Practice Challenge Winners

Congratulations!

1st place
-all challenges completed-

- Danny F.
- Cayley C.
- Isabella C.
- Hannah T.
- Sarah T.

2nd place
-two challenges completed-

- Thea J.
- Meliah L.
- Calin F.
- Isabella F.

A Look Ahead

What to expect in September:

1. Fall lessons start week of September 19—to be confirmed closer to the date
2. A hybrid model for lessons, with both online and in person lessons is still being offered, depending on your preference and public health guidelines
3. Equal monthly billing will restart in September. Please expect a slight rate increase at that time
4. Work on Fall schedule has already started. Your current lesson time will be reserved until August 8. After that date spots will be open for transfer requests and new students.
Please email me by August 8 if you would like to reserve last year's lesson time

Enjoy the Summer

Rest and play are important components of a child's healthy development. Rest helps children physically and emotionally unwind, while giving the brain a chance to settle all the information it has been exposed to. Play is a means for discovery, creativity and critical thinking.

I hope that this summer will give your entire family a chance to slow down, relax, play and discover.

Have a beautiful, sunny, adventure filled summer!
