15th November 2022

Dear Parent or Carer

Year 9 Examinations w/b: 21st November – 2nd December 2022

All Year 9 students will begin their examinations in the three core subjects, English, mathematics, and Science on Monday 21st November. These examinations are an opportunity for students to demonstrate their knowledge. This will enable teachers to gain an accurate picture of students learning and allow them to plan in order to support further student progress and move learning forward. These examinations will also enable students to get into good habits with regard to revision and organisational skills.

As part of the preparation for the examinations all students have been provided with an examination timetable and information on where to find revision resources including useful websites to aid with their revision, please see attached document.

Please encourage your child to work through the tasks set for each subject and ensure that they bring the correct equipment required for each examination.

If you require further information, please do not hesitate to contact me via e-mail at dbalmer@padgateacademy.co.uk

Yours faithfully

Ms D. Balmer
Director of Studies
