COASTLINE COLLEGE PRESIDENT: Loretta P. Adrian, Ph.D. **COAST COMMUNITY COLLEGE DISTRICT BOARD OF TRUSTEES:** David A. Grant, Mary L. Hornbuckle, Jim Moreno, Jerry Patterson, Lorraine Prinsky, Ph.D. and Student Trustee, Spencer Finkbeiner
CHANCELLOR: John Weispfenning, Ph.D. **STATEMENT OF ACCREDITATION:** Coastline is accredited by the Western Association of Schools and Colleges, a nationally recognized regional accrediting agency.

Coastline's Vision: Creating Opportunities for student success.

Coastline's Mission: Coastline College guides diverse populations of students toward the attainment of associate degrees and certificates leading to career advancement, personal empowerment, and transfer. By meeting students where they are, Coastline provides innovative instruction and services designed to achieve equitable outcomes.

PRESIDENT'S MESSAGE

DEAR ALUMNI & FRIENDS:

Coastline is one of the most innovative colleges in the United States that is deeply committed to academic excellence and student success. Through innovation, technology, and education, Coastline has been a leader in online education and distance learning since we opened our doors in 1976. Coastline began as a "College Beyond Walls" and for over 40 years, Coastline College has provided high quality educational opportunities where its students live and work while providing outstanding support for those students at a distance.

As a member of the California Community Colleges, the largest higher education system in the nation—we offer a distinctive academic environment to ensure that students are prepared to enter California's competitive workforce.

Coastline has always been able to quickly adapt to the current needs of its students and leverage the most effective tools and strategies to serve them. The year 2020 will forever be remembered for the unprecedented disruption and devastation brought about by COVID-19. The pandemic unsettled all aspects of our everyday life and disrupted the dynamics of the U.S. education system, creating a contemporary wave of transition to online learning for colleges and universities. Amidst this context, with an equity-centered, innovative mindset, and our vision of creating opportunities for student success, Coastline faculty and staff swiftly transitioned all instructional, student services, academic support, and administrative services to online and remote formats.

Coastline offers not only AA degrees but also professional training and certification programs, 'Anytime, Anywhere Learning' that facilitate students to become career-ready for jobs in today's workforce. Our career and technical programs, which also include degree and transfer preparation programs, are designed to meet the current, emerging, and future needs of business and industry in terms of employees' knowledge and skills. In addition, Coastline offers transfer programs for students providing the opportunity to move on to a 4-year college or university, and attain a bachelor's degree, all of which can be done online through Coastline. If students' goals are to attain a degree, prepare for transfer, get a new job, or advance in their chosen career, Coastline is the right choice.

As a member of the California Community Colleges, the largest higher education system in the nation—we offer a distinctive academic environment to ensure that students are prepared to enter California's competitive workforce. Coastline continues to be the California Community College best known for serving students throughout the entire state and country.

For 44 years, students have relied on our long-standing reputation of meeting them where they are and our promise that they can achieve their educational goals from anywhere. This annual report serves as a reminder of the great partnership between staff, faculty, and the community that works intimately together to increase and improve student success.

Loretta P. Adrian

Loretta P. Adrian, Ph.D.

ABOUT COASTLINE COLLEGE

Coastline is one of the nation's most innovative institutions, with a reputation for providing high quality, career-focused, and flexible education options to students near and far. Coastline's degree and certificate programs have all been developed using Guided Pathways, a cutting-edge educational framework that uses career-oriented educational roadmaps to improve student success as they pursue their educational and career goals.

Coastline is focused on creating opportunities for the success of its students. Coastline College, one of the 116 California community colleges is a fully accredited college located in Orange County. As one of the nation's most innovative institutions, Coastline brings classes with advanced distance

learning options as well as neighborhood campuses located in Garden Grove, Westminster, Newport Beach and of course, our online campus.

Coastline College is a recognized leader in online education, with A.A./A.S. transfer degree programs, over 70 fully online degree and certificate programs, and more than 250 online and other distance education courses. Online education gives the ultimate flexibility to earn an associate degree, transfer an associate degree to a four-year university, fast track a career with a certificate or complete a collaborative partnership towards a baccalaureate (BA) degree.

