

COLDRITE WALK-INS

THE FUTURE OF COLD STORAGE

The Future of Cold Storage.

ENGINEER, DESIGN, BUILD.

Coldrite Walk-In is a manufacturing business for custom walk-in coolers and freezers. We take pride in providing our customers with the highest quality products and phenomenal customer service.

CERTIFIED BY

Why Choose Us

We help our customers run their walk-in project from start to finish, with our highly streamlined process. Our customers can trust in us to engineer, design, and build every project to their request.

HIGH QUALITY

Our warehouse is equipped with the best technology and inspection process. We inspect all our product before leaving our warehouse to ensure durability and a long life-span.

INSTALLATION SERVICE

We have created an installation department with highly experienced and professional technicians. Our technicians make sure that every project is completed on a timely manner and running as needed.

NATIONWIDE SHIPPING

We have an established relationship with the best shipping broker. Our broker gives us access to the most reliable carriers, in order to guarantee our customers a fast and scheduled delivery. We ensure that our customers receive their product in great condition at an affordable price.

GREAT CUSTOMER SERVICE

Our team treats all our customers as a priority. We ensure that our customers receive the best service possible through our great follow up process and easy-to-access representatives.
