XS-S-M-L-XL-XXL

NN

HYDROWARM L/S

CODE: 6000

PRICE 89,90€

AVAILABLE SIZES:
XS-S-M-L-XL-XXL

NN

Our Hydrowarm Dry Top is made of a patented water resistant stretch material that guarantees you maximum freedom of movement in any condition.

The interior is lined with a special ultra-light thermal polyester fabric that protects you from the cold water temperatures. Thanks to the heat-sealed seams and the LB9 designed collar and cuffs we can ensure maximum water resistance.

This garment has been designed for all water sports and thanks to the elasticity and resistance of the fabric, with a fit is far more tailored than any other water jacket on the market.

COMPRESSION RASHGUARD L/S

CODE: 1000

PRICE 49,90€

AVAILABLE SIZES:
XS-S-M-L-XL-XXL

Our iconic unisex Compression Rashguard Top is made in an elasticized nylon and spandex material, capable of satisfying every single one of your upper body movements needs.

The compression band technology placed on the forearms help reduce the accumulation of toxins and lactic acid in the upper extremities therefore improving blood circulation.

Whilst the rear cross taping technology supports and carries the main muscular area during movement, ensuring a correct posture during activity.

UPF 50+ SUN PROTECTION

CROSS-TAPING TECHNOLOGY

COMPRESSION RASHGUARD S/S

CODE: 1001

PRICE 39,90€

AVAILABLE SIZES:
XS-S-M-L-XL-XXL

Designed for high endurance sports such as kayaking, canoe polo, sup and dragonboat; with a focus on the upper body movement.

Breathability is ensured thanks to the mesh inserts found in the axillary area, whilst ergonomic cuts and flatlock stitching reduces abrasion points by providing the optimal fit.

The rear cross taping technology supports and carries the main muscular area during movement, ensuring a correct posture during activity.

CORE RASHGUARD S/S

CODE: 1101

PRICE 29,90€

AVAILABLE SIZES:
XS-S-M-L-XL

NN DB R Y A F

We started off from our beloved Rashguard and we redesigned it maintaining its essential benefits but with a stronger focus on comfort and softness.

Our elasticized nylon fabric guarantees the ideal fit for long days on the water, and that is why the Core Rashguard is perfect for all watersports like SUP and Kayak or Sailing.

The composition of our fabric gives the user a UPF 50+ protection from UV rays, and the new iconic branding is a must for lovers of the brand.

THERMOREGULATING
TECHNOLOGY

3D WARP KNIT

THERM-IX TOP L/S

CODE: 9000

PRICE 79,90€

AVAILABLE SIZES:
S/M - L/XL

NN

Our best answer to the ideal thermal top.

The THERMI-IX Technology is made of a polypropylene yarn that keeps the body warm and thermoregulated during those long and cold sessions out on the water.

This revolutionary technology allows the user to maintain a warm body temperature while maintaining perfect mobility thanks to the seamless knit composition and body mapped compression that provides maximum elasticity and comfort on the skin.

NEOPRENE TOP

CODE: 3000

PRICE 69,90€

AVAILABLE SIZES:
S-M-L-XL

NY

The unisex Long Sleeve 2mm Neoprene Top consists of a layer of 2mm reinforced rubberized Bi-Stretch Neoprene in the pectoral area that provides extra wind and spray protection.

It's 4-way stretch neoprene maintains total freedom of movement whilst an ergonomic cut and flatlock stitching helps reduce abrasion whilst providing an optimal fit.

The soft neoprene material that has been distributed throughout the design improves fit & comfort.

NEOPRENE 3/4 PANT

CODE: 2000

PRICE 59,90€

AVAILABLE SIZES:
S-M-L-XL

NY

The 2mm Neoprene 3/4 Pant is elasticized in 4 directions thanks to a bi-stretch 2mm neoprene fabric utilized for a better fit.

Anti-slip vortex print on the lower back allows for greater grip.

The ergonomic cut provides optimum fit whilst the compression bands work on supporting your quadriceps.

Reinforced nylon fabric is positioned on the knee area for higher abrasion protection.

BASELAYER LEGGINGS

CODE: 4000

PRICE 44,90€

AVAILABLE SIZES:
S-M-L-XL

NN

QUICKDRY SHORTS

CODE: 13002

PRICE 39,90€

AVAILABLE SIZES:
S-M-L-XL

NN

Made from a 4way quick dry stretchy polyester, the training short guarantees incredible freedom of movement and lightness whilst the rear elastic ensures great fit and comfort.

There are 2 front zip pockets that are perfect to hold your belongings during a workout and its quick-dry properties are exactly what you need in the gym or on the water. Side cuts improve fit and rear mesh details make sure you keep your body temperature balanced.

Meanwhile the Baselayer Leggings are the perfect companion to the shorts, offering a 50PPF+ protection while being a water friendly fabric.
