

When you open your Nikken Share it opens on the home page which displays everything you have linked to **the My Day home page**, as you can see in the picture to the left.

If your screen is blank that's fine this video will teach you how to post items to the any page.

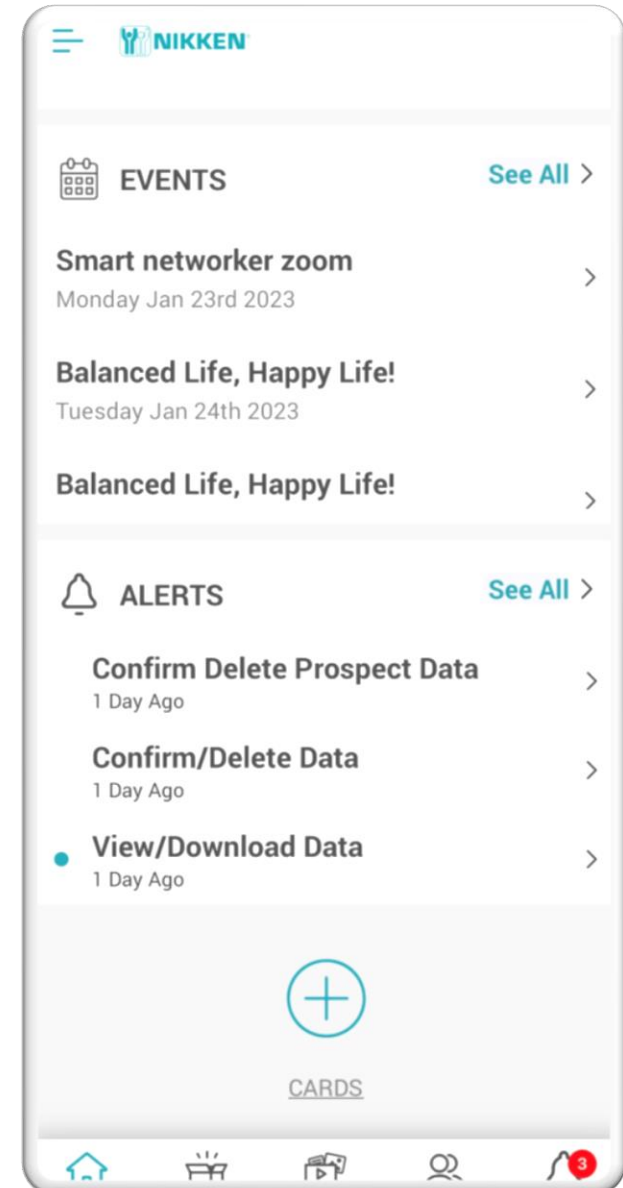

When you scroll up on the screen this page also shows all other information you have listed.

Prospects

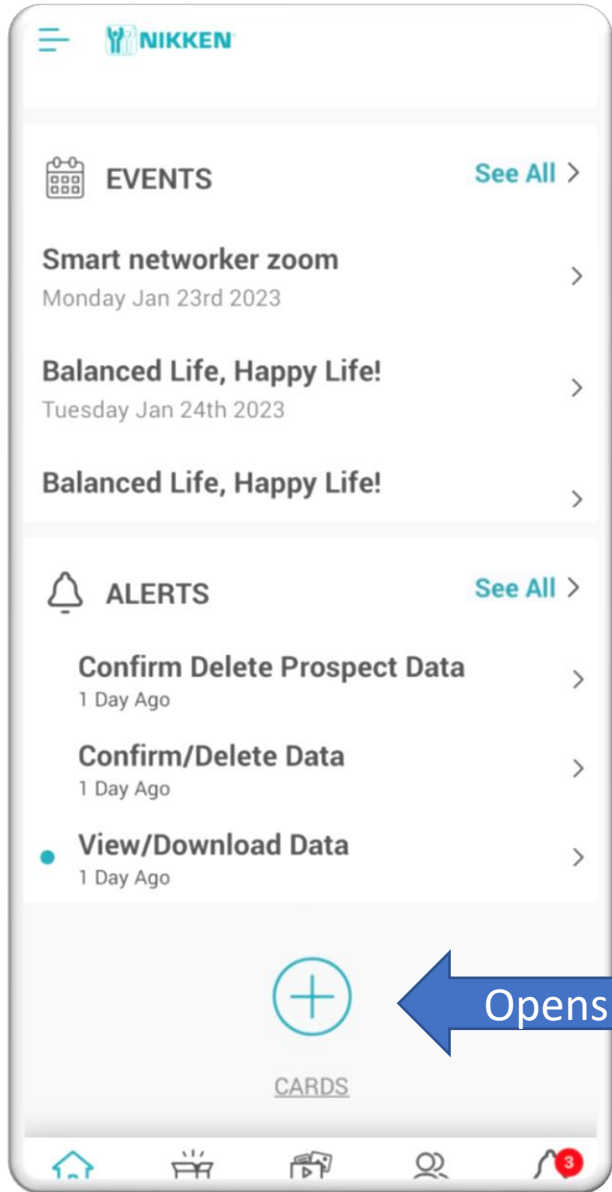

Events

Alerts.

These act as Shortcuts.

Setting up My Day Display with Customized Cards Function

p

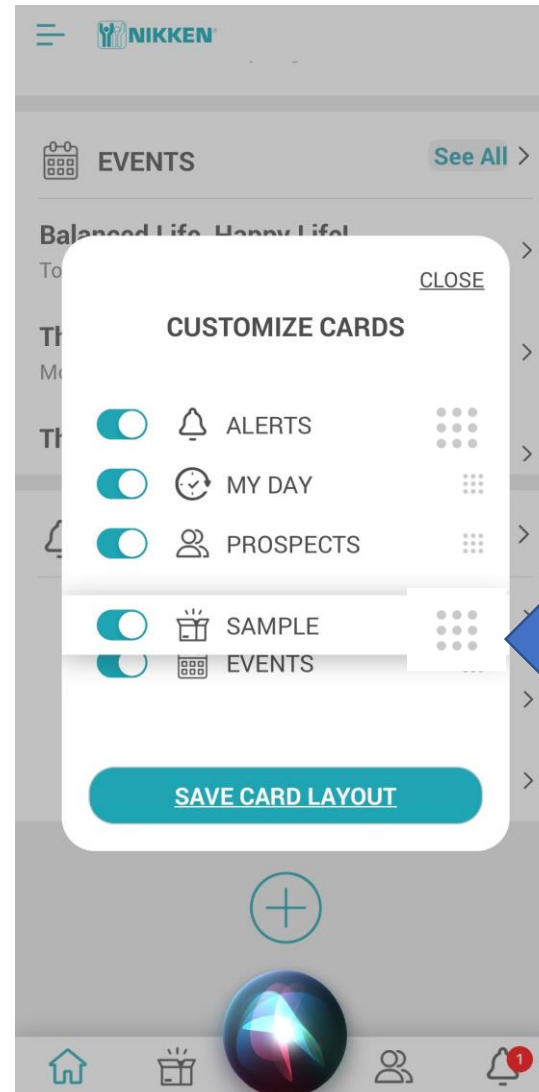

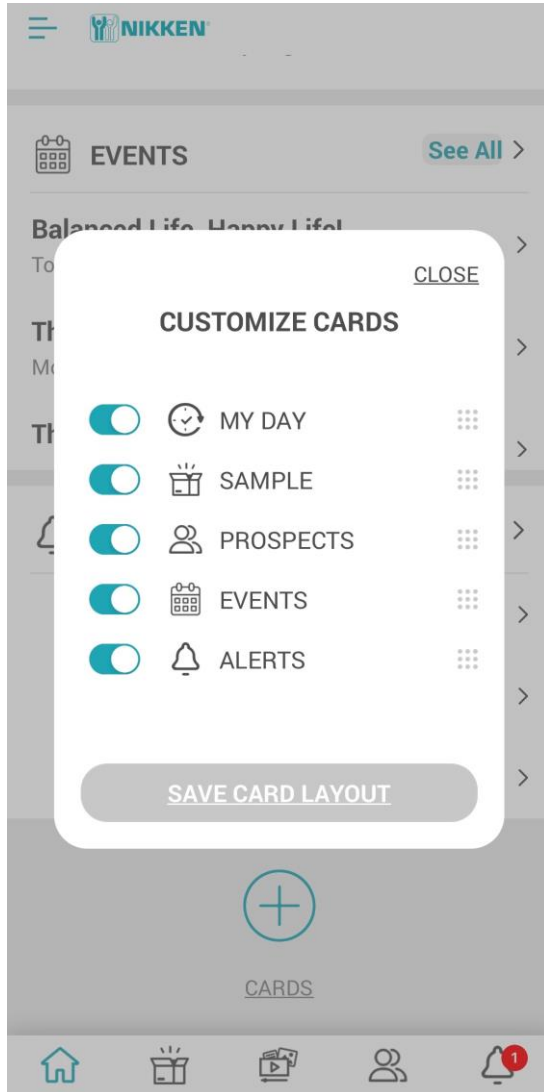

The My Day window will display information based on what you set up, and when you scroll up, you can customize what you want to see (next Slide)

My Day
Sample
Prospects
Event
Alerts

← Opens Custom Card

When you click on the  sign the Customize Cards Window Opens. If you grab any of the dots  on the right you can change the order they appear on your My Day home screen.

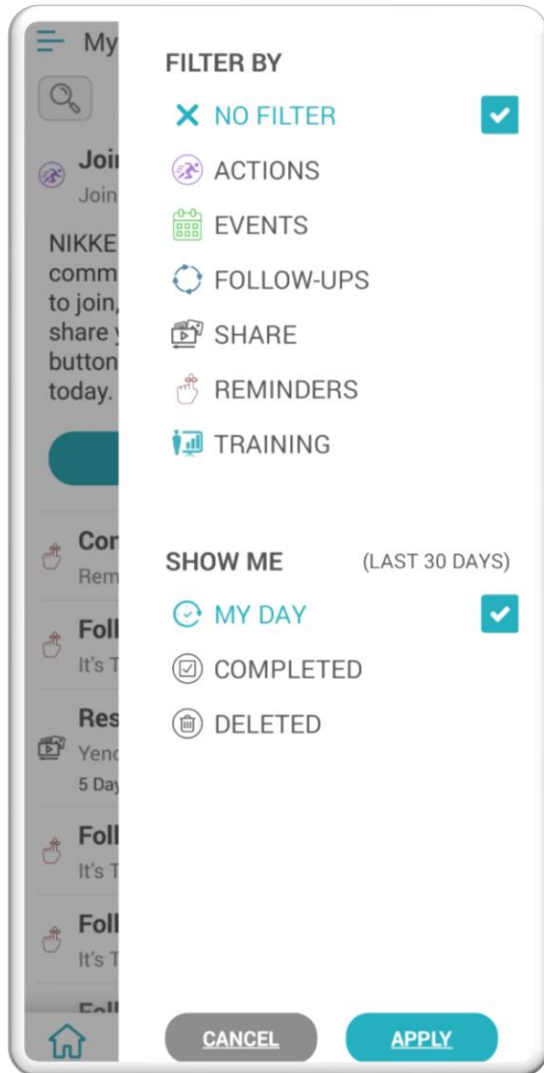

A card is defined as a short snapshot of a larger amount of information. On the My day page and based on order you will see information from the cards you have selected. When you click on each then you will go to their specific page and will usually be presented with more information.

