

The Nikken Share Application

A Training Program

Getting Started
Downloading the App
The Menu Bar and Profile
Building a Successful
Distributorship

Introduction

This application has many functions and the idea of this presentation and training is to look at each function and at the same time perform the activity so you easily get used to using each one.

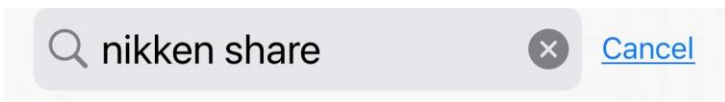

Sometimes these functions can be achieved from different locations, so any specific function will be explained in each section where it can be performed.

This presentation in part is for both types of phones, Apple and Android, but some functions will only be for iPhone.

The main App is in English only but the videos on the Media Tab are in English, French and Spanish. You will learn how to pick the language on the second video under the Media Tab information. Let's get started.

Welcome to the Nikken Share Application

You first need to download the App in your app store- Search “Nikken Share” either for Apple or Android.

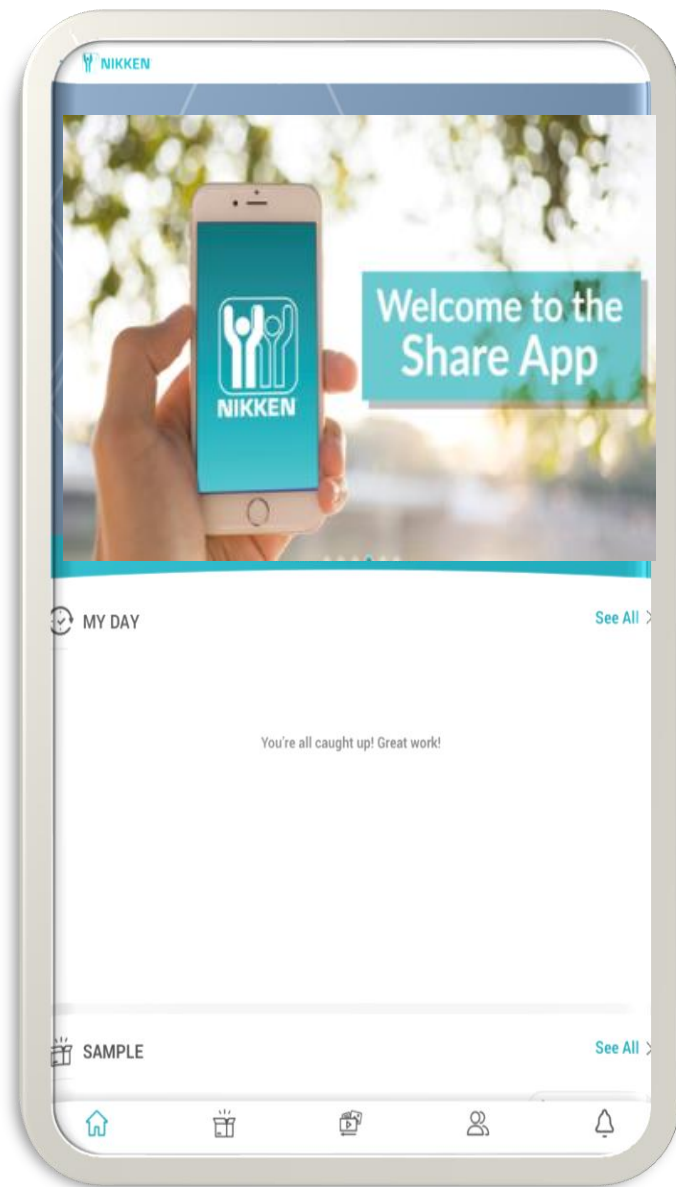

Nikken Share

Business

★★★★★ 1

OPEN

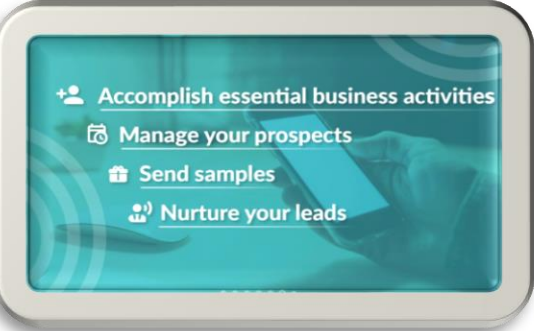

If you already have the app read over to the right.

We will be walking through tasks and actions so you want to have the app open after downloading. Once you learn to navigate the app, it will make your business life easier and 21st century!

Welcome to the Nikken Share Application

Menu Bar

Home Sample Media Prospects Alerts

Rotating Banners with Active Links

The Menu Bar and the Icons

Menu Bar

At the top left, you have a menu button.

At the bottom of the screen, you will see 5 Icons.

