

HOLTON SLEAFORD

— INDEPENDENT SCHOOL —

Holton Sleaford Independent School (HSIS) delivers a unique and bespoke Outdoor Education based curriculum to predominantly Key Stage 4 and 5 pupils with Social Emotional and Mental Health needs (SEMH). The main premises for the school are in the heart of the small market town of Sleaford. The school offers provision for a mixed gender intake of up to 16 pupils in the 14-19 age range.

The Holton experience aims to provide pupils with the skills and confidence needed to play a full and active part in society at the conclusion of their education. Learning to learn through Outdoor Education helps pupils build key relationships with our highly experienced SEMH staff and enable those pupils to progress towards their own personal academic and social goals.

The HSIS curriculum will engage, motivate and create core skills to positively impact pupils both academically and socially. Pupils will have the chance to gain nationally recognised awards and qualifications in Sports and Outdoor Activities along with the chance to experience opportunities that they would not otherwise have been able to access.

HSIS will cover pupils core future needs through the delivery of small-group, high staff ratio classroom teaching of English, Maths and PSHE all of which will follow a pathway toward appropriate accreditations. Pupils remaining with HSIS through KS5 will follow a core aim qualification of their choice along with targeted work experience. Enabling pupils to see a clear pathway to life after education and an opportunity to put into practice their developing social skills and test their readiness to take on a role in our wider society.
