## And Then He Kissed Me

### Intro – 4 bars of C

Well, he walked up to me and he asked me if I wanted to dance

He looked kinda nice and so I said, I might take a chance.

When he danced he held me tight, and when he walked me home that night,  
All the stars were shining bright and then he kissed me.

Each time I saw him I couldn't wait to see him again.

I wanted to let him know that he was more than a friend.

I didn't know just what to do, so I whispered I love you  
And he said that he loved me, too, and then he kissed me

He kissed me in a way that I've never been kissed before,  
he kissed me in a way that I wanna be kissed forever more.

I knew that he was mine so I gave him all the love that I had.

And one day he took me home to meet his mom and his dad.

Then he asked me to be his bride, and always be right by his side.  
I felt so happy I almost cried and then he kissed me.

Then he asked me to be his bride, and always be right by his side.

I felt so happy I almost cried and then he kissed me and then he kissed me
