When You Can Join

The timing of your eligibility is important. To make the process easier, we offer convenient ways to enroll.

Enrolling is easy

1. Choose your plan and review the *Summary of Benefits* in the *Benefits* section.
2. Review the *Top 200 Most Commonly Used Drug List* in the *Prescriptions* section.
3. Review the *Pre-Enrollment Checklist* in the *Enrollment* section.
4. Talk to your Benefit Advisor if you need advice.
5. Join during the enrollment period that is right for you.

Important: There is a Late Enrollment Penalty (LEP) if you go without Part D or creditable prescription drug coverage for any continuous period of 63 days or more after your Initial Enrollment Period is over. For a complete description of LEP, refer to the *Words We Use* section.

Four types of enrollment periods

You can talk to your Benefit Advisor about the election period that applies to you.

› Initial Coverage Election Period (ICEP):

Three months before, the month of, and three months after you turn 65 or when Part A and Part B become effective

› Annual Election Period (AEP):

Annual election period is from October 15 through December 7

› Open Enrollment Period (OEP):

Open Enrollment period is from January 1 through March 31

› Special Election Period (SEP):

Year-round, depending on your situation such as retiring or moving*

* On the *Enrollment Form*, you can select a SEP code for a *Special Election Period* if you qualify.

Words We Use

This section provides easy-to-understand definitions of common words that are used throughout this booklet. Refer to the plan's *Evidence of Coverage (EOC)* for a full list of words.

Chronic Condition Special Needs Plan (C-SNP)

A C-SNP is a Medicare Advantage plan with coverage designed especially for Medicare beneficiaries with certain chronic conditions (such as diabetes) or some other specific need.

Coinsurance

An amount you may be required to pay as your share of the cost for services or prescription drugs. Coinsurance is usually a percentage, for example, 20%.

Copay

An amount you may be required to pay as your share of the cost for a medical service or supply, such as a provider's visit, hospital outpatient visit, or a prescription drug. A copay is usually a set amount, rather than a percentage. For example, you might pay **\$10** or **\$20** for a provider's visit or prescription drug.

Cost-Share

Any attribute of a benefit that describes the financial responsibility between a customer and the plan administrator as it relates to the payment for a service. See coinsurance, copay, and deductible.

Deductible

The amount you pay for covered services before your plan begins to pay. You may not need to pay a deductible before you can get coverage under the plan. Please refer to your *Evidence of Coverage* for deductible information.

Evidence of Coverage (EOC)

The document that explains your coverage, rights, and protections under the plan. Please read this document carefully.

Dual Eligible Special Needs Plan (D-SNP)

A D-SNP is a Medicare Advantage plan with coverage designed for Medicare beneficiaries who receive additional medical assistance from the state. You must have both Medicare and Medicaid to join a Cigna Healthcare D-SNP.

Health Maintenance Organization (HMO)

An HMO contracts with Medicare, providing you with access to a network of providers and hospitals that coordinate your care, with an emphasis on prevention. With an HMO, your care may not be covered if you go outside the HMO network without obtaining prior approval.

Late Enrollment Penalty (LEP)

The LEP is added to your monthly Part D premium (even if your premium is **\$0**) for as long as you have Medicare prescription drug coverage. Your LEP amount may change every year as Medicare recalculates rates on an annual basis. You will have to pay it each month as long as you have Medicare prescription drug coverage, even if you change your Medicare drug plan. The cost of the LEP depends on how long you went without Part D or creditable prescription drug coverage.

Low Income Subsidy (LIS)

Also known as *Extra Help*. A Medicare program designed to help people with limited income and resources pay Medicare Part D prescription drug costs.

Maximum Coverage Amount

The total amount Cigna Healthcare will pay for a benefit or service within a specific time period. Once the maximum coverage amount is reached, the customer is responsible for the remaining cost.

Medicare Advantage Plan

Also known as Medicare Part C. A Medicare Advantage plan provides coverage to people with Medicare Part A (hospital coverage) and Part B (medical coverage). Most Medicare Advantage plans include drug coverage (Part D). Cigna Healthcare is a Medicare Advantage plan.

Medicare Part D

The Medicare prescription drug coverage benefit is called Medicare Part D. To get the Medicare Part D benefit, you must join a plan through an insurance company approved by Medicare.

Cigna Healthcare offers Part D coverage with many of our plans. Each plan can vary in cost and drugs covered.

