

EMERGENCY SHELTER MAP

The following shelters may not all open during a state of emergency. They are opened as needed. If possible, staying with family or friends outside an evacuation zone is your first and best option. Monitor Broward County’s website, Broward.org/Hurricane, local television stations or call our Emergency Hotline at 311 or 954-831-4000 for actual shelter openings. Emergency shelters are a service of the Broward County Commission and the Broward County School Board.

Persons located in low lying areas or beside tidal bodies of water should seek shelter elsewhere if conditions warrant. **ALL** mobile home residents must evacuate in PLAN A and PLAN B and may be ordered to evacuate if tropical storm conditions warrant.

Special Needs Shelter: These shelters are for persons with medical conditions who do not require hospitalization. They provide basic medical assistance and monitoring. Pre-registration is strongly recommended by calling 954-831-3902 (TTY 954-831-3940).

Pet-Friendly Shelter: Staying with family, friends or at a pet-friendly hotel outside an evacuation zone should be your first and best option. Pet-friendly shelter(s) is available on a first-come basis. Pets accepted include: dogs, cats, domestic birds, rabbits, gerbils, guinea pigs, mice and hamsters. All pets must be in a carrier/crate and all dogs must have a collar with leash. Evacuees must show proof of rabies certificate for dogs and cats. Residents should also be prepared to show their pet's Broward County Registration Tag. Evacuees should bring necessary care supplies for a week such as, supply of food and water, food/water bowls, cat litter and litter box, medicine, cleaning supplies, etc.

10-Step Family Plan

STEP 1 — Hold a family meeting.

Discuss what can happen in an emergency. Encourage children to talk about their fears and explain some of the things you'll be doing to keep everyone safe. Start a written list of things you'll need to take care in advance and encourage everyone in the family to contribute their ideas.

STEP 2 — Discuss whether you'll need to evacuate.

Determine whether you live in an evacuation zone and, if so, where you will go if an evacuation order is given. Going to a family or friend's house or hotel outside the evacuation area is your best choice. If a hurricane is approaching and you choose to go out of town, do so well in advance of the storm. Since shelters provide for only basic needs, this should be your choice of last resort.

STEP 3 — Ensure your assets are protected.

Inventory your home possessions and videotape, record or photograph items of value. Review your insurance policies to ensure you have adequate coverage. Know that once a hurricane watch has been issued, insurers will not issue new or additional coverage.

STEP 4 — Assess your home for vulnerable areas.

Do a walk-through of your home and property to evaluate your roof, windows, garage door, landscaping, etc. and determine what actions you will take.

STEP 5 — Make a plan to protect your vehicles.

Decide where you will store or park your vehicle, boat or RV. Check your vehicle insurance policy and keep it in the same safe place as your homeowner's policy.

STEP 6 — Secure your home.

Decide what actions you will need to take to protect your home and your property (shutters, generator, tree-trimming), and to keep as comfortable as possible during recovery.

STEP 7 — Determine if anyone in your home has special needs, or is vulnerable in an emergency.

If anyone in your home has special needs in an emergency because of a medical condition, or because they are elderly or disabled, make arrangements in advance to accommodate those needs.

STEP 8 — Make a plan for your pets.

Determine how you will address your pet's needs and make a plan in case you have to evacuate. Be sure to plan for large outdoor animals as well, such as horses, pigs and cows.

STEP 9 — Gather your supplies.

Use the checklist provided to determine your family's food, water and medical needs and assemble your emergency kit according to those needs.

STEP 10 — Notify others of your plan.

Let family or friends know what your emergency plan is so they can check on you in the aftermath of the event. Establish an out-of-town contact.

SPECIAL NEEDS SHELTER KIT CHECKLIST**

In an emergency evacuation, if you have a medical condition that requires basic medical assistance and monitoring, but does not require hospitalization, a Special Needs Shelter may be appropriate for you. Preregistration is important and encouraged, to ensure that you are ready for evacuation and sheltering in the event of an emergency in Broward County. Family members and caregivers are encouraged to accompany you. Use this checklist to help you prepare a Special Needs Shelter Kit that will make your stay as comfortable as possible.