CAMPUSES

A SoCal Campus Without walls

Coastline is an institution in Southern California. With three locations across Orange County, a Student Services center, as well as online and distance learning options, we give you convenient access to higher education. Coastline College is open for business – remotely. The campuses are currently closed due to the COVID-19 state advisory.

GARDEN GROVE CAMPUS

Garden Grove Campus houses career and technical education (CTE) activities, which are primarily funded through a series of grants designed to increase student success, retention, persistence, transfer, job placement, articulation, collaboration with K-16 partners, and employment. To meet the grant requirement activities of approximately \$4.5 million in grants, the Garden Grove Campus hosts a wide variety of activities such as Pathway Days, CyberPatriot competitions, workshops, trainings, articulation events, and community outreach activities such as tax preparation and regional meetings. In addition to these activities, the campus supports the activities of the Transfer Center, Counseling, and the Intercultural Resource Center. The campus seeks to remodel the information commons to allow for tutoring, computer usage, industry testing, and grant coordinators' workspace. GGC is expanding the regional NetLab Center, which allows colleges to reduce their IT footprint and software licensing requirements and utilize a virtual system 24/7.

12901 Euclid Street
Garden Grove
California 92840
714.241.6209

NEWPORT BEACH CAMPUS

The Newport Beach Campus focuses on Science, Arts, and Mathematics (SAM) and the Special Programs Center. The campus has increased site-based offerings which has led to an increase in enrollment and sections in STEM. Future plans are to continue to build momentum in the natural and physical sciences by adding courses and programs for students with majors in other science areas (e.g., geosciences) and engineering. In addition to the plans for expansion, the chairs and dean are seeking to add more technical courses in the areas of arts, music, and, potentially, biotechnology. NBC has also identified tutoring space within the Student Success Center, added furnishings for outdoor areas and second floor atrium, is currently identifying quiet study areas, and is implementing a card system in the SSC to allow pay-to-print for students. It is also the location of the locally recognized Coastline Art Gallery. The Art Gallery is open to the public and showcases the works of student artists, community artists, and well-known international artists.

WESTMINSTER LE-JAO CAMPUS

Westminster Le-Jao Campus prides itself in promoting a learning environment that respects and meets the individual needs of its diverse student population. In order to support the success of diverse student populations and diverse learning styles, redesigning classroom space is a priority. Currently the campus has 19 general-use classrooms and one wet lab. Two of the general-use classrooms had been converted into hybrid use rooms that are used as computer labs and/or general use classrooms. The campus identified two more classrooms for upgrade to allow for the multi-use of classroom/lab spaces and completed construction for the new Student Success Center. A collaborative work-space was also included in the design of the Student Resource Center. Additionally, Library services have been extended to the SRC via a part-time librarian, and group meeting rooms are now equipped with computer monitors.

ONLINE CAMPUS

Coastline College is a recognized leader in online education, offering over 70 fully online degree and certificate programs. Online education gives you the ultimate flexibility to earn an associate degree, transfer your associate degree to a four-year university, fast track your career with a certificate or complete a collaborative partnership towards your baccalaureate (BA) degree. We are committed to delivering education that is affordable and accessible. Our distinguished faculty, e-Counselors and online library prepares online students for ultimate success. Students receive the same support as on-site students such as Financial Aid, 24/7 tutoring, and e-Counselors. With family or work obligations, our students have options on course length and start date to personalize their schedule and goals. Online instruction is designed to let you learn while living your busy life. Coastline takes pride in being affordable and convenient, offering 280+ courses and 70+ degrees and certificates.

A AND

FOUNTAIN VALLEY STUDENT SERVICES CENTER

The Fountain Valley Student Services Center is located in Fountain Valley and is the Administration building for Coastline College. It houses the Admission's Office, the Bookstore, Counseling Office, Assessment Center, Financial Aid, EOPS. The Admissions and Records department and the Counseling departments are implementing Cranium Café, the asynchronous platform used to increase student access and to engage with students at a distance. The Financial Aid department makes more than one hundred informational financial aid videos available to students on their website covering almost every financial aid subject and is continuing to provide support and resources to students through Financial Aid TV, events, and awareness materials. The Student Services Center continues to adopt new technology and practices to strengthen student access and 98.5% of Distance Learning students report satisfaction with support services.

