

SUPR

ODOR NEUTRALIZER

- FANTASTICALLY EFFECTIVE
- REFRESHING PINEAPPLE FRAGRANCE

NEUTRALIZES PESTICIDE, TERMITICIDE AND CLEANING CHEMICAL ODORS

DIRECTIONS: SUPR ODOR NEUTRALIZER will effectively mask odors from termiticides, insecticides, cleaning chemicals, and other malodors when used in accordance with these directions.

The dilutions recommended can be varied somewhat depending upon the intensity of the odor problem.

FOR LARGE TANKS – Mix one pint per 100 gallons of tank mix, maintain good agitation. The dilution rate may be varied somewhat depending upon the job.

FOR HAND SPRAYERS – Mix 1 to 2 teaspoons per gallon of spray solution. Supr Odor Neutralizer mixes easily in water or solvent solutions but is best to shake the sprayer well before and occasionally during use.

SCRUB OR RINSE WATER – For strong or offensive odors. Use up to 4 ounces in one pail (2 gallons) of cleaning or rinse water. May be used with cleaning solutions or as a final rinse.

For less offensive odors: use 1 to 2 ounces in one pail (2 gallons) of water. As little as one teaspoon in a pail of water will gently freshen the area.

CAUTIONS: COMBUSTIBLE Do not store, use, or pour near heat or open flame. Do not apply concentrated material directly onto plastic tile, varnished surfaces, or asphalt tile.

May be harmful if swallowed. Contains petroleum distillate. If swallowed, DO NOT induce vomiting. Call a physician immediately. In case of contact with eyes, flush eyes with clean water. Avoid prolonged repeated skin contact with the concentrated material as product may cause localized irritation. If spilled on skin, wash area thoroughly.

NOTE: Color of liquid may vary from batch to batch and may darken over time. This does not change the effectiveness or intensity of the fragrance.
