

ATHENA CHAMPION™

Little Guy™ Handpiece

- Quiet, low vibration
 - High-torque 5,000 rpm motor
 - Swivel nose reduces tubing drag
 - Doriot style fits straight handpiece burs, disposable or metal proph angles, and "U" style contra angles
 - Made in USA
 - Fully autoclavable/chemiclavable
 - 2-year warranty
- Standard Model 4-Hole
(154-0867).....Ea. **774.99**

Little Guy™ Slow Speed Handpiece—Swivel w/Quick Disconnect

- Same excellent features as the standard model with the following:
- Dual 360° swivel concept
 - Quick disconnect for easy maintenance
 - 2-year warranty
- Quick Disconnect Model
4-Hole with Swivel
(154-3443).....Ea. **849.99**

Little Pro™ Hygienist Handpiece

- Small, lightweight, easily fits in hand and reduces arm and hand fatigue
 - High torque 5000 rpm motor
 - Swivel nose reduces tubing drag
 - Doriot style fits straight handpiece burs, disposable or metal proph angles, and "U" style contra angles
 - Made in USA
 - Fully autoclavable/chemiclavable
 - 2-year warranty
- (154-7906).....Ea. **679.99**

DENTICATOR
SINCE 1981

ProphyPal™ Hygiene Handpiece

Specifically designed for disposable proph angles. Features a 360° swivel and Sure-fit™ nose cone that allows for maximum control and easy transfer between buccal and lingual surfaces. Lightweight and balanced construction provides excellent ergonomic positions for all hand sizes. Motor operates at optimal speed and torque to provide tough polishing on heavy stains without stalling. Its "whisper quiet" air-powered operation reduces patient stress. Autoclavable up to 275°F/135°C. Made in the USA. 2-year warranty.

- Complete Handpiece..... Ea. **719.99**
Specify:
Pink (136-0007)
Silver (136-0006)
Wild Green (136-0008)
Contains: 1 of each: handpiece & lubricant.

YOUNG

Young™ Hygiene Handpiece

Prophy handpiece constructed with Reverse Radius™ silhouette that is curved to fit comfortably in the dental hygienist's hand for smooth, easy handling. Matte grip nose cone rotates 360°, helping to reduce the need to shift the wrist as often during polishing. The contra-angled connector aids in lessening wrist fatigue because it helps reduce cord-drag aggravation. Nose cone and motor easily detach into 2 parts for fast and thorough sterilization. Designed for optimal performance when used with Young Dental disposable proph angles. 2-year warranty.

- Complete Handpiece..... Ea. **829.99**
Specify:
Silver (136-0044) Purple (707-0109)
Contains: 1 handpiece, 1–3 mL bottle of lubricant & 3 Vera Classic disposable proph angles.

premier® Inspired solutions for daily dentistry™

NEW!

AeroPro™ Cordless Prophy System Premier Dental

Lightweight, ergonomic, cordless, and pedal-less handpiece. Offers both mobility and much-needed control. Its innovative design enables an efficient swiveling angle that allows maximum access and comfortable hand positioning to reduce hand fatigue. Its variable speeds offer fingertip control without pressure or excess heat. Quiet, yet powerful motor maintains a consistent speed during polishing. SmartCHARGE™ battery technology provides long-lasting power. Accepts most proph angle brands. CDC-compliant with a convenient infection-prevention protocol. Patients get a great polish every time. 1-year warranty on battery, 3-year warranty on all other components.

- Basic Package
(133-8305)..... Ea. **789.99**
Contains: 1 inner module, 1 outer sheath, 1 charging station, 1 AC adaptor, 500 AeroPro™ disposable barriers, 1 tray cradle, 1 replacement O-ring with tool & 48-2Pro® disposable angles.
- Complete Package
(378-0863)..... Ea. **1,099.99**
Contains: 1 inner module, 3 outer sheaths, 1 charging station, 1 AC adaptor, 500 AeroPro™ disposable barriers, 1 tray cradle, 1 replacement O-ring with tool & 2-144-count bags of 2Pro® disposable angles.

