INDEPENDENT ACCOUNTANTS' REVIEW REPORT

To the Board of Directors of
Agape International, Inc.

We have reviewed the accompanying statements of assets, liabilities and net assets - modified cash basis of Agape International, Inc. (a nonprofit organization) as of March 31, 2013 and 2012, and the related statements of support, revenue and expenses - modified cash basis and cash flows - modified cash basis for the years then ended. A review includes primarily applying analytical procedures to management's financial data and making inquiries of Organization management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, we do not express such an opinion.

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting and for designing, implementing, and maintaining internal control relevant to the preparation and fair presentation of the financial statements.

Our responsibility is to conduct the review in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants. Those standards require us to perform procedures to obtain limited assurance that there are no material modifications that should be made to the financial statements. We believe that the results of our procedures provide a reasonable basis for our report.

Based on our reviews, we are not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in conformity the modified cash basis of accounting.

AGAPE INTERNATIONAL, INC.

NOTES TO FINANCIAL STATEMENTS

MARCH 31, 2013 AND 2012

NOTE 1 ORGANIZATION AND NATURE OF ACTIVITIES

Agape International, Inc. (the Organization) is a nonprofit organization in Ashland, Massachusetts. The Organization cares for children in India orphaned as a result of AIDS. Currently there are seven orphanages caring for approximately 250 children. The primary revenue sources are donations from the general public, grants and corporate solicitations.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the modified cash basis, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. This basis differs from generally accepted accounting principles primarily because the Organization has not recognized receivables for contributions and other revenues, accounts payable to vendors, and deferred revenues, and their related effects on the change in unrestricted net assets. Except for the modification discussed below, financial transactions are recorded when the actual cash transactions occur irrespective of when revenue is earned or expense obligations are incurred.

The Organization has modified the cash basis of accounting to recognize investments at fair value in the statements of assets, liabilities, and net assets—modified cash basis with the related unrealized gain(loss) reflected in the statements of revenues and expenses—modified cash basis.

Basis of Presentation

The Organization reports information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, which represent the expendable resources that are available for operations at management's discretion; temporarily restricted net assets, which represent resources restricted by donors as to purpose or by the passage of time; and permanently restricted net assets, which represent resources whose use by the Organization is limited by donor-imposed stipulations that neither expire by passage of time nor can be fulfilled or otherwise removed by actions of the Organization.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Functional Expenses

The Organization classifies its expenses on a functional basis among its various programs and support services. Expenses that can be identified with a specific program and support service are charged directly according to their functional classification. Other expenses that are common to program and support services are allocated by various statistical methods.

Cash and Cash Equivalents

Management considers equivalent to cash all money market funds and other deposits with a maturity date of ninety days or less from the date of purchase. Cash equivalents are stated at cost which approximates market.

Property and Equipment

The Organization follows the practice of capitalizing all significant expenditures at cost. Depreciation expense is computed using various methods, including the straight line method over the estimated useful lives of the related assets. Depreciation expense is \$6,031 and \$3,494 for the years ended March 31, 2013 and 2012, respectively.

Fair Value Measurements

Assets and liabilities measured at fair value are categorized into one of three different levels depending on the observability of the inputs employed in their measurement. Level 1 inputs are quoted prices in active markets for identical assets or liabilities. Level 2 inputs are market-observable inputs for measuring the asset or liability other than quoted prices included within Level 1. Level 3 inputs are unobservable inputs for measuring the asset or liability reflecting significant modifications to observable related market data or the Organization's assumptions about pricing by market participants.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Revenue Recognition

Support that is restricted by the donor is reported as an increase in unrestricted net assets, if the restriction expires in the reporting period in which the support is recognized. All other donor-restricted support is reported as an increase in temporarily or permanently restricted net assets in accordance with the restriction.

Income Taxes

Agape International, Inc. qualifies as a tax-exempt, nonprofit organization under Section 501(c)(3) of the Internal Revenue Code, whereby only unrelated business income, as defined by Section 509(a)(1) of the Code, is subject to federal income tax. The Organization had no unrelated business income in the years ended March 31, 2013 and 2012. Accordingly, no provision for income taxes is required. Tax years 2011 – 2015 are currently open for examination by taxing authorities.

Foreign Currency Exchange and Translation

The Organization's foreign operations are primarily conducted in Indian rupees. Generally foreign currency exchange transactions which are converted to U. S. dollars result in a gain or loss that is recognized at the point of conversion within the financial statements.

All assets, liabilities and net assets of the foreign operations are valued in U. S. dollars as of March 31, 2013 and 2012, which generally results in an immaterial foreign currency translation adjustment applied directly to net assets within the financial statements.

Subsequent Events

Management has evaluated subsequent events through November 2, 2015, the date the financial statements were available to be issued.

NOTE 3 INVESTMENTS

The Organization maintains certain investment accounts. The future proceeds from these accounts are intended to support the operations of the Organization. The Organization's investment objective is the preservation of capital and moderate growth. Accordingly, these investments are comprised of highly liquid, low-risk instruments, including money market funds (Level 1) and mutual funds (Level 2). Realized and unrealized gains and losses are included in investment return, along with interest and dividends, in the statement of activities.

Mutual funds are valued based on the net asset values of the underlying funds. Due to the level of risk associated with equity securities, it is at least reasonably possible that changes in the fair value will occur in the near term, and that such changes could materially affect the amount reported in the statement of assets, liabilities, and net assets at March 31, 2013 and 2012. Investments consisted of the following as of March 31:

	2013		2012	
	Cost	Market	Cost	Market
Money Market Funds	\$ 644,982	\$ 644,982	\$ 624,764	\$ 624,764