Construction will begin soon on a new building for the Coastline College Fountain Valley Student Services Center, which will turn this campus into a cutting-edge, one-stop shop for everything related to student services. The new Coastline Student Services Center, whose exterior design will harmonize and strengthen the overall character of the Coastline College. As a "gateway" building, it will provide members of the college community and visitors with an even stronger and more visceral sense that they are entering a great innovative campus.

SPECIAL PROGRAMS & DEPARTMENT HIGHLIGHTS

Military Programs

Computer Information Systems

Learning 1st Programs

Learning 1st Programs

Learning 1st Program is a guided pathway program offering students an opportunity to pursue an Associate degree from Coastline and a Bachelor's degree from a partner university, entirely online. This is an affordable online option for busy adults. Learning 1st is a collaborative partnership among four nationally recognized, regionally-accredited online institutions. The partnership consists of Pennsylvania State University (Penn State World Campus), Troy University (Troy), the University of Illinois-Springfield (UIS), the University of Massachusetts-Amherst (UMass-Amherst), and Coastline College.

Coastline's Military Programs. Coastline's Extended Learning Division (ELD) has over 35 years of experience providing specialized programs and services within the military community. Distance education classes, Certificates, and Associate Degree Programs are available to active duty servicemembers, veterans, and their families. ELD has a dedicated team of faculty and staff experienced with serving the military community. Coastline College hosts several National Testing Center (NTC) facilities offering CLEP and DANTES Subject Standardized Tests (DSST) testing. During 2019-2020, the National Testing Centers provided approximately 1995 tests to military service members and their families: CLEP (825), DSST (572), and Pearson Vue (568). The Extended Learning Division has 11 Military Site Advisors

(MSAs) positioned at various locations throughout the United States who aid with admissions and work in support of student services to provide unofficial evaluations and inclusive interaction. MSA team members performed over 9400 interactions with over 6100 students or potential students in FY20.

The Computer Service Technology and Computer Information Systems departments are committed to the development of cyber defense education pathways and cybersecurity workforce development initiatives. Coastline collaborates to develop cybersecurity education pathways through articulation agreements and activities to inform students about the cybersecurity education and career pathway programs. Among the various pathway initiatives, the program includes CyberTech Girls workshops and CyberPatriot competitions for middle and high school students, an online AS in Cybersecurity degree with hands-on technical experiences, a cybersecurity student club, skill-building cybersecurity competitions, and on-the-job training and industry certifications for apprentices in the CA Cybersecurity Apprenticeship Program.

INNOVATIVE AND QUALITY STUDENT SERVICES

Coastline Promise

Career Center

Online Library Services

Comprehensive Online Library Services. Coastline is recognized as a pioneer and a leader in delivering comprehensive online library services, with Librarian Elizabeth Horan serving as a teacher, mentor, and a resource to other colleges during the transition to remote during COVID 19. Librarians streamlined the transition of working 100% online without interruption for students. They created a magnitude of YouTube tutorials for students to learn how to use different online systems at Coastline. Coastline was the first community college to go live with the California Library Services Platform (LSP) project and organized local community colleges to collaborate on the LSP project.

Open Education Resource (OER) materials. To support student access, retention, and success Coastline faculty curated and developed a wide array of free Open Education Resource (OER) materials, replacing expensive books and instructional materials. The highest in the Coast District, Coastline has developed 243 sections of Open Educational Resource (OER) offerings. Coastline sections using zero-cost course materials has increased annually by 60%. Successfully created zero-cost course materials for general education courses in Option 2 (CSU) transfer pathway.

Coastline's Extended Opportunities Programs & Services (EOPS) help students who come from disadvantaged backgrounds achieve their academic goals through financial aid and numerous student support services. EOPS also manages Cooperative Agencies Resources for Education (CARE), which provides extra support for single parents, and NextUp, a support program for current and former foster youth.

Coastline Promise. Coastline implemented the Coastline Promise for the third year, providing free enrollment fees, books, and other supplies as well as case-managed support services for eligible first-time college students.

