

TradeSorcery

Grocery Catalog

April 2021

TradeSorcery

As one of the founders, managing partners and Chief Executive Officer, with full gratitude and pleasure, I would like to welcome you to our Food/Grocery Service and Product Catalog. Have a closer look at our offerings and let us know how we may help you.

We are the Enablers, not so much as Traders. We focus on consistent quality, reliable delivery, and competitive prices. We help our clients with viable solutions, not products. We establish un-interrupted supply chain and channels for our clients. We handle the logistics, so you can stay focused on your business. We are global!

We partner with our clients to make business simple. TradeSorcery has built a strong foundation based on trust and reliability. We work closely with our manufacturers to obtain consistent quality. We source and negotiate, on behalf of our clients, to get the lowest prices for every shipment. We have dependable platforms to ensure timely deliveries. We handle everything from "A to Z", so you can rest assured to get the product you want, when you need it.

Sincerely,

Nhut Chiem

Managing Partner and Chief Executive Officer

We have bags with different sizes, designs and features. We are the low price leader in 1/6BBL and 1/7BBL grocery bags.

Low prices, high quality...GUARANTEED!

We've built our reputation on consistently supplying bulk grocery bag shipments in a variety of standard dimensions. We provide a long term delivery schedule. And can fulfill recurring orders as specified by our end client. Quotes can be made available provided client spec.

Minimum Order Quantity

Approx 300,000 Bags (1 Container)

TradeSorcery can source large volume and supply domestically or import for reusable plastic bags. With domestic sourcing, our offering is focused towards low minimum order quantity and/or short run large quantity production digitally printed bags. Each short run can be printed with varying designs for multiple marketing productions. For clients who need significantly larger supply, we source large volume runs from our international suppliers capable of providing low cost options at high volumes. In either case, reliable and un-interrupted supply chain management is our utmost desire.

Domestically Sourced Reusable Plastic Bags

Our domestic supplier of reusable plastic bags can provide bulk orders of short runs of digital print plastic bags. These bags can come in any standard size and are priced with respect to dimensions and client specifications.

TradeSorcery addresses food service supply, safety and compliance needs on a global scale thanks to our:

- **Integrated channel partners that ensure quality, reliability, and compliance.**
- **Manufacturing partners in Vietnam, Malaysia, China, India and Thailand.**
- **A valued network of financing partners, distributors, and logistics providers.**

We are able to supply products in food service supplies such as:

Poly Gloves

3 Ply Masks

Sanitizing Wipes

TradeSorcery can source from US-made and International manufacturers/suppliers. Additionally we can supply masks, gloves (latex, poly, vinyl and nitrile), gowns, face-shields, hand sanitizers, disinfectant wipes/spray, goggles and many more.

“We pride ourselves in a client centered sales process connecting our buyers with the right buyers. Our consultative approach is supported by our great manufacturing partners.” **Nhut Chiem, CEO**

Nitrile Glove Product Offering

TradeSorcery has many channel partners capable of sourcing Nitrile, Synthetic Nitrile, Vinyl or Latex gloves from foreign or domestic supply. We are able to source on the ground lots or production contracts, depending on client needs and the specific product they're looking for. Please request for our glove specific catalog for further information on our offerings and supplies

TradeSorcery actively and continuously sources 3-ply, KN95, N95, and other masks from manufacturers and distributors from China, the United States and other countries throughout the Western Pacific. Mask compliances are actively and must-be requested from the seller per each transaction in order to uphold and confirm the product is FDA, NIOSH, ISO, CE and ASTM certified. Products can also be visually and lab inspected and tested in an elven-point inspection in order to verify product authenticity and quality.

3 Ply Flat Masks

TradeSorcery understands what Grocery clients need: a solid relationship delivering high quality products, consistently and on time, with prompt communication and quick resolution and honesty with regard to any exceptions — and *always* at a competitive price.

Just-In-Time Delivery Solutions

TradeSorcery consults with our clients to see if Just-In-Time (JIT) delivery is a solution for their supply product management. JIT delivery is sourced directly from the original manufacturers for product orders ranging from 500K to 1 billion in quantity. Contact us directly to discuss JIT.

Production

We work closely with the manufacturers to procure quality products with every order. We have global consultants to physically meet with most of our manufacturers. Consistency is extremely important for us, and we know it is critical for our client's business.

Shipping and Delivery

All shipments are insured, and we use reputable companies to deliver your products safely in a timely manner. We provide deliveries using expedited private shipping methods, or more cost-effective standard shipping methods. The choice is up to you.

Our team ranges in a wide variety of backgrounds across traditional supply chain logistics, private equity, tech product development, and emergency medical/continuity of operations.