(378-0865)..... 500 per Box **39.99**
- Metal Outer Sheath—Autoclavable
(378-0866)..... Ea. **198.99**

ENDODONTIC HANDPIECES

CanalPro® CL Cordless Endodontic Handpiece
Coltene

Thin, ergonomic design for better access to hard-to-reach areas. Features include a large LCD panel, memory for up to 5 programs, autoreverse mode, and 6 head positions to allow contra angle to be adjusted to the preferred position. Operates continuously for approximately 90 minutes. Noncontact charger prevents improper charging due to deterioration of metallic terminal. Energy-saving device: turns off when not used for 10 minutes. Contra angle head is autoclavable at 135°C. Rotation speed (1 min.): 140–550 Torque level (Ncm): 0.3–3.0
Complete Unit
(380-0135).....Ea. **1,439.99**
Contains: 1 of each: motor handpiece, contra angle 16:1 & charger.

CanalPro® CL2 Cordless Endodontic Handpiece
Coltene

Lightweight, handheld, cordless endodontic motor with a large, user-friendly LCD panel. Offers 6 memory programs and multiple settings for speed, torque, autoreverse function with audio feedback, and gear ratio. Rechargeable battery takes about 90 minutes to charge fully and offers about 90 minutes of run time. 2-year warranty. Rotation speed: 120–2,000 rpm Torque level (Ncm): maximum of 3.0
Complete Unit
(380-0186).....Ea. **979.99**
Contains: 1 of each: motor handpiece, contra angle standard head, charge base, power cord, handpiece cap & oil guide.

Elements™ Adaptive Motor with 8:1 Push-Button Handpiece
Kerr Endodontics

Endodontic canal shaping system that combines the patented TF® (Twisted File) technology with a dynamic motion reciprocating motor: rotary when you want it, reciprocation when you need it. Includes an 8:1 push-button handpiece powered by KaVo. Handpiece features a small head for better visibility and easier posterior access. Stainless steel for long-lasting durability. E-type motor connection. Ball bearings for higher transmission efficiency. Operating speed up to 20,000 rpm. 1-year warranty.

Complete Unit
(135-1040).....Ea. **2,099.99**
Contains: 1 of each: motor handpiece, 8:1 push-button contra angle, foot pedal & power cord.
8:1 Push-Button Contra-Angle Handpiece
(135-1039).....Ea. **602.99**

ENDEA Endodontic Handpiece A-dec|W&H

Endea Endodontic Handpieces Features an ultrasized head, which is critical to treat rear molars. The microhead is connected to a direct-drive precision gear train, which delivers the exact torque needed for your specific file. Works with EA-53 electric motor partnered with A-dec deluxe touch pad. 2-year warranty.

4:1 Gear Ratio EB-77
(492-0066).....Ea. **1,144.99**

2:1 Gear Ratio EB-79
(492-0067).....Ea. **1,144.99**

Endo-Express™ EDS

Eliminates the fear of fracture associated with crack-down systems and the typical shortcomings of the step-back process. Allows canals to be shaped in 2–5 minutes per canal from the time of measurement. 6-month warranty.

Instrumentation System with/Air Motor
(876-6091).....Ea. **1,249.99**
Contains: 1 E-Type 4-hole air motor, 1 Endo-Express reciprocating handpiece, 1–25mm SafeSlider introductory kit & 4 refills (1 of each: .08, 10, 15 & 20).
Handpiece Only—Reciprocating 6-month warranty

Air Motor Only—E-Type, 4-Hole
(876-6841).....Ea. **349.99**

Endo-Mate DT with 20:1 Head
NSK

Endodontic handpiece that has been developed for use with most major brands of NiTi files. Preprogramming function allows highly efficient treatment using different file manufacturers' procedures. Control unit has been designed to be lightweight and compact. Fitted with a rechargeable battery to provide high mobility. Lightweight and slim handpiece allows high performance. 2-year warranty on complete unit (excludes batteries and heads), 6-month warranty on contra-angle and reduction gear.