Once you have selected the layout you want click on the Save Button.

Filter Tab Opened

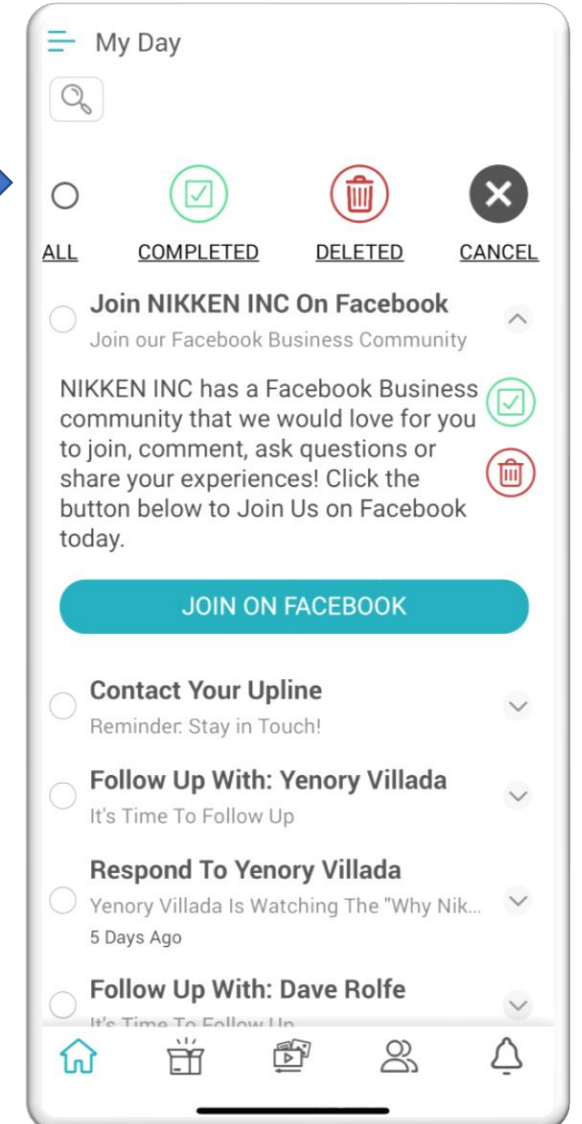

Click on Home- Click on See All-Click on Filter

When you click on Filter and the next page on the left opens you can select what you want to see on you're My Day page. You can select no filters which leaves it open for all posts or you can select only one item like Follow Ups.

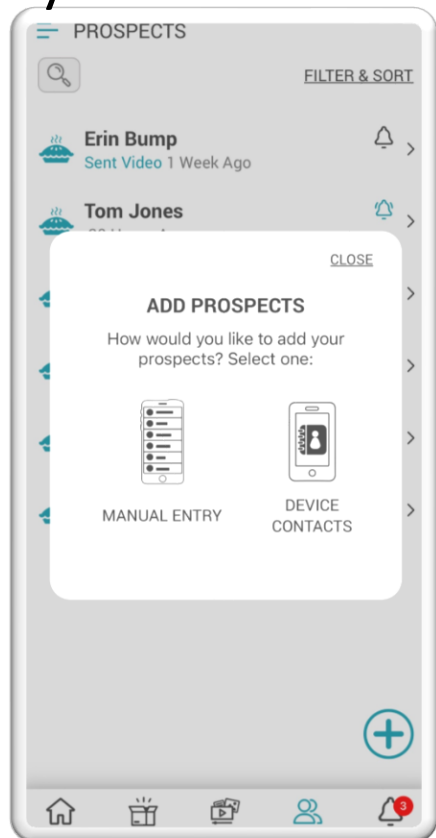

When you click on the Edit tab the window at the right opens and you will be able to edit what is displayed. You can select ALL and then select the function you want to perform or you can do one at a time.

Edit Tab Opened

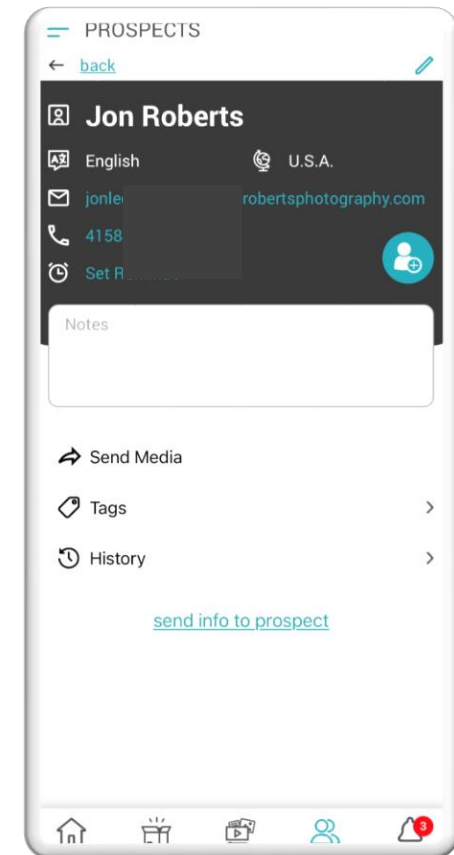

How does the information become posted as an Alert?

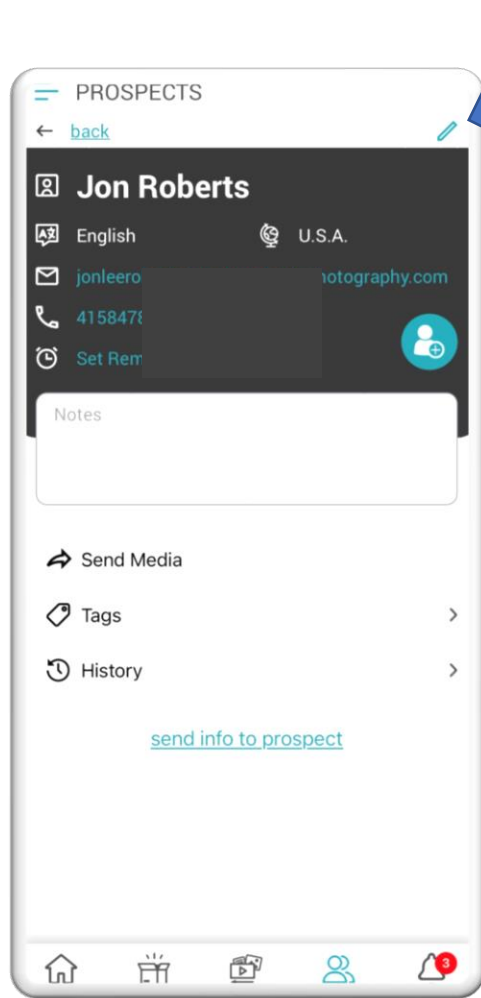

Go to My Day, Prospects, Events, and Alerts, and whatever is listed was placed there by an action from one of those same pages. Go to the People Icon, Click on the  sign and the first page on the left asks where you want to get the name from. You add it or take it from your device.

In this example, I used Device Contacts which took me to my contacts on my phone. (I blacked out some data) I chose **Jon Roberts** as my newest Prospect and when I clicked on his name this new window to the right was created and his information was populated as shown.

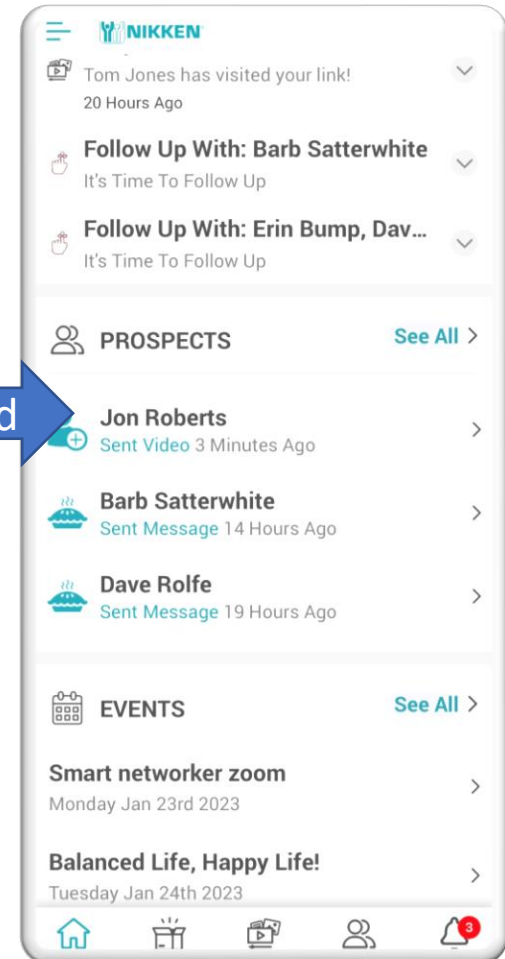

Getting your info on the My Day or Alerts

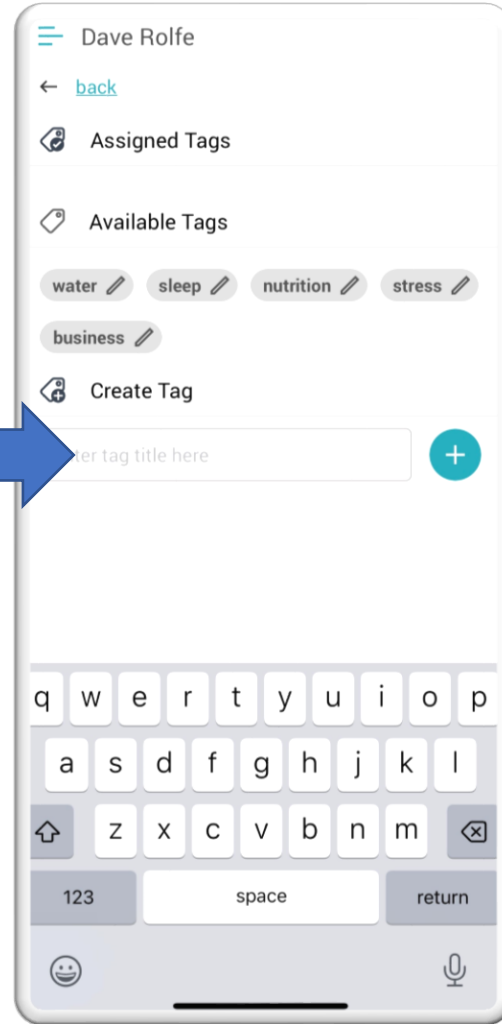

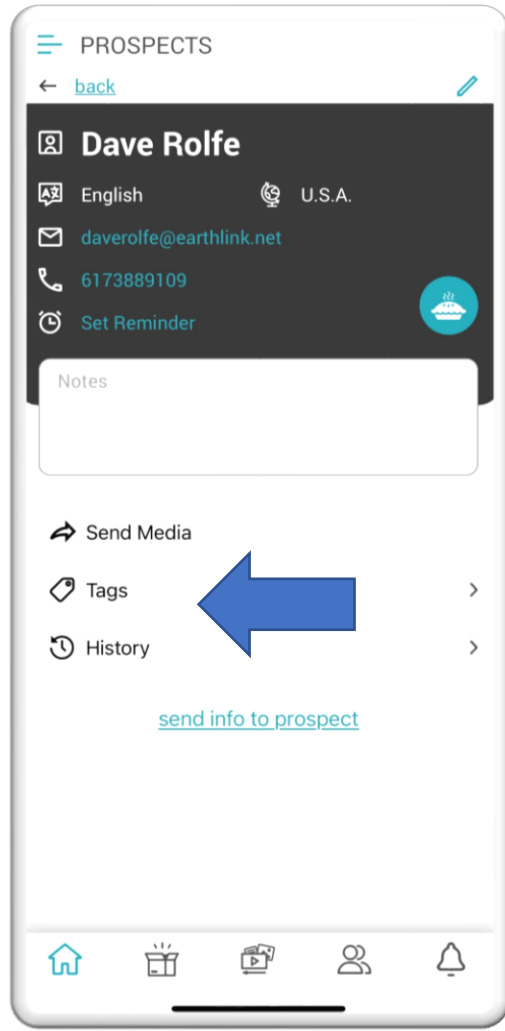

When this window on the left is open, you can Edit the data,
Send a Video
Add or delete Tags
Review the History

Once the name is populated it automatically is listed in Prospects and if that has been set up by you, with the Cards in slide 4, it will be posted on the "My Day" page under Prospects.

