

# Bognor Regis Archery Club

## **PHOTOGRAPHY AND VIDEO POLICY**

Archery is an inclusive activity and it is common for family members and friends to take photographs and video for personal use.

Photography and video are also often used as an aid to coaching.

Anyone taking photos / video that may include other club members should inform the Field Captain of their intention.

Club coaches will ask permission of the person(s) they are coaching or where applicable the parent / guardian.

Given the above all club members and parents / guardians of juniors need to accept and acknowledge this. Where this is not acceptable please speak to a Committee member.