A house Icon

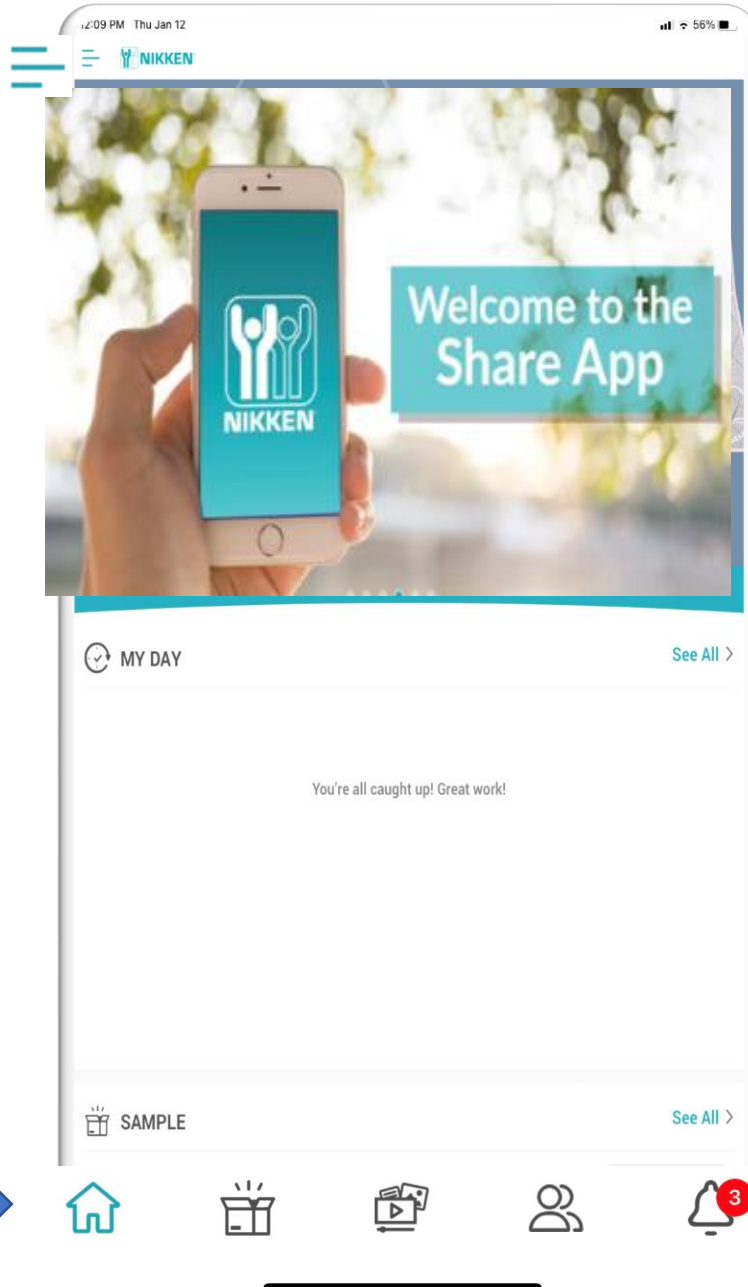

A gift box Icon for sharing

A media Icon for videos

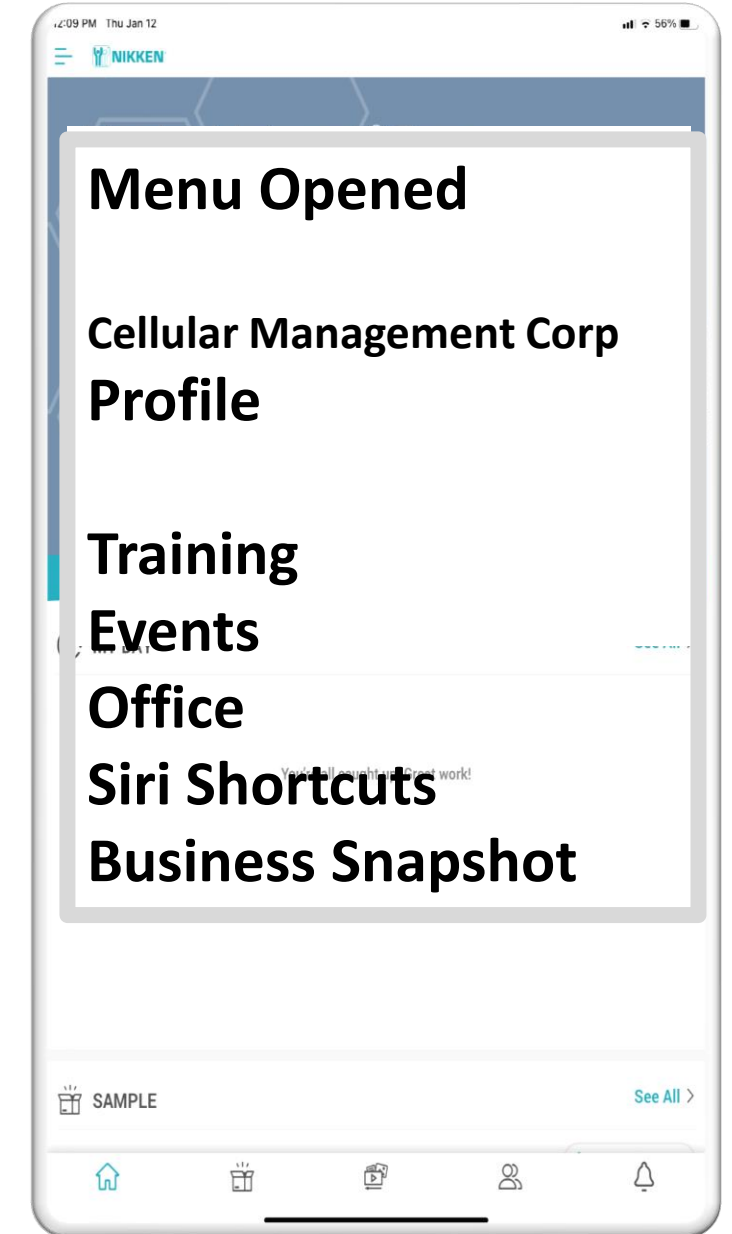

A people Icon for prospects

A bell Icon for alerts

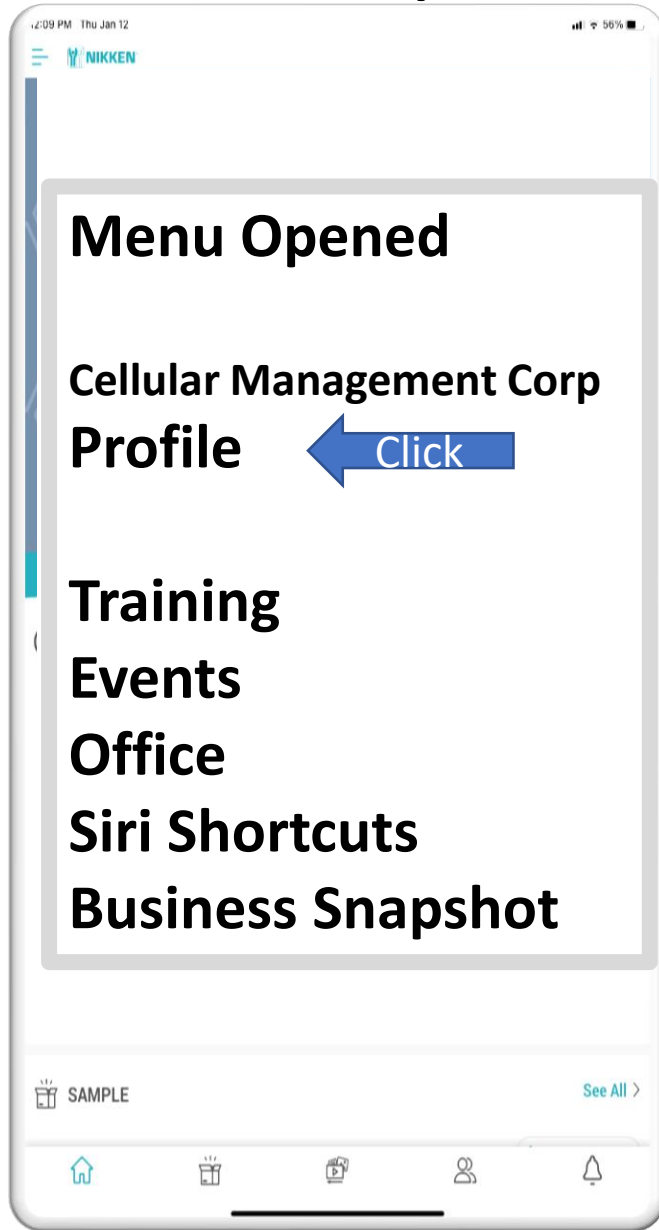

Home Sample Media Prospects Alerts

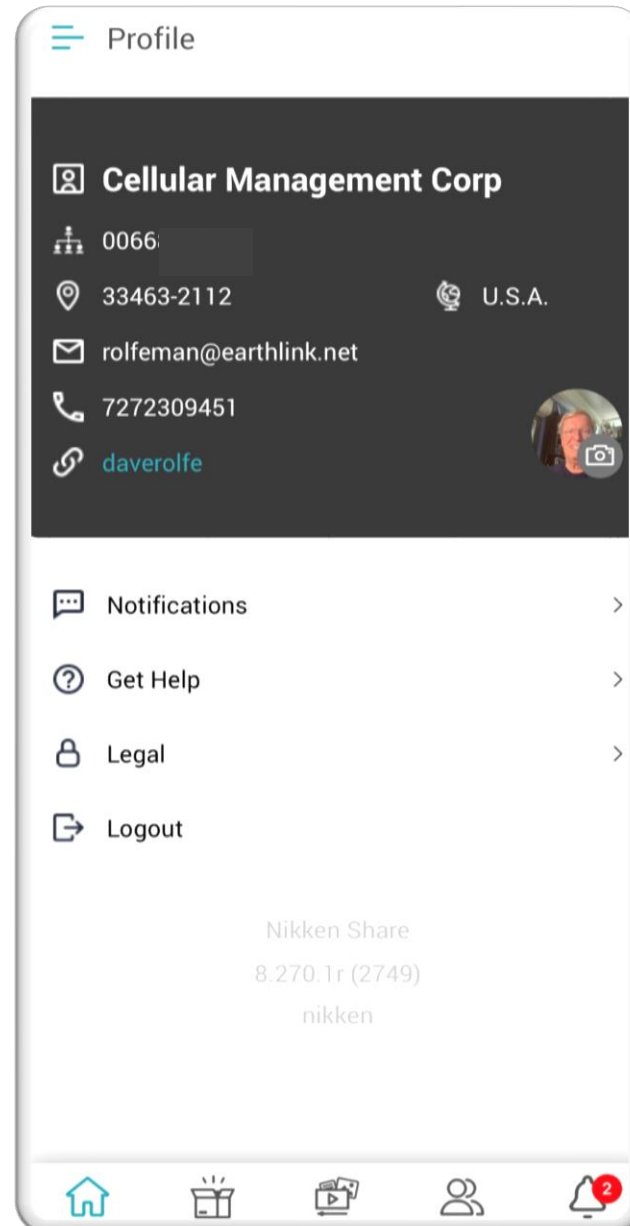

Let's first open the Menu Bar

The Menu Bar Opened

The Profile Tab

Your listed name is at the top, here you see my corporate name followed by the ID number, Zip code, email address phone number, and PWP active link (which is my name) plus my picture. Your information will be posted after you have downloaded the application. *You can edit the information from your Nikken Back Office.*

There are four functions;
Notifications
Get Help
Legal -Privacy Policy
Logout- Yes or No button

