

## **BCBS of Massachusetts temporarily waives some provider-submitted claims**

As of March 7, BCBS of Massachusetts is supporting their participating providers who have been affected by the Change Healthcare incident **by temporarily waiving the following for provider-submitted claims for its commercial, Medicare Advantage, and Federal Employee Program plans as follows:**

- The claim filing limit of 90 days from the date of service
- The one-year provider appeals filing limit

BCBS of Massachusetts will continue to evaluate the situation regularly and will notify providers before resuming the standard filing limit. Providers are welcome to contact BCBSMA with any questions about this or other related issues.
