## DIFFERENTIATORS

### WE ENCOURAGE COMMUNICATION

Every business and space is different. We don't operate on a "one clean suits all" policy. Our manager loves to hear your feedback and new requests, and stays in touch to keep things running as smoothly as possible.

### WE RESPECT YOUR GOALS

When cleaning any space, we understand the fundamental goal is to create a happy, healthy, productive environment to work or live in. We help you achieve that with little touches and extreme attention to detail.

### WE'RE CONSISTENT

We don't just show up punctually and as promised. Our staff also has proven, constantly updated protocols to ensure your space is kept to a consistently high standard of cleanliness at all times.

### WE'RE FLEXIBLE

Whether it's routine cleaning, periodic, or for a special event, we can work out a schedule that suits you and can adapt it at any time. If you need it cleaned, we'll complete the job.