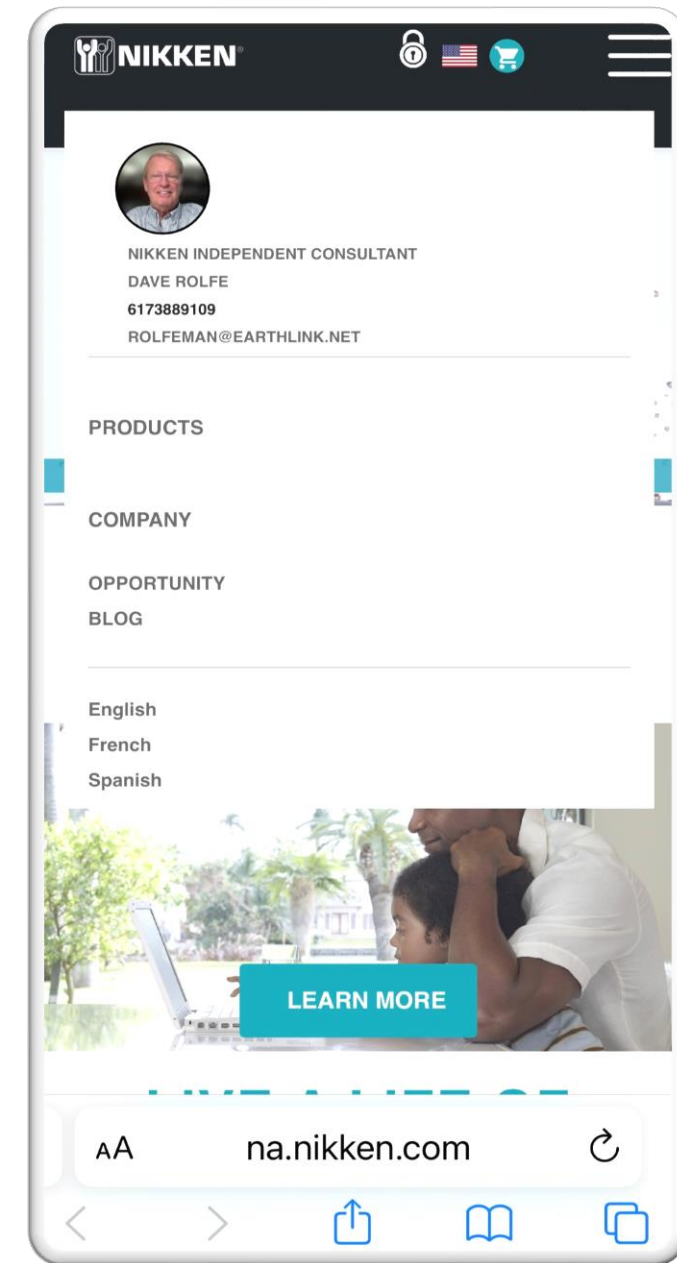

Webpage link opened

The bottom Icon on the open Profile page is a Link to your PWP. It is your name beside the Icon.

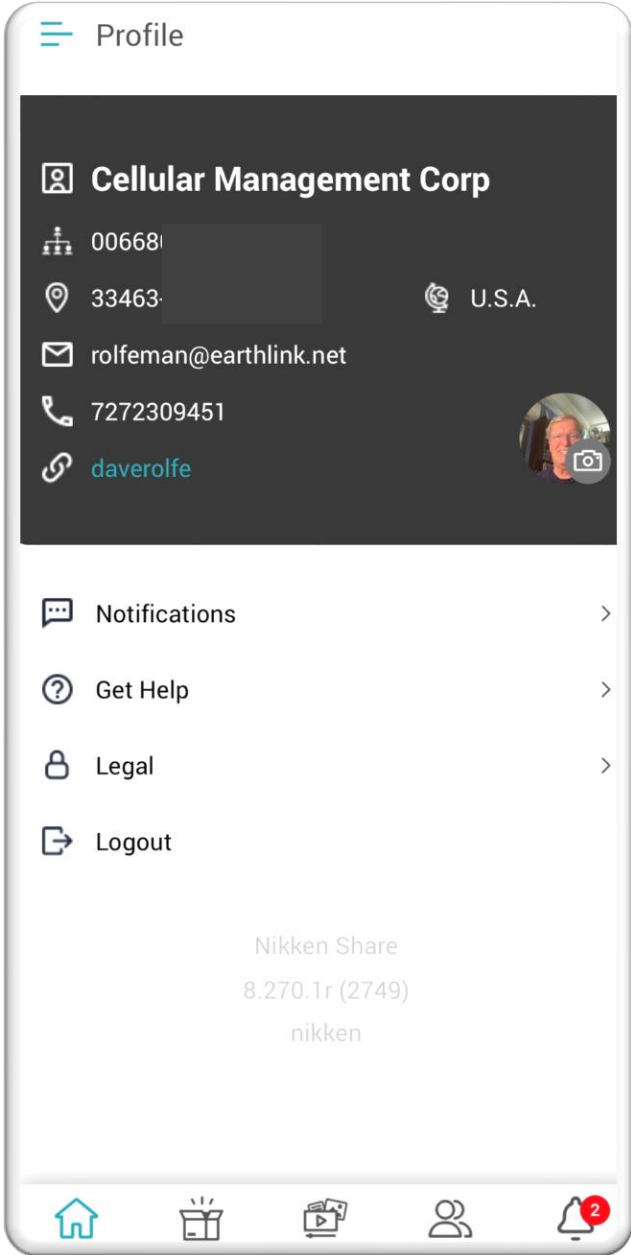

Click to Open

Click on the Menu bar, a new page opens with your Information displayed, and the tab links to the site plus the Language of choice.