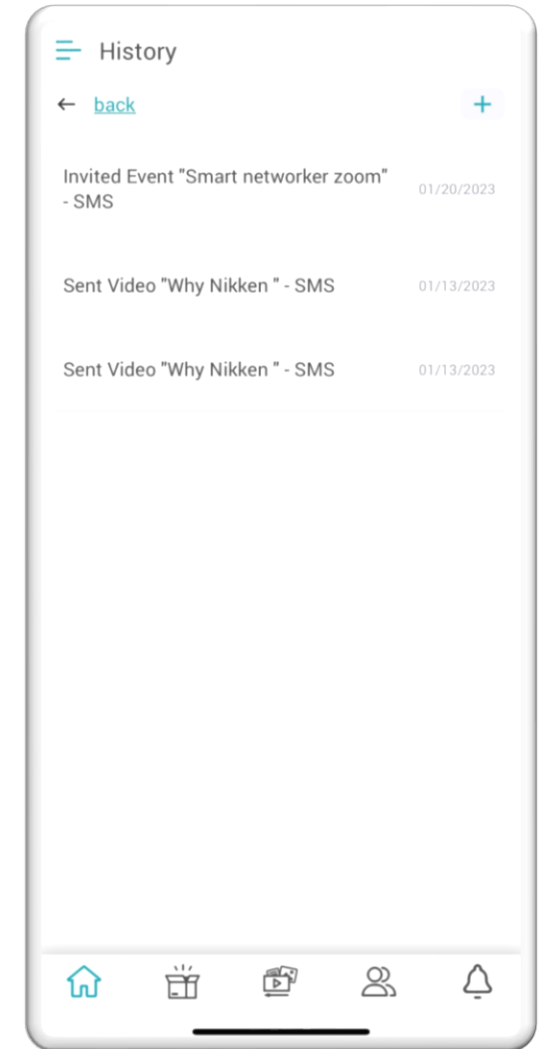

How to Create and Add Tags Check History

Click on **Tags** and a new window opens. Simply write the Tag you want in the Create Tag window. Click on the + sign and the Tag is Listed.

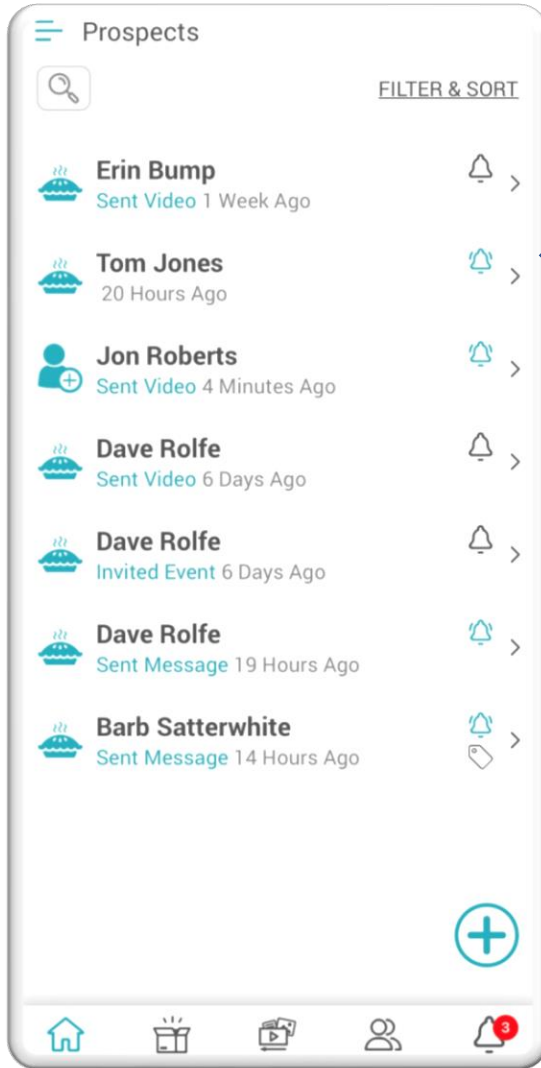

This is simply a reminder for you about this prospect.

When you click on **History** it lists what you have done before for this prospect.

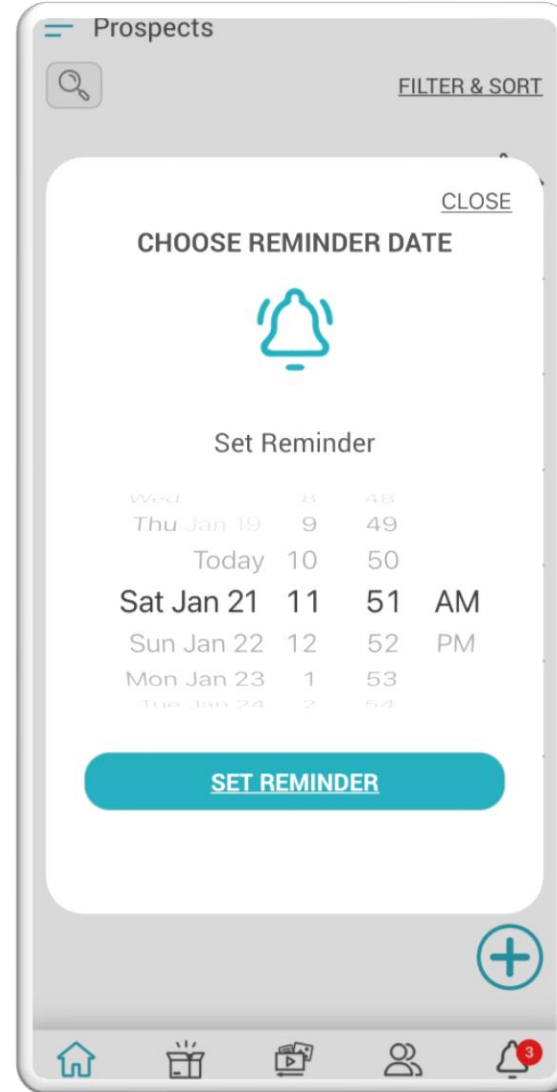

You can set up specific Alerts

Prospects List

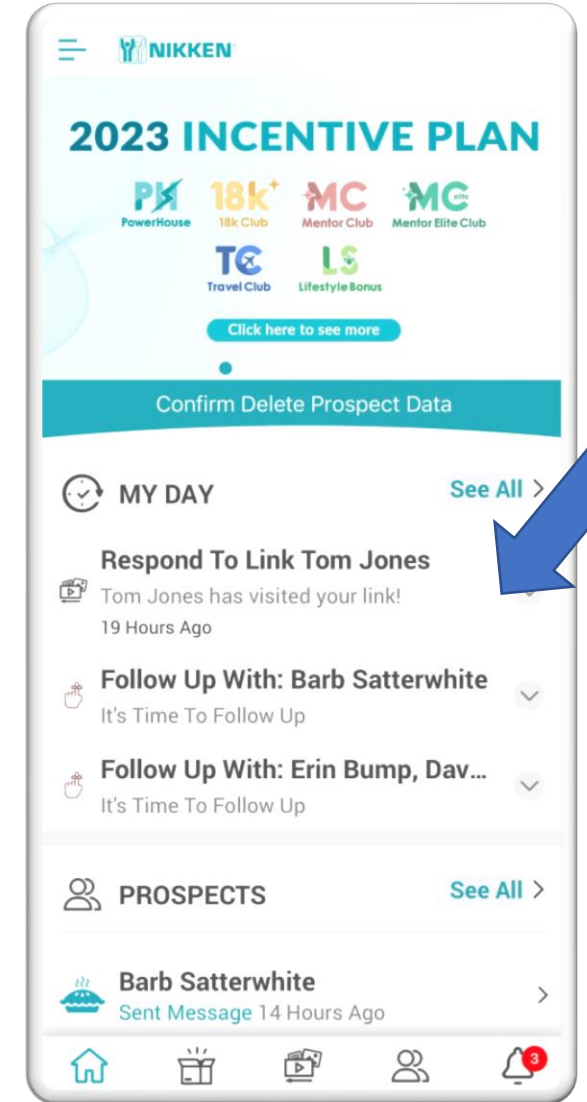

Beside each name, you will see a Bell Icon which is the Alert Icon. When you click on that a new page opens which allows you to set a specific time to follow up.

