

2023 MFA bill cosponsors

These Democratic Representatives sit on the key House committees of jurisdiction on health issues or, as with the Senators, are targets to become cosponsors. Please call their offices, repeatedly, to urge that they cosponsor the new bills that have been introduced. Email longer explanations, articles, etc to their Healthcare Legislative aides (LAs). Explain that this is a moral issue of racial justice, why incremental steps won't work, that over 70% of Democrats support it, and why eliminating private insurance is the only way to reduce the 34% administrative overhead waste. Let's get a ✓ by every name!!!

Suggested script:

If you're a **constituent**, say that and give your zip code. If not, say you're calling as a member of PNHP or other group. If they agree to cosponsor, thank them profusely!

"May I please speak to Rep./Sen. ___'s healthcare legislative aide? (probably won't be available) My name is ____, from zip code _____. I'm calling on behalf of (PNHP or other) to encourage Rep/Sen _____ to cosponsor **HR 3421/S1655**, the Medicare for All Act reintroduced by Rep. Jayapal/Sen. Sanders and to hold Committee hearings on the bill. I believe that genuine Improved Medicare for All as described in the bill offers the best solution for our national healthcare crisis. Thank you for taking my call."
