

# THE AFG LOVE TRAIN

LEAVING THE STATION  
FEBRUARY 2024

7q11.23 is the Williams syndrome deletion that changed our lives. In honor of Rare Disease Day, Heart Awareness Month and everyone's favorite, Valentine's Day, on February 7th at 11:23 a.m. we will debut the **AFG LOVE TRAIN**.

In a world full of things Anthony struggles to do, what comes freely, most naturally and with no needed assistance is his gift of unconditional love. Our train will be traveling throughout the month to families, friends and local businesses who support rare diseases and neurodiverse individuals and who are ready to jump aboard with their love & raise awareness for Williams syndrome.

WHO'S JOINING US ON THIS RIDE!?

DM for details and learn how you can jump aboard our Williams syndrome love train.
