

The New Heaven/New Earth

The Universal True(th)*

as told by

Timetrious Todd Golden

The First Chapter of the Last Chapter

Preface:

The New Heaven/New Earth is a physical/psycho/spiritual reality. This means that it is a tangible, mental, dimensional LIFE. These realities written about in the Bible and other Religious texts need to have a place to come together instead of being a bunch of hopeful places (pipedreams) in your mind.

With that in Mind, The Universal Mind being a mental creation, if I/Eye/Aye were to tell the Absolute True(th) the consequences would have a “Holy Spirit” (WHOLE)ly Spirit, impact on the World/Universal Stage.

Below are Two of The Ten Commandments from the The New World Translation of the Holy Scriptures. Using a commonly known phrase “Keep It Simple Stupid”, these commandments are inborn in each and every human being, making these Universal Truths.

These are actionable ways each of us regardless of your choice of “Branded” spirituality, can live The New Heaven/New Earth in Absolute Reality.

1. Worship only Jehovah God - Exodus 20:3

Example A: In this perspective, I must kneel to an invisible “person” or Deity.

III: Everyone has God in them. “...Made in our Image”. This is because Jehovah is a Thought Process.

Example B: Everyone you see deserves “The Golden Rule”.

2. Do not practice Idolatry - Exodus 20: 4-6

Example A: Do not worship a physical image/item with the expectation of receiving grace/good favor from an object.

III: Relieve the Limited Illusion of being trapped in a box (the object) into Spirit (clear/prayer).

Example B: It only takes a Thought to change any situation into what benefits everyone.

The 90 Degree of True(th)

In sticking with the subject matter TRUTH...there needs to be an understanding of what is True and what is a lie. An example that is very easy to understand is a description of Jesus being portrayed as a Carpenter.

Carpenters usually use "T Square"or if it is easier you could think of drawing a 90 Degree Angle with a "Ruler". This tool has usually a "Perfect" 90 Degree Angle within it. Now using this example, if that 90 Degree Angle is used to build a House, then you would KNOW that it will stand longer than say if the House was built using an angle of 75 Degrees. You would INSTANTLY see the huge mistake in construction.

However, if that same House was built on a 90.23 Degree Angle, it would still "look" great! Right? But you know that OVER TIME that it would be bound to fall, if not tilt, in that direction because it is not a TRUE 90 Degree Angle.

This is a description of an Absolute Truth.

On the other hand, is the House built on a 90.23 Degree Angle a Lie because it is not a True 90 Degrees? No. There is a variable called INTENT that would constitute it being a Lie or Honest Mistake. Now, by the same token, the house built on a 75 Degree Angle would be an OBVIOUS error, this would show an INTENT to be fraudulent, deceiving etc...

90.23 Degrees and 75 Degrees are important to understand because of the INTENT. 90.23 Degrees could easily be shown as an Honest Mistake due to the tools being used etc.. However 75 Degrees shows an obvious INTENT to Lie/Deceive,so in this case, if someone told you they built a "Perfect Home" for you...

That would be a description of an Absolute Lie.

In both cases....The "90 Degrees" is the RULE of True(th). The 90 Degrees applies or CORRESPONDS to many, many other areas of Life and Life Itself. Use your creative faculties and explore, find other areas where there are True(th) in Lies. You will find that Everlasting Life isn't quite enough time to see all of the Beauty that is/has been RIGHT IN FRONT OF OUR FACE.

The purpose of me creating the “The Heaven/New Earth - The Universal True(th)” is to prepare your mind for a WHOLE new Reality. An Absolute Reality based in Absolute True(th).

In order to do this we must take something very simple and see a larger context. For example, if you/me/I were to tell a Lie, it has consequences that are less than desirable for I/me/you. However, if I/me/you were to tell the Truth it has consequences that are more favorable for you/me/eye.