Network Provider

A health care professional or health care facility contracted to be a part of Cigna Healthcare's network. This type of provider can also be referred to as an in-network provider or participating provider.

Non-Network Provider

A health care professional or health care facility that is not contracted with Cigna Healthcare's network. This type of provider can also be referred to as an out-of-network provider or non-participating provider. Depending on your plan, you may have the option to see non-network providers. Please refer to your *Evidence of Coverage* for more information.

Original Medicare

Original Medicare is the fee-for-service federal health insurance program that allows you to go to any Medicare-approved provider, health care professional, or health care facility. Many people have this plan, and it is the one most people are familiar with. You have to pay a yearly deductible, coinsurance, and certain copays.

There are two parts to Original Medicare: Part A (hospital coverage) and Part B (medical coverage).

Preferred Pharmacy

You will typically save money by using preferred pharmacies. Your prescription drug costs (like copays or coinsurance) will typically be less at a preferred network pharmacy because it has an agreement with your plan. Visit **CignaMedicare.com** for the most current *Pharmacy Directory*.

Preferred Provider Organization (PPO)

A PPO provides access to a network of doctors and hospitals that coordinate your care. PPOs have a network of doctors and facilities but also allow you to use any doctor or hospital outside of the network for a higher copay or coinsurance.

Prescription Drug List

A list of prescription drugs, both generic and brand name, used by health care providers to identify drugs that provide the best overall value. For a complete list of prescription drugs covered by Cigna Healthcare, please visit **CignaMedicare.com**.

Primary Care Provider (PCP)

Also known as primary care physician. Your PCP is the team leader for all of your health care needs, so he or she knows your entire health picture. Your PCP will refer you to the right specialists and hospitals, when needed, and work with them to manage your health care.

Prior Authorization (PA)

Select services or medications may need approval before you are able to receive them. Please talk to your provider or call Customer Service for more information.

Referral

An approval from your primary care provider (PCP) that allows you to visit a specialist or receive certain services. Referrals are very important because they help your PCP keep track of your health. The PCP may be able to conduct tests or treatments in his or her office, allowing you to avoid the additional copay or coinsurance for a specialist. Some plans may not require referrals. See plan for details.

Service Area

The geographic area that Cigna Healthcare covers and has plans available.

Special Election Period (SEP)

You can make changes to your Medicare Advantage and Medicare prescription drug coverage when certain events happen in your life, like if you move or you lose other insurance coverage. Rules about when you can make changes and the type of changes you can make are different for each SEP.

4 | Prescription Drug Benefits

Medicare Part D Drugs

Pharmacy (Part D) Deductible

This plan does not have a deductible.

Initial Coverage

The following charts show the cost-sharing amounts for Part D drugs covered under this plan. After you pay any yearly Part D deductible, you pay the following until your total yearly drug costs reach **\$5,030**. Total yearly drug costs are

the total drug costs paid by both you and a Part D plan.

Your costs may be different if you qualify for *Extra Help*. Your copay or coinsurance is based on the drug tier for your medication, which you can find in the plan *Comprehensive Prescription Drug List* on our website **CignaMedicare.com**. Or call us, and we will send you a copy of the *Comprehensive Prescription Drug List*.

Tier	Supply	Mail Order Cost-Sharing		Retail Cost-Sharing	
		Preferred	Standard	Preferred	Standard
Tier 1 Preferred Generic Drugs	30-day	\$0	\$10	\$0	\$10
	60-day	\$0	\$20	\$0	\$20
	90-day	\$0	\$30	\$0	\$30
Tier 2 Generic Drugs	30-day	\$5	\$20	\$5	\$20
	60-day	\$10	\$40	\$10	\$40
	90-day	\$0	\$60	\$15	\$60
Tier 3 Preferred Brand Drugs	30-day	\$47	\$47	\$47	\$47
	60-day	\$94	\$94	\$94	\$94
	90-day	\$141	\$141	\$141	\$141
Tier 4 Non-Preferred Drugs	30-day	\$100	\$100	\$100	\$100
	60-day	\$200	\$200	\$200	\$200
	90-day	\$300	\$300	\$300	\$300
Tier 5 Specialty Drugs	30-day	33%	33%	33%	33%
	60-day	Not available	Not available	Not available	Not available
	90-day	Not available	Not available	Not available	Not available

Cost-sharing may vary depending on the customer's Part D coverage phase. Costs may differ based on pharmacy type or status, for example, preferred/non-preferred, mail order, long-term care (LTC), home infusion, and 30- or 90-day supply.