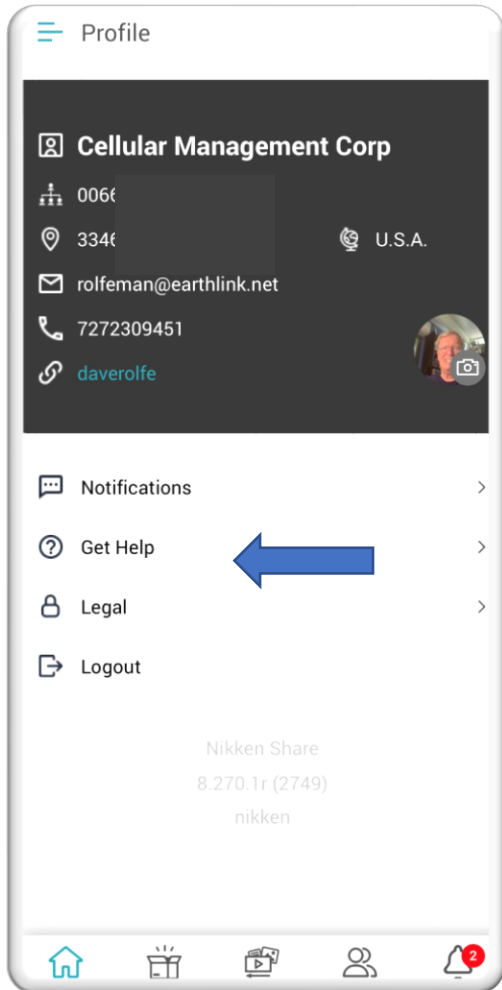

Notifications Tab Opened

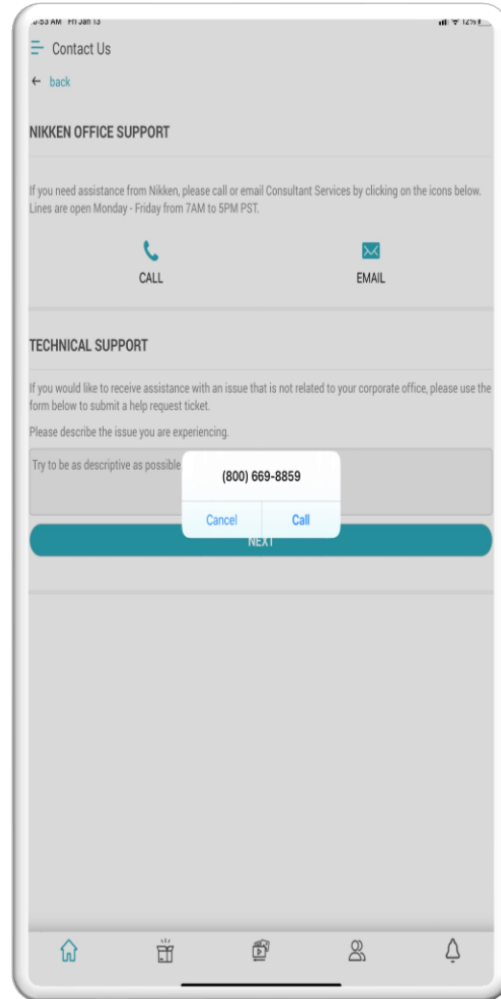

This is to select if the consultant wants to receive their notification by email or by push. Email: receive an email notification when a prospect clicks on a video, receives a sample, etc. Push: it is a push notification, the app generates a notification in your cell phone general notification, just like the type of notification you get when you receive a new text, alert, etc.

Make a Call for Help

or

Send an Email for Help

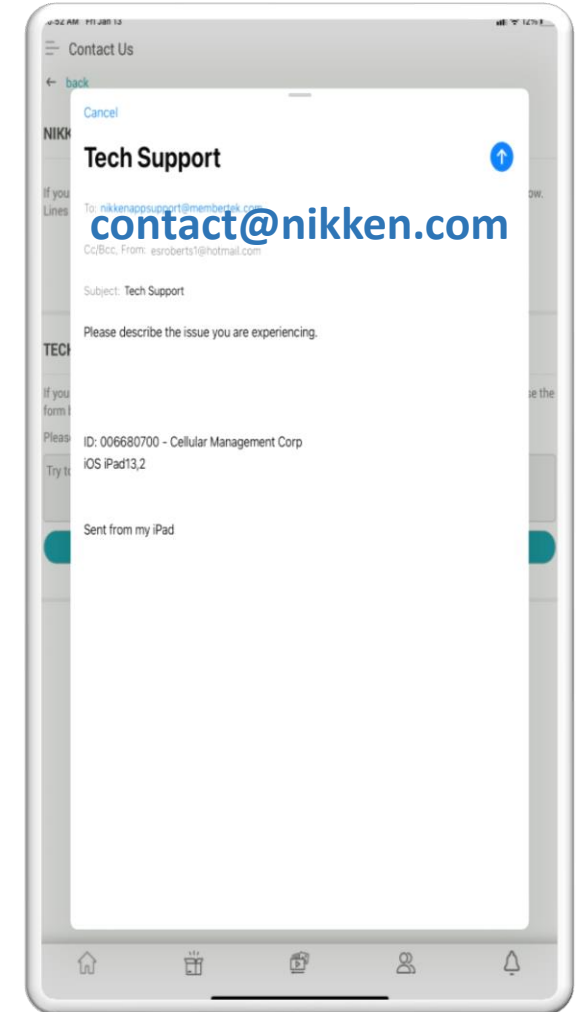

If you select the call button the phone number bar will appear in the middle of the screen and you can make the call to Nikken.

If you select the Email tab then you will be directed to a new page to send the email to Nikken.

If you click continue below a new window opens to send a message to the Technical support team for this app.

Examples on the next slide.

CONTINUE

When you open an Event listing you will see the blue highlighted link. Hold down on it and the next window opens.

Once the window opens you can then do a number of actions.

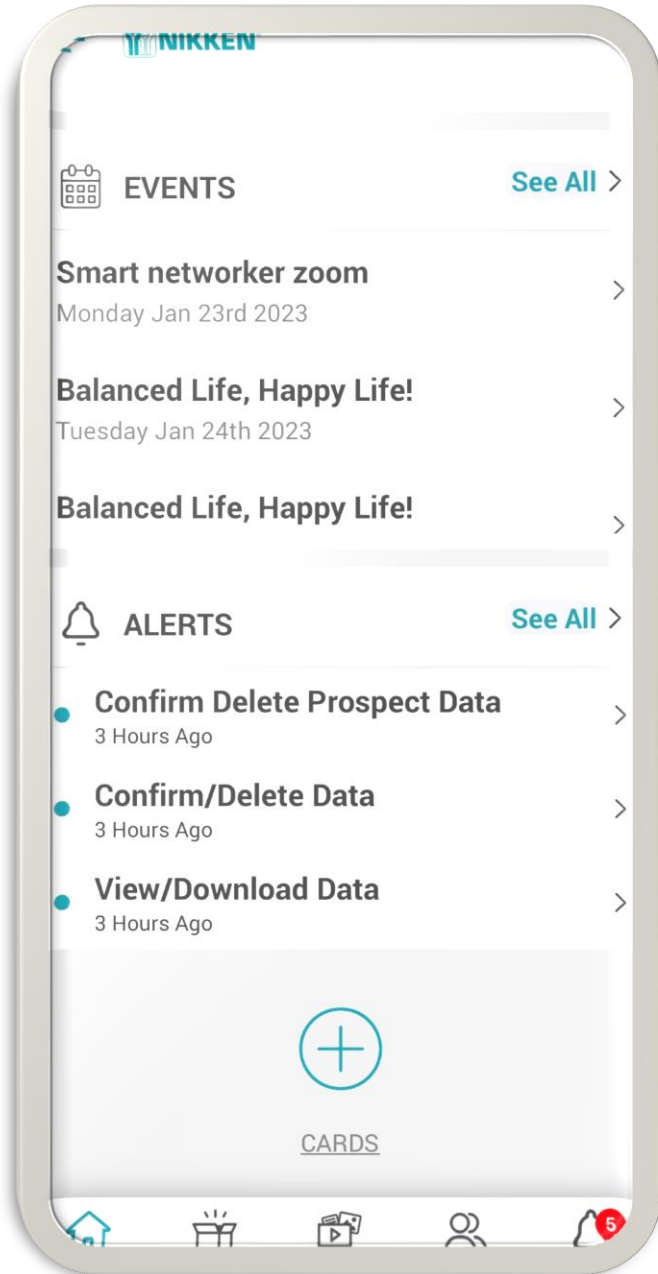

Open the link

Copy the Link

Share the link

If you want to share this with a prospect then here is where you would do that.

