Dear friend,

Here and now shall the world experience the climax to the “message of the covenant” as was preached by James T Webb, messenger of the Covenant. The God of the covenant, which ordained and sent forth his servant with this word of impending judgment and salvation, has entered our universe as was promised over fifty years ago; and the question going forth now is “**WHO SHALL BE ABLE TO STAND?!!!**”

God, by the hand of James T. Webb, did send forth word of warning to all the leaders of the world's political and religious institutions with this word: “**Fear God and give Glory**” as seen in Rev 14 v6-7. Yet our leaders laughed and made mockery of the warning, made light of the messenger's lack of education and worldly esteem and did forsake the word of warning sent to them, esteeming that word to be the lunatic ravings of a mad man. Well know this, God has arrived and his physical presence in our universe is causing a reaction within our world's natural elements that are empowered by his throne (as seen by the Prophet Ezekiel in Ezekiel 1 v4). Angelic forces have taken command of these elements of nature (Ezekiel 1 v5-20 and Matt 8v 23-26) and are now striking the earth with calamities in “quick succession” as foretold by our Lord and Savior and God, Christ Jesus (Luke 21 v 5-28 and Matt 24 v21-22). Further, these judgments, by the will of God, were foreseen in vision and preached by James T. Webb, sending booklets to all in power in the world professing God's impending judgment.

Vision of the Prophet Webb: Surnamed of God, “Zerubbabel”

Excerpt:

As I heard the voice of the angel speak the word “Distress” and the third time he spoke the word it was in a higher tone than the other two, which indicated the graveness and severity of the condition. Be this known to you that this is the hour of God's judgment!!”

A 1981 Actual Occurrence (by: Terald Blakey Sr.)

In that the mercy of God has made me a part of HOZ, a group of saints chosen by God to bear witness to the completion of the prophet's work, I will tell you of an experience that was not given by vision or dream, but an actual occurrence in my life that has puzzled and mystified me for over thirty years. The year was 1981 and I was 23 years old. Having worked the night shift on my job, I arrived home that morning, finding my three children and wife asleep. I lay down for some rest and suddenly three, loud tones that gave sounds like a trumpet sounded aloud in my ears. The sound of each tone was higher than the previous one with the third tone the highest. I could not open my eyes due to the high pitch of the tones, but as soon as I could, I awoke my wife and asked her what that was? She knew not, not hearing anything. I quickly arose from my bed and went to the children's room to find them sound asleep; quickly knowing they had nothing to do with this incident. Quickly dressing, I went to see the Prophet Webb (whom I had developed a trust and bond with) and shared my experience with him, asking what he thought it could be; he replied, "You tell Me." His reply really had me perplexed, for this was the first time he'd given me that kind of an answer. Yet, I could give no explanation. The prophet went on to state that if God wanted me to know the meaning of the trumpets, he would tell me in time. Furthermore, because he himself had not heard these trumpets, he could not interpret them or tell me what they meant and I would just have to wait on God for the answer. I talked with him several times over the next ten years concerning the trumpets, hoping that God would give him more insight into my experience, but the answer was always the same, "**You tell me.**"

It is 31 years after the experience and the Prophet Webb is now deceased, without ever having given me an answer to this mysterious occurrence. However, he did teach and mentor us all to depend on God and all would be made clear in God's time. In addition, understanding has been given that heavenly language comes to us in the form of music as is seen in Rev 1 v10 and Rev 8 v6. Webster on the word "**Tone**" describes it as "**a vocal or musical sound, its quality as to pitch, intensity, and modulation.**" Armed with this knowledge, we revisit the Prophet Webb's vision on the three expressions of the words, "distress, distress, distress". We notice that the angel spoke to him in tone or musical expression also, but in words that were understandable. This was not unusual because in another vision of the Prophet Webb, angels walked by him singing, "**Calamities shall come in quick succession, one after the other, throw away nothing one can use, for the want of all things shall be great in the land.**"

