

VALLEY PRIMARY CARE ASSISTANCE

SUPPORTING YOUR PRACTICE, ENHANCING YOUR CARE

Pap and Procedural Clinics

Having worked in primary care, emergency medicine and plastic surgery, Beryle Roach has experience performing several procedures, including but not limited to;

- *Female led pap clinics*
- *Joint injections*
- *Cryotherapy*
- *Skin checks*
- *Lesion biopsy and removal*
- *I&D*
- *IUD Insertion*

Services are provided in your clinic, and do require access to the necessary materials. If you find yourself overburdened, or with a long wait list for minor procedures, we would be happy to help on a regular or intermittent basis.
