

Query Avalanches or Shots Used in Smart Mountain

Left click on the magnifying glass icon in the upper right portion of the screen and select "Tasks" and select either "explosives used" or "avalanche occurrences" depending on which you want to Query.

Tas	ks	Results					
$\leftarrow$	Avalanche Oco	currences					
D Size is greater	than						
2							
Date of Occuren	ce is between						
12/18/2020	- and	12/18/2020					
(UPPER(RouteNa (OccurrenceDate 12/18/2020)	me) = 'MB') AND ([ Time_Calc is betwe	0_Size > 2) AND een 12/18/2020 and					
Result layer na	me						
	Appl	v					

Fill out the fields to narrow down your results. If you want to search for a specific day rather than a date range, enter the same date in each calendar field.

Tasks		Results
