4. Swinford Parish Council

1	Community Engagement
How did the Parish inform the local community of the opportunities through the fund?	
Information about the fund, the application process and the timeline was published in The Five Parish Newsletter. All relevant information was also displayed on the two Parish notice boards for people to read. The clerk responded to individual queries and questions. There was also discussion at Parish Council Meetings where members of the community were in attendance.	

How did the Parish involve the local community in the development of ideas and decision making around the fund?	
At each of the monthly Parish Council meetings there is a 'Parishioners Question Time' where issues are regularly raised and discussed. One suggestion that came from these discussions was the idea that in future application rounds all project leaders who are bidding for funds should publish a brief outline of their proposal in the Parish Newsletter before the application is submitted, inviting feedback and comments. This proposal has been adopted. When applications are complete they are returned to a subcommittee, which after due consideration, using a set of published criteria identifies the successful projects and makes a recommendation to the Council.	

2	Fund Administration
Please detail how the administration of the fund was approached during the year to ensure that the fund was administered in an open and transparent manner	
The matter was regularly discussed in detail at Parish Council meetings. A spreadsheet showing the administration of the fund was circulated to Councillors and to Parishioners at the meetings and was also displayed on the Parish notice board.

6. Misterton and Walcote Parish Council

1	Community Engagement
How did the Parish inform the local community of the opportunities through the fund?	
<p>The Parish Council distributed an information leaflet to every house in the Parish, detailing particulars of the fund and describing the criteria under which applications would be judged and inviting parishioners to apply. Notices were displayed on the Parish notice board and information was available on the website. Wind farm grants were also publicised at each Parish Council meeting from November 2013, through to the application closing date at the end of February 2014.</p> <p>In future, all items purchased in whole or part through grant funding, will be asked to display a small sign to enable the local community see where the funding has been used and to raise awareness of the range of projects that can benefit from funding.</p>	

How did the Parish involve the local community in the development of ideas and decision making around the fund?	
<p>Applicants were invited to attend the Parish Council to further explain the benefits to be gained from grants received from the fund. Parishioners were also invited to express their views, especially during the Parish Council meetings on 6th March and 10th April 2014. At each Parish Council meeting, parishioners were given an opportunity to ask questions or make suggestions, comments and observations. The decision making process, as part of a Parish Council meeting, was open to the public.</p>	

2	Fund Administration
Please detail how the administration of the fund was approached during the year to ensure that the fund was administered in an open and transparent manner	
<p>All applications were discussed and considered, in front of a number of interested parishioners, at the Parish Council meeting both on 6th March, and on 10th April, when the Parish Council decided which applications would receive funds during this funding cycle. Minutes of the meetings, detailing discussions and decisions, were available on the Parish notice board and remain available on the website. A representative of the Parish Council attends the CIC meetings and reports back to each Parish Council meeting.</p> <p>One parishioner expressed some reservations about the process. He suggested some minor changes, which have been incorporated into this funding cycle, but was unable to identify other ways the process could be improved.</p>	

3	Applications to the Fund
Please provide a list of all applications to the fund this years	
<p>Misterton with Walcote Community Trust Misterton Parochial Church Council St Leonard's Church Black Horse Community Group Walcote Wrigglers</p>	

Please detail which applications for funding were successful and why

Misterton with Walcote Community Trust applied for a contribution of £650 to buy a substantial gazebo to provide protected external space at village or private events at the Memorial Hall. The gazebo is also available to be borrowed by village residents for their own events. The hall is a well-used community resource, hosting everything from a toddler group, to pensioners' lunches, many of whom organise evening fund raising events; therefore it was felt that the application would benefit a wide age range within the community.

Walcote Wrigglers, the only pre-school facility in the village, applied for and received £597.36 towards outdoor play equipment.

Misterton Parochial Church Council applied for funding to help with the installation of a kitchen and toilets in St Leonard's Church. The church has no facilities at present, but once the toilets and kitchen are installed, the PCC plans both to organise events to bring more local residents into the building and to engage with the wider community. The Church is a focal point for many family ceremonies and it was felt that most residents of the parish would benefit from these improvements at some time during their lives.

In 2013 the one remaining public house in Walcote closed. The Black Horse Community Group has been established to register the Black Horse as a Community Asset and to investigate ways to purchase and reopen it as a Public House. The community group applied for funding to assist with the legal costs involved in the establishing the group. This was felt to be an opportunity to provide funds for those residents of the village not involved in other organised activities within the village and to support the unavoidable start-up costs which are hard to cover through conventional fundraising.

