The Ultimate Group Photo Experience

How many times have you said to your friends, "C'mon, let's take a Selfie?" Believe me I have taken a couple dozen of them until it is the perfect selfie. We have all done it, right?! :-) Kristy Bryant, a local business owner has the answer to every party thrower and goes entertainment needs! Snap YOURSELFie offers the ultimate group photo experience to make individual parties fun, corporate and charity events memories, and any other party that you want memories of.

Snap YOURSELFie was our "Biz Mix & Mingle: business feature at the May event. From the mustache and top hat selfies to the group photos, there was plenty of entertainment and memories going around. This is one of the best ways to elevate any group party experience. Bryant began only last year and has grown her business to servicing the entire greater Phoenix area. This was one of the highlights at the May event and the pictures were printed on site within a few seconds. Not only can you send yourself an email or text of that photo, you can also customize the selfie prints to say anything you want to read on the photo card or put your company logo brand for a work party.

For example, say it is Jacob's 9th birthday party or it's the Annual Little League Fundraiser or your Corporate Christmas party. There are also add-ons so you can customize your package even more with video recordings, slow-motion videos, filters, animated GIF's and event custom backgrounds.

Picture yourself standing in front of an open air photo booth that is about 5 feet tall and looks like a real iPhone. Now countdown those 3 seconds and SMILE! There you have it! It is as simple as that. There are so many custom packages available to fit the needs of the party event. You have options for photo strips or 4 x 6 print options as well. If you are looking to book an event, the seasonal months get busy, so make sure you plan ahead and reserve you Snap Yourselfie booth plenty of time in advanced. Weddings and Christmas functions are most popular so call Kristy right away if you want to book your event or learn more about scheduling your parties.