Student Financial Aid Coastline

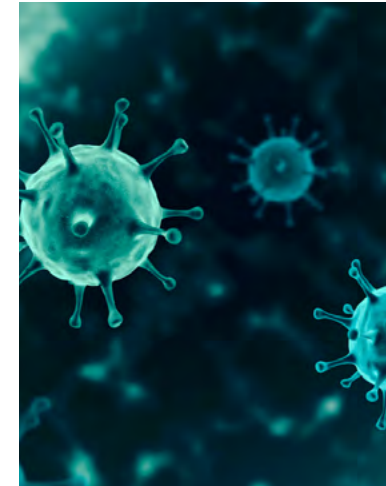

1. Average financial aid award for 2019-20:

- Subsidized Loan - \$ 3016
- Unsubsidized Loan - \$4158
- Federal Pell Grant – \$ 3432
- Federal Work Study - \$4988

2. Total financial aid awarded in 2019-20 award - \$14,037,875

Coastline's Career Center offered a multitude of different workshops during the 2019-2020 school year that provided the kind of career development tools, knowledge, and skills to enhance the career marketability and competitiveness of students. Career specialist, Paulo Varquez, delivers to these students the direction they need to help put them on their best career path.

"Paolo was extremely helpful. He was available, approachable, and resourceful. Along with my current goals with the meeting, he went above and beyond to help me with future planning. I am definitely coming back for his service!"
Student quote

HELPING STUDENTS DURING COVID-19

In partnership with Coastline, Second Harvest Food Bank (SHFB) delivered 20,878 pounds of food to the Student Food Pantry in Fountain Valley, which equated to 17,398 meals for Coastline students and has been expanded to operate through summer and provide fresh produce. In Spring 2020, the Coastline Pantry had 865 visits, including a Drive-By Food Pantry during COVID-19.

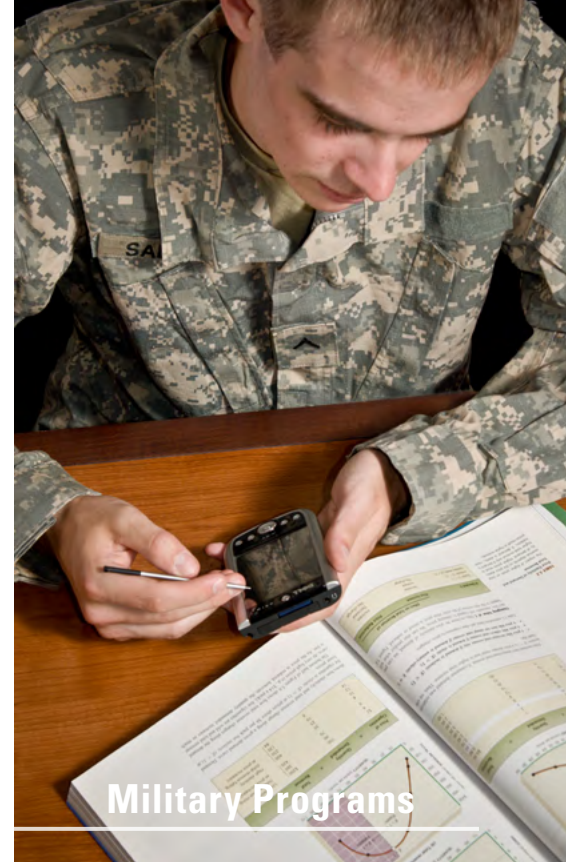

A Summer Wellness series of workshops and activities was developed and implemented. A Technology Loan Program was created in response to the COVID-19 pandemic and the distribution of technology learning materials to students included Chromebooks, tablets with internet, webcams, and hot spots.

Emergency relief funds were provided to eligible students economically impacted by COVID-19: \$154,000 of CARES Act funds, \$40,000 Associated Student Government Emergency Funds, and \$102,250 Foundation Emergency Funds.