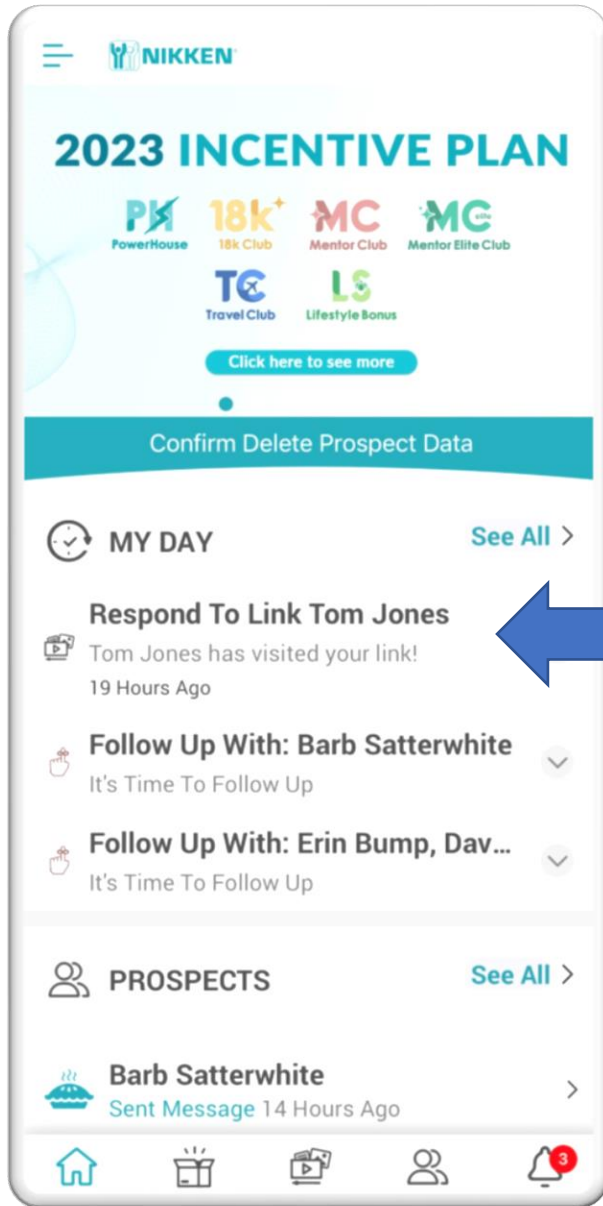

Create an Elert

Shows on My Day Home Page

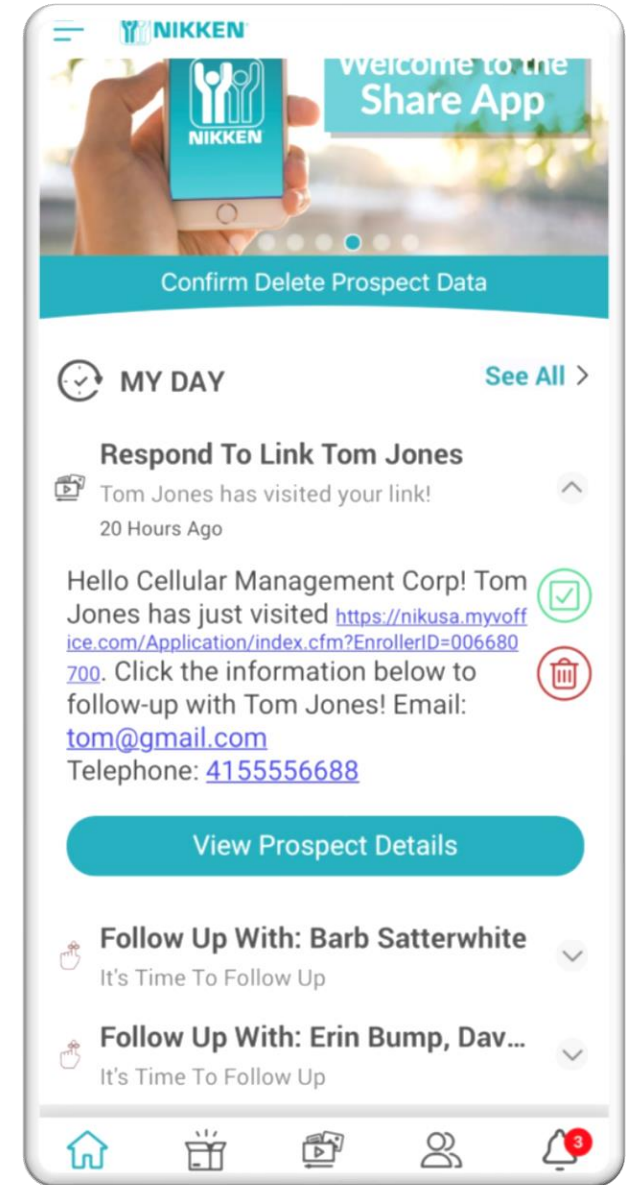

My Day with Alerts in first section

When you click on an item posted in the My Day window then a new window opens.

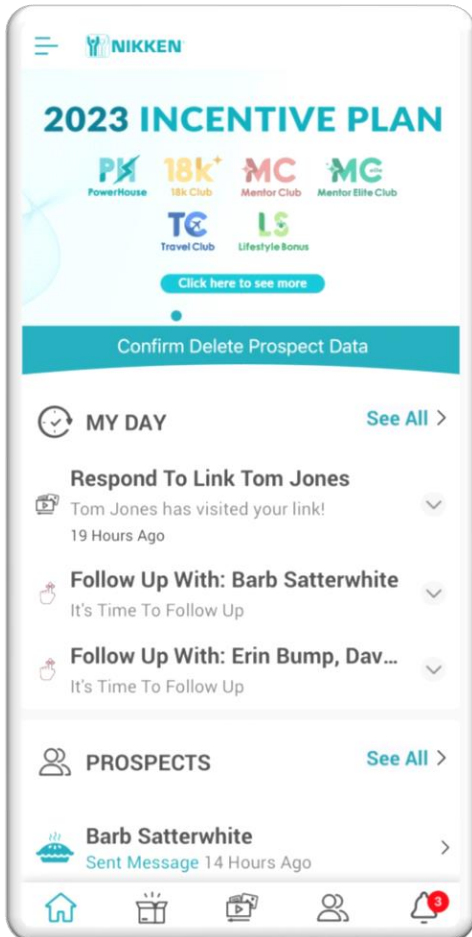

You have more tasks you can do. It is basically your built-in secretary telling you what needs to be done with that item and then you decide. On the next slide, we will look at the **View Prospect Details**

