

ONE YEAR GENETIC HEALTH GUARANTEE

This guarantee covers all genetic defects that may have been handed down from their lineage. This guarantee does not cover any communicable disease, internal and/or external parasites, or injury.

Buyer assumes all responsibility for all vet bills. If a genetic disease is discovered in the puppy, a letter from your vet (on business letterhead), stating the nature of the disease and/or disorder will need to be provided to the seller. The letter will have to state that this is a genetic disorder. The veterinarian phone number must be included on the letter as the seller reserves the right to discuss the health condition with the veterinarian. If your puppy is determined to have a genetic disorder, the seller will reimburse the cost for treatment (up to the price of the puppy). The seller assumes NO direct responsibility for any medical bills for the puppy.

This guarantee is for Genetic Diseases and Disorders only. This guarantee extends from the date of birth of this puppy and is valid until its first birthday. Any Genetic Disease or Disorder must be reported to the seller BEFORE its first birthday. ALL SALES ARE FINAL.