Events Opened from the My Day Main Page

When you open the app you will be on the Home Page and from there you can scroll up and see the Events you have posted.

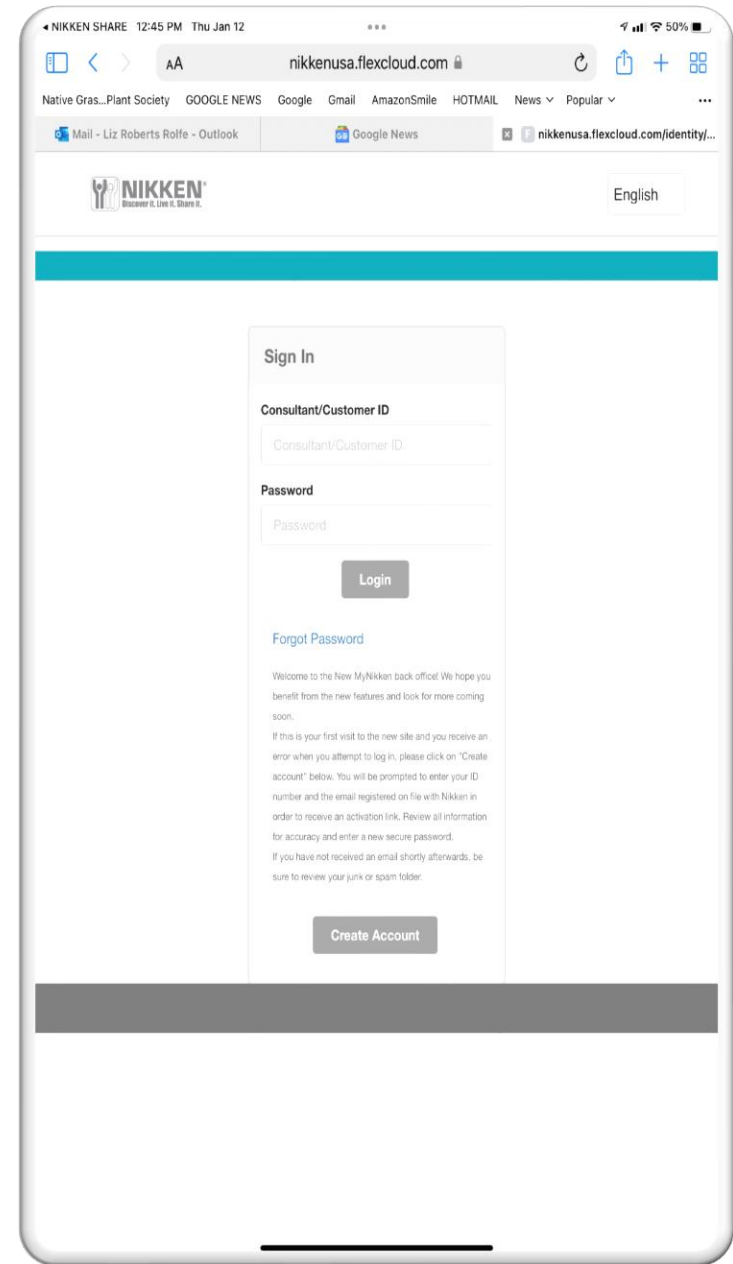

To handle Scheduling or posting you can go in through the Menu Tab at the top left.

In the second video you will see how you post your information on My Day so you see all your activity from the home screen.

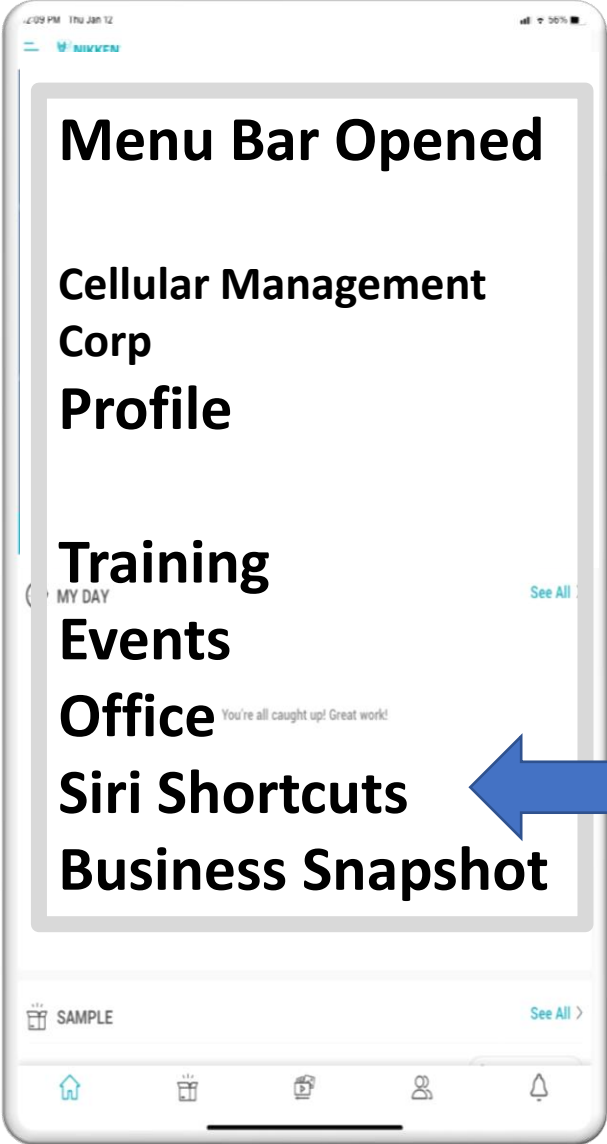

Click on the Office tab a new window will open with the page to open your Back Office. Your ID pops up and the app asks if this is the ID you want to use. It populates that and logs you into your back office.

