q·bo

CAPABILITY STATEMENT

qbocorporation.com

QBO Corporation provides leading Information Technology products and services for both everyday operations and mission-critical systems for the **Federal, State and Local agencies.**

We are committed to excellence and providing robust and secure solutions for our clients.

CORE COMPETENCIES

SERVERS
We partner with multiple manufacturers to offer a wide range of servers that match your environment. Industry-Standard Servers offer speed, agility and resiliance.

STORAGE SOLUTIONS
Hard Drives or Solid State Drives – Intelligent, self-managing flash storage can help you deliver fast and reliable access to data, regardless of the size or data storage requirements of your organization.

LAPTOPS, WORKSTATIONS & TABLETS
We offer a wide range of mobile solutions and workstations designed for advanced applications, no matter what your organization's goals are, form high-end to rugged, we know that you may have different requirements for mobile devices and workstations to run your business.

NETWORKING SOLUTIONS
Networking solutions can keep your employees connected and productive wherever they are. Computer network solutions help you better compete against larger companies while lowering communications costs, enhancing efficiencies, and improving customer service.

SECURITY
We integrate security across the network, cloud, internet, email, and endpoints. We see a threat once and protect against it everywhere.
