Kindergarten	1st Grade	2nd Grade	3rd Grade	4th Grade
We are in the final stretch of Kindergarten! Please make sure you are reading with your child every day and practicing their Addition Facts. We are working hard in class to reach our AR goals, so we can all attend the End of Year AR event!	First grade classrooms have planted a Spring garden and are looking forward to watching it grow. We will be studying plants and animals in science during the month of April. In math, we will work on fractions of shapes and measurements including telling and writing time.	We are so excited to take our field trip to the TX State Aquarium! We are now learning about Geometry & Multiplication. In reading, we will incorporate Reader's Theatre and Poetry. While in Science, we focus on Environmental Effects & Food Chains.	In Math, students will be reviewing and preparing for the STAAR Math test on April 24th. In Reading and Language Arts, the students will be making connections with their reading across multiple genres. We will be preparing for the STAAR Reading test on April 17th, by reading passages, and answering questions, and working on our constructed responses. In Science, we will be learning about Earth's Ecosystems, life cycles of plants and animals.	In the month of April, we will be taking our Reading and Math STAAR Test. We are continuing to work hard in Reading, Writing, and Math as the test quickly approaches. Please make sure your child is getting plenty of rest, eating a good breakfast/dinner, and comes to school everyday and on time. Thank you for your help and support!
5th Grade		6th Grade	Fine Arts	PE INFO
STAAR Prep will be in full swing for the upcoming STAAR Assessments. In Science, we will be moving into Astronomy and Life Science themes in month of March and April. In Math, we will continue with finalizing the year and preparing for STAAR with daily reviews and practice assessments. We will continue to review strategies for the ELAR STAAR Exam, focusing on how to internalize the reading passages and how to answer questions correctly. We will also continue reviewing how to write short constructive response questions, as well as an essay. In social studies, we will continue to talk about historical events such as the Civil War, Reconstruction Era, and Post War Era.		In April, 6th grade Math will continue to review what we have learned all year. We take the Math STAAR test on April 23. We will also prepare for our transition to Junior High and graduation. In Science, 6th grade will continue our unit on Oceanography and Marine Biology. Mrs. Moron's class will continue preparing for the Reading STAAR test and will begin a unit study of Egypt in Social Studies. They will also be working in small groups to create a persuasive advertisement and jingle to sell an uncommon item.	In Fine Arts grades K-2 and 3-6, students will be focusing on listening to musical pieces from famous composers and artists of the past and present. Students will also be creating glow in the dark art using elements of art and principles of design. Information will be sent out via Remind if you would like to help out with the glow art project	Hello SMACS! Field Day is almost here and all students in PE will be preparing for events during the month of April! We will have lots of fun activities and games and can't wait to gear up for Field Day from relays to tug of war and so many others! See you in May!
Artist of the Month Chloe Martinez-4th Chloe is always trying her absolute best, giving her art projects 100% every day she attends art class. Chloe has true artistic qualities and her work shines Congratulations Chloe! 		Musician of the Month- Emma Guerrero-Kinder Emma is a model music student, who always does a great job of listening in the classroom and in other settings as well. Emma has great rhythm and can keep a steady beat. That is why she is our Musician of the Month. Congratulations Emma! 		ATTENTION!