Complete Unit
(272-0418).....Ea. **1,248.99**
Contains: 1 of each: control unit, Endo-Mate DT Motor & cord, MP-F20R head, handpiece stand & AC adaptor.
Contra-Angle—Push-Button Miniature Head (MP-Y)
(272-0192).....Ea. **118.99**
Reduction Gear 20:1 (F20R)
(272-0216).....Ea. **159.99**

Endo-Mate TC2
NSK

Lightweight, cordless endodontic handpiece with an ergonomic design that ensures comfort during all endodontic procedures. Digital operating interface with large LCD and 5-key operation makes setting speed and torque simple. Supports most major brands of NiTi files and has 4 programs to accommodate the different file systems. Autoreverse/ alarm function indicates the load is about to reach the preset torque level, allowing you to unload the file even before autoreverse sets in. 2-year warranty on complete unit (excludes batteries and heads), 6-month warranty on contra-angle and reduction gear.

Complete Unit
(272-0396).....Ea. **1,298.99**
Contains: 1 of each: MP-F16R head, Endo-mate TC2 motor & battery charger.

Endodontic Handpieces continued on next page.

**ENDODONTIC HANDPIECES
(Cont'd)**

**Endomax® Plus
Dentamerica**

Cordless endodontic handpiece. Cordless convenience offers complete portability. Easy-to-read LCD display. Heavy-duty, high-torque motor. Automatic forward/reverse functions. Switch from rotary to reciprocating with a press of a button. Five torque settings and 9 rotation speeds available for different applications. 1-year warranty.

Complete Kit
(907-4408).....Ea. **1,049.99**

Contains: 1 of each: Endomax® handpiece, contra-angle mini head, charging station & power cable for charging station.

**EndoTouch TC2
Cordless Handpiece
Kerr Endodontics**

The "next" generation in cordless motors. Lightweight, ergonomic design ensures comfort and ease of use during all endodontic procedures. Digital operating interface with a large LCD display and 5-key operation makes setting speed and torque simple. Large on/off key enhances operability. No need for duplicate handpieces. Supports most major brands of NiTi files and has 4 programs to accommodate the different file systems. Small head with 6 position settings allows access to the entire oral cavity. Autoreverse and alarm functions indicate the load is about to reach the preset torque level, allowing you to unload the file even before autoreverse sets in. Operates continuously for 1.2 hours. 1-year warranty.

Complete Unit
(123-1714).....Ea. **1,538.99**

Contains: 1 of each: motor handpiece, 16:1 EndoTouch swing-latch head, 110-V power cord, battery charger, F-type spray nozzle & motor cap.

M4 TC2 Handpiece
(123-1726).....Ea. **489.99**

Contra-Angle 16:1-Push Button
(123-8397).....Ea. **422.99**

**M4 Safety® Handpiece
Kerr Endodontics**

Contra-angle attachment. Unique 30° "watch-winding" motion mimics hand movement gently, effortlessly, and consistently. Operator controls coronal and apical pressure while the M4 smoothly and efficiently "glides" the endo instrument through canal. Accepts virtually all hand instruments. 4:1 gear-reduction ratio. 6-month warranty.

For E-Type Low-Speed Motors
(123-3546).....Ea. **1,169.99**

**Tri Auto ZX2™
Morita**

Compact, cordless motor with a built-in apex locator. Used for achieving apical patency and creating a glide path with the new Optimum Glide Path (OGP) function. Responsive handpiece allows subtle and delicate manipulation of the file, facilitating faster and safer treatment, even in difficult cases involving constricted or extremely curved canals. Rotary files sized as small as #10 may be used. Depending on the file load, the motor alternates between forward and reverse rotation incrementally until the torsion is released and then resumes in the cutting direction. 1-year warranty.

(721-0893).....Ea. **2,164.99**

Contains: 1 motor handpiece, 1 contra angle, 1 internal file electrode (preinstalled in the contra angle), 1 LS spray nozzle, 1 maintenance oil, 1 guide bur, 1 battery charger, 1 battery, 1 AC adapter, 1 probe cord, 1 file holder, 1 tester, 30 handpiece protective sleeves, 4 power plugs (1 of each type) & 3 contrary electrodes.