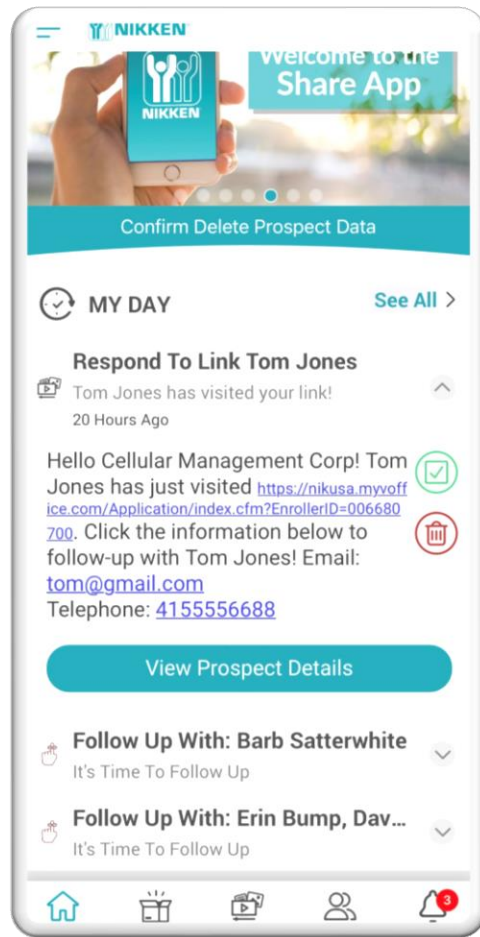

Responding to an Alert from My Day

My Day Home Window

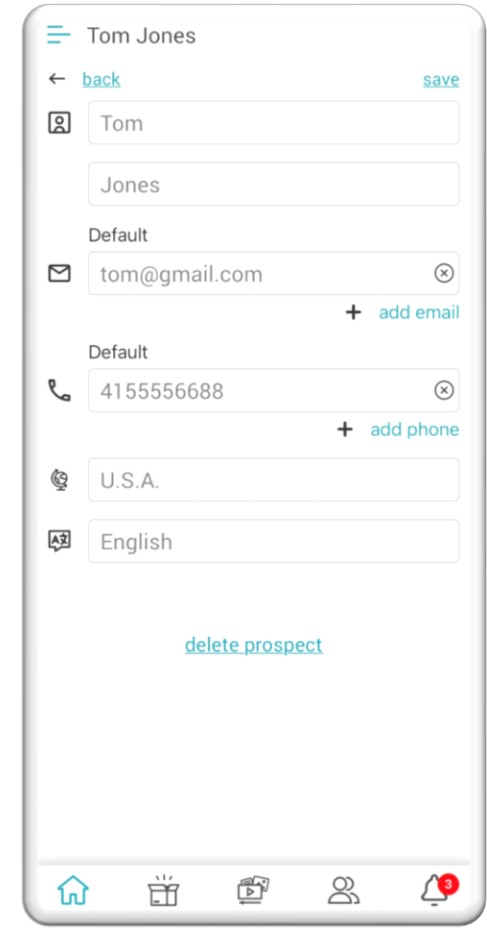

The Alert Opened

The Prospect Information

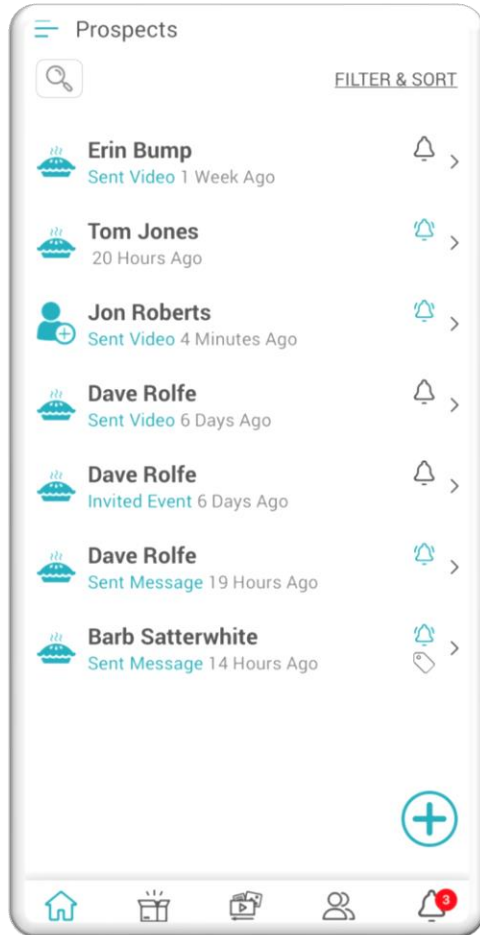

The Edit Screen

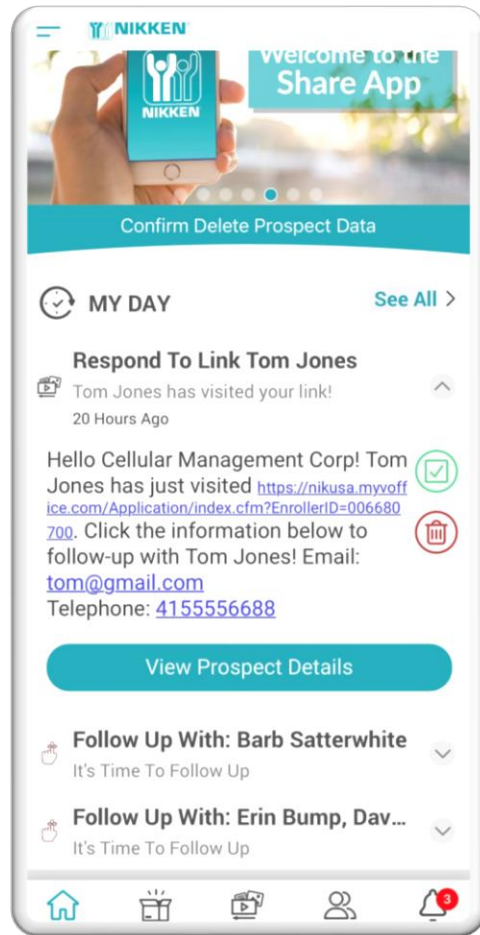

Responding to an Alert from Another Window

A List of Prospects

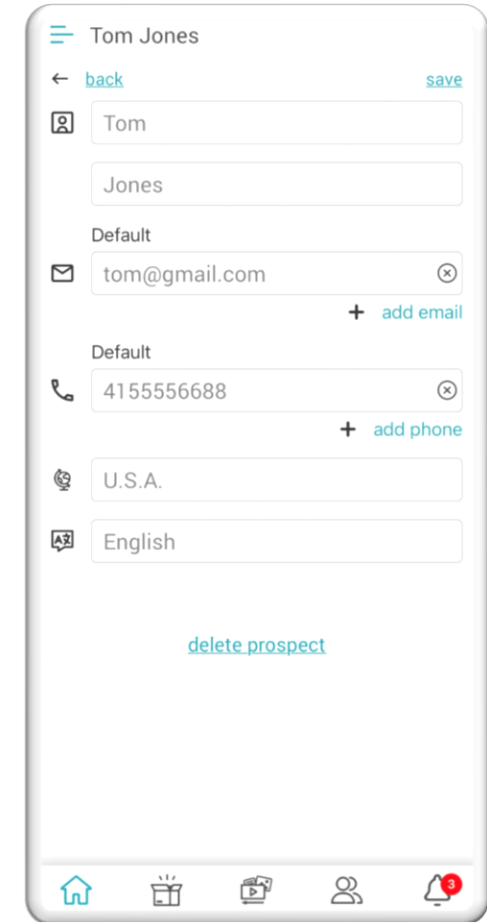

The Alert Opened

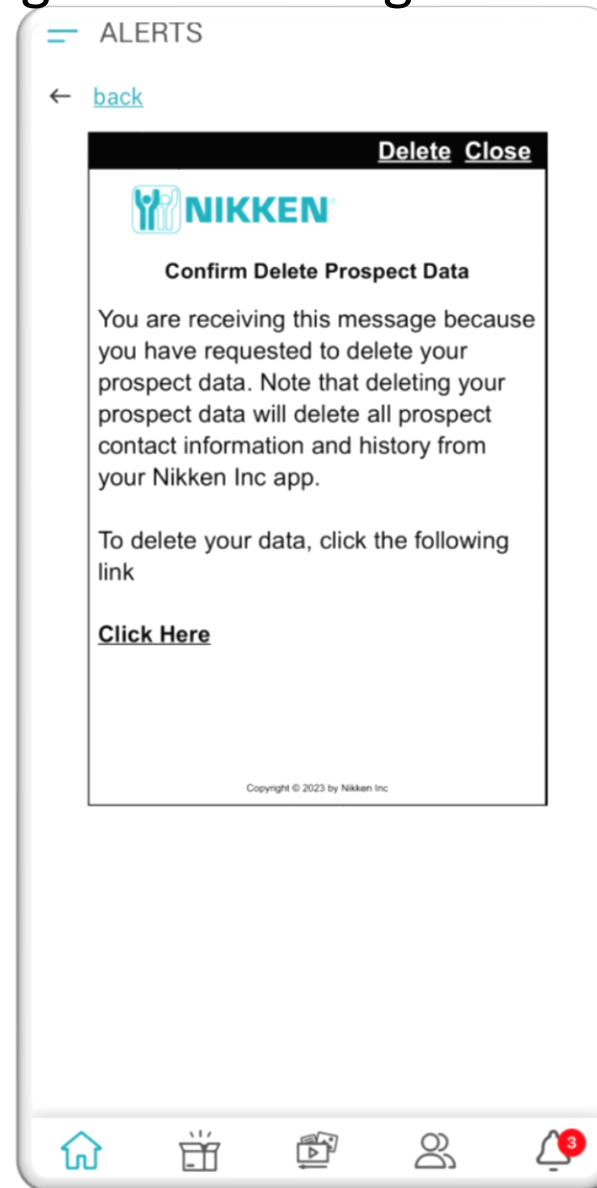

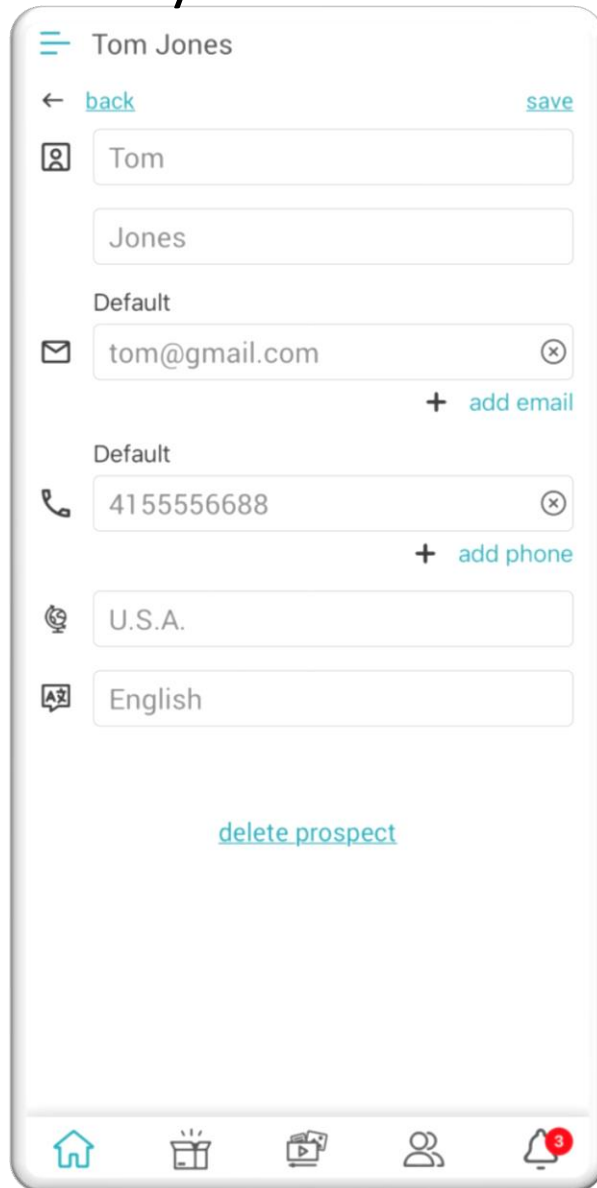

The Prospect Information

The Edit Screen

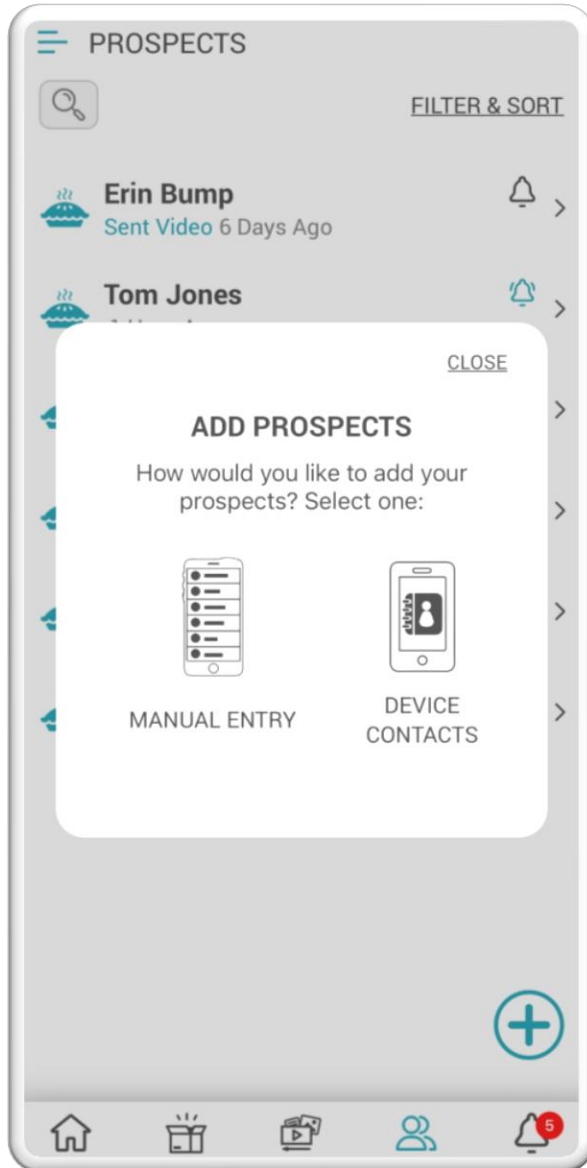

If you select delete prospect you get the message from Nikken

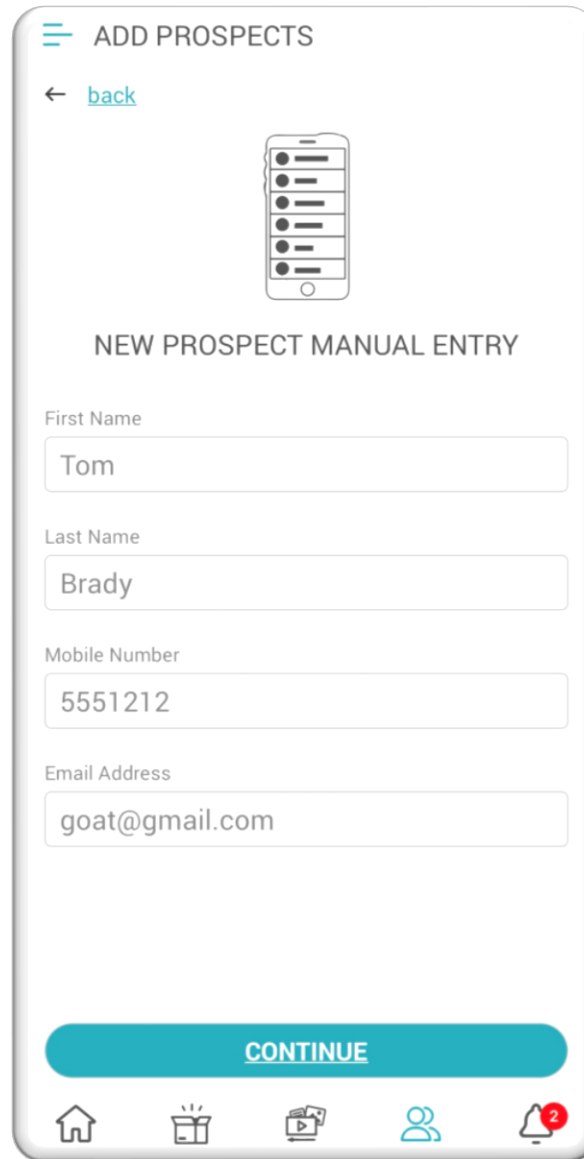

There are two different functions that can be done from this new page.

1. You can delete the Prospect information by Clicking on the DELETE Tab
2. Where it says Click Here you would delete your data and I would not advise this function. You will get another message from Nikken and this gets posted in Alerts as well. Be cautious here.