INSTRUCTIONAL/ PROGRAMMATIC EXCELLENCE

The **Computer Service Technology and Computer Information Systems** has expanded the program to include the new Amazon Web Services (AWS) Associate Certificate of Accomplishment to provide students with the knowledge and skills needed for industry-recognized certifications and in-demand cloud jobs. The new Associate of Science in Digital Forensics and Incident Response (DFIR) program is now available as a program major. This is a milestone accomplishment of the Cyber Up! DFIR project under the National Science Foundation award #1800999. The Cisco Networking Academy program has been updated to the latest version to provide students with the skills needed for computer networking jobs.

Military Programs

Online Classes

Cybersecurity Program

The **Extended Learning Division** was recognized for its 10th consecutive year by Military Times as one of the best online and nontraditional colleges in 2020 serving military and veteran students. The college's military program awarded 620 degrees and 169 certificates during 2019-2020. The Military and Corporate Education Programs continue to maintain high success rates; Military Online 86.1%/Corporate 80% in 2019-2020.

Coastline College has three Veterans Resource Centers (VRCs) that provide resources and support to student veterans and the veteran community. During 2019-2020, the VRCs worked with Community partners and supporters to provide veterans with \$5,000.00 worth of gas cards and \$4,998.49 in textbooks grants. A Veteran Resource Center ongoing funding allocation in the amount of \$52,978.00 was awarded to Coastline College in 2019-2020.

The **Emergency Management and Homeland Security program** is the first associate degree-certificate granting program of its kind in the California Community College system. The program faculty have provided leadership in the development of EM/HS education throughout California. Additionally, Coastline faculty members are the presenters of the California Community Colleges Chancellor's Office state grant initiative developing homeland security academic programs across the state.

Coastline's Business Program boasts the highest number of degrees awarded in the state thanks to the excellent work of the program's exceptional faculty, whose collaboration has resulted in a truly unique and effective program which offers concentrations in health care management, marketing, human resources, and supply chain management, as well as several popular certificates in entrepreneurship and home business development.

Coastline is the largest provider of education for students who are incarcerated in the state. Coastline's inmate education continues to play a vital role in supporting underserved students, transforming lives of students, and generating enrollments and FTES for the college. Student Success and Achievement Outcomes for 2019-2020 are 75.5% success and 92.5% retention. A 2013 RAND study shows that education reduces recidivism rates by over 40% for students who are incarcerated. Serving these students remains an integral part of Coastline's strategic plan.

Coastline offered the most courses and enrollments in the state of any of the Online Education Initiative (OEI) colleges. The OEI is a seamless pathway for students to register for online courses across participating colleges without requiring students to complete separate matriculation processes. Distance Learning enrollment remains as the highest in the state.

ACCOLADES FOR 2020

#1 Public Community College
- SmartAsset.com

4th Best Value Online Community College
- Value Colleges

10th Best Online Community College in California
- The Best Colleges

Backed by Decades of Excellence

Coastline College is accredited by the Western Association of Schools and Colleges. For eight consecutive years, Coastline was selected as one of the top 150 colleges by The Aspen Institute for Community College Excellence which is considered the most prestigious designation for community colleges.

Intelligent.com, a trusted resource for online degree rankings and higher education planning, has awarded Coastline College top ranking status for multiple degree programs, **including Best Certificate Degree Programs and Best Associate in Psychology Degree Programs for 2020.**

Coastline College's Cybersecurity Program Receives the Exemplary Program Award for 2020. The Academic Senate for California Community Colleges has awarded Coastline College's Cybersecurity program the Exemplary Program Award, one of two colleges out of the 116 California community colleges for 2020.

Once again, since 2014, received recognition as a **Center of Academic Excellence in Cyber Defense Education** from the National Security Agency and the Department of Homeland Security.

Military Times as one of the Best for Vets Colleges for 2020 The 2020 award is in the Online and Nontraditional Schools category.

College Consensus ranked Coastline College **#4 in the US for best online community colleges for 2020.** The criteria used by College Consensus focused exclusively on regionally accredited, reputable institutions and determined by the number of available online degrees, web presence, transparency about their offerings, and user-friendliness of the learning platforms.