Ti-Max Z45L 45° Electric Attachment
NSK

45° electric attachment provides effortless access to hard-to-reach molars that a standard contra angle simply cannot match. Slim form offers excellent visibility and high operability. Two-way spray function accessed on the base of the handpiece allows you to instantly choose a mist or jet spray, depending on the conditions and procedure. Clean Head System automatically prevents entry of oral fluids and other contaminants into handpiece head. Made of corrosion-resistant titanium, which is 30% lighter and more durable than stainless steel. 1:4.2 increasing ratio reaches a maximum speed of 168,000 rpm. Push-button chuck. Cellular glass optics. For FG burs. Fits all standard E-type connections used in brushless electric micromotors. 2-year warranty.

Z45L Standard Head (786-0242).....Ea. **1,628.99**

TwinPower Turbine® 45° Handpieces
Morita

High-speed handpiece with a 45° head angle is designed for maximum access and visibility. Offers 20 watts of cutting power with a compact head. Rear-facing exhaust vents direct airflow away from the surgical site for patient protection. "Zero drawback" system provides excellent contamination control. Double impeller rotor design delivers constant torque and controlled speed, even under high load conditions. Additional features include glass rod optics, rapid braking, and direct connection to popular coupling systems. 2-year warranty.

QUATTROcare® Plus Maintenance Unit KaVo

Automatic cleaning, lubricating, and purging for up to 4 handpieces or air motors at one time. Chuck-care adapter is included for once-per-week cleaning and caring for handpiece chucks to maintain gripping force, reliability, and long service life. Easy-to-use, flexible programming allows operator to choose and set total cycle time from 20 to 45 seconds per handpiece. System can be used for virtually all manufacturers' high speeds, low speeds, contra angles, straight handpieces, air-driven scalers, and air motors. Extends handpiece life by providing superior cleaning and lubricating compared to manual cleaning. Simply connects to 1/4-ft. air line (58–87 psi ideal air pressure, 145 maximum psi; built-in automatic pressure regulator controls flow). For use with QUATTROcare Plus Spray, 120-V, 50–60-Hz, 20-amp electrical connection. Provides an additional 6-month warranty on most models of KaVo handpieces. 1-year warranty. Dimensions: 15"H x 13 3/16"W x 11 1/2"D Weight: 22 Lb.

(772-1180)..... 500 mL **82.99**

Lubrina Handpiece Maintenance System Morita

Offers fully automatic, highly efficient, user-friendly maintenance for contra angles, straight handpieces, air-driven handpieces, and air scalers. Currently, it is the only system on the market that accepts multiple brands of spray lubricant in the same cycle. Services up to 4 handpieces in 100 seconds while using 2 different sprays. Built-in chuck maintenance system only for Morita instruments. Purges a wide variety of handpieces. Step air-blow function. Compatible with 4-hole, 5-hole, and 6-pin connections. 1-year warranty.

Dimensions: 15"H x 12"W x 12"D

Complete System

(721-0365).....Ea. **2,799.99**

Contains: 1 unit, 2–420 mL Morita Lubricant sprays, 2 Morita Lubricant spray-can stands, 5 oil-absorbing pads, 1 oil-absorbing case, 1 tray, 1 tray filter, 1 air tube & 1 power cord.

Multi-Spray

(721-0952)..... 420 mL **36.99**

iCare Handpiece Maintenance System
NSK America

Handpiece maintenance system that automatically cleans and lubricates up to 4 handpieces at once. The proper solution volume is preset based on high- and low-speed handpieces, ensuring precise and thorough lubrication at the touch of a button. Chuck-cleaning function completely removes dirt and cutting powder from the chuck. Purging select mode ensures complete removal of excess oil. Integrated large oil tank (1.2 liter) reduces burden of refill. 2-year warranty. Dimensions: 350mm H x 280mm W x 240mm D Weight: 7 kg.

Complete Unit.....	Ea.	2,898.99
Specify:		
Dual Standard Ports + Dual Rotation Ports	(786-0267)	
Single Standard Port + Triple Rotation Ports	(786-0268)	
Contains: 1 of each: unit, chuck cleaning adapter, power cord, HP head filter, liter of maintenance oil, mist filter set, oil absorber sheet, oil bottle nozzle & air tube.