Office Tab Opened

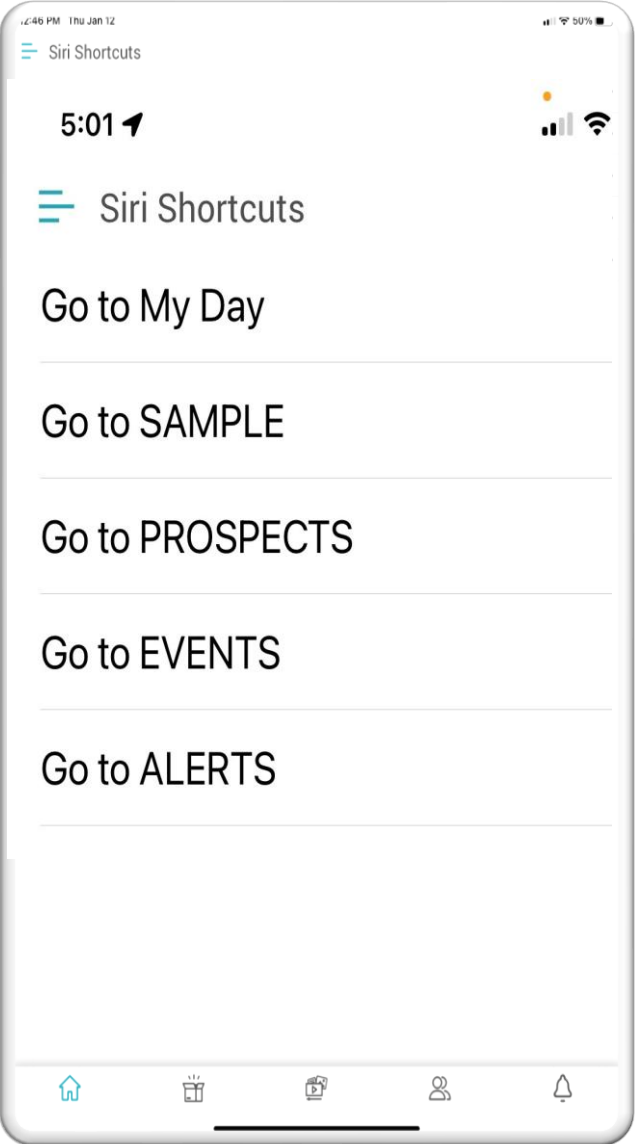

Siri Shortcuts Tab Opened

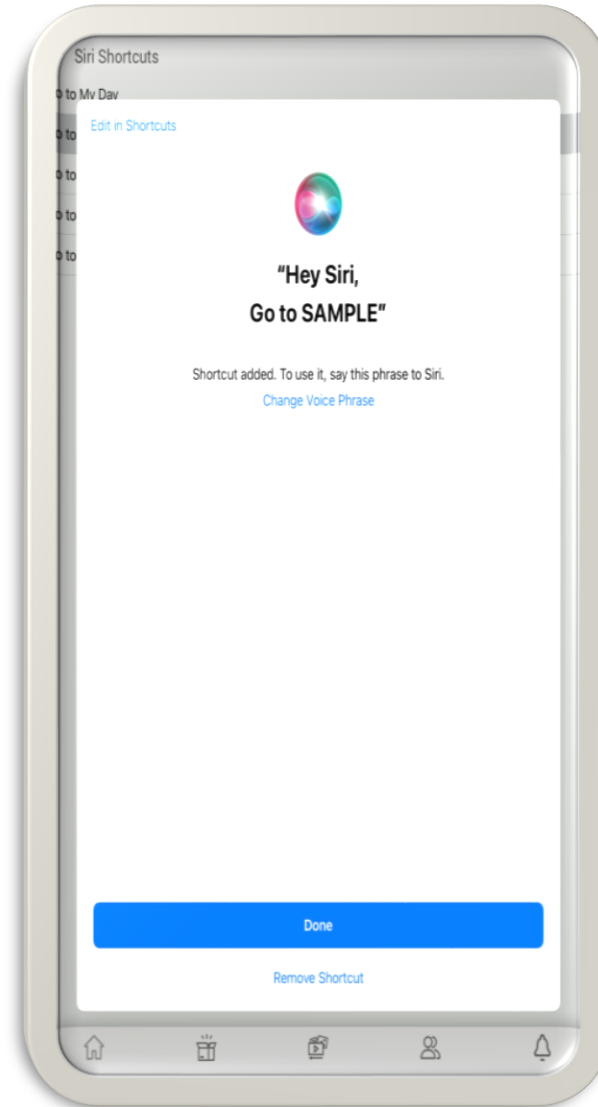

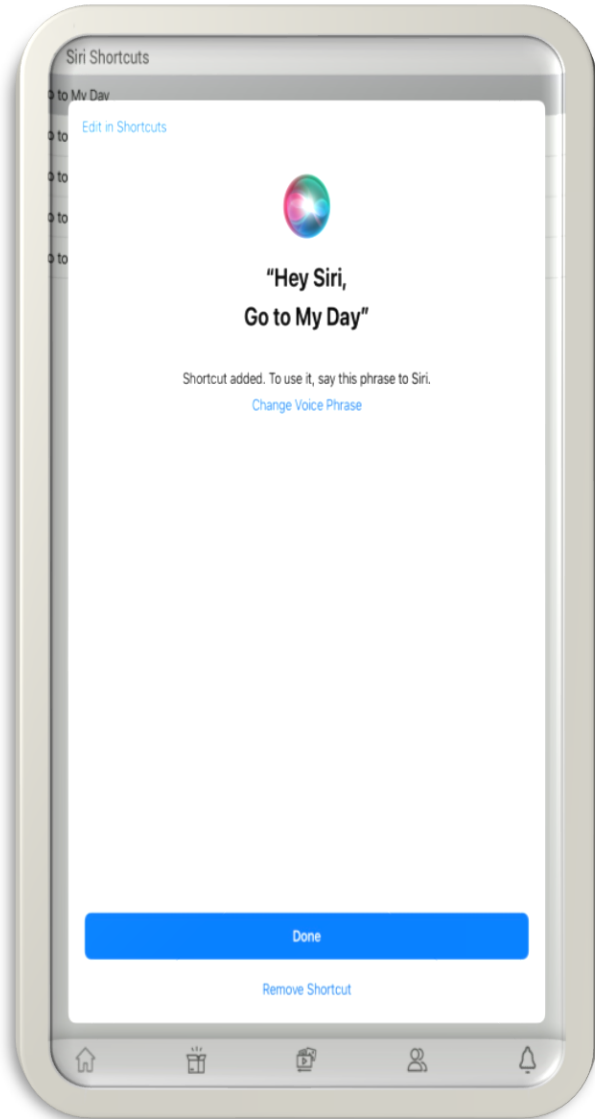

When you click on the Siri Shortcuts Tab a new window opens with specific options for setting up shortcuts to open the App on Specific pages, like;

- Go to My Day
- Go to Sample
- Go to Prospects
- Go to Events
- Go to Alerts

For Android the Bixby app has not be set up for the Nikken Share yet.

