

Introductions

Sometime we ask Jesus for a sign , and our eye are close; that we don't see it.

If Jesus wanted to tell you a message,
what will it be.

Message and answers we always ask it from Jesus, and we think we always or sometime we think we know more then him.

I wrote this book , because there were sometime that I really needed his help and he always got me the help but I just didn't see them.

It is like the store in the Bible about the fisher man ; that needed help in the ocean on his boat.

He asked Jesus please help me, and a small boat came , and asked him if he needed help?

The man said no Jesus will help me.
Then he asked again Jesus please help me.

Then later a sal boat came a long and asked him if he needed any help, and the man said no thank you Jesus will help me

He again asked Jesus , Jesus I have asked you to please help me,
why is it that you have not help me.

Jesus said , what you mean , I have send you a small boat, and
you have turn it down, I have sent you a sal boat and you also
turn it down.

What else is it that I can do if you have turn down all the help I
have sent your way.

More or less this is my story . You will also find message ; that
with my prayer I believe Jesus has sent messages for does who
needed it.

Part one

If Jesus wanted to tell you a message,
What will it be.

I wanted to leave my house when I was 18,,my boyfriend asked me to run a way with him. Of course I told him ok, I was tier of seeing the things that was going on, and my dear mom letting it. My mom was being abuse by my dad, and our dad was abusing us since we were little.

So yes was the answer when my boyfriend asked me that question, I packed some of my things and put them under the bed.

It was one of the day that there were no school, and my mom and dad were at work. I knew that my two brother's they always hung out with there friends so I had an idea when and how long before anyone came home.

So when my boyfriend came to pick me up I was ready, I had wrote a letter to my mom, and before we lift, my boyfriend told me something that didn't make any kind of since.

He told me that he promise me that he will not do to me what his dad has done to his mom for a long time. Without knowing what it might I said ok.

|

If Jesus wanted to tell you a message,
What will it be.

So in 1984 I run a way with this guy named Luis
I was sill in High School , and was in 12 grade.
I had to go to summer school, but I finished high school, and I got my
high school Diploma.

When we first got the place where we were going to live at I was happy.
We stay in this infectious I call it our own home.
The first day there I didn't know what was going to happen.

He lift me by myself to unpack my things.
He went out and was out for a long time.

The thing was that he had got a lot of money from his job, because he
got hurt.
Of course I wasn't working at the time, and didn't had a car nor knew
how to drive.

So, when he came back to our home I was happy, of course I asked him
why he took so long, he didn't answer me.

It was time for bed, I had taken a shower, and went to bed with my
pants, and shirt.

He came and laid down with me. I didn't know what was going on.
He was trying to take my pant off, and I was trying to put them back on.

At the time I was a version , finally he took my pants off and forced his
elf on me.

I was yelling and telling him no to please stop. When he was done he told me that I'm his wife , and when he want it he can take it, and that I don't have anything to said about it.

I just didn't know what I have got myself into.
That happy young girl all the sudden was not happy anymore.

The love that I thought I had for him was gone, and afraid came along.

I said , to myself I'm just getting punish for running away.

There were sometime that he was nice and other time mad.
I didn't know how to cook, so I had to learn on my own.
He hit me when I didn't cook right, I always laid down when he wanted sex.

I learn not to fight him, it didn't matter anyway he was going to force his self on me.

I was talking to myself to please sent someone that can help me or I can talk to.

One day he came home and told me to get dress that we were going to visit a friend of his.

That they were our neighbors.

When we went there I was surprised that it was one of my friend.
They had a baby boy, they found out that I wasn't working so I started babysitting.

Well one day I was very sick, he called my aunt and told her that I was sick and wanted to know if she could take me to the clinic?

My dad told my mom that he didn't want her talking to me, so the only way my mom knew anything about me was through my aunt.

So, that day my aunt took me to the clinic. She asked me what was wrong, and I told her that I was getting tired, and I was getting sick in my stomach and throwing up the food I eat.

She said, she thinks she knows what's wrong, but the Dr. will tell me. So when the Dr. checked me out he told me I was going to have a baby.

I was happy, and thought that this will make him happy as well. Well I told my aunt; that at the time I didn't know she was telling my mom everything about me.

