4. Students in danger of failing

This is a project based class that uses expensive equipment. We therefore do almost all our work during class, meaning if your student brings work home, it is likely because they did not do it during the provided class time. If your student is in danger of failing, or failing, it is because they are not keeping up with the work in class or are missing class. Please encourage your student not to fall behind and remind them that it is their responsibility to see me immediately if they miss class for any reason.