Prospect Page

Adding a Prospect

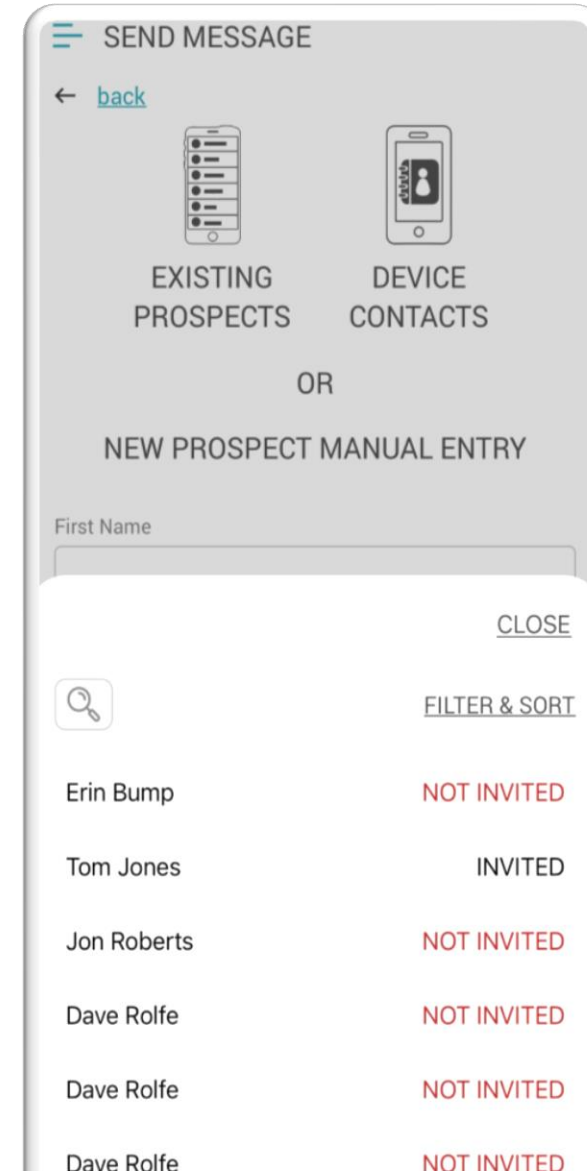

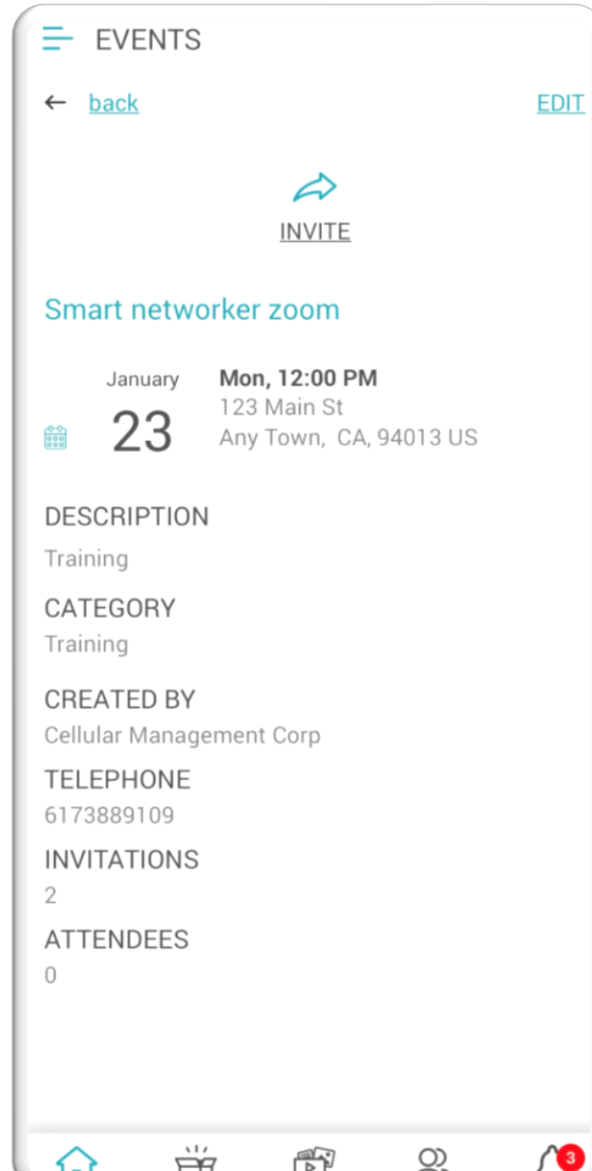

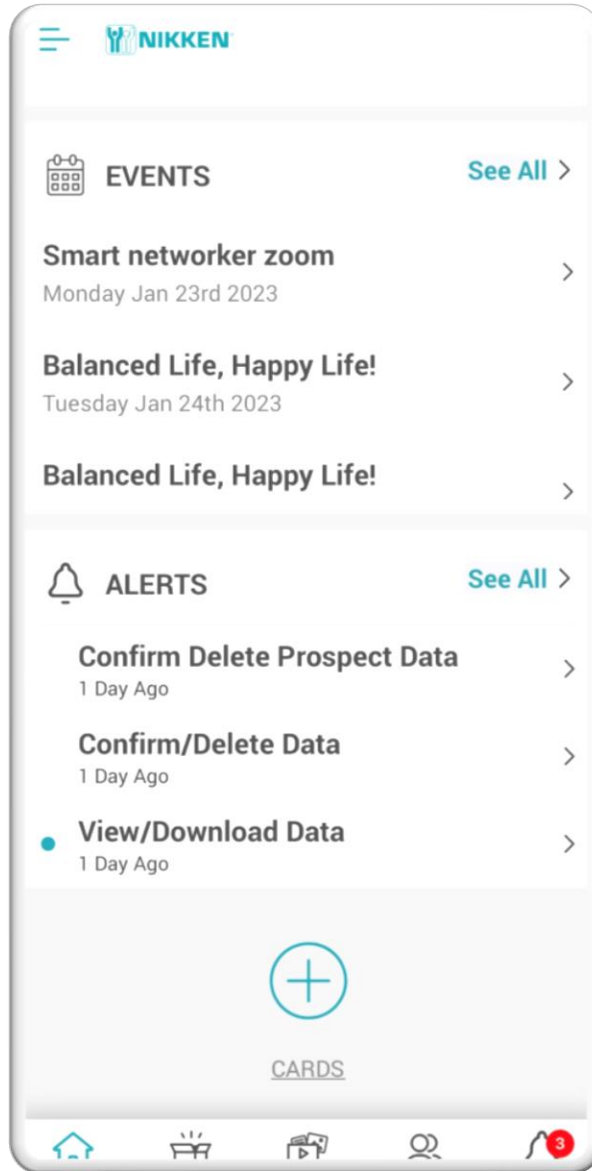

A Created Prospect File

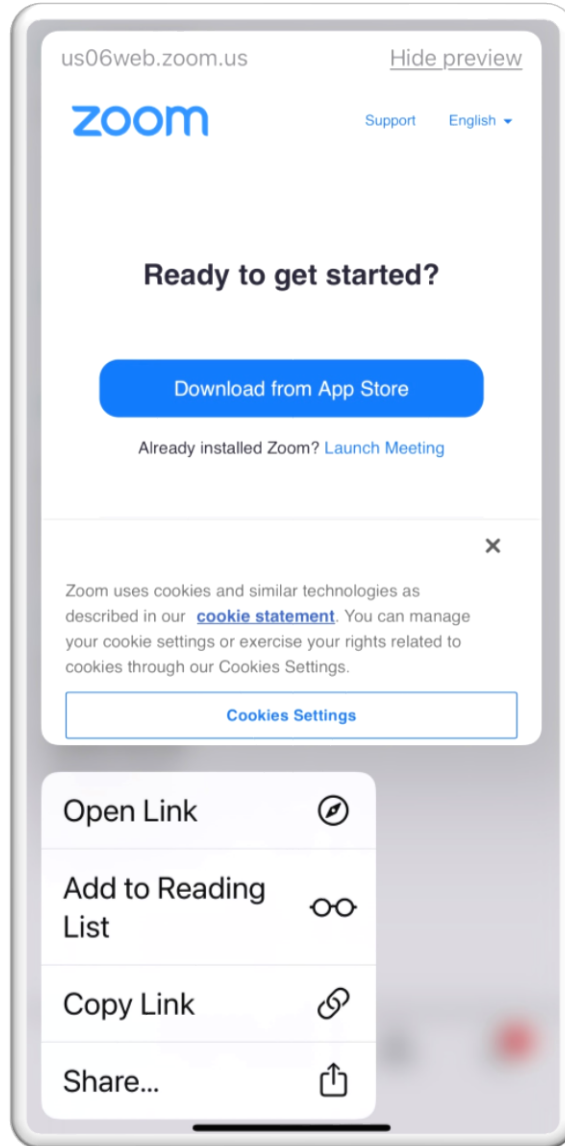

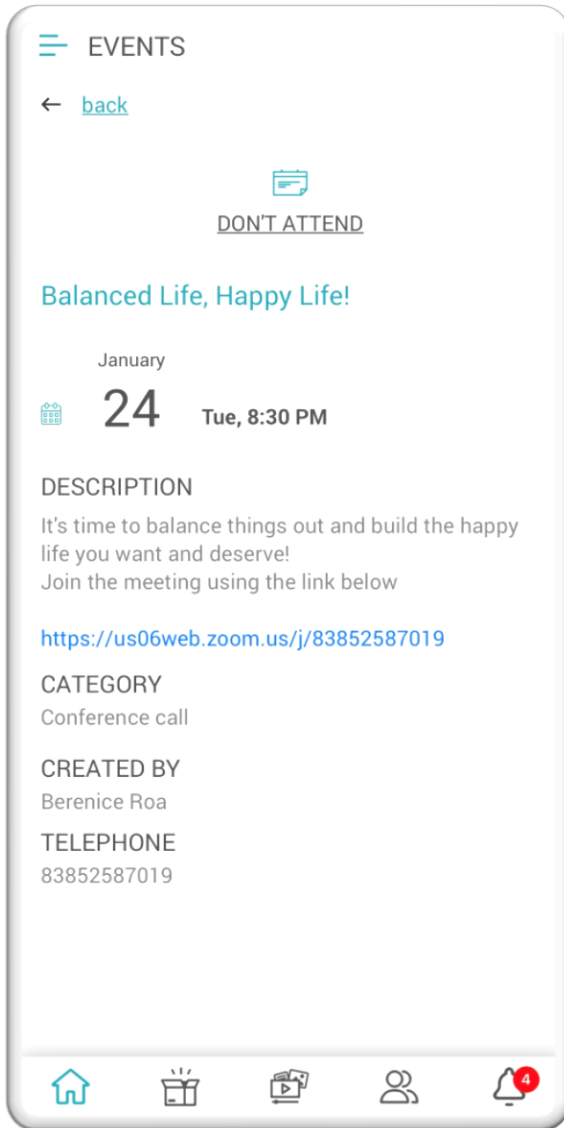

Once you have created a New Prospect File you can then send them Media
Create a Tag
Review History

NB: the Training Video states that the only way to add a prospect is by sending a Video. This must have changed because you can add a new prospect as shown here on the slide.

Creating an Alert by Sending an Invite to an Event

If you want to send an invite to an Event someone else created, hold down on the Link and the next window opens.

Once the window opens you can then do a number of actions.

