

Great Escape #76 (Eagle Lake, CA)

June 27, 2009

Dear Friends,

Greetings from **Eagle Lake, California.**

Just a quickie, dear friends, to let you know where we are on the off chance that you might be able to join us. From now until July 6, we are camped out at a delightful resort named Mariners Resort on the north end of Eagle Lake, California. If you fish, you are probably well familiar with Eagle Lake and already know about the "Eagle Lake Trout." This is a land locked fresh water trout with pink flesh and the taste of salmon. These fish also get quite large. Two to four pounds is common and the lake is famous for trophy sized fish. Eagle Lake is about 35 miles north of Susanville, CA. Highway 139 goes around the east side of the lake and Highway A1 goes around the west side. Either road will get you to the north end of the lake. 139 is the best road, but A1 is perfectly fine and more scenic. We hope you can join us for a few days.

Mariners Resort
North Shore, Eagle Lake

Mariners Resort is a full service RV resort with excellent full hookup sites. There is also a delightful bar that opens every day at 3 p.m. and a darn good dinner restaurant. In addition to RV parking, they also have 400 square foot modern cabins. Mike, the bartender, is a real bartender who can make any kind of drink under the sun and is just a lot of fun to be around. The owners, Richard and Judy, are also delightful and extremely helpful. The managers, Barbara and her husband, are also delightful and very helpful. It has been a real treat staying here! We had planned to spend only one night here, but we enjoyed it so much that we signed on for another 10 days. Hey, that's got to tell you something.

Right now, the campground is only about two-thirds full, but over the 4th of July weekend, the place will be sold out. So, if you want to join us for 4th of July, make reservations now. You can find us in space #60.

Until next time, home is where we park it.