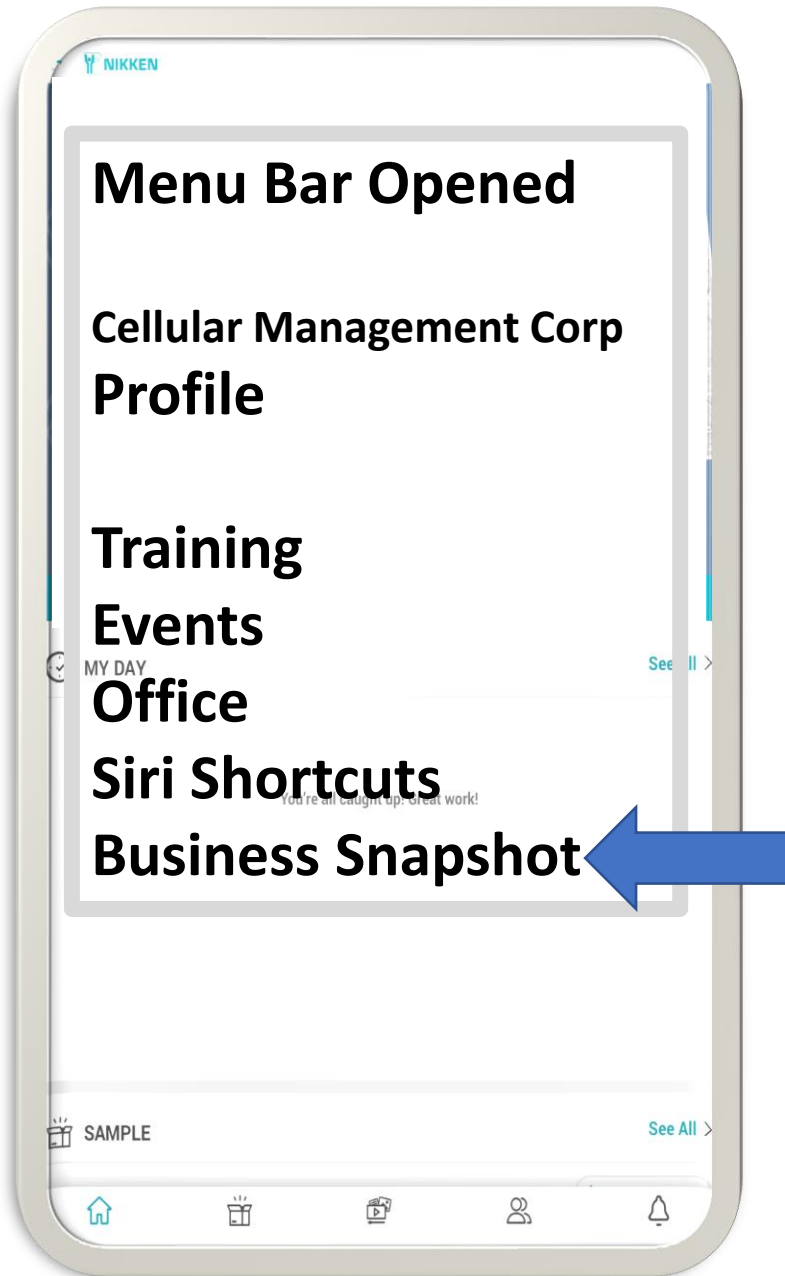

Click on the arrow next to the item and a new window opens with an action to set up the Shortcut for the page selected. If one is already made the app will notify you.

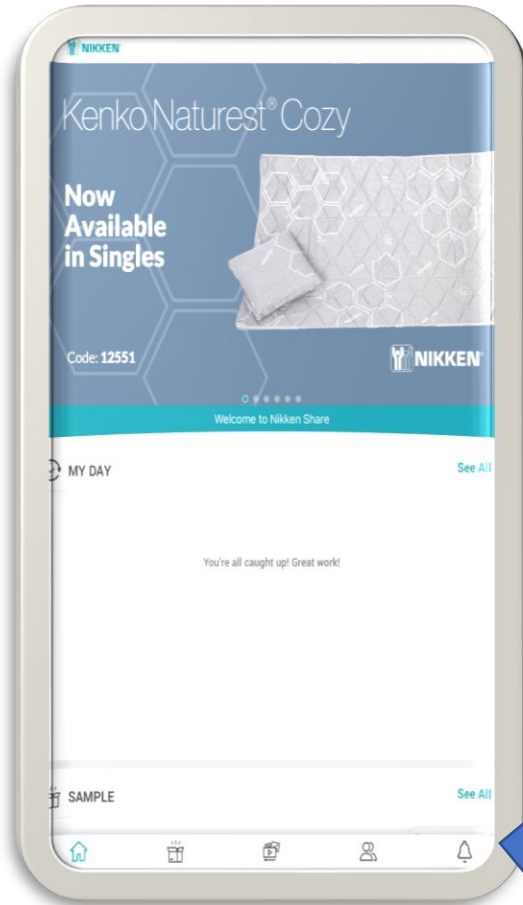

Business Snapshot Tab Opened

Right now there
is nothing loaded
or posted in the
Business
Snapshot.

Exploring the Icons

In the next video, we are going to explore the “My Day” page and functions plus we will learn how each of the Icons at the bottom of the window work, and how to use them.