Open the link

Copy the Link

Share the link

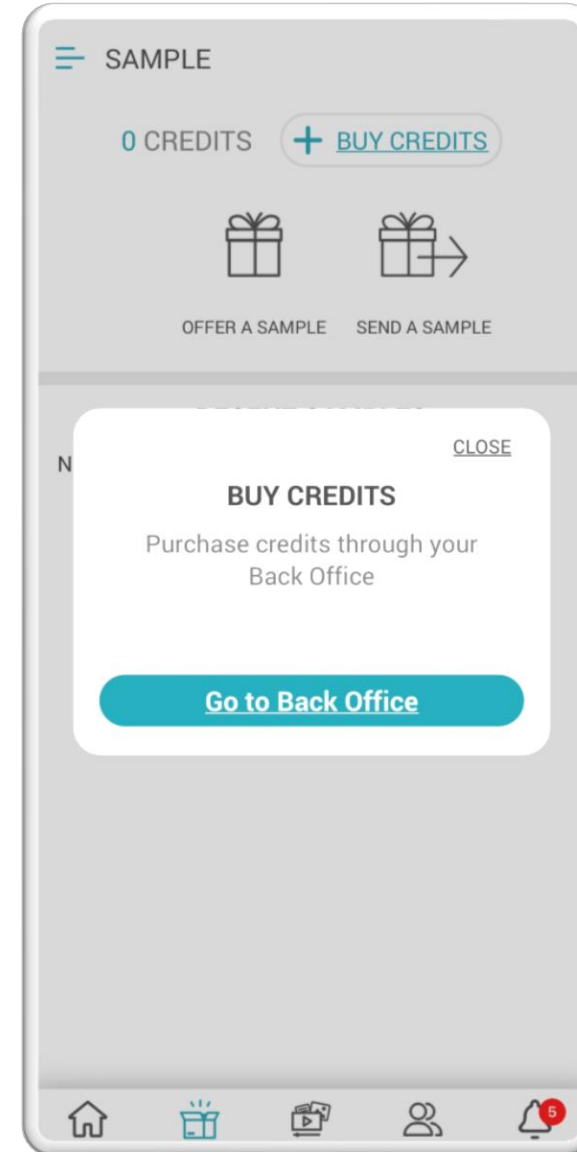

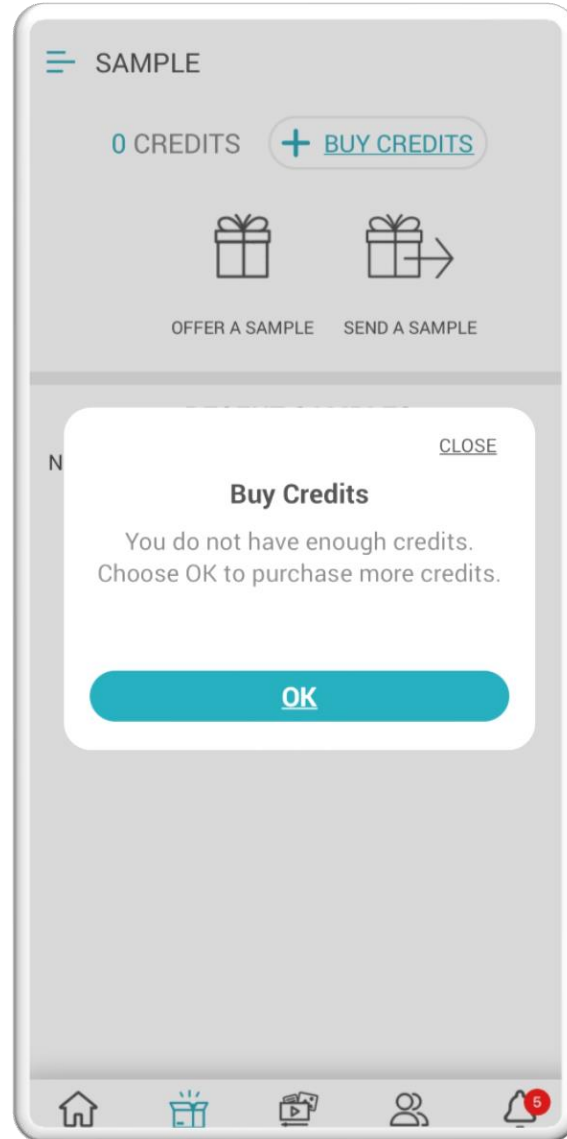

If you want to share this with a prospect then here is where you would do that.

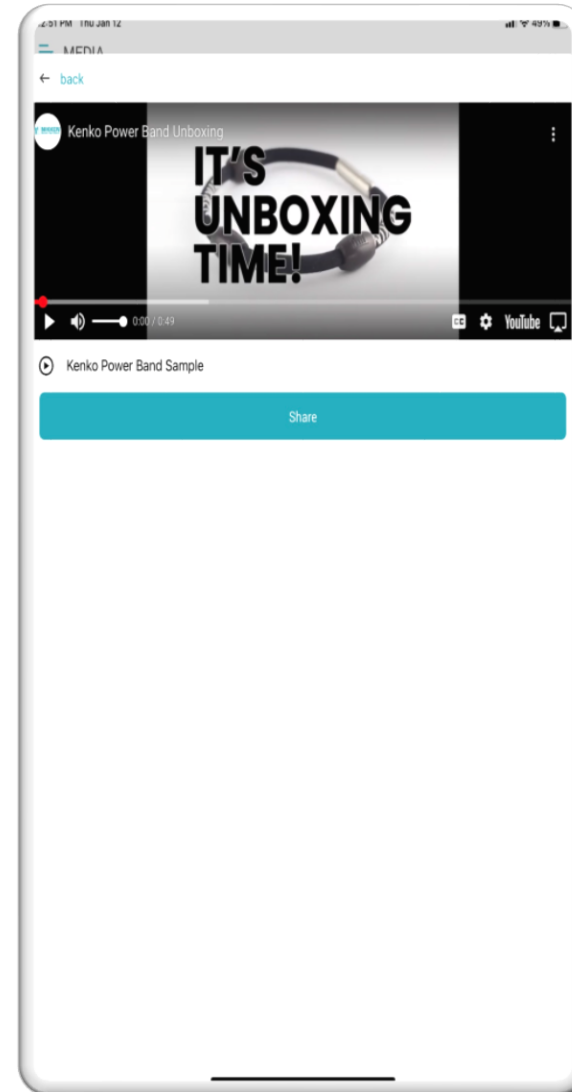

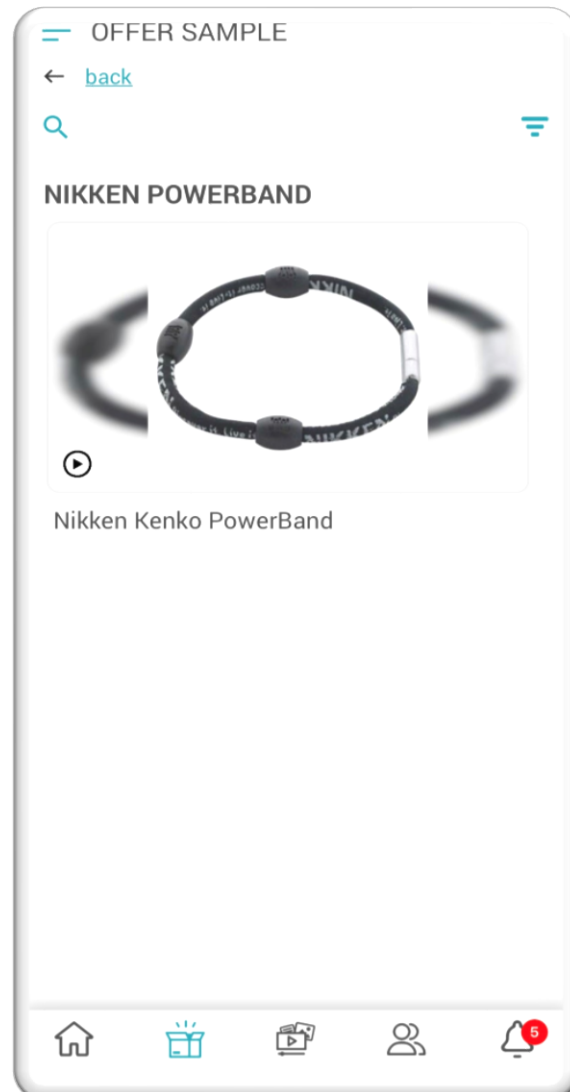

Getting Started Gift Box Functions

Building a Successful Distributorship

Gift Box Icon Opened Here you can use your credits you can buy credits or you can offer a sample or you can send a sample.

When you click on Offer a Sample the window on the right side opens and you can then play or send the Video that opens on the far right.

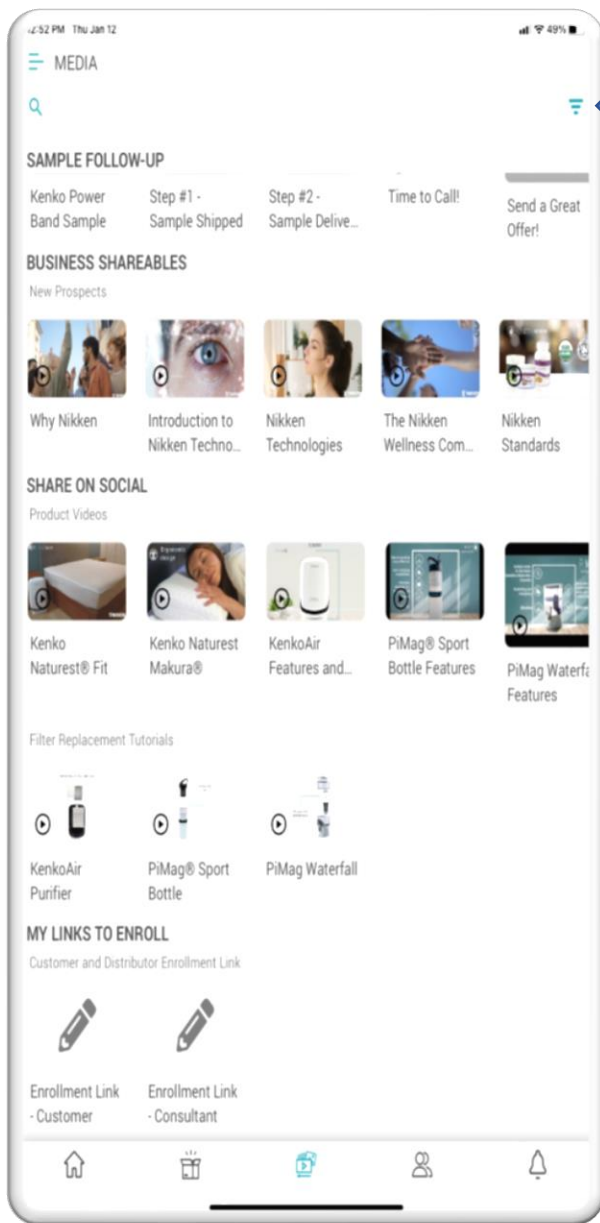

The Video shows someone receiving the PowerBand and putting it on. It could be used to show someone what they are getting or it could be used to give instructions once they have received it. You should watch the Video.

The Top Row of Videos Sample Follow Up

Kenko PowerBand Sample Video: You saw this in the Gift Box Tutorial.

Step 1 PowerBand explained: and asks if you want more info to contact you. Share the Video Tab

Step 2 Same Video as # 1: but to be sent once the sample has arrived.