You may get your drugs at preferred or standard network retail pharmacies or preferred mail order pharmacies. Your prescription drug copay will typically be less at a preferred network pharmacy because it has a preferred agreement with your plan.

You can get your prescription from an out-of-network pharmacy, but you may pay more than you would pay at an in-network pharmacy. If you reside in a long-term care facility, you would pay the standard retail cost-sharing at an in-network pharmacy.

Coverage Gap

Most Medicare prescription drug plans have a Coverage Gap (also called the Donut Hole). This means there is a temporary change in what you will pay for your Part D drugs. The Coverage Gap begins after your total yearly prescription drug costs (including what a Part D plan has paid and what you have paid) reach **\$5,030**. Not everyone will enter the Coverage Gap.

After you enter the Coverage Gap, you pay a maximum of **25%** of the plan's cost for covered brand name drugs and covered generic drugs until your costs total **\$8,000**, which is the end of the Coverage Gap.

This plan offers some additional prescription drug coverage for Tier I drugs in the Coverage Gap. See the table below to find out how much you will pay.

Catastrophic Coverage

You qualify for the Catastrophic Coverage Stage when your out-of-pocket costs have reached the **\$8,000** limit for the calendar year. Once you are in the Catastrophic Coverage Stage, you will pay **\$0** for all covered Part D drugs through the end of the calendar year.

Tier	Supply	Mail Order Cost-Sharing		Retail Cost-Sharing	
		Preferred	Standard	Preferred	Standard
Tier I Preferred Generic Drugs	30-day	\$0	\$10	\$0	\$10
	60-day	\$0	\$20	\$0	\$20
	90-day	\$0	\$30	\$0	\$30

What You Pay for Insulin

- You won't pay more than **\$35** for a one-month supply of each insulin product covered by our plan, no matter what cost-sharing tier it's on.
- If your insulin is on a tier where cost-sharing is lower than **\$35**, you will pay the lower cost for your insulin.
- If your plan has a Part D deductible, the above will apply even if you haven't paid your deductible.

Select benefits may not be available in all service areas without a monthly premium. Some plans may include these benefits under the monthly premium. Benefits, features, and/or devices vary by plan/service area. Limitations, exclusions, and restrictions may apply. Contact the plan for more information.

Benefits, premiums, and/or copayments/coinsurance may change on January 1 of each year. You must continue to pay your Medicare Part B premium. Individuals may enroll in a plan only during specific times of the year and must have Medicare Parts A and B.

Out-of-network/non-contracted providers are under no obligation to treat plan members except in emergency situations. Please call our Customer Service number or see your *Evidence of Coverage* for more information, including the cost-sharing that applies to out-of-network services.

Cigna Healthcare products and services are provided exclusively by or through operating subsidiaries of The Cigna Group. The Cigna names, logos, and marks, including THE CIGNA GROUP and CIGNA HEALTHCARE, are owned by Cigna Intellectual Property, Inc.

Medicare Part D Drugs

Pharmacy (Part D) Deductible

This plan does not have a deductible.

Initial Coverage

The following charts show the cost-sharing amounts for Part D drugs covered under this plan. After you pay any yearly Part D deductible, you pay the following until your total yearly drug costs reach **\$5,030**. Total yearly drug costs are

the total drug costs paid by both you and a Part D plan.

Your costs may be different if you qualify for *Extra Help*. Your copay or coinsurance is based on the drug tier for your medication, which you can find in the plan *Comprehensive Prescription Drug List* on our website **CignaMedicare.com**. Or call us, and we will send you a copy of the *Comprehensive Prescription Drug List*.

Tier	Supply	Mail Order Cost-Sharing		Retail Cost-Sharing	
		Preferred	Standard	Preferred	Standard
Tier 1 Preferred Generic Drugs	30-day	\$0	\$10	\$0	\$10
	60-day	\$0	\$20	\$0	\$20
	90-day	\$0	\$30	\$0	\$30
Tier 2 Generic Drugs	30-day	\$5	\$20	\$5	\$20
	60-day	\$10	\$40	\$10	\$40
	90-day	\$0	\$60	\$15	\$60

	60-day	Not available	Not available	Not available	Not available
	90-day	Not available	Not available	Not available	Not available

Cost-sharing may vary depending on the customer's Part D coverage phase. Costs may differ based on pharmacy type or status, for example, preferred/non-preferred, mail order, long-term care (LTC), home infusion, and 30- or 90-day supply.