Coastline College Recognized as **Top 100 Nationwide and Top 10 by Hispanic Outlook**

FACULTY AWARDS

COASTLINE COLLEGE FOUNDATION

PARTNERSHIPS AND COMMUNITY ENGAGEMENT

Scholarships

Coastline College students were recognized at the annual Scholarship Ceremony held virtually on Friday, June 19, 2020. This year's theme, "Shine Like the Stars" was selected to commemorate the student journey to their goals with their promise of higher education. Coastline College Foundation is grateful to the many individuals, businesses, organizations, and family foundations who contribute to the Coastline College Scholarship Program. Thanks to their support, coastline Foundation distributed more than \$222,000 in scholarships to 332 students in the 2019/20 academic year.

Student Emergency Relief Fund for Students Impacted by COVID-19

In May 2020, the Coastline College Foundation Board of Directors voted and approved \$100,000 in seed funding in support of the Student Emergency Fund. The Foundation received support from Coastline faculty, staff, A.S.G., as well as various community and corporate donors. The Foundation raised an additional \$75,035. Coastline College Foundation awarded \$105,000 in emergency relief to 333 students during the COVID-19 pandemic and will continue to raise and disburse funds to support Coastline students who are economically

Job Opportunities

Cybersecurity careers are complex and many roles can be found with banks, retailers and government organizations.

I attended community college but burned out. School was inflexible and difficult to fit around my work schedule. Coastline nailed it when they envisioned the future of education as something that could and should be woven into adult life, regardless of lifestyle, responsibilities, or location. I am so grateful for the flexibility of online and hybrid courses!

Colleen Kayter, Coastline Student

impacted by the Coronavirus. A very special thank you to the faculty, staff and community donors who came together during an immense time of need to provide financial support to Coastline College students.

President's Circle

Coastline College is committed to student success through accessible and flexible education both within and beyond the traditional classroom. To ensure that we at Coastline continue to benefit our global student community through high-quality, innovative programs, we rely on the support and generosity of our community. The President's Circle was founded to recognize those special alumni, parents, friends, business and community leaders, and organizations who donate a minimum of \$1,000 in annual unrestricted support of the Coastline College Foundation. Members receive a plaque, special invitations to Coastline Foundation events, and more. Coastline College thanks the President's Circle Donors for their ongoing support of the Foundation:

Giving Tuesday

#GivingTuesday is a global philanthropic movement intended to bring individuals and charities together to give back to those in need during the holiday season. On Tuesday, December 2, 2019, Coastline College participated in its fourth and highest

Social Responsibility Luncheon

Giving Tuesday

Scholarships Ceremony

yielding #GivingTuesday social media campaign, where alumni, employees and community members contributed to support students in need. #GivingTuesday officially kicked off year-end giving, resulting in \$36,400 in gifts to Coastline College programs of the donor's choice, such as Coastline Promise, Coastline College Art Gallery, Special Programs for Disabled Students, EOP&S, Scholarships, and more.

Coastline Promise

The Coastline College Foundation Board of Directors approved up to \$100,000 each year (for three years) to support the Coastline Promise in 2016. The Coastline Promise is a last-dollar scholarship program that provides tuition and textbook grants to freshman who meet the program criteria. The 2019/20 academic year was the third and final year. The Coastline Promise has served over 150 students, to date.

Thank You! To our Corporate Sponsors

Coastline Foundation is grateful for U.S. Bank Foundation's support of Coastline's Extended Opportunities Programs & Services (EOP&S), CalWorks, CARE, NextUp and Guardian Scholars programs. U.S. Bank contributed more \$10,000 to assist Coastline students who qualify for each of these

programs by providing additional resources and support to help mitigate financial obstacles and emergencies they encountered while enrolled in college. By having access to such resources, these students have higher success rates and can remain enrolled and complete their education.

The Foundation is proud to partner with the following corporations, whose significant contributions have helped further our mission of providing much needed program support and scholarships to Coastline students. Corporate Partnership packages begin at \$5,000 and receive many benefits.

FACULTY SPOTLIGHT

MICHELLE WILD

Michelle Wild, Coastline Professor of Mathematics

Michelle Wild is a tenured faculty member and has worked in the Acquired Brain Injury Program (ABI) through Special Programs and Services for the Disabled for over 30 years. Remarkably, she started as an intern during her senior year of college and never left Coastline College. She holds a Master's in Psychology, from the California State University, Fullerton (CSUF).