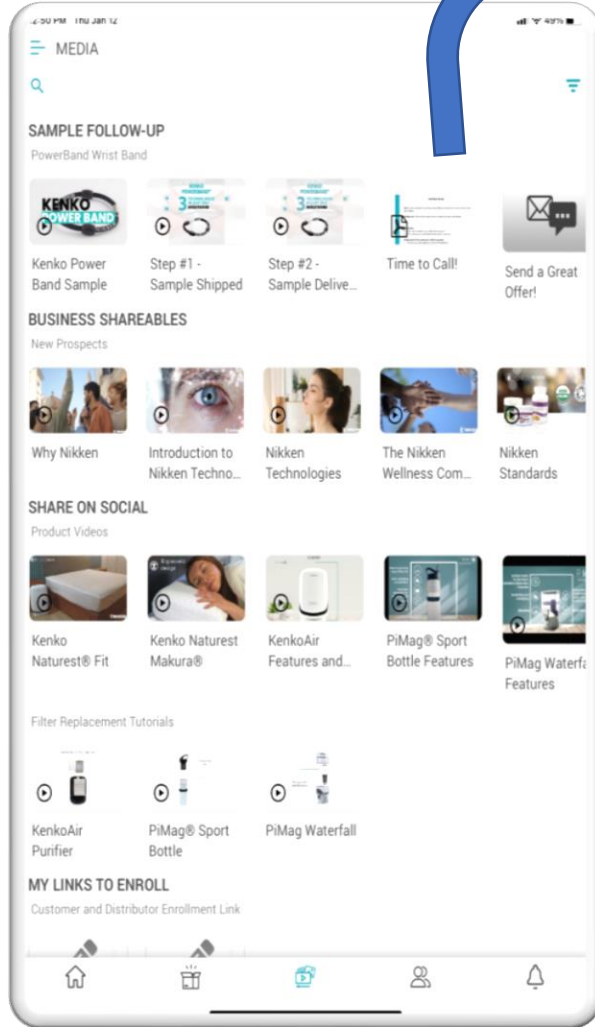

Time to Call: See the call-back Script on the Next Slide.

Send a Great Offer: A script for text or email follows in two slides.

Decline to Purchase: A script for text and email follows in three slides.

Purchased: Script for text and email which follows in four slides.

Media Page Opened

Call Back Script

Call Back Script

Goal: Invite a prospect to purchase more Nikken products and to want to know more about Nikken.

Background: Prep for the scenario that a sample has been sent already.

Ice breakers

- It's so nice to speak to you today! How are you?
- Hi! I'm giving you a ring following the product I sent you.

Asking about their experience with the product

- How have you been getting on with the PowerBand?
- What do you think of the PowerBand Wristband?
- Has the PowerBand I sent been working out for you?

Tell them about other products they might like

- We have a lot more complementary products in the range
- All Nikken products are designed to help achieve a healthier, more balanced lifestyle
- I'd like to share with you a selection of products that have 10% off for the next 10 days

Give them the Link to the Instant Offers and / or your PWP

- If you want to place an order you can do so using the link or I'll call you in a couple of days' time. Please do not hesitate to contact me in the meantime if you have any questions or if I can help you at all.

Share a Great Offer

The screenshot shows a mobile application interface with a top navigation bar containing 'MEDIA' and a search icon. Below the navigation bar, there are several content sections: 'SAMPLE FOLLOW-UP' with a 'PowerBand Wrist Band' sub-header and five video thumbnails; 'BUSINESS SHAREABLES' with a 'New Prospects' sub-header and five video thumbnails; 'SHARE ON SOCIAL' with a 'Product Videos' sub-header and five video thumbnails; 'Filter Replacement Tutorials' with three video thumbnails; and 'MY LINKS TO ENROLL' with a 'Customer and Distributor Enrollment Link' sub-header. At the bottom, there is a navigation bar with five icons: Home, Gift, Video, Profile, and Notifications.

TEXT MESSAGE

Hi , how have you been getting on with the PowerBand? I hope you like it. I'd like to share with you a few more very popular products that would build an even bigger wellness experience for you - a selection of which I can offer with a 10% discount for the next 10 days. Check them out at the link below. If you want to place an order you can set up an account and have your products delivered straight to your door or I'll call you in a couple days time. Talk soon, bye!

Send a Great Offer!

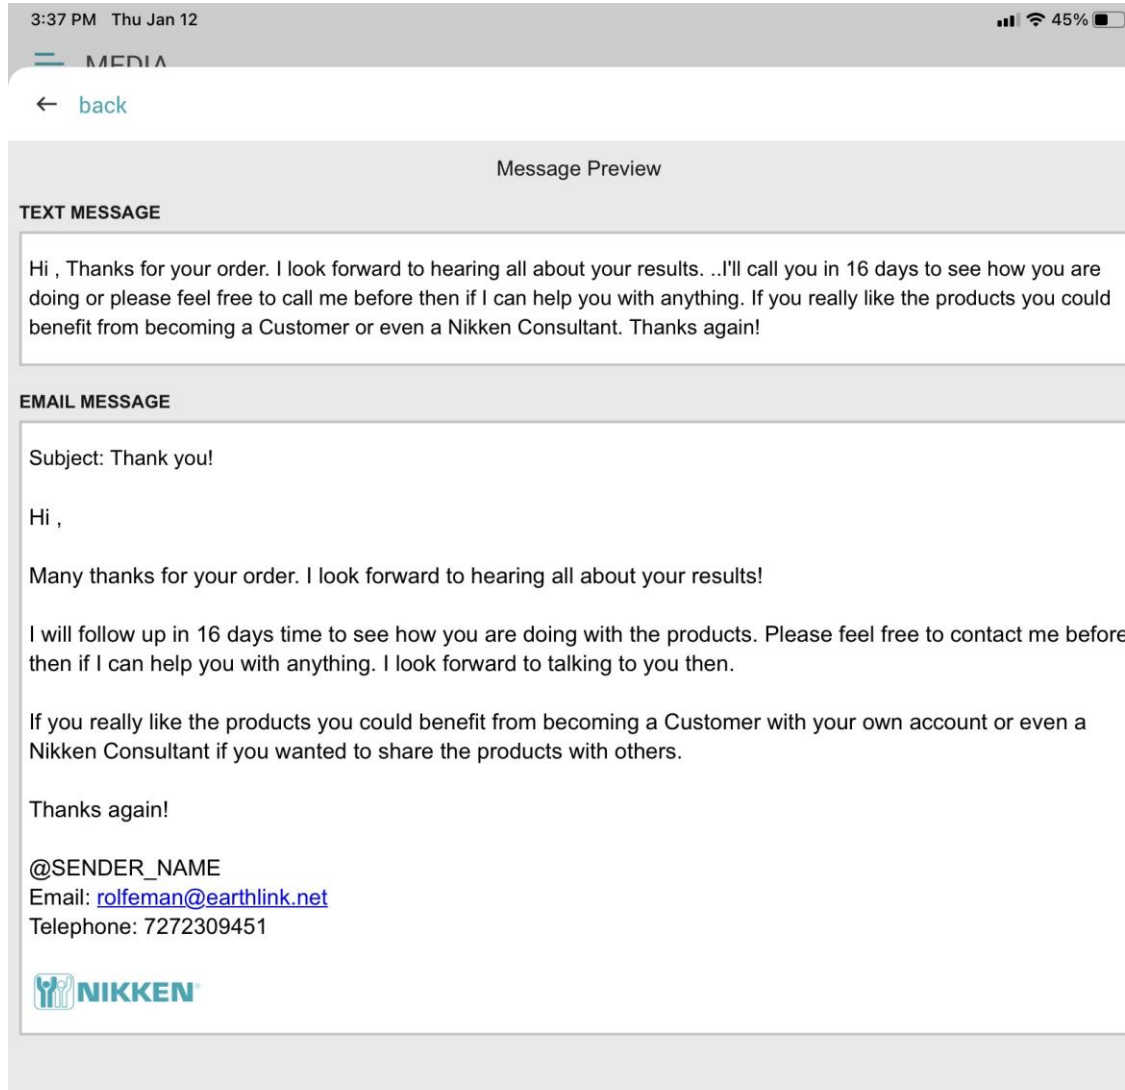

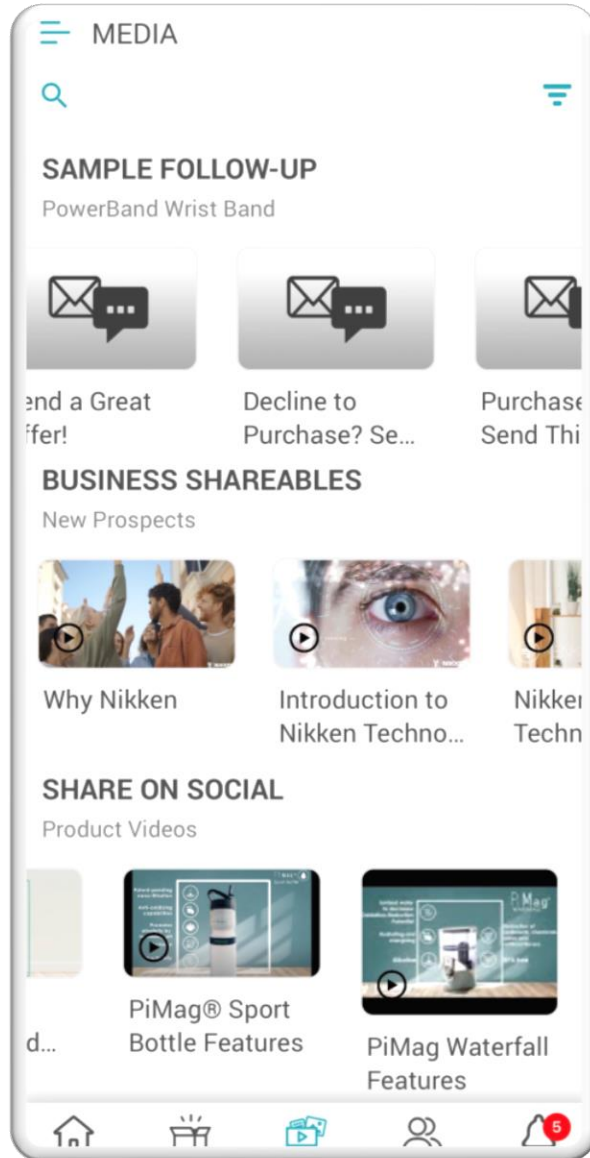

The screenshot shows a mobile application interface for sending a message. At the top, there is a 'SEND MESSAGE' button. Below it, there is a 'back' link. There are two options: 'EXISTING PROSPECTS' and 'DEVICE CONTACTS'. Below these options, there is an 'OR' separator and a 'NEW PROSPECT MANUAL ENTRY' section. This section contains four input fields: 'First Name', 'Last Name', 'Mobile Number', and 'Email Address'. At the bottom of the form, there is a 'CONTINUE' button. At the very bottom of the screen, there is a navigation bar with five icons: Home, Gift, Video, Profile, and Notifications.

This block shows the continuation of the mobile application interface from the previous block. It features a 'CONTINUE' button at the top and a navigation bar at the bottom with five icons: Home, Gift, Video, Profile, and Notifications.