So, when I got home I told Luis that we were going to have a baby. Well I was very wrong, he was punishing my stomach and told me to get rid of it; that he didn't want any babies.

I told my friend and her other 1/2, that I was going to have a baby. All the time something happened to me I cry out to my friend and her other 1/2.

I was around 3 months one day my friend's live-in boyfriend came inside and waited, because the baby was asleep. I made him some coffee and we started to talk.

He was telling me about my friend and how he thinks she is seen someone, and I was crying about what Luis was doing to me.

That he kicked me in my stomach, and was going to try everything he can for I can lose the baby.

At that time he end up kissing me, and I started to feel something I never felt before, that we end up in the floor, and I was not afraid to take my cloth off, and we end up having sex.

I couldn't believe what just had happen.
We got up and put our cloth on, and didn't talk about it.

A lot of things happenn there , another member of my that I knew your husband since I was little was living next to us.
They knew what was going on with me and my boyfriend. They use to hear me yell and crying.

My boyfriend told me to get out for me to go back to my mom and dad so I got something and went inside our car to think what I was going to do.

Then couples of hours he come and asks me why I'm in the car?
I told him that he didn't want me and for me to leave to go to my mom and dad places so I was trying to find out what I was going to do.
Then he grab me from my hair and dragged me into the house. And throw me ageist the wall.
I just cry and lay there for he can have sex he fell asleep on top of me and I try to push him of me and cry and fell asleep.

One day I was told that the guy that I knew since I was little died
playing reach real leate
It was sad I knew him and brother and sister.

I asked God to please help me to sent someone who can help me get out of this, to get away from Luis or to stop him from doing the thing he is doing to me.

My cousin came to visit and asked Luis if he could stay there with us for at less one moth.

My cousin found out that Luis was hitting me and was trying to get rid of my unborn baby.

When he was there he try to keep him away from me and try for me to get rest.

He asked if I want I could go with him, and I told him no its ok.

Couple months later Luis told me that we were going to move; that his friend that was my friend husband the same one that I had sex with, had move and got another job that pay better.

So, we moved, then I found out that my friend lift her live in boyfriend for another guy, just like he said it happen he was right.

Well when I was six month I had a bad pain that Luis called my aunt , and they took me to the hospital and I was going to have the baby. they had to take me to another one, so I was taken to Fort Lauderdale in a abundance I had my baby boy he was born six month, 2 lbs 3oz I didn't want to tell the hospital that my boyfriend was abusing me at that time I didn't know that's the reason why I had my son early.

My son had to stay in the hospital for one month he couldn't breathe on his own. Most of the time I went to see him and sometime his dad came with me.

When we bought our son home we still live in a trailer that he was working in exchange for rent.

I was achame where we were leaving at.

Later we move into an apartment , I just didn't know that it would have been at the same place where my mom and dad live at.

I was happy that I could see my mom again.
I always try to keep Luis happy but it seems that nothing keeps him happy I didn't know why he was the way he was. Sometime he was happy as he could be then out of the blue his diem came out.

He used to pick me up and throw me against the wall
He used to yell and tell me keep that baby quiet or I will do it for me.
He always told me that I was no good for anything only sex.
That he is the way he is because I end up having a baby and I don't try to get a job.
I told him well I don't know how to drive and who will which the baby.
There was sometime that I didn't have dapper , milk for the baby, nor food for us. I remember some days our lights were turned off ,because it wasn't pay. There were sometimes my mom brought me some food for me to eat , she also bought some milk and dapper for the baby.

But when my dad found out he told my mom that I could come over and eat, but he didn't want for me nor my mom to feed my boyfriend.

One Christmas Day Luis went out and of course the baby and I were not allowed to go nowhere. Since I runaway with him I always stay home and be a house wife he called me. He was allowed to go to work and go out and then come home.

Well I prayed to God to please help me do the right thing for my baby boy and me that I wasn't happy and didn't know what to do.

One Christmas Day Luis came home so drunk he came to the bedroom got under the baby bathstnet yelling I don't want this baby I'm going to get rid of him. Picking up his legs he was going to throw the bathstnt with the baby inside it and throw him against the wall.
I yell and said no Luis you will kill him or hurt him.

My brother hear me yell came in the house and saw what was going on so he told me get yourself and baby and go to mom and dad place I will take care of Luis.