Misterton with Walcote Parish Council initially applied for funding to run a training session for their Automated External Defibrillator, but the Council managed to secure a free training session and the application was withdrawn.

<p>Please outline your plans for the fund over the next year. This should include a broad timeline, how you plan to inform residents about fund opportunities, what activities you are planning to engage with the communities and when you expect to make you final decisions on fund allocation</p>	
<p>At present, it is intended to adopt a similar schedule again in 2014-15. Already organisations in the village have been talking about the funding cycle and are aware of the process adopted by Misterton with Walcote. Publicity materials have already been distributed to each house in the village and information was available at a recent community event. With increasing awareness and demand, the Parish Council is considering a more formal consultation on each application, prior to decisions in March/April 2015. Canvassing parishioners has shown support for a single date for applications and funding decisions and although one parishioner questioned the Parish Council's approach, he was unable to suggest ways the process could be improved. In future, items purchased with the help of grants will display a small sign, both to show where funding has been used and to further raise awareness of the range of projects suitable for funding. The Parish Council has already had several expressions of interest from groups within the village, who have already indicated that they are expecting a similar pattern to the 2013-14 cycle.</p>

The meeting also resolved to continue to build up the fund to facilitate larger projects that would arise in the future.

9. South Kilworth Parish Council

1	Community Engagement
How did the Parish inform the local community of the opportunities through the fund?	
<p>South Kilworth Parish Council (SKPC) informed the local community extensively about the fund during 2012/13 through the SK News (free monthly village newsletter) and an open meeting held in October 2012.</p> <p>In addition SKPC organised a questionnaire to understand the priorities for people in the village.</p> <p>SKPC are working through these priorities in an orderly way as volunteers and grant funds are available.</p> <p>SKPC continue to update residents through the SK News</p>	

How did the Parish involve the local community in the development of ideas and decision making around the fund?	
<p>The open meeting and questionnaire in 2012 established the priorities for residents for the foreseeable future.</p> <p>SKPC allocation of grants follows the principles established during that involvement with the local community.</p> <p>All funding decisions are taken by the Parish Council and have to date been agreed unanimously by all Councillors.</p>

3	Applications to the Fund
Please provide a list of all applications to the fund this years	

SKPC had a number of potential carry over grant applications from 2013 e.g Defibrillator. These did not materialise as e.g in the case of the defibrillator this was paid for by grants from other sources.

SKPC has four received grant applications the year

1. Application for continuing young people activities in the village funding the Chill Out Bus / Room 4 Music event
2. Establishment Youth Club
3. Application for Solar Panels on the village Hall
4. New goal posts for the junior football club on behalf of the village hall committee.

Please detail which applications for funding were successful and why

The following applications were successful

1. Chill Out Bus / Room 4 Music as this follows the priorities indicated by residents in the 2012 / 13 consultation
2. Youth Club as this follows the priorities indicated by residents in the 2012 / 13 consultation
3. Solar Panels – this was approved as it is seen as a way of providing long term income to SKPC which in turn can offer step down grants to other organisations in the village. Income from the Solar Panels “feed in tariff” will be paid to SKPC but will only be used to provide grants to other groups in the village and not support its revenue spending. The village hall will benefit from an amount of free electricity.
4. Goal Posts for young football team.

4 Accounts and Records of Expenditure

Please provide a full record of your accounts and expenditure over the last year, includes copies of relevant receipts. This should include accounts from any parish councils or meetings and / or expenditure by these bodies that relate to the community fund

5 Forward Look

Please outline your plans for the fund over the next year. This should include a broad timeline, how you plan to inform residents about fund opportunities, what activities you are planning to engage with the communities and when you expect to make you final decisions on fund allocation

SKPC are continuing to follow the priorities established during the 2012 /13 consultation.

As no volunteers came forward to run the Youth Club, SKPC decided to buy in this facility from the "Harborough District Children and Young Peoples Charity". This commits SKPC to some £3k of expenditure per annum for the forthcoming years. This considerably reduces the grant available for other projects.

A volunteer has come forward to project manage the "kick about wall" and this is working through a consultation / feasibility / planning process.

As South Kilworth funds are limited for next year, SKPC are minded to see how the "kick about wall" project develops before tackling other projects in the coming year.
