

Bringing Families Back

The Benson Family has a new vision in mind for community

Brian Benson and his family mark its second business ownership in Anthem. After selling their retail store, Rhapsody School of Music, Brian Benson had a new vision in mind. He and his family wanted to bring families back in a different way. The old saying goes, "When one door closes, another door opens" but for the Benson family, they were in control of their own fate and the doors are flying wide open. New Vision. Local Community.

They recently acquired the former Rookie's Neighborhood Sports Grill about three weeks ago (Aug. 17'). The property is located in retail plaza off Anthem and Venture Way, anchored by tenant, Dollar Tree. Anthem has had its fair share of retail/restaurant shop space turnover during the years in that same suite, but for this motivated family, I believe the new restaurant is going to be around a very long time under great direction and ownership of a well-respected family in the community.

"We are currently cleaning, renovating, updating and replacing much of what was in the facility that we'll now call The Replay Sports Grill! We're very

excited to show the community, our family, and friends our vision of a place where everyone feels welcome," stated Brian Benson. I recently visited with Brian, his wife, Angela and some of the new staff and there was so much excitement in the room. The restaurant space was surrounded by kitchen inventory, stacked up tables and chairs, old neon lights to be returned, kitchen appliances, electric drills and bare walls. The renovations they will be making are going to be amazing. Although I have some insight on those changes - haha :-), you will all have to check it all out for yourself. Let me tell you one more exciting detail about the new restaurant..... The New Menu! From savory to sweet, bring your appetite! This menu has been developed to cater to everyone's taste buds, including the mouth-watering entrees, kids menu and some specialty items that only people in Quebec would know about (hint hint).

families back to this new local restaurant/sports grill, surround yourself with great company and enjoy a great selection of food items from a mouth-watering menu, "specialty" drinks, and some new beers on tap. **#supportlocal**