So I got something for the baby and went to my mom and dads place. I went to sleep and my brother told my mom and dad what's going on.

The next day he yell at me and said you are my woman and you need to get home. Then said if you don't I will look for your dad and do something to him. I knew my dad wasn't home yet so I decided to go back to our place. I didn't want my dad and him get into it.

So I took the baby and went back to our place.

I cry because I was afraid of him after what he try to do to our baby.

I always said to myself that I was getting paunch for runaway but I asked myself why the baby got to do with all of this.

I laid down and asked the lord please help me get out of here. Lord I have being asking for help for a long time please not for me but for the baby.

Two weeks later a letter came address to me. See all the bills came under Luis's name , but this time a letter came to me. It said that our rent has being 3 months behind and that he give us 2 weeks to move all of our things.

I talk to my mom, and she talk to other family, and the baby God father and mother told me that the baby and I could come and live with them.

So that's what happen since Luis was not home I started to pack some of my things and my baby's thing , my mom told me around what time they will be coming to get me and the baby.

As we were driving Luis saw us , I even didn't look at him. I was happy that I got always from him.

Later as the moths passed I really realized that God was trying to help me but I wasn't looking at the sign.

3 time the lord try to help me.

1. one of my number told me that they can help me if I want and I said no it's ok.
2. My cousin came to stay with us and told me if I want I could go with him and I said no that's ok.
3. Finely my sons God father and mother told me that I could come and live with them this time I said yes because of the letter and what happen with my baby.

So just like the Bible in-stay of boat God sent me people to help me get away from Luis. And the first two time I told them no the 3 th time I said yes.

So
if Jesus wants to tell you a message
what will it be?

If Jesus wants to tell you a message
What will it be.

When we were living at my baby God father and mother his dad went to
jail for almost sliding a man throat.
I end up having problems over there.

So, from my baby God father and God mother place I moved to my
friends house she had lift the other guy and was living with her mom and
step dad with her son.

From there I meant a man who end up being my boyfriend.
Her ex was trying to get back with her but she was not.
The same man that I had sex with that one time in the pass when I was
with Luis.

Well my new boyfriend and I were thinking of getting our own place
He use to visit me and my son at that time my son was 2 years old
It has been two year that I haven't being seeming anyone.

It was going well until Luis got out of jail and I end finding out that he
treated my boyfriend.

My friend ex boyfriend asked my boyfriend if he want to move to Con
that they both can drive over there and my boyfriend said yes.

I was very upset and didn't know what just happen everything was going
very well for us two .

I wrote him and called him then one day he told me that Luis had told
him that he is getting back with me and that he needs to leave me along
if he knows what is best for him.

One day when I saw Luis I asked him if that was truth if he told my boyfriend that. Luis said yes it is truth if I can't have you no one will have you.

All the time I see that you are going with someone I will make it my job that they will leave you even if I need to teeth them.

If I went to jail for almost sliding someone thro I will kill someone just to have you.

I got very upset that the one man that I end up falling in love lift me .
Because he was afraid of Luis.

I end up getting a court order against Luis he wasn't aloud to be 100 feet from me.

Throw my whole life I had to show the court order every where I go he made it hard on me.

There were times that I had to move because the people I live with told me that they need to look after their kids saved.

Luis end up costing me to move a lot he comes asking that he have the right to see his kid that he will not leave me along calling showing up throwing rock hitting the door.

I asked the lord to sent someone to help me get away from all of this to sent someone that is not afraid of him.

Well the guy that I had sex one time came back to FL and asked me if I want to move in with him I told him no I wasn't going to do that to my friend.

He told me they haven't be together for a long time.
I said to him I feel bad what I did to her in the pass even if she don't know about it.

So later his brother came to visit me and my son. He was trying to get with me all the time I turn him away it took him 3 time then one day I prayed to the lord I realize that the man that I told no was one of the person I turned down that I will not go out with him or move in with him then I realize that I was doing the same thing with his brother so I end up going out with his brother. I couldn't believe it Luis stop bothering me.

So the Lord once again was trying to help me but I wasn't looking , and I end up realizing it later.

Part two

If Jesus wants to tell you a message
What will it be

Well couple of years later I had a baby girl.
When she was 3 years old I meant my first husband
We were very happy and we were together for about 12 years
