Anna Marie Dance Studio must approve each students class placement. It is our policy to offer appropriate opportunities to every student. Placement decisions are derived from many years of teaching experience. Often a student is placed in a particular group or class where he or she will feel confident, in order to promote the development of self-esteem. Some students who are placed in a higher level become discouraged, only to lose their passion for dance.

Others respond to the challenge of being in a class with students who are more proficient by pushing themselves to work harder. Placement is highly individual and the factors that go into the decision are complex. If a student is enrolled in an inappropriate level AMDS will reach out to discuss alternative classes.