You may get your drugs at preferred or standard network retail pharmacies or preferred mail order pharmacies. Your prescription drug copay will typically be less at a preferred network pharmacy because it has a preferred agreement with your plan.

You can get your prescription from an out-of-network pharmacy, but you may pay more than you would pay at an in-network pharmacy. If you reside in a long-term care facility, you would pay the standard retail cost-sharing at an in-network pharmacy.

Coverage Gap

Most Medicare prescription drug plans have a Coverage Gap (also called the Donut Hole). This means there is a temporary change in what you will pay for your Part D drugs. The Coverage Gap begins after your total yearly prescription drug costs (including what a Part D plan has paid and what you have paid) reach **\$5,030**. Not everyone will enter the Coverage Gap.

After you enter the Coverage Gap, you pay a maximum of **25%** of the plan's cost for covered brand name drugs and covered generic drugs until your costs total **\$8,000**, which is the end of the Coverage Gap.

This plan offers some additional prescription drug coverage for Tier I drugs in the Coverage Gap. See the table below to find out how much you will pay.

Catastrophic Coverage

You qualify for the Catastrophic Coverage Stage when your out-of-pocket costs have reached the **\$8,000** limit for the calendar year. Once you are in the Catastrophic Coverage Stage, you will pay **\$0** for all covered Part D drugs through the end of the calendar year.

Tier	Supply	Mail Order Cost-Sharing		Retail Cost-Sharing	
		Preferred	Standard	Preferred	Standard
Tier I Preferred Generic Drugs	30-day	\$0	\$10	\$0	\$10
	60-day	\$0	\$20	\$0	\$20
	90-day	\$0	\$30	\$0	\$30

What You Pay for Insulin

- You won't pay more than **\$35** for a one-month supply of each insulin product covered by our plan, no matter what cost-sharing tier it's on.
- If your insulin is on a tier where cost-sharing is lower than **\$35**, you will pay the lower cost for your insulin.
- If your plan has a Part D deductible, the above will apply even if you haven't paid your deductible.

Select benefits may not be available in all service areas without a monthly premium. Some plans may include these benefits under the monthly premium. Benefits, features, and/or devices vary by plan/service area. Limitations, exclusions, and restrictions may apply. Contact the plan for more information.

Benefits, premiums, and/or copayments/coinsurance may change on January 1 of each year. You must continue to pay your Medicare Part B premium. Individuals may enroll in a plan only during specific times of the year and must have Medicare Parts A and B.

Understanding the Prescription Drug Stages

Part D prescription drug coverage is based on a calendar year. You may not enter all stages.*

Stage 1: Deductible Stage

During this stage, if your plan has a deductible, you usually pay the full cost of your Part D prescription drugs up to the deductible amount. If your plan does not have a Part D deductible, you will start in the Initial Coverage Stage.

Once you reach the deductible amount, you enter the *Initial Coverage Stage* and pay a copay or coinsurance.

Stage 2: Initial Coverage Stage

Up to \$5,030

During this stage, the plan pays its share of the cost, and you pay a copay or coinsurance for each Part D prescription drug you fill until your total Part D prescription drug costs reach **\$5,030**.

Once you reach \$5,030, you enter the *Coverage Gap Stage* or *Donut Hole*.

Stage 3: Coverage Gap Stage

Up to \$8,000

During this stage, you receive limited coverage on certain Part D prescription drugs. You will also get a discount on covered brand name drugs and generic drugs. This stage continues until your yearly out-of-pocket Part D prescription drug costs reach **\$8,000**.

Once your out-of-pocket Part D drug costs reach \$8,000, you enter the *Catastrophic Coverage Stage*.

Stage 4: Catastrophic Coverage Stage

Through the end of the year

In this stage, you pay a **\$0** copay for each Part D prescription you fill.

* Amounts may change on January 1 of each year.

