CAPABILITY STATEMENT

CORE COMPETENCIES

TGL Environmental, Inc. provides prompt, professional, and courteous service. We provide roll-off containers for **residential and commercial construction clean up**. We would be happy to help you select the container that best fits your needs, and to provide you with the quality service you deserve.

We offer Roll-Off Waste Removal with 10, 20, 30 & 40 cubic yard open tops for construction sites.

If your project needs to achieve minority participation goals, TGL is certified as a SDBE Women-Owned Business with the County and State of Florida. TGL Environmental Inc. is also certified with USDA in Palm Beach, Broward and Dade counties to service cruise ships and to handle destructions of incoming unsuitable cargo entering the USA. We have 40 cubic yard containers for big offloads and a box truck for smaller loads. Waste removal manifests provided upon receipt.

DIFFERENTIATORS

- **We will arrive onsite when needed, and will provide an ETA for pickup**
