Cypher Is Mission Critical

Innovative and Cutting Edge IT Solutions in the Federal Marketplace

Cypher is a certified Service-Disabled Veteran-Owned Small Disadvantaged Business (SDVOSB, SDB) that provides innovative, cutting-edge, and flexible Information Technology solutions to the Federal Government. Cypher prides itself on delivering outstanding customer service, and is committed to excellence in all of its service offerings.

Key Differentiators:

- * **Performance Born out of Experience** - 25+ years in IT Management, IT Project Management, Cyber Security, IT policy development and implementation
- * **Strategic Resourcing** – We take the unnecessary overhead out of our cost structure and focus on efficient use of strategic resources.
- * **Thinking “Outside of the Box”** - 25+ linking strategy to execution, we assist clients through design and execution by solving the problem adaptively.
- * **Responding to Change Dynamics** – We know even the best data can fail to drive change without real buy-in from those affected. We apply stress change principles through early stakeholder engagement and collaboration.

Cyber Security Expertise

Providing clients with dedicated, personalized support while delivering cost effective solutions.

Past Performance

- **SIA II: USCYBERCOM JY Analytics Support** - Cyber operations, All-Source Intelligence Cyber Security