Understanding the benefits

- The *Evidence of Coverage (EOC)* provides a complete list of all coverage and services. It is important to review plan coverage, costs, and benefits before you enroll. Visit **CignaMedicare.com** or call **1-800-668-3813 (TTY 711)** to view a copy of the *EOC*.
- Review the *Provider Directory* (or ask your doctor) to make sure the doctors you see now are in the network. If they are not listed, it means you will likely have to select a new doctor.
- Review the *Pharmacy Directory* to make sure the pharmacy you use for any prescription medicine is in the network. If the pharmacy is not listed, you will likely have to select a new pharmacy for your prescriptions.
- Review the Formulary to make sure your drugs are covered.

Understanding important rules

- Effect on Current Coverage.** If you are currently enrolled in a Medicare Advantage plan, your current Medicare Advantage healthcare coverage will end once your new Medicare Advantage coverage starts. If you have Tricare, your coverage may be affected once your new Medicare Advantage coverage starts. Please contact Tricare for more information. If you have a Medigap plan, once your Medicare Advantage coverage starts, you may want to drop your Medigap policy because you will be paying for coverage you cannot use.
- In addition to your monthly plan premium, you must continue to pay your Medicare Part B premium. This premium is normally taken out of your Social Security check each month.
- Benefits, premiums, and/or copayments/coinsurance may change on January 1, 2024.
- Except in emergency or urgent situations, we do not cover services by out-of-network providers (doctors who are not listed in the *Provider Directory*).
- PPO, PFFS, and other plans that offer out-of-network coverage: Our plan allows you to see providers outside of our network (non-contracted providers). However, while we will pay for covered services, the provider must agree to treat you. Except in an emergency or urgent situation, non-contracted providers may deny care. In addition, you will pay a higher copay for services received by non-contracted providers.
- C-SNP plans: This plan is a Chronic Condition Special Needs Plan (C-SNP). Your ability to enroll will be based on verification that you have a qualifying specific severe or disabling chronic condition.
- D-SNP plans: This plan is a Dual Eligible Special Needs Plan (D-SNP). Your ability to enroll will be based on verification that you are entitled to both Medicare and medical assistance from a state plan under Medicaid.

PAYING YOUR PLAN PREMIUMS

If you have a monthly plan premium (or if you currently have a late enrollment penalty), we need to know how you want to pay. You can pay by mail each month. You can also choose to pay your premium by automatic deduction from your Social Security or Railroad Retirement Board (RRB) monthly benefit check.

Part D-IRMAA

If you are assessed a Part B or Part D-Income Related Monthly Adjustable Amount (IRMAA), you will be notified by the Social Security Administration. You will be responsible for paying this extra amount in addition to your plan premium. You will either 1) have the amount withheld from your Social Security benefit check or 2) be billed directly by Medicare or RRB. DO NOT PAY the Part D-IRMAA to Cigna Healthcare.

Extra Help

If you have a limited income, you may be able to get *Extra Help* to pay for prescription drugs. If eligible, Medicare could pay for 75% or more of your drug costs, including monthly prescription drug premiums, annual deductibles, and coinsurance.

Additionally, if you qualify, you will not be subject to the Coverage Gap or a Medicare late enrollment penalty. Many people are able to get these savings and do not know it. For more information about this *Extra Help*:

- › Call your local Social Security office, or
- › Call Social Security at **1-800-772-1213**. TTY users should call **1-800-325-0778**.

You can also apply for *Extra Help* online at www.ssa.gov/medicare/part-d-extra-help.

If you are able to get *Extra Help* with your Medicare prescription drug coverage costs, Medicare will pay all or part of your plan premium. If Medicare pays only a portion of your premium, you will be billed for the amount Medicare does not cover.

PLEASE SELECT A PREMIUM PAYMENT OPTION:

If you do not select a payment option, you will receive a bill each month for the amount Medicare does not cover.

Automatic deduction from your Social Security or RRB benefit check.

I get monthly benefits from:

Social Security RRB

The Social Security/RRB deduction may take two or more months to begin after Social Security or RRB approves the deduction. In most cases, if Social Security or RRB accepts your request for automatic deduction, the first deduction from your Social Security or RRB benefit check will include all premiums due from your enrollment effective date up to the point withholding begins. If Social Security or RRB does not approve your request for automatic deduction, we will send you a paper bill for your monthly premiums.

Get a monthly bill.

You also have the option of paying your monthly bill online at CignaMedicare.com/paymybill.

Privacy Act Statement