"Over the years, I am grateful to say that I have been honored in various occasions for the work I do and love. I was named the 2000 Coastline College Teacher of the Year, the 2000 California State University, Fullerton Psychology Alumna of the Year, and the 2000 Orange County Community College Teacher of the Year. Also, I was the recipient of Microsoft's national David R. Pierce Faculty Technology Award in 2001."

Says Michelle, "Over the years, I am grateful to say that I have been honored in various occasions for the work I do and love. I was named the 2000 Coastline College Teacher of the Year, the 2000 California State University, Fullerton Psychology Alumna of the Year, and the 2000 Orange County Community College Teacher of the Year. Also, I was the recipient of Microsoft's national David R. Pierce Faculty Technology Award in 2001."

FACULTY SPOTLIGHT

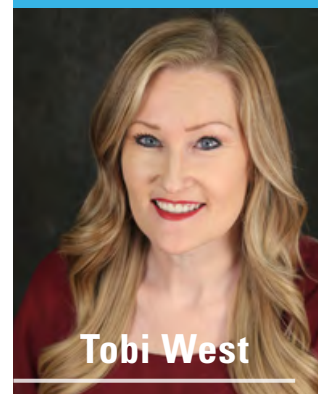

TOBI WEST

Tobi West, Coastline Professor and Department Chair

Tobi West (CISSP, GCFE, CCFE) is a professor and department chair of the Computer Information Systems (CIS) and Computer Services Technology (CST), which has been recognized as a Center of Academic Excellence in Cyber Defense Education (CAE-CDE) by the National Security Agency (NSA) and the Department of Homeland Security.

From hosting GenCyber girls' camps and workshops for teen girls in cybersecurity and technology education and career pathways called CyberTech Girls, to spearheading the Coastline College Apprenticeship Program, to help others find the same passion for cybersecurity, she has spent her professional educational career innovating offerings to provide the best for students. Tobi West is the ultimate mentor for others who are looking to pursue a career in cybersecurity.

From hosting GenCyber girls' camps and workshops for teen girls in cybersecurity and technology education and career pathways called CyberTech Girls, to spearheading the Coastline College Apprenticeship Program, to help others find the same passion for cybersecurity.

FACULTY SPOTLIGHT

SCOTT DAVIS

Scott Davis, Coastline Professor of English

Scott Davis is a Professor and Department Co-Chair of the English Department and was Coastline College's 2019 Teacher of the Year where he has taught for eight years. He studied poetry and economics as an undergrad and literature, rhetoric, and critical theory as a grad student. He became a teacher somewhat unwittingly, after leaving the Chicago business world, when he joined up with a friend and his wife to start an English as a Second Language (ESL) school in South Korea.

Says Scott, "Teaching allows one to inhabit the world of ideas, an oasis in an industrious and utilitarian society, and to empower others to do the same. I learn from casual interactions with strangers in public places, from students, and from conferences and videos. I have a philosophy that everyone is my teacher."

Scott Davis

FACULTY SPOTLIGHT

DAVID LEE

David Lee, Coastline Professor of Art

Professor David Michael Lee is an instructor of Fine and Performing Arts at Coastline College in Orange County. Born and raised in Orange County, David Lee teaches a majority of his classes online while commuting from Catalina Island where he resides. He is also the curator of the Coastline College Art Gallery, located on the Coastline College Newport Beach campus which is a vital and well-respected art venue serving Orange County art students, local emerging artists, relevant artists from around the globe, as well as supporters of the arts and the local public. The art gallery holds workshops, exhibition programs as well as receptions, artist lectures and

other art-related events. It has been recognized as one of the top 15 excellent on-campus art galleries in Southern California.

Says David, "Education happens when you realize what it means to genuinely see at something and begin to understand that looking was a passive way to approach life."

COASTLINE COLLEGE

MISSION STATEMENT:

Coastline College guides diverse populations of students toward the attainment of associate degrees and certificates leading to career advancement, personal empowerment, and transfer. By meeting students where they are, Coastline provides innovative instruction and services designed to achieve equitable outcomes.