From these examples I am persuaded that the tones I heard was symbolic of the "message of Elijah", which would emerge from the "message of the covenant" works given to the Prophet Webb, and was the announcement of the future coming work of HOZ, inclusive of the writing of the Wisdom Letters, and Heraldng Newsletters, as well as all documentation contained on the Godssaints.org website. God allowed me to hear only the tones of the three distress signals originally given to the prophet because it was not time yet. I am also persuaded that this is the main reason the prophet was given no word from God to give me on this strange, spiritual occurrence, for he was not only the messenger of the covenant as seen in Rev 14 v6-7, but also the "testator" of the new covenant and its prophetic promises. [Webster on testament: **A will; last will and testament.** Webster on testator: **one who has died and made a will.**] Thus, the testament of the new covenant would include in it all promises of judgment and salvation, the holy deliverance of Israel (as seen in Dan 12 v1), the rise of the last church of God (as seen in Rev 6 v9-11) and the rise of the last two prophets that God would bless by transferring the spirits of Moses and Elijah to them for the completion of the judgment works preached by James T. Webb (2kings 2 v 9-10; Rev 11 v3; and J. T. Webb's booklet, *The Sun is Setting*, page 12). These prophesies of Bro. James T. Webb **could not**, and **would not** go into force as long as he, James T. Webb, lived.

God has made it clear that this last church would be under the guidance of the second angel of Rev 14 v8, whose work identifies him as the very same angel of Rev 18 v1-4. This second angel worked with the Prophet Webb's brother, Samuel, whose work entailed the preaching of the fall of Babylon as seen in Rev 18 v1-3. This second angel and Samuel Webb worked together during the same time period of the Prophet James T. Webb's prophecy. In addition, he (the angel) remained on earth after the deaths of both Prophets James and Samuel Webb. Now the angel hears other instructions of God to work with the servant of God's choice (Rev 18 v4) whom has been secretly prepared for the gathering of God's last church seen in Rev 18 v4-5. This servant of God's choice, as well as the last two prophets, were groomed by James T. Webb under the veil of God in such secrecy that it was known only to God, and never even to those involved until the message of Elijah would call them to fulfill their purpose in life...to serve the living God.

God's Curses Now Activated

Dear reader, the Prophet Webb was commanded by God to curse the elements of nature. Thus, he wrote these words, "**Curse be the southwest, curse be the southeast, curse be the northwest and curse be the northeast.**" These words would become directives to the angelic forces that control the elements of nature and hold them in check (Rev 7 v1). These prophetic words God would activate within his angelic forces on earth, and at the appointed time, God would make these words a part of the prophetic testament and will of James T. Webb. Thus, it is here that he became an official testator as appointed by God. We wish to make it clear that the judgment is worldwide; however, in the Prophet Webb's written booklet entitled, *Hear Ye O Israel*, he explained that the nation of slaves brought to America were the true and original Hebrews and descendant's of Moses. Here the so-called Negro people – the one and the same former slaves whom were brought here to the United States in chains 450 years ago – were in actuality God's chosen people. God allowed this enslavement due to Israel's continuation of disobedience as is found in Deut 28 v15-68. However, the people of this nation that relished in the opportunity to own slaves went far beyond God's just measurement of punishment for Israel. Thus, the just and true judgment of God in **activation** shall be **most severe** in his "**ordering of the elements of nature to judgment**" where these atrocities against Israel took place.

It is with grave counsel to all within my house and all that God leads to this document to step to the reasoning chamber of God in this hour (Rev 3 v19-20). Remember his mercy never leaves his saints, but to be hid by God from this awful hour of Judgment, we must be washed from all offence and come to the terms of God as in Isaiah 1 v16-19.

All praise be to the full throne of God and special salutation to the Most Holy Wisdom of God, our heavenly Queen and the architect of the plans of salvation.
