Email:

Below you will find an inclusive list of the measurements that may be needed when creating your costume. Please take all body measurements in inches with a fabric measuring tape. Please take the following measurements:

- Neck circumference:
- Arm length (distance from top of sleeve/shoulder to end of sleeve/wrist):
- Bust/Chest (circumference of largest part of chest or bust):
- Apex distance (distance from nipple to nipple):
- Waist circumference (natural waist):
- Navel circumference:
- Hip circumference (largest part of hips/bottom):
- Inseam (distance from crotch to top of foot):
- Nape to waist (distance from nape of neck to waist on your backside):
- Centerline to shoulder (distance from nape to where a shirt sleeve would typically start):

*If more or different measurements are needed depending on your garment type, someone from our office will contact you with specific needs.
