

Real Estate Reviews for Phillip Gibson

Source: <https://www.zillow.com/profile/phillipraygibson/#reviews>

5/5

Phillip Gibson was an excellent realtor to work with in selling our land! He went above and beyond: contacting his network of realtors, highlighting our property on his website for some time with video and photos, did an EXCELLENT drone footage of the land and surrounding lake, and was an extremely great communicator. He was easy to get a hold of, routinely kept us updated on prospects, and informed us throughout the entire process. We HIGHLY recommend Phillip Gibson for anyone in the Buncombe and Haywood County areas!

5/5

Phillip was great with helping us find our dream home. Being first time buyers, he was more than willing to help us understand how the home buying process plays out and maintained patience with us til the close date. Glad to have made his acquaintance!

5/5

Phillip came right out and told be the bad along with the good instead of just trying to make everything seem wonderful for a quick sale. I really appreciated that it made it easy to trust him.

5/5

Phillip is a very knowledgable, courteous and attentive agent. Not to mention just an all around nice guy. I have recommended him to many of my friends. Thanks Phillip.

5/5

Very good agent that was able to help me find the right property for my future move to North Carolina. He was very helpful in assisting with closing attorneys, surveyors, and others. This was important since we were closing remotely. Listens well and focuses on finding what you desire.

5/5

Because of Phillip, we could not have had a better experience looking for land to build our future home in Western North Carolina. His expansive knowledge about the area proved invaluable when searching for the right property. He provided

quick and thorough responses to all of our questions. Phillip went above and beyond when helping us with our search and in educating us on the process of purchasing real estate in an unfamiliar territory. We highly recommend him to friends and family!

5/5

Phillip was very friendly and worked hard to provide the information we needed to purchase a lot to build our house. He showed us several lots and responded promptly to our questions via emails. He also provided us with a list of the previous lots that sold and houses that sold in the area. I would definitely recommend him as an agent!

5/5

I would give Phillip ten stars in each of the five categories under review. Handling the sale of my parents' home from 500 miles away required me to find an agent of unquestioned honesty and integrity since I had to rely on him as my eyes and ears. I appreciated very much Phillip's wise counsel on selling a home in Asheville based on his work experience and his deep knowledge of the housing market in the region. I also knew I could rely on Phillip's negotiation skills knowing he had the best interests of my parents in mind as he proactively sought a potential buyer. Phillip always responded quickly to e-mails, phone calls, or text messages. It was a pleasure working with him.

5/5

Phillip has been a pleasure to work with. He has been so great at keeping us organized and on track! He is very sincere and has good and true intentions as a realtor to help you find your dream home. His moral compass and local environmental expertise was also a great help in our decisions. We are so glad we found the right realtor that helped us find our future family's home.
