

# NEWSLETTER

A few changes this month in our regular format. The Minutes and Newsletter are now split. Hopefully this will make our recording of the Minutes more professional and allow for more news and informational content in the Newsletter.

The above photo is a 1917 Ford Model T. Louis Johnson, my maternal grandfather is in the front passenger seat. His brother Charles is driving. In the back seat are my Great grandparents, Carl Johann Johansson and Magdalena Olafsdotter. My great grandfather immigrated from Sweden and on his papers it states his occupation as a wagon driver or teamster. Imagine going from driving a team of horses to this. Fast forward 100 years and realize what we drive now and what another 100 years will bring.

Send me your pictures of old family cars and I will post them. Can anyone beat 1917?. Obviously they don't have to be British, but bonus points will be given.

Be sure to review the additional pages that follow. They provide more information on up coming events and the sponsorship form.
