Welcome to Campbell Red Angus 2016 Production Sale. We started the year kind of droughty, then it started to rain, we added a grandson, chopped the best rye crop we have ever seen, had a good haying season, ample grass, quit raining in August, and have had a very mild winter. Over all it's been a good year.

The cattle and genetics are the same base you have come to rely on and trust since 1973. We do have some new bloodlines that are showing a lot of potential, some of the lines could be outcross genetics that would add a new dimension to many programs. Be sure and check them out in our reference sire layout.

We changed our feeding to a TMR feeder wagon 3 years ago and are continuing to "fine tune" our feeding program. This year is the second year we added rye silage as a roughage to further reduce feed costs. There's not much information available on rye silage so we are still in the learning curve to incorporate it into our ration. This year we ended up with rye silage, sorghum silage, ground hay, dry distillers, corn, and a half pound of feedlot supplement to balance minerals. The feed had a reasonable cost with a high roughage and water base. The bulls performed well with an average daily gain of 3.24. The scrotals are actual (not adjusted) were taken January 23rd, 2016.

Again this year we are bringing 20 replacement quality heifers to the sale. This small representation of our herd offers a cross section of our different herd sires. The heifers were developed with the big group of replacement heifers until January 16th, 2016. They were on a high roughage TMR ration, rye silage and mix hay. They did quite well proving their feed efficiency. We hope you take advantage of this opportunity to bring solid genetics into your herd.

The strong performance and diversity of Red Angus Cattle is very popular in the cattle industry. Red Angus steers have been topping the market all fall and winter. Replacement females continue to bring a premium of several hundred dollars per head, bringing even more than their steer counterparts. We are still in one of the top markets of all time. It's time to get the most return you can with Campbell Red Angus genetics. Please, let us help you take advantage of the marketing opportunity with our cattle.

We welcome you to come to our ranch and view the cattle and our program until March 4th and then at Mobridge Livestock until March 7th, 2016. We intend to have video of the sale bulls online at www.campbellredangus.com in mid-February for viewing.

Please come early on sale day and join us for a lunch, starting at 11:30 CST.

Sincerely,
Robert & Kara
Harold

Guarantee

Bulls sell as guaranteed breeders. Due to their young age the bulls haven't been semen tested, but we strongly recommend you have them semen tested before you put them in service. All claims must be submitted to the Seller in the calendar year, along with written semen evaluation and health report from a licensed veterinarian. Seller has the privilege of trying to prove the bull after his return, before making any adjustment. This guarantee is null and void if there is evidence of improper management in care of said animal, or if the inability to breed is due to sickness or injury after being sold.

PLEASE BRING THIS CATALOG TO THE SALE.

Terms and Conditions

All cattle sell under the recognized terms and conditions of the Red Angus Association of America, and by these additional conditions. Terms of the sale are cash. Any dispute as to bids are settled by the auctioneer. Announcements from the auction block take precedence over printed material in this catalog. Animal is the Buyer's responsibility upon being sold. All persons who attend the sale do so at their own risk.

Performance and EPD Codes

1A - 100% Red Angus
1B - 87% - 99% Red Angus

EPD's:

BW - Birth Weight
WW - Weaning Weight
YW - Yearling Weight
Milk - Milk
TM - Total Maternal

Performance Info:

BW - Actual BW
Adj 205 - 205 day adjusted weaning weight
Adj YW - 365 day adjusted yearling weight
ADG - Gain on test
WDA - Weight per day of age over lifetime
SC - Actual measurements taken on January 23, 2016.
Not adjusted to year of age.
CC - calving code
1 - use on cows
2 - use on cows or growthy heifers
3 - fewer calving problems should occur when used on first calf heifers

Eartags

Lot numbers - white tag
ID numbers - colored tag

Feed & Delivery

We will offer free delivery of bulls immediately following the sale to central points within 150 miles. Balance at cost. Feeding of bulls by arrangement at \$3.50/day until April 15, 2016. Bulls fed at buyer's risk. We strongly suggest you purchase insurance on your bulls.

Registration Transfers

Registration papers transferred to buyer when available. Leave name and three line address when making settlement if you want papers transferred.

We reserve the right to retain 1/3 semen interest on any bull.

Thank You for attending our Sale.

We hope you will be pleased with your purchases.

Achieve it!

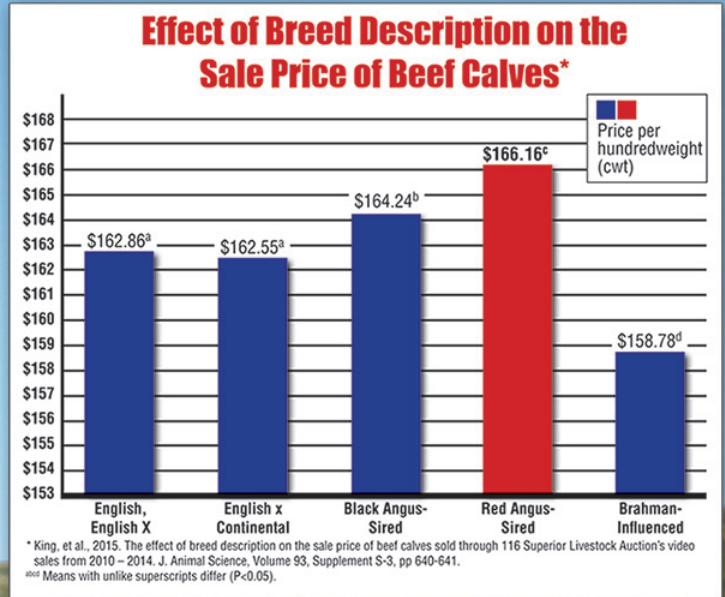

RETURN ON INVESTMENT

Red Angus genetics will improve your return on investment!

"For 10 to 15 years all the buyers ever talked about was black calves, and the black calves always brought more than everything else. Now I can honestly say that good Red Angus calves outsell the black calves and I know the Red Angus bred heifers will outsell black Angus bred heifers of equal quality every day."

— Jim Davis, Superior Livestock Auction

Independent research shows Red Angus-sired calves sold for a higher price than all other breed groups. Red Angus bulls make a positive difference in your breeding program's bottom line.

Invest in your future today!

Red Angus Marketing Programs

- Free-Enrollment Tag Programs
- Dedicated Feeder Calf Sales
- Free Marketing Assistance from RAAA Staff
- Red Angus Grids
 - Tyson's Choice+ Premium Grid
 - Greater Omaha's G.O. Red Grid

Contact the Association today for more information on achieving the most return on your Red Angus investment.
