

Welcome!

We know your interest in our Center is no accident and that there is a purpose in your being drawn to us. We want to support you in finding and fulfilling your purpose.

Rev Dusty Rippelmeyer
TCSL Spiritual Director

We are a Science of Mind Community which means...

We teach and practice a positive and practical philosophy, faith, and way of life. We affirm that we actively co-create our lives through our thoughts, attitudes, feelings, and beliefs. The founder of Science of Mind, Ernest Holmes, said it best...

**“Change Your Thinking,
Change Your Life.”**

Community Purpose Statement

Our purpose is to inspire, educate, and empower all individuals to experience themselves as unique and individualized expressions of God, the Love-Intelligence that governs the universe.

We are committed to not merely to a theoretical understanding of our oneness and unity with God, but to the conscious practice of this truth in our everyday lives.

Through celebration, service, study, and fellowship, we are committed to the transformation of our personal lives and to being a powerful and beneficial presence on the planet.

With the energy of unconditional love,
Simply - We Are Here for God!

*We stand together in a shared
commitment and devotion to
our spiritual principles,
practices, and values.*

We are so glad
you are here to stand with us!

About Your Donations and Tithes

The Triangle Center for Spiritual Living is a 501c3 Non-Profit Organization and a member of the International organization known as Centers for Spiritual Living. **Our Center is solely funded by the tithes and financial support of our local community.** All donations are fully tax-deductible. Additionally, we support the spiritual principle of tithing in alignment with the spiritual laws of circulation and tithe 10% of our gross donations each month as follows: 70% to Centers for Spiritual Living, 30% to a Non-Profit Partner Program. If you are interested in establishing an auto-tithe or have any other questions regarding conscious giving, please speak to anyone on the Leadership Council.

What We Believe

We believe there is one ultimate loving energy that is present in all that exists. **We believe** that God does not judge us. **We believe** heaven and hell are not physical places to which we are sent by God, but describe states of mind.

We believe that we co-create with God, that our thoughts create our realities. **We believe** that we live in an abundant, unlimited universe and that within us lie all the Wisdom, Love and Power needed to create full, joyous, prosperous lives.

A Vision for TCSL

"We are all longing to go home to some place we have never been, a place half-remembered and half-envisioned we can only catch glimpses of from time to time. Community. Somewhere, there are people to whom we can speak with passion without having the words catch in our throats. Somewhere a circle of hands will open to receive us, eyes will light up as we enter, voices will celebrate with us whenever we come into our own power. Community means strength that joins our strength to do the work that needs to be done. Arms to hold us when we falter. A circle of healing. A circle of friends. Someplace where we can be free.
